

2nd Terrain Biennial

Jump in your car, hop on a bike, or take a walk to experience art in your own neighborhood! This city-wide, outdoor exhibition is organized by Clough-Hanson Gallery at Rhodes College as part of a national effort by Terrain Exhibitions to bring art to the public, literally where they live. Nine artists from Memphis join artists in cities like Chicago, Dallas, and Los Angeles to present temporary art installations in the front yards of their friends and neighbors. The installations are on view 24 hours a day between August 23 and September 30.

The 2nd Terrain Biennial serves as the kick-off for *This Must Be the Place*, a year-long exploration of art's relationship to place through exhibitions and related programming, presented by Clough-Hanson Gallery at Rhodes College.
