This past May, the proud members of the Class of 2011 processed through beautiful Fisher Garden to receive our degrees from Rhodes College. The Commencement ceremony signified the completion of four extraordinary years for all of us – years that would not have been possible without your generosity.

Each year the Annual Fund supports everything from scholarships, lectures and research to new computers, renovations and new trees. Most important, your gift allows students like me to follow our passions and pursue our dreams.

On behalf of the Class of 2011, thank you for your support of Rhodes College.

With appreciation,
Stephanie Mingos '11
