Inside Memphis

TWO MEMPHIS LAWYERS, Russell Sugarman and A. W. Willis, were among the legal minds attending a "working lawyers conference" in Washington, D.C., on the weekend. Conference was called by the new general counsel of the NAACP, Jack Greenberg, to permit an exchange of ideas and legal theories on the defense of protest demonstrators.

TWO NEW ALL-MALE CLUBS are in the hatching stage here. One will be a "service" organization and the other an "investment" group.

WHEN EMITT (MONK) SIMON took time out from his officiating duties at the Father Bertrand-Lincoln High football game Saturday night and dashed off the playing field into a crowd of spectators, it was to silence the heckler who had been belittling him from the sideline throughout the season.

THE SHIMMY SWING is the newest, and they say it is putting the Rotation to shame.

SEASON'S TICKETS to LeMoynes home basketball games are on sale and will sell for \$8. The Magicians should be red hot this year.

OBSERVATIONS: WALTER MARY INGRAM exhibited real talent as the lead actress in the comedy, "Dear Delinquent." . . . Negroes are beginning to eye the expensive homes on Parkway just east of Lamar. . . . Memphis Links are getting ready for the big reunion due here around Easter time. . . . Miss Elsie A. Hundreds Returning To Main Street!

Announcement by the Memphis NAACP of its suspension "at this time" of sit-in demonstrations, protest marches, picketing and the boycott served as a signal for hundreds of Memphians to return to Main Street to do their Christmas shopping.

Thousands poured into town last Saturday and for the first time in months entered the big department stores without feeling they were "doing something wrong."

Of course, there were many who never stopped going to Main Street. There were those who didn't agree with the NAACP boycott. There were those who just didn't care one

way or the other. And, there were those who cared but went anyway.

But, there were hundreds, perhaps thousands, who didn't go to Main Street. This was enough for downtown merchants to notice a drop in business.

Why the demonstrations, the sit-ins, the pickets and the boycott? The NAACP's Freedom Committee wanted complete desegregation of all downtown facilities . . . rest rooms and eating places. And, it wanted respectable jobs for Negroes.

Why was the protest movement suspended? Negotiations have been underway and it is believed that some agreements have been reached. It is believed that on a set date all stores on Main Street will desegregate quietly.

Meanwhile, it is believed that the NAACP is showing good faith, suspending its protest movement with the understanding that the stores will desegregate on a given date.

Manassas Vs. Nashville

The Stanbacks Go To Court; Each Is Seeking A Divorce

ELIEHUE STANBACK

Each is seeking a divorce on grounds of cruel and inhuman treatment and each claims the other used improper language in front of their children.

Mr. Stanback was a candidate for city tax assessor in the last election.

The Stanbacks were married June, 1941, in Marion, Ark., and have four children.

Mrs. Stanback, through her attorney, Caruthers Ewing, denies all her husband's allegations. She asks custody of the children, temporary and permanent alimony and child support attorney's fees and Mr. Stanback's interest in the home at 2485 Dearth.

She also asked that the court require Mr. Stanback to disclose his financial condition. At her request, Judge Quick issued an injunction restraining Mr. Stanback from molesting her.

Mrs. Stanback says she works "to properly support their children."

Mr. Stanback's attorney is J. W. Murphy.

The Manassas High School band will play and there is a possibility that bands from Lester and Carver will perform.

Mrs. Doggett had been active in church and community work and at one time was a member of the Gospel Temple choir. She was the wife of Manuel Doggett and attended LeMoynes College years ago when it was known as LeMoynes Normal Institute.

Four of Mrs. Doggett's children are teachers. Mrs. Elsie D. Lyle, now teaching in Minneapolis formerly taught here at Manassas. Miss Berneta Doggett is a teacher at Chicago Park Elementary School. Thomas Doggett is band director at Hamilton High School, and Mrs. Julia D. Woodard is a teacher at Florida Street Elementary School. Another son, John M. BACKING UNCF CAMPAIGN - These gentlemen are among those who are pushing the current United Negro College Fund campaign in Memphis. The goal for this area is \$15,000. The national organization raises about \$2 million each year and divides it among 32 member colleges, including LeMoynes which receives about \$33,000 a year. Seated, left to right: J. A. Beauchamp, coordinator; T. R. McMoran, postal workers, and Edwin Dalstrom, chairman. Standing, left to right: A. C. Williams, co-chairman, and Dr. Hollis F. Price, president of LeMoynes.

COVER GIRL - Countess Johnson, a junior at LeMoynes College, is the cover girl for the current issue of The Broadcaster, official publication of the Tennessee Education Congress. She is state secretary for the Student Division of the National Education Association and represented Tennessee last summer at NEA conventions in Atlantic City and at Pennsylvania State College.

Alumni Players Applauded By 500

The LeMoynes Alumni Players gave a splendid account of themselves Friday night in Bruce Hall as they worked like professionals in presenting the comedy, "Dear Delinquent." More than 500 Memphians cheered the cast at the end of the play.

Walter Mary Ingram was excellent as Penelope, the tantalizing burglar, and Earl Gregory was master of his role as David Warren. Mr. Gregory is one of the better actors in this area. He had the lead male part last year in the LeMoynes Alumni Players' presentation of "Husbands for Sale."

Other members of the cast who pleased the audience were Eunice Carruthers as Lady Warren, Wallace Wilburn as David's man servant, Joseph Turner as Sgt. Pidgeon, James L. Cowan, the father of Penelope, Janet Lewis, David's

Give To UNCF

(AN EDITORIAL) Every Memphian should make a cash contribution to the United Negro College Fund. The annual campaign in Memphis is underway now and will continue through Dec. 31. The goal is \$15,000.

Don't wait for someone to solicit you. Mail your contribution to LeMoynes College, headquarters for the campaign. It should not be a hard matter to raise \$15,000 for such a worthy cause. Fifteen thousand interested Memphians at \$1 a piece could make the goal over night. At \$2 per person, 7,500 citizens could do it. At \$5 per person, 3,000 Memphians could do it.

Your contribution to UNCF not only benefits LeMoynes, but 31 other accredited private colleges and universities. The national office of UNCF raises approximately \$2 million a year and divides it among the 32 member colleges. LeMoynes receives about \$33,000 from the national fund.

Why is UNCF necessary? Students pay tuition but it is not enough to operate a private college. Tuition paid by students amounts to less than 50 percent of the total cost of operating a private college. The other money must come from somewhere. And, this is where your gift to UNCF helps. Your gift to UNCF will help private colleges alive . . . and free.

Tenn. State Begins 50th Anniversary

NASHVILLE - Homecoming activities Nov. 22-26, which officially open Tennessee State University's year-long Fiftieth Anniversary observance, will feature specially planned affairs for the occasion.

Goodwill Revue Is Aiming At The Moon

There's a song that says the "moon belongs to everyone and the best things in life are free." If you don't believe the man who wrote it knew what he was talking about attend the Goodwill Revue at 8 p. m., Dec. 1, at the Auditorium, on Main Street.

Tickets are reported selling about as fast as they can be printed and David Mattia, production planner for the show - which turns all profits over to charities - predicted both the North and South Halls will be "sold out."

\$56,552 To UNCF

NEW YORK - Three Tennessee colleges and one university will receive a total of \$56,552 in the mail this week. This sum brings the amount UNCF has distributed among its Tennessee members, during the current calendar year, to \$174,108.

The four schools sharing in UNCF allocations are: Fisk University, in Nashville; Knoxville College, Knoxville; Lane College, Jackson, and LeMoynes College, Memphis.

All 32 UNCF members are independent, accredited colleges and universities located in the South. Funds raised during the annual nationwide College Fund campaigns are allocated according to a formula developed by the college presidents.

BISHOP C. H. MASON SR.

New Leader Must Be Selected For World-Wide Body

Bishop Charles Harrison Mason Sr., founder of the world-wide Church of God in Christ, will be given one of the biggest funerals ever witnessed in this country. Final rites will be held next Tuesday morning at 10 o'clock here in spacious Mason Temple.

The funeral is being held 17 days from the time of his death last Friday in Detroit in order that the thousands of delegates due here for the church's annual convocation may view the body and participate in the rites.

The convocation starts Saturday and usually attracts around 16,000 delegates. Mason Temple was erected for the purpose of housing the convocation.

Approximately 7,000 persons are squeezed into the temple - which means there will be thousands standing outside the big church during the funeral services.

Latest estimated age of the venerable bishop is 90. Some still say he was 98 and there are others who claim he was 102 at the time of his death. Those close to the deceased bishop say he was not a wealthy man; that he spent most of his money carrying out his dream - building churches. There are approximately

Hundreds Attend New YW Opening

Hundreds passed through the new Sarah H. Brown Branch of the Young Women's Christian Association recently. Others arrived earlier for opening ceremonies at which time Mrs. Brown, widow of Prof. L. E. Brown, cut the ribbon.

The building is ultra modern with a glass front and glass back and is located on Mississippi Boulevard, south of Walker Avenue. The new branch, formerly on Vance Avenue, was built on the site where once stood the home of Prof. and Mrs. Brown.

Mrs. Brown sold the home to the YWCA Branch and gave \$1,000 to the campaign for the new building.

The building cost \$301,000. About \$13,000 of the \$60,000 pledged by the Negro community was collected. Included in the \$13,000 total is the \$2,000 gift from the estate of the late Mrs. Annie B. Love and the \$1,000 gift from Mrs. Brown.

The new facility, contemporary in design, was designed by Geo. A. Wood and Son, Inc. It is built around an inner garden or court and all rooms with their glass sliding doors overlook the court. Planting in the inner court was done by three City Beautiful Clubs. In the center of the garden is a tree in memory to Mrs. Adeline Smith, an active Y volunteer, by Sam Smith.

Facilities of the new completely air-conditioned building include a large multi-purpose room seating 500. Off from this room is a kitchen to be furnished with all electric equipment as the money comes in from still uncollected pledges.

There are three large club rooms, four offices and one small club room. A craft room is also provided. There is a spacious sitting room opening onto a walk-out patio. Parking facilities are provided for 50 cars.

Mrs. Addie G. Owen, director of the branch, expressed her appreciation and thanks to club groups who helped furnish the building, members of the Hospitality Club who gave two matching sofas and a coffee table; the YW Wives, who donated the lovely draperies in the sitting room and one of the club rooms, the Teen-Age Department for their contribution of \$50 toward the purchase of draperies and the various groups sending flowers. Special thanks were also offered the volunteers who worked diligently in collecting pledges, the moving process and in getting the building ready for the opening ceremonies.

The opening ceremonies included remarks by Mrs. Ruth Sherrill, president of the YWCA, and Miss Harry Mae Simon, chairman of the Committee on Administration; prayer by the Rev. S. A. Owen; ribbon cutting by Mrs. L. E. Sarah Brown, and the dedication prayer by Rev. B. T. Hunt.

Lockhard Attempts To Aid Minister Fasting In Jail

Atty. H. T. Lockard, president of the Tennessee State Conference of the NAACP, has made an investigation of facts surrounding Rev. Maurice F. McCrackin, 55-year-old United Presbyterian minister of Cincinnati, who has been fasting more than 20 days in the Brownsville, Tenn. jail.

Rev. Mr. McCrackin, concerned with the plight of Negroes in Haywood County, was arrested and charged with loitering. He was fined \$61.25 and is serving out the fine at \$2 a day.

"From my investigation of this entire matter, it appears that Mr. McCrackin was represented, or at least he was offered the service of an attorney, which service he refused," Atty. Lockard said.

"I also found that Mr. McCrackin is not eating or in other words, he is fasting, and that he is doing so on his own free will and accord, intending to give living evidence to his attitude toward the whole program or system of segregation. We are generally satisfied that Mr. McCrackin can get his freedom if he desires or that his case can be appealed and I have so advised those persons contacting me," Atty. Lockard continued.

The Memphis lawyer made the investigation on behalf of the State Conference of the NAACP after the Cincinnati Branch of the NAACP requested the probe through the national office of the NAACP.

YOU ASKED IT

By GRACE WILLIAMS

Dear Grace: Is it safe to eat food from a can that has rusted?
Answer: Yes, a rusty can is safe if there are no leaks in the can. This is also true of a dented can. But a bulging or swollen can is an indication of food spoilage.

Dear Grace: What is the value of monosodium glutamate?
Answer: If you mean food value the answer is none. It is a concentrated form of sodium and is used for flavoring foods - glutamate seems to lessen saltine in some foods and increases it in others. A great deal of the effect depends on the other flavor factors of the food product. Small amounts reduce the sour taste of tomato juice, catsup and other tomato products. It acts as a blender for meats, seafoods and vegetables.

Monosodium glutamate should not be used in the food for people who are low on sodium diets.

Dear Grace: Please give me a recipe for frozen fruit salad. I'd like one that uses cream cheese.

Want To Be Known As Mrs. Walker Mrs. Tarpley Is Seeking Divorce

Charles H. Tarpley, 45-year-old schoolteacher and businessman, has been accused of slapping his wife's face in the presence of a female friend and taking her wedding ring.

Mrs. Louise Tarpley, 32, who is suing for divorce, claims she was slapped at a golf course clubhouse and that the ring was taken the day Mr. Tarpley left her home on S. Parkway, E.

Along with a divorce, the attractive young matron is asking that her former name of Walker be restored.

Mrs. Tarpley, also a city school teacher, was married to Dr. J. E. Walker who was fatally wounded in July of 1959 by a former friend. She just recently received approximately \$200,000, including cash, stocks and home, from the Walker estate. She has a son by a previous marriage.

Shelby Unity Plan

This is the sixth in a series of articles designed to present to WORLD readers the Shelby Unity Plan proposed by the Memphis Chamber of Commerce.

How will the Shelby Unity Plan make democratic government more workable, more manageable, and more responsive to the wishes of the electorate?

In answer to this question the following excerpts from the report are quoted:

"It is, of course, impossible to talk about the number of government officials that would be required in a consolidated government, or how many of them would be elected and how many appointed, until a specific charter has been drafted. However, if the number of elective offices should be reduced in a consolidated government charter, it would help solve one serious problem of major concern today - that is the inability of the voter to know enough about the people who are running for office to make intelligent decisions at the polls. It is possible for the people to elect a minor official who is committed to blocking a program deemed by the majority to be important to the general welfare.

"Long ballots make a mockery of democratic government. Everyone has heard stories about the election of men who have died." This information is documented in a book by Richard S. Childs, past President of the National Municipal League.

"There is therefore, a great deal to be said for shortening the length of the average ballot. Where there are only a few major officers to be voted on, the voter has a much greater opportunity to know the persons running for those offices and to know what the power and authority and responsibility of those offices are." This means that more citizens will be enlightened about the candidates for office and would therefore choose with greater discrimination. The long ballot, little knowledge about candidates, machine politics, all foster apathy and indifference toward government.

The Shelby Unity Plan would make it possible for the voter to know the candidates and thereby choose wisely.

NEXT WEEK: Has consolidated government proven successful elsewhere? \$600.00 Presented To Metropolitan Baptist At Annual Rededication

An appreciative audience was on hand Sunday night when the Rebecca Club of the Metropolitan Baptist Church held its annual "Praise and Rededication" service. Dr. Charles L. Dinkins, president of Owen College, speaker for the occasion, brought an appropriate Thanksgiving message. He was introduced by Mrs. A. H. Hawkins.

Mrs. Thelma Whalum, the club's president, and Mrs. Elizabeth Romby opened with an organ and piano prelude. Other renditions were by the Men's and Women's Ensembles, directed by Mrs. Gladys Webb who was chairman of the program.

The club presented a check in the amount of \$600.00 to the church for building its recreation building. Rev. S. A. Owen is Metropolitan's pastor.

SOLDIERS OF THE LORD

Continued from last week:
A man becomes a soldier by entering the army; one becomes a Christian by entering the church. GOVERNMENT PRESCRIBES TERMS

Every government reserves the right to stipulate the qualifications of its soldiers, and the terms of admission into its army. One does not become a member of the armed forces of our nation by chance, or by self-devised requirements. This is also true of the Lord's army; we become soldiers in the Lord's army by complying with the terms of enlistment offered by the head of the divine government - that is upon the conditions announced by the Christ. After his resurrection from the dead, he declared that "All authority is heaven and on earth have been given unto me." (Math. 28:18.)

The apostle Paul states that God has given to his Son "to be head over all things to the church, which is his body" (Eph. 1:22.) Every Christian is an enlistment officer for the Lord's army. It is our business to invite men and women to become Christian soldiers, and to instruct them in the requirements of enlistment.

It is with a view to enlisting the largest army of soldiers the world has ever known, that Christ gave to his disciples the great commission when he commanded them to "Go into all the world and teach the principles of his government and assist in inducting into his army those who would be "Soldiers of the Cross."

MR. BLAIR T. HUNT IS HAILED

"This Is Your Life Program Was A Surprise To Retired Educator"

Several hundred persons gathered and packed the Booker Washington High School Auditorium Monday night to honor and pay tribute to Mr. Blair T. Hunt who might be called a "Grand Man" in education ... in church and civic circles. Even though Mr. Hunt is retired, he doesn't consider himself an old man ... Proof, he has accepted another position as deputy probation officer for Juvenile Court. Neither did spectators (the majority of whom formerly studied under him at B. T. W. (as the school is affectionately known) ... members of his church or those who worked with him at other city schools or at B. T. W. where he was administrator for 27 years until he retired) consider him as being old.

Mr. Hunt, who is an Elder in the Christian Church ... and an outstanding minister, was honored because he has been and remains a dedicated man said Mr. E. C. Stambert, Superintendent of Memphis City Schools who spoke as a retiree at the banquet ... and I quote: "I have learned much from Blair T. Hunt."

Mr. Jesse Springer, principal and the retired educator's predecessor, spoke praising Mr. Hunt in glowing terms. Mr. Springer was broad and generous in his praise ... and for sure he was genuine we are told.

It was brought out that Mr. Hunt has dedicated himself for years to

bring about improvement in the Memphis City School system and Booker Washington High School. He has dedicated himself to the cause of working with the Abe Scharff YWCA where he has been Chairman of the Board for several years ... He has for 40 years dedicated himself as pastor of the Mississippi Blvd. Christian Church where he is loved and where he has made an outstanding record as pastor of one of Memphis' largest churches ... He has worked on many committees the YWCA, the Girl Scouts, Boy Scouts, The Tri-State Fair, the Shelby County Spelling Bee, the TEC, the Tuberculosis Association, Family Service, and countless others.

One writer said that a dedicated man may grow older, but never becomes an old man in any field.

Blair T. (as he is affectionately known to his close friends) was born in Memphis on Linden Street. He attended the City Schools ... and at an early age entered "Old LeMoyné (as he so often calls it). He holds degrees from several colleges ... but B. T. W. faculty members and students take pride in saying that Mr. Hunt is a Harvard man. He is the father of three prominent sons, the late Dr. Blair T. Hunt who was a medical doctor ... Atty. Ernest Martin Hunt, a Boston lawyer and Dr. Wilson Hunt a Psychologist ... and all three are graduates of Harvard U. and Boston University. The two sons and a brother, Mr. Emmitt Hunt, a retired Army Man of Chicago, sent message ... An only sister, Mrs. Othella Hunt

Howlett is in an eastern hospital. SPEAKERS

Many persons who spoke on the "This Is Your Life" program had studied under Mr. Hunt worked with him ... or attended his school. Among the others were Mr. Eugene Moore who was his second grade classmate ... Rev. Benjamin L. Hooks, a B. T. W. graduate who spoke for the ministers and attorneys of Memphis ... Mr. A. Maceo Walker as a close friend and for the Mississippi Blvd. Christian Church ... Mr. Cecil Goodlow for the Bluff City Teachers' Association ... Leon Mitchell for the senior class at B. T. W. ... Mr. R. J. Roddy as a friend and an associate ... W. D. Callan, Mr. Henry White, as a civic worker ... Col. Buchanan who represented the Mayor ... Mr. James King for the former B. T. W. faculty ... Mr. "Nat" Williams for the present faculty ... Mrs. Lucy McClinton Williamson, a former teacher who came from her home in Ida Bell Okla., for the special occasion ... Mrs. Dorothy Russell represented the B. T. W. P. T. A. ... Dr. A. Q. Venson the Medical Men ... Mr. Clark Porteous for the citizens of Memphis ... Mr. Robert Lewis, Jr. a former student who represented Memphis business men. Miss Dora Todd presented Mr. Hunt, who though he was to speak on "American Education Week" ... and making it strong he had written his speech ... Just as he stood to speak the popular B. T. W. Twins spoke saying "This Is Your Life" Blair T. Hunt."

SPECIAL GUESTS PRESENTED

Members of the faculty, Mr. Hunt and Mr. Springer were thrilled over every guest ... but Mrs. Pyrites Bolden took time out to present some special guests who had worked closely with the honoree ... and they were Miss Harry Mae Simons and Mr. Hunt's little adopted daughter, Carol Marie Thompson ... and other members of the Simons family, his very closest friends ... Mrs. Othella Shannon, Mrs. Beulah Williams, Mr. George Clark, Mr. Theo Johnson, Mr. Spencer Wiggins, Mr. Frank Lewis, Mr. Joe Atkins, Mr. Melvin Conner, Mr. Floyd Campbell, Mr. Edwin Jones, Mrs. R. J. Roddy, Mrs. Joimetta W. Kelso, Mrs. O. B. Northwaite and two retired teachers, Mrs. Sylvia Owen and Mrs. J. J. Pope. Other guests in the special section were Mr. Abe Scharff for whom our local Branch YWCA is named, Mrs. Fred Johnson, Dr. and Mrs. R. Q. Venson, Dr. W. H. Williamson of Ida Bell, Okla. ... Mr. and Mrs. Sam Qualls, Jr. Dr. and Mrs. James Byas, Mrs. Mary Murphy, and Mr. and Mrs. J. T. Chandler.

Dr. and Mrs. Milton Johnson were in town yesterday with Mrs. Johnson's father, Dr. E. M. Wilkins who is ill in the hospital ... Mrs. Johnson is the former Miss Minnie Bell Redmond.

THOUSANDS all over the world mourn the loss of a great and foremost religious leader — BISHOP O. H. MASON, SR., founder and senior Bishop of the "Church of Christ and God." The religion that Bishop Mason founded brought him fame (which he was too modest and devout to accept), respect and love from more than a million followers ... many who came to Memphis every year from their continents and islands from "Mason Day" during their annual Convocation.

Bishop Mason was gravely ill for two weeks in Harper Hospital in Detroit. He endured his life hanging by a thread from day to day with a smile ... He walked with death, as if death were a companion or an acquaintance whom he recognized ... and not a fear ... This could only happen to a Christian ... The end came as a friend after "good night" to those who loved him best he fell asleep in death common to old age Saturday Morning at 6:25. With him were his wife, Mrs. Elsie W. Mason ... two sons, Rev. Chas. (Bob) Mason, Jr. who followed his father as pastor of the "Mother Church" on Lauderdale ... Mr. Arthur F. Mason, prominent Undertaker ... a son-in-law, Bishop J. O. Patterson, Jr. who has also walked in the late Bishop's footsteps as a son ... four daughters Mrs. J. O. Patterson, Sr. (Debra) and Mrs. Leland Atkins (Julia) who all flew up to Detroit two weeks ago and two daughters who lived in Detroit. Mrs. "Hank" Amos (Alice) and Mrs. Earl Byas (Lella), Mrs. E. S. Lewis, Jr. (Ruth), the younger of the daughters was ill and unable to be in Detroit with her father when he passed.

For Mrs. Mason and the Mason Children returning to Memphis to honor the memory of their eminent husband and father (along with approximately 15,000 or more of his church followers who plan to come, it will inevitably be an occasion for mixed emotions. These feelings will be shared by thousands of Memphians (who will try

Men Of Mt. Olive CME Saluted By Women's Group

A "Salute to the Men of Mt. Olive C.M.E. Methodist Church" was the title of a program by the Field Agents for Christ, a women's organization of the church. This group, headed by Mrs. Pallie Weeks, president, felt the men of the church should be given special recognition and accepted the idea of Mrs. Sadie Edwards, program chairman, to plan a special hour to honor them prior to Laymen's Sunday.

The program as planned had A. C. Williams, member of Salem-Gifford Baptist Church, as master of ceremonies, and included selections and musical numbers by representatives of various church over the city. Appearing on the program were: Archie Gillian, New Liberty Baptist Church; Mack Winston, Greater White Stone Baptist Church; Harold Brooks, Mississippi Boulevard Christian Church; Earl Bagan, St. Stephens Baptist Church; Ernest Tatum, Olivet Baptist Church; Walter Bramlett, Harris Memorial Church, and Herron Edwards, Jr., Emmanuel Episcopal Church.

Also appearing on the program were representatives of the New Tyler A.M.E. Church, the Gospel Temple Male Chorus, and Milton Young of Union Baptist Church.

to get in Mason Temple or just on Mason Street (both named for the great leader) for the last rites.

It was admirable to note the devotion of his own children to their father who was active in his later years. Each respected and regarded to the highest their father's wishes ... and one could always find any of them close to the Temple when he was in Memphis. The 88 year old leader traveled all over the nation and was strong until his death. Often Mrs. Mason, Mrs. Patterson or Mrs. Byas traveled with him ... But Mrs. Atkins could always be seen a very few minutes after Atkins left for his office enroute to her father's residence. He spent much time in Detroit and in California.

Memphians thank Bishop Mason and his members for Mason Temple which lends itself to many large gatherings. Clearly he saw more than most of us do in people and in our Divine Father, for example he healed the sick through faith, fasting and prayers ... We can truly say that there was more than just a touch of the Holy Spirit in him. He was always seen going to see the sick ... Kindness was a virtue that he possessed above all others. It was a privilege to know such a noble and sincere person. He was a great little man in stature, but a giant at heart and was loved by all who knew him.

Our Neighbors Have Not Forgotten

Former President General Dwight D. Eisenhower and his wife again chose for a Thanksgiving scene their much beloved Augusta, Georgia, sunlit clime of playgrounds and perennial vacations.

Before the able and beloved General became President of the United States, he frequented Augusta, that world famed resort, as a golf enthusiast. Here he made many friends and brought to this state on various junkets many world characters who otherwise would not have known our beloved Georgia.

Now that he and his wife are with us again—this time for several weeks, it is felt that they are honoring our great state. Such notables would add dignity and prestige to our region and with conditions getting better every day, there are no reasons why Georgia should not come in to share one of the envied places which other sections of more tolerance are enjoying.

The former President is always welcome to Georgia; he is one of our part-time neighbors of whom we are proud.

May the couple find much for their interest and entertainment. Again, we extend this couple a hand of welcome in the name of the fine people of this fine state.

Rayburn's Death A Loss For The U.S.A.

The overused phrase, "Old Soldiers Never Die," can be applied to the expiration of Speaker of the House Sam Rayburn in a very keen and liberal sense. He was a civilian, but the half century of service he gave to his country will grant him a firm place in history as a valiant soldier in the battle of honoring the American way of life.

The granite faced "Mr. Sam" has lost his final earthly bout to that harsh unsolved mystery, Cancer, but today he is more alive in the hearts of Americans than ever before.

He served under colorful presidents, and was known as a liberal. He, of course was a Texan, and he could have been stronger on the civil rights and racial questions. This probably, in his case as a powerful speaker, would have speeded up the cause of equality for all Americans.

But we concede that he grew toward this goal as fast as did the nation. He went along with Roosevelt's New Deal program of the 30's. . . . He helped Eisenhower with Civil Rights legislation in 1957, and finally was strongly backing liberal legislation under Kennedy when he realized he was stricken fatally. Had he lived longer he probably would have done much more for the cause of all Americans.

He was a strong man, earning the praise of many presidents, senators, and congressmen. His stubborn refusal to give in to the disease which had wracked his elderly body won for him the respect of his fellow Americans. His death is a loss to the nation.

New Leader Must

40 Church of God in Christ churches in Memphis. Estimates of the number of churches in the United States and other parts of the world vary. Some say 4,000; others 5,000. Estimated total membership ranges from four million to five million.

Since the bishop's serious illness and his ultimate death there has been much discussion over the future of the church. Many are wondering if the church will continue as a giant organization . . . and many are wondering who will be named to take over leadership of the world-wide body. There are several prominent bishops in the denominations and several of them are based in Memphis.

Bishop Mason was born in the Raleigh-Barlett area. Little is known of his parents other than they had three children, two sons and one daughter.

He attended what is now Arkansas Baptist College but was asked to leave around 1885 because of his preaching of the Pentecostal doctrine of baptism by the Holy Ghost.

He was once a Baptist minister and also had been a farmer.

Before founding the Church of God in Christ, he was associated with Bishop C. P. Jones in helping to carry out the work of the Church of God. He and Bishop Jones reached a parting of the ways in 1906 and Bishop Mason started the first unit of his new world-wide Church of God in Christ.

His first wife was Mrs. Lelia Washington of Memphis. To this union were born several children: Mrs. Alice Amos of Detroit, the wife of a CME minister.

Mrs. Mary Scott, deceased, who also resided in Detroit.

Mrs. Lelia (Tary) Byas also of Detroit.

The Rev. Charles H. (Ceb) Mason Jr., pastor of Memphis Temple Church of God in Christ, Lauderdale and Georgia.

Mrs. Deborah Peterson of Memphis, the wife of Bishop J. O. Peterson head of Pentecostal Church and owner of J. O. Patterson Funeral Home.

Mrs. Julia Atkins, of Memphis, wife of Dr. Leland L. Atkins.

Mrs. Ruth Lewis, of Memphis, wife of Robert Lewis of Lewis and Sons Funeral Home.

Arthur Frederick (Steele) Mason, of Memphis, the manager of J. O. Patterson Funeral Home.

Bishop Mason's first wife died in 1908. His present wife is the former Miss Elsie Washington.

He leaves 12 grandchildren and four great-grandchildren. He was the son-in-law of Arthur Washington and brother-in-law of Messdames Isabel Crowder, Eda Jamison, Cezela Qualls and Clara McAdams and Misses O. L. and Irene Washington.

His body will lie in state Monday night in the auditorium on the third day of the Annual Holy Convocation of the Church.

Bishop O. T. Jones of Philadelphia, will deliver the funeral eulogy.

He gave as his objectives a desire to focus attention on Outstanding Achievement not only by giving appropriate recognition to those who have achieved, but by stimulating others to gain even higher eminence . . . to implement our democratic way of life . . . and to raise the prestige of Omega by providing a worthwhile project to which they may direct their energies.

MY WEEKLY SERMON By REV. BLAIR T. HUNT, PASTOR, MISSISSIPPI BLVD. CHRISTIAN CHURCH

"GOD GIVES AND DOESN'T FUSS" Text: "He giveth To All Liberally and Upbraided Not." James 1:5 That is just like God. He gives and gives and never fusses because he gives.

When people ask us for much and so often . . . we upbraid them, we lecture them, we reprimand them. We say "I've given you too much already" or "You ought to save, you ought to be more economical." We like to throw up to them what we have done already but God does nothing like that. We go to God every day, dozens and dozens of times in a single day. But God never complains about our frequent coming to him for this and for that. He simply and lovingly continues to give.

We may go to him even after we have neglected him; but he will never complain about the past. "His loving kindness endureth forever."

The Prodigal Son was lucky that upon his return that he did not meet his brother before he met his father. How that brother would have fumed and fussed . . . Probably driving his ragged prodigal brother back to the far off country. That brother would not have killed the fatted calf. On the other hand that brother would have killed all hope in the prodigal brother's bosom.

Fortunately the prodigal met his father first. He didn't upbraid the prodigal son; He didn't upbraid the elder son. It was as tho he reached out one arm and drew to his side the prodigal, who had come from the far country; and then, with the other, he drew to his side the elder brother . . . drawing them both to himself. So with his arms about both of his sons that father pressed them tightly to his bosom, so close that they could near his heart beat. Truly this is a picture Christ paints of our heavenly father who upbraided not but liberally gives and gives and forgives.

The love of God beareth all things, believeth all things, hopeth all things, endureth all things and never says a mumbering word concerning our past. God never tires of your coming to him, even tho you have been ungrateful or because you have abused his gifts. "He giveth to all liberally and upbraided not." Surely as long as God gives us air to breathe, water to drink and food to eat, we should never tire of giving to him. Surely as long as God gives us Jesus and the holy spirit we should uncomplainingly give of our best to him.

KNOW YOUR LIBRARY By MAUDEAN THOMPSON SEWARD

By MAUDEAN THOMPSON SEWARD world and because of it a new era was born.

During this Thanksgiving season, we want you to read your Bible and many commentaries found in your library as you think with me on "FOUR LITTLE SHIPS."

The history of the modern world turns on the story of four little ships. They were comparable in size with lifeboats on modern trans-Atlantic liners. Who owned them, where they were launched, what seas they sailed, when they sank to the bottom of the seas—all we know little. And yet, such is the irony of history that apart from these four little ships, civilization, as we know it, would never have come to pass.

The first ship was used by a group of fishermen on the Sea of Galilee. Jesus of Nazareth stood in the stern one day preaching the good news that God is love; that we are held by a love which will not let us go, that there are divine possibilities to life, that man is recoverable, and that we can build a new world order founded upon compassion and good will. What a change this little boat has made for all mankind.

The second little ship sailed 33 years later. It sailed from port in Asia Minor over the Aegean Sea to a harbor in Greece. A passenger on one of its sailings was Paul who had heard a voice and had seen a vision. In obedience to them he carried the gospel of the Son of God into Europe. That little ship has altered forever the history of the Western world. Western culture as we know it is unthinkable without it.

The third little ship sailed fourteen centuries later. It left a quiet harbor in Spain in search of a new passage to India. At last Columbus dropped anchor in the harbor of San Salvador and the New World was discovered. That little ship opened the gates to a new world and because of it a new era was born.

The fourth little ship sailed 140 years later from a port in south England. It was a small ship, 90 feet long and 20 wide. It carried 102 passengers. For 13 weeks it fought its way through mounting storms until it was driven from its course, etc. . . . The name of the ship was the Mayflower; the harbor, Plymouth; the Company, Pilgrim. After more than 300 years this nation, under God, pauses on this annual, Thanksgiving Day to remember them and bless God for this inheritance.

The Pilgrims are banding to us an unfinished task and asking us if we are willing to take a risk for freedom; they found freedom on God. Have we? They expressed freedom in terms of responsibility, do we?

20,000 Cotton Pickers To Lose Jobs To Machine

Cotton picking machines, plus other mechanization, could mean that 20,000 man workers will soon be without cotton picking jobs, the State Employment Service reported last week.

The Service said mechanical cotton pickers now number 1,044, compared with 481 in 1960. It said cotton can be machine picked for about \$30 a bale, but it takes 60 human pickers, at about \$40 to \$50 a bale, to do the work of one machine.

George Moany President, AFL-CIO

FOR FLUORIDATION

Compared to the costs of repairing decayed and neglected teeth, fluoridation would be cheap at almost any price. Actually, fluoridation is inexpensive . . . about 10 cents a year per person. At its founding convention the AFL-CIO supported fluoridation by a unanimously adopted resolution: This support of fluoridation is based on labor's belief that prevention and protection of health is better than the best cure. AFL-CIO believes that prompt action on fluoridation will cut dental bills, prevent needless pain, and help assure better health for the American people.

Science, Technology To Receive Attention In 1962, Powell Says

Primary Target Will Be Higher Education Bill

WASHINGTON — (NNPA) — Rep. Adam Clayton Powell announced Monday (Nov. 20) that his House Education and Labor Committee will place major emphasis on science and technology in the coming year.

The New York Democrat said the "primary target" will be the passage of a bill in the field of higher education, H. R. 7215, drawn up by Congresswoman Edith Green (D, Oregon).

Mr. Powell also announced that a bipartisan Congressional advisory group of three Democrats and two Republicans, which held its first meeting Monday, had been appointed by him to make recommendations for legislation to strengthen American higher education.

Chairman of the group is Rep. John Brademas of Indiana, a Democrat. The other Democratic members are Robert N. Glavin of Connecticut and James G. O'Hara of Michigan, while the Republicans are Albert Que of Minnesota and Charles Goodell of New York.

RED CONCENTRATION NOTED

Mr. Powell said he named the advisory group because "concentration by the Communists on scientific education makes it essential that Congress take action in this field."

He said he expects the group's recommendations will serve as a basis for legislation in the coming session of Congress, and on Jan. 31, he expects to forward these to Mrs. Green, chairman of the subcommittee dealing with higher education.

All members of the group serve on the House Education and Labor Committee and all except Rep. O'Hara made a trip last month to the Soviet Union for the purpose of studying Soviet education. They paid special attention to Russian scientific and technical training.

Since the establishment of the group, its members have been corresponding with university and scientific leaders in the United States, in the quest for detailed opinions of the major problems in science education in this country.

A series of meetings with key figures in science and education throughout the country has been scheduled, Mr. Powell said, and dates and places will be announced shortly.

Money Seized At Detroit Health Store

WASHINGTON — Money is not a cure for "premature death," nor is it good for waning vitality, rheumatism, arthritis, or a weak heart, FDA said in announcing seizure of nearly 3,000 pounds of honey at a Detroit health food store.

FDA charged that the false claims for various disease conditions were made in promotional material being used by the dealer, Detroit Vital Foods, Inc., whose president is Leonard Kordel, a "health food lecturer."

Other Kordel products have previously been involved in FDA court actions. Kordel was fined \$4,000 in 1946 for misbranding vitamin-mineral products and other so-called "health foods," FDA said.

Valor Of Troops In Civil War Battles Hailed

By SAMUEL P. PERRY, JR. WASHINGTON, D. C. — (ANP) — Speaking before the Ancient and Honorable Artillery Company at the Sheraton-Park Hotel here, Governor John A. Volpe praised the Negro regiment which fought under Colonel Robert Gould Shaw at Fort Wagner, S. C., during the Civil War.

Governor Volpe was referring to the Mass. 54th Regiment.

"One hundred and eight years ago," he said, "Massachusetts witnessed the culmination of the anti-slavery agitation of which she had been the center for a quarter of a century."

"Tongue and pen had here done full work for human freedom. By other weapons and on other ground was the final issue to be determined. The time had come when the question of the worthiness of men with black skin to bear arms and to be received into the fellowship of military service was put to trial; when the courage and endurance were subjected to the supreme test of the battlefield."

FIRST TO THE FRONT

"A Negro regiment the first raised by any northern state, marched through Boston's streets, bound for the front, with Robert Gould Shaw in command."

"Two months later," Governor Volpe pointed out, "the answer to the question whether the Negro would fight and die for his country like the white man came back, written in letters of blood from the ramparts of Fort Wagner, where a race was called to sudden manhood."

The Bay State's chief executive expressed the "trick" that the common trench of soil in South Carolina, "upon battleground which has been well called the Bunker Hill of the colored race," was the fitting remembrance of white and black, officer and private.

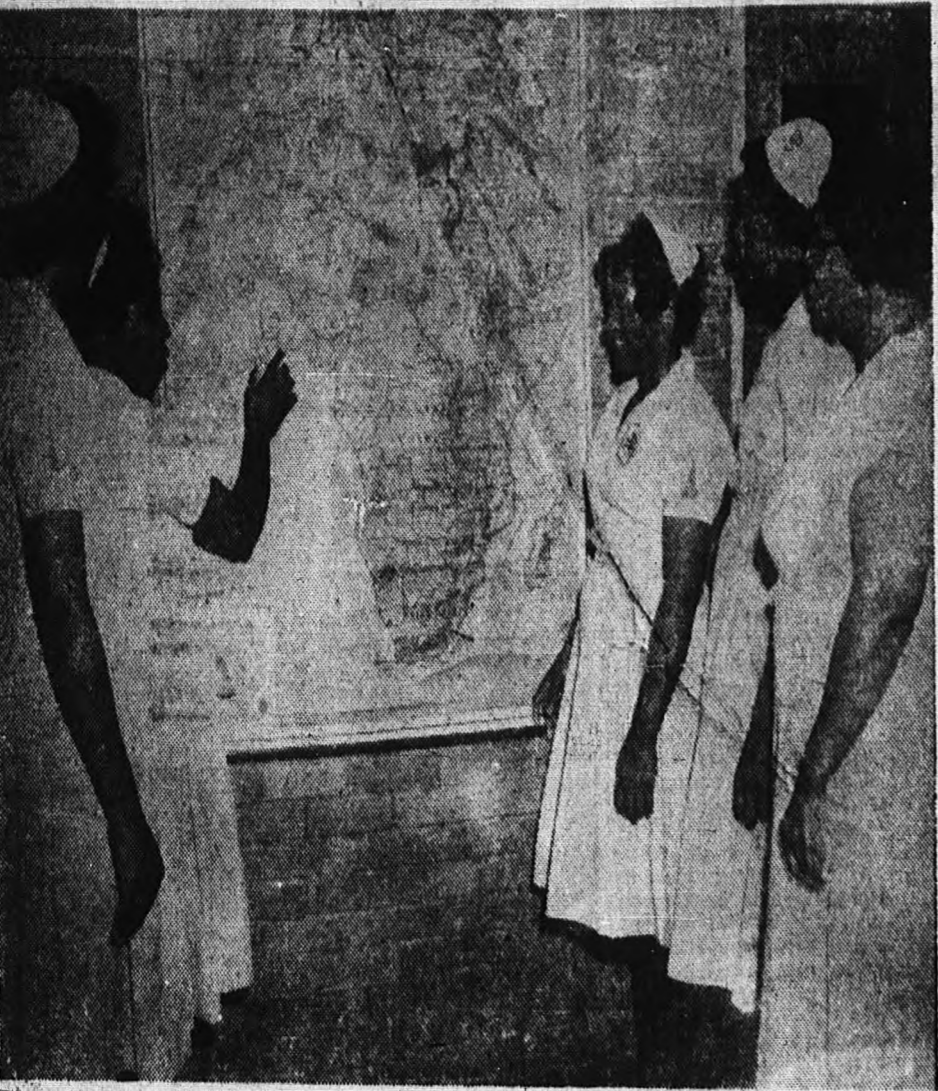

In conclusion, Governor Volpe asserted, "The great price was paid."

"Governor John A. Andrews of Massachusetts was the first to insist upon the right and the duty of the colored man to bear arms; he felt that not only the liberties of the colored man, but also the destinies of America herself, were involved in question."

"May the lesson which the Shaw Memorial on the Boston Common teaches sink more deeply into the hearts of our people as the years go by."

Time For A Trade Policy Change--Labor Secretary

CLEVELAND, Ohio — With Great Britain seeking to join the European Common Market and six other European countries applying for membership or association, the United States must be realistic about its future in the world market, Secretary of Labor Arthur J. Goldberg said here.

At present, a third of U. S. trade is conducted with the European market of roughly 300 million persons in the "progressive, industrial heart of the Old World," the Secretary said. The United States has "the choice of making the free world a great partnership of trading nations, or a battleground of economic rivals."

Events in Europe, and the resurgence of Japan in the East, pose a challenge we cannot meet by sailing under our old lights.

The Secretary pointed out that the Administration had made a wide range of proposals to attain fuller employment and greater economic growth. It will present proposals on trade. "I believe that these merit, and will merit, your consideration, and, hopefully, your support," he told the audience.

The Secretary said the Manpower Development and Training Act was expected to have high priority in the coming session of Congress.

APPOINT WEAVER, NABBIT TO GROUP

WASHINGTON — (NNPA) — In establishing a President's Committee on Youth Employment, President Kennedy last Wednesday named Robert C. Weaver, Housing and Home Finance Administrator, and Dr. James M. Nabrit, Jr., president of Howard University, as members.

President Kennedy said the Committee, under the chairmanship of Secretary of Labor Arthur J. Goldberg, will be "charged with the task of carrying on an active drive to help our young people who seek jobs." This activity will complement the actions already being taken in this area, he said.

One Day In Prison For Sammy Davis

By JOSEPH FINNIGAN

HOLLYWOOD — (UPI) — Sammy Davis, Jr., just got out of prison where he served one of the shortest terms on record—a day.

Sammy traveled to northern California recently and performed for convicts locked up in Folsom, one of California's maximum security prisons.

"It was a tremendous experience," he said on the set of TV's "Frontier Circus" in which he has a part. "I did an hour and five minute show and you can't do that if they don't like it. We had 3,000 men on the lawn and that's where we put on the show. Some of the prison musicians joined me and my gang in a jam session."

Sammy said there was much that Hollywood could do to help those serving time in jail.

MEN ARE FORGOTTEN

"With all the cliches, those guys are really forgotten," he said of convicts. "I think all prisoners are forgotten as far as entertainment is concerned. The prisoner is paying his debt to society and we say, when he comes out he'd better be a good citizen. You just can't put them there and leave them there. We have to contribute something. The top 30 entertainers are just names to those convicts."

Sammy's trip to Folsom wasn't the first time he's been in the bucket as a volunteer.

"I did shows at a couple of jails in New York," he said. "Those guys really appreciated them and they were a good audience."

The Negro entertainer hopes to repeat his prison visit under the auspices of a show business organization.

"I would like to coordinate a group and get some big names on a committee," he said. "I think that if we could put on one show a month it would serve a purpose."

ASKED TO DO CHARITY

It wouldn't be the first time that performers have been asked to provide free entertainment, and Sammy said some requests for charity shows are less than authentic.

"We're asked to do thousands of benefits a year but this one would be for human beings," he said. "How many times have we done benefits and found out somebody clipped the money."

Pointing out problems an entertainer faces on the charity show circuit, Sammy said the benefit for which a performance is put on sometimes gets only a small percentage of money raised.

"You do a charity show for crippled children and bring in something like \$100,000," he said, "and the kids get \$20,000."

D.C. Schools To Cut Racial Transfers

WASHINGTON — (NNPA) — Superintendent of District Schools Carl F. Hansen said on Nov. 18 that the time has come to curtail school transfers based on race. In reporting that colored pupils made up 81.5 percent of enrollments, Mr. Hansen rapped the fluidity in the school system and concluded that "children should stay in schools where they belong."

HOSTS HOLIDAY SEALS DRIVE—Songsstress Lena Horne is chairwoman of the NAACP's 1961 Christmas Holiday Seals Campaign. Seals are now on sale through NAACP units across the nation. This is the 12th consecutive year that Miss Horne has led the NAACP fund-raising effort.

CHICAGO — (ANP) — High school students are not getting knowledge of the role of minorities, especially Jews, in history, a research declared here last week.

Oscar Cohen of New York City said this deficiency contributes to latent anti-Semitism.

He said the American Textbook Publishers Institute is studying the matter, at the request of the Anti-Defamation League of B'nai B'rith.

Cohen, ADL national program director, directed a study of a "swastika epidemic" from December, 1959, to February, 1960, in West Germany and the United States.

WAVE 'INITIATED'

He told a luncheon audience of about 150 in the Standard Club that American teen-agers "imitated" an anti-Semitic wave in Europe.

"This imitative behavior, allied with deep-rooted prejudice in our own society," was the cause of the swastika smearing in this country, he said. It was not an organized action.

He said high school history textbooks, studied by the ADL, "did not treat the Nazi period in Germany in detail and the character and contributions of minorities were not brought out."

"In most texts, Jews disappeared after the Biblical period," Cohen said.

Cohen's speech was one of a series of ADL programs. Harold M. Florsheim, president of Florsheim Shoe company, was host.

Sunday School Lesson

International Sunday School Lesson for November 26, 1961.

MEMORY SELECTION: "Fight the good fight of the faith; take hold of the eternal life to which you were called when you made the good confession in the presence of many witnesses." — (1 Timothy 6:12).

LESSON TEXT: Romans 12: 1; 1 Timothy 6:11-19; 11 Timothy 1:3-11.

The purpose of our study today is to show why continual spiritual growth is necessary if a person is to be a truly effective Christian; also to point out some of the obstacles to Christian growth and some of the factors that help people grow as Christians.

Growth is an essential characteristic of any living organism. Life is never static. There is either growth or deterioration. Since Christianity is a living faith, there must be growth in our spiritual life. We must be growing in our spiritual life if we are to be truly effective Christians.

Just as a plant must have the proper conditions for growth, so must people desiring spiritual growth have the conditions necessary for spiritual growth. One of the best aids to enriching our souls is that of keeping a forward looking attitude rather than a continual backward look. There are among us many Christians who seem interested only in talking of their conversion experiences or of their youthful religious activities. Of course, looking backward can provide many occasions for thanksgiving, for developing confidence in God, and for gaining wisdom from mistakes in the past. But people who continually look backward will cease to grow. Because God's mercies are new every morning, there are many that we may look forward to. Although increasing age may put certain activities beyond our reach, we can always enjoy the presence of God. An attitude of trust and of eager expectancy in regard to the future helps us grow spiritually.

There is too, a kind of divine discontent that favors growth. A backward look may result either in remorse over failures, with a resulting determination to profit by those failures, or a sense of complacency over past and present successes. But neither of these attitudes, if accepted unquestioningly, encourages Christian growth. Our Christian faith should help us recognize past mistakes, should assure us that our sins are forgiven, and should provide the incentive to do better in the future. In the Christian life there is no place for resting on one's laurels. The Christian ideal does not recognize complacency. One can become self-satisfied only when he has set himself too low a standard. The Christian who takes for his example the life of Jesus can not measure his life in this way. When one uses Christ's example as a guide, the more one achieves, the more we see to attain.

We know that exercise is necessary for the growth of the physical body and that mental effort is needed for the development of the mind. This also holds true in the spiritual realm. If faith and

life must be put into practice and this will require effort and will meet with opposition. It is quite easy to accept the idea that God is the Father of all men. But the natural sequence of that thought is the idea that all men are brothers, and it is the attempt to put that concept into practice which requires great effort. Growth means an ever-increasing understanding of the implications of the teachings of Jesus for current situations and problems. Therefore it requires hard, serious, honest thinking.

Let us pray: "Our Father, we thank Thee for the ideal of Christianity. We have in Christ Jesus a true example before us. We thank Thee for the infinite possibilities for Christian growth which are ours, and for the freedom that we have been given. We praise Thee for the hope of immortality with its promise of eternal growth. Grant us the grace that we may grow in wisdom, in strength, and in knowledge and love of Thee — Amen."

"DOC" ANDERSON CAN HELP YOU SOLVE YOUR PROBLEMS

By WALTER C. ROBINSON, Editor, The Chattanooga Observer

Have you ever wondered about those rare persons who are gifted and inspired through the power of God to foresee the future and able to work miracles here on earth? When I think of one certain man I do not think that prophecy and the performance of miracles ended with the Bible era.

Through faith and power of God this man, according to their own statements, has restored sight of Mary King, Flint, Mich., and Cleve Corbin, Chattanooga, Tenn., when they were blind.

This man has helped thousands who come to him from near and far with every problem. Word has spread praise of this remarkable man. They come to him with heavy hearts, doubts and fears and leave filled with joy, peace of mind and renewed faith in themselves.

Husbands and wives have been brought back by his strange power. A sweetheart was brought back from Canada through his mysterious gifts. I know of a man who had gone to big expense traveling far to get his wife back. His efforts failed. In despair he came to Doc Anderson who got results in one day. I am amused when I think of the man who came to Doc Anderson to find the whereabouts of his wife. Doc told him where to find her. Was he surprised? I am amazed how many older men claim that Doc has outjared their sexual nature stronger than in youth.

This remarkable man, through his psychic power dating back to his boyhood, pointed the finger at stolen money — \$1,500 and told where it was. The success of the way his numbers have fallen is the result of his psychic mind.

His famous predictions have been so great they were mentioned on "Meet the Press" Program Sept. 30th, 1966. It is unbelievable how he can tell your past, present and future, your secrets so true without you saying a word. This wonderful man showed me a drawer full of unsolicited letters from grateful people who testified to their peace of mind, happiness and financial success. Most of the letters ended with wishes of God's blessings for Doc Anderson. His power is no accident because it has been proven time and time again. How he does it is his secret.

I could go on for hours writing about him and the mystery of his gifted power, but perhaps you would like to see for yourself, so I give you his name and address: ECC R. C. ANDERSON, 302 W. Gordon Ave., Rossville, Ga., or you may phone him Canal 3-9719 for appointment. I am told you must see him in person to be helped. I understand he can be seen seven days a week. — (Adv.)

MOREHOUSE MAROON TIGERS TO PLAY 22-GAME CAGE SCHEDULE

ATLANTA, Ga. — (SNS) — According to an announcement from Dr. Frank L. Forbes, director of athletics and head basketball coach at Morehouse College, the Maroon Tigers will play a twenty-two game schedule during the 1961-62 season, excluding the annual S.I.A.C. Tournament at Tuskegee Institute, February 22-24, 1962.

The Maroon Tigers will open the season on December 2 on their home court, the beautiful new and spacious Morehouse College Health and Physical Education Building. Tougaloo Southern Christian College, a "newcomer" on the 1961-62 schedule, will be the opponent.

In addition to TSSC, Morehouse will play two other non-conference foes, Miles College and Savannah State College.

Eleven of the games on the Tiger schedule will be played at home while the other half will be road games. One of the big "away from home" games is the annual "exhibition game" with Fisk University at Chicago, Ill., on March 13, 1962.

MBC Wolverines To Launch Hardwood Campaign Dec. 1

ATLANTA, Ga. — (SNS) — The Morris Brown College Purple Wolverines will launch their 1961-62 basketball campaign on Friday, December 1, when they match shots with the Tuskegee Institute Golden Tigers, at Logan Hall Gymnasium, Tuskegee, Ala.

The Wolverines, who will play 20 exhibition games, make their first Atlanta appearance in the Georgia Invitational Tournament, December 7, 8 and 9, at the Morehouse College Health and Physical Education Building.

Sixteen candidates for berths on the team answered the call of Basketball Coach William T. Greene, when pre-season drills got underway on October 16.

TWO KEY MEN MISSING

Nine lettermen from the 1960-61 squad were on hand when the drills started, and two key men were missing, namely, Erwin Ross, the leading scorer for two years; and Robert Barnett, one of the mainstays on last year's team.

Among the talented returnees were James Scott, rangy 6-9 center, from Rome, Ga.; Clifton Pettiford, forward, Tifton, Ga.; Julius Myers, forward, Blackshear, Ga.; Jimmy Wright, guard, Covington, Ga.; Wilbert Smith, guard, East Point, Ga.; Randolph Plagg, guard, East Point, Ga.; Lynn Ross, guard, Atlanta; Selbert Moton, guard, LaGrange, Ga.; and Charles Geer, forward, of Atlanta.

PROMISING NEWCOMERS
One of the most promising group of freshmen reported to the team for quite a few years, including two youngsters, who played in the GIA East-West All-Star Basketball Game last August. They are Bobby Curtis, 6-4 1-2 center from Canton, Ga.; and Robert Williams, 6-1 guard from Forest Park, Ga.

Other newcomers of real promise include: Arthur Goodwin, forward, of Booker T. Washington High School, Columbia, S. C.; John W. Emora, center, of Howard High School, Chattanooga, Tenn.; Cheviene Jones, guard, of Decatur, Ga.; James Brown, forward, Hartwell, Ga.; and John Henry Jones.

The Sports Patrol

By STEVE SNIDER

NEW YORK — (UPI) — Texas has provided the biggest boom of the 1961 college football season and Illinois is turning out to be the biggest bust.

The unbeaten Texas Longhorns, 8-0, rated no more than a slight edge over the rest of the field in their own Southwest Conference when coach Darrell Royal first sprung his high-geared "flip-flop" offense on unsuspecting rivals this fall but now they're No. 1 in the nation.

At the other end of the scale, the Illinois win the unhappiness award by a mile. They were rated somewhere in the middle of the Big 10 pack but so far they're 0-7 and wound up their home schedule without a victory over their local crowd for the first time since 1938.

Minnesota, Colorado, West Virginia and Columbia are among the boom teams that didn't figure so good as well as they have, while Iowa, North Carolina State, Pittsburgh, and Baylor are sharp disappointments.

MAJOR SURPRISES LACKING
But in between the biggest surprise is the lack of many major surprises. Where are the shockers? Favorites lose, and frequently, but none of the upsets rate selection as "upset of the year" — at least not yet.

The general picture is about as fun as you can get from a bunch of kids turned loose with a football.

The Big 10 and Southeastern Conferences are the powerhouse leagues, as expected, and it's an off-year for the Pacific Coast, as most forecasters predicted.

The Southeastern has three teams in the top 10 with unbeaten Alabama at No. 2, Louisiana State No. 5 and Mississippi No. 6. The Big 10 has four, Ohio State 3, Purdue 7, and Michigan State tied for 8th.

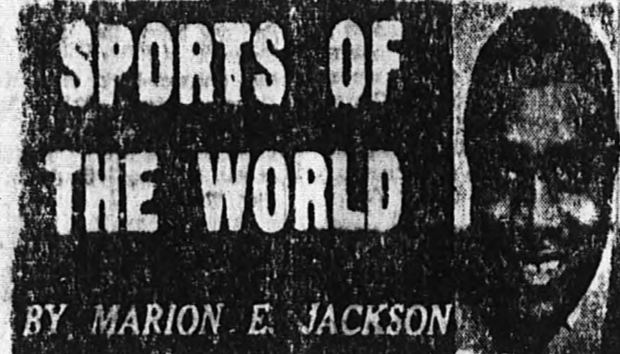

The Big 10 has a 14-5-1 record against major outside competition with Illinois contributing two of those five defeats in losses against Washington and Southern California which, in turn, were beaten by other Big 10 teams.

Southwestern teams are 18-6 against major outsiders and three of the six defeats were absorbed by last place Tulane.

STUMBLING EARLY
Big teams in both the Big 10 and Southeast stumbled early in the campaign. Minnesota lost to Missouri 6-0 while trying to get untracked and LSU was bowled over by Rice in its opener, 16-3.

As things developed, Texas Christian's 7-7 tie with Ohio State in the Buckeye opener ranks as a pretty fair upset.

TCU now has a 2-4-1 record while Ohio State is 6-0-1 and still in the fight for the national title.

Tennessee State is passing up the early season and Christmas holiday basketball tournaments to concentrate upon a major college schedule which will list the ranking powers of the nation. . . . The nationally-famous 100 Per Cent Wrong Club Jamboree has been scheduled for February 1-3, at the Waluhoje Apartments, Atlanta, Ga. . . . The path to Class A (or full membership) in the Professional Golfers Association is long for members of any race. Therefore, there will be many, many years before the colorline is erased in the play-for-pay ranks.

In other years, the Tennessee State Tigers have been the busiest competitors on the tournament trail but this year Harold Hunter, the ex-North Carolina State star, is keeping his team at home until it embarks on the visitation schedule Dec. 18.

The Hunter-coached quintet has played in the Georgia Invitational, Quincy Holiday and Southern Illinois title in other years, following a scheduling of his predecessor J. B. McLendon.

However, the Tigers in going big-time, are bypassing the small college tournaments and are going for broke against such ranking teams as St. Francis, Seattle, Gonzaga, University of Pacific, St. Bonaventure and other famed quintets.

Look for Tennessee State to be just as powerful in the bigtime as it was among the small colleges. The Tigers are loaded with the best material ever assembled at a predominantly Negro institution.

Dr. W. S. Davis, president, and Athletic Director Howard C. Genery, as well as Coach Hunter, have their eyes set on the National Invitation Tournament, and the recognition of being the first Negro team to play in the Gotham hoop festival.

The Tigers will not play any Negro foes except its Midwestern Athletic Association rivals — Central State, Kentucky State and Lincoln (Mo.).

BEYOND-OPENER: The 100 Per Cent Wrong Club of the Atlanta Daily World will perk up planning for its annual Jamboree, Feb. 1-3, following the Florida A&M Texas Southern game, Nov. 25.

Dr. A. L. Thompson, president of the 100 Per Centers, Moss H. Kendrick, Washington, D. C. publicist, J. Russell Simmons, W. A. Scott III, and your columnist will do the ground-breaking work for the gala.

The Coca-Cola Company of Atlanta, Ga., the Atlanta Coca Cola Bottling Company, and Walter E. Thomas, Jewellers, Atlanta, Ga., sponsor the Jamboree which brings together the outstanding sports celebrities of the year.

Traditionally the Jamboree has been held the last Friday night in January, but since the new year of '62 will debut on Monday, Jan. 1, the calendar has been knocked cockeyed.

The 100 Per Cent Wrong Club, now twenty strong with the addition of the world lightweight champion, has defended his crown ten times since he won the 135-pound championship from Wallace Bud Smith five years ago. Brown lives in Houston, Texas, but is managed by Lou Vicusi of Baton Rouge, La.

Brown is scheduled to defend his title next March against either Carlos Ortiz of New York or Paolo Bond of Bol, Italy at Madison Square Garden.

Dodgers, Giants Give Assistance To Mercy Bowl

LOS ANGELES — (ANP) — Baseball, represented by the Los Angeles Dodgers and the San Francisco Giants is pitching in to assist the Mercy Bowl, first of the season's Bowl games, on Thanksgiving Day at the Los Angeles Coliseum.

Last week only 13,000 tickets had been sold. It will take a capacity attendance of 103,000 fans to raise the needed \$250,000 to pay the medical, hospitalization and funeral bills for the victims of the Cal Poly crash Oct. 29, 1960 at Toledo.

The Dodgers and Giants will sponsor and pay for a non-commercial broadcast of the game on a network of twenty-five stations throughout California and Nevada.

Armed Forces Radio will pick up the play-by-play account of the game between Bowling Green College, of Ohio, and Fresno State, and send it around the world to all American military installations and ships at sea.

The announcers — Vin Scully and Jerry Doggett of the Dodgers and Russ Hodges and Lon Simmons of the Giants — will contribute their broadcasting fee to the Cal Poly fund.

The tragic Cal Poly crash occurred at Toledo, Ohio on the return flight of the Cal Poly team after a game with Bowling Green. Most of the team members were killed or seriously injured. Two are still hospitalized.

NASSAU REST FOR YANKEE CHAMP—Yankee baseball catcher Elston Howard and his attractive wife relax in the gardens of the British Colonial Hotel, Nassau, Bahamas, where they were guests for one week. Mr. Howard was taking a well earned holiday after the Yankees beat Cincinnati Reds in the World Series. During the 1961 season, Catcher Howard batted .348, to finish second Norm Cash, Detroit, American League champion. The Yankee star registered 155 hits with 21 home runs.

Pittsburgh, Kansas Leads NAIA Small College Rankings

KANSAS CITY, Mo. — (UPI) — Pittsburgh Kan. State, undefeated and limited and already assured of a post-season bowl game, is the top ranked football team in the latest poll released by the National Association of Intercollegiate Athletics.

Pittsburg State received 22 first place votes out of a possible 39 to easily best Baldwin — Wallace Ohio for the No. 1 ranking.

The top 10 teams: 1. Pittsburg State; 2. Baldwin — Wallace; 3. Central Oklahoma State; 4. Linfield Ore; 5. Florida A&M; 6. Whittier Calif.; 7. Southeastern Louisiana; 8. Northern S. D. State 9. Humboldt Calif. State and 10. Parsons Iowa.

Pittsburg State defeated Omaha 34-18 last week for its ninth consecutive victory. Its next game will be Thanksgiving Day in Pittsburg, Kan., in the semifinals of the NAIA playoffs. Pittsburg State's opponent is yet to be named, as are the other semi finalists.

Hank Thompson Given Suspended Sentence and Job

NEW YORK — (ANP) — Former New York Giants third baseman Henry (Hank) Thompson got a break in his trial for robbery here last week.

After pleading guilty to robbing a tavern here last Feb. 26, for \$37, Thompson was given a suspended sentence and placed under indefinite probation by Judge George Postel.

The suspended sentence and probation were given with the understanding that Thompson is not to drink liquor and that he report to the San Francisco Giants training camp near Phoenix, Ariz., where his job awaits him.

In other words, the judge gave Thompson, one of the stars of the Giants World Series victory in 1954, a chance for a new start.

Thompson testified he had been drinking at the time of the robbery.

Kickoff Time Changed For A&T-NCC Game

GREENSBORO, N. C. — A new and earlier kickoff time has been set for the Carolina Classic, the annual football get-together of the A. and T. College Aggies and the North Carolina College Eagles, to be played here at Memorial Stadium on Thanksgiving Day.

Bill Bell, A. and T. College athletic director, announced this week that the two teams will begin bumping heads on Thursday, Nov. 23, beginning at 1:30 p. m. instead of the usual 2:00 p. m. engagement.

NCC'S RICHARD WILKINS TIES EAGLE SCORING MARK

DURHAM—Richard Wilkins, North Carolina College's brilliant halfback, tied a seven-year-old season scoring mark last Saturday when the Eagles walloped Virginia Union 20-7.

Amos Thornton, Norfolk, Va., native, set the mark in 1954, when the Eagles won the National Collegiate Championship with 47-1-1 mark. Thornton scored 48 points that year.

The Winston-Salem native rambled four yards to score his 46th point of the season early in the second period. Wilkins has scored eight touchdowns in a like amount of games. He has one game remaining, when NCC meets North Carolina A&T College in their annual Turkey Day clash.

The highlight for Wilkins' season was in the Morris Brown game where the 190 pound speedster blasted for three touchdowns. His scores came on runs of 3 and 20 yards and on a pass that covered 18 yards. In the Shaw University game, he returned the opening kickoff for 102 yards and scored again on a 62 yard pass play.

Wilkins' other scoring efforts came on a 10 yard pass in the Allen game and a two yard run against Virginia State College.

"He's a ballplayer's ball player," Coach Herman Riddick stated, Wilkins never lets up and he gives that 100 per cent effort all of the time. Riddick added. If total offense was based on pass receptions and rushing, Wilkins would be among the top. Wilkins has caught 14 passes for 231 yards and has rushed for 415 yards.

The NCC All-American candidate is within reach of another team mark. He has caught three touchdowns passes, leaving him one shy of the four caught by Harold Jayner in 1958.

Records mean very little to this churning runner. "All I want right now is a victory over A&T College Thanksgiving Day," Wilkins stated. "I score or catch a pass, then it will be for the team and not just for me." Wilkins added.

Harlem Magicians Begin 245 Game Cage Schedule

SAND SPRINGS, Okla. (ANP)—Marques Haynes took his basketball show on the road this month heading into a 245-game schedule with one of the finest groups of roundball performers in the nine-year history of the fabulous Harlem Magicians.

The Haynes-led troupe will put a 380-game winning streak on the line as it moved into such basketball hotbeds as Madison Square Garden, the Boston Garden, Los Angeles, Detroit, Washington, Baltimore, St. Louis, Houston, Dallas and every important city in the nation along with sorties into Canada and Mexico.

"I'm opening this tour with the best club we've ever assembled in Tulsa. We have new comedy routines to jell into our regular action and Sam Wheeler and Josh Orider (co-executives with Haynes in the club) are heading into their new campaign with the enthusiasm and pepper of a couple of rookies.

"Added height on this year's team in the person of seven-foot Jim 'shooaboo' Dew will make this early, moving into New York for the debut of the boards and the outfit that beats us will have a real night out for itself."

Grambling Tigers Rally To Trip Ark. A&M, 23-7

PINE BLUFF, Ark.—The Grambling College Tigers came from behind to defeat Arkansas A.M. and N. College Golden Lions, 23 to 7, in Pumphrey Stadium at Pine Bluff last Saturday afternoon. Quarterback Stone Johnson, halfback Roy Shelling, fullback George Robinson, and defensive end William Brown were instrumental in issuing the Arkansas eleven its fifth loss of the season.

Scoring first were the Lions when fullback Robert Tyus caught a one yard aerial from Lindsey Henry with 1:55 remaining in the initial period. The march commenced from the Lion 31 following an out of bounds punt by the Tigers. Johnson and required six plays while (Ghost) Goldsmith kicked the extra point. The big play in the march was a 34 yard pass play from quarterback Henry to halfback Paul McPherson which went from the Tiger 45 to their 11.

Within one minute of the second quarter, Brown of the Tigers intercepted two passes that led to touchdowns. He returned the first to the Lion 24 from where Robinson blasted through right guard from the nine to score with 9:33 left in the half. His second interception was at the Lion 30 without a return. From here quarterback Ron Pennington floated the ball to Johnson in the end zone for six points. Johnson kicked both PAT's. Halftime score was 14-7 for the Tigers. Guard Jerry Brigrance of the Lions was outstanding on defense before being injured.

Although the teams failed to tally in the third quarter, Johnson garnered 3 points for the Tigers on a 24 yard field goal early in the final period. The Lions threatened to score with their drive dying on the Tiger 10 on an unnecessary fourth down pass at 1:15. He had a second chance in the final moment and drove to Grambling's 15. On the next play, Johnson intercepted a Henry pass at his 15 and fled down the sidelines to make the final score 23 to 7.

The 33 year old star was stricken with a virus Oct. 31 at the end of the second act of "Girl of the Golden West."

It was her second performance of the season. She opened the Met Oct. 29 in the same role.

GEETER HIGH SCHOOL

By Evelyn Ayers and George Hewlett, III

Hello everybody! Here we are again to clue you in on the latest happenings around the Big "G."

EDUCATION WEEK OBSERVED

On Wednesday, Nov. 8, Geeter High School observed American Education Week with a special program. The Guidance Department sponsored an assembly program for the occasion. The theme was "Your School's: Time for a Progress Report." Miss Corilla L. Gray and Mr. Frank Phillips, the guidance counselors, carefully supervised and worked out the program to the extent that each person present could not help but get a thorough understanding as to what was discussed.

Mr. Louis Wakefield conducted the devotion. Vernell Parham gave a brief history of education in Tennessee after which the Junior Band performed.

Individual topics were discussed by several students. They were: The Reduction of Illiteracy by Peggy Davis; The Reduction of Delinquency, Mary Wilson; The Profitable Use of Leisure Time, Patricia Sinclair; Leadership in Cultural Pursuit, Joe Lee Townsend; Education Promotes Economic Well-Being, Julius Smith; Education Contributes to the Relief of Manpower, Pearlye Knowles; Education Develops Leadership, Everett McIntyre, and Public Education is Essential to Democratic Government, Clevetta Lott. After the discussions, Mrs. Maurice Fowler introduced and presented the parents that were present. Mrs. Fowler is the president of the P. T. A.

The chorus added spice to the program when it performed with the Elijah Rock. Many compliments were given the youngsters for the fine showing they made. As a matter of fact, we didn't know our chorus members could sing so well. Mr. Clifford Glenn is the director of this group of young singers. We think he is doing a superb job.

MARY MARTEL

The Big Question: Should Parents Provide A Home For Married Children?

For the past few days I have heard and read a great deal about teen-age marriages, parents pushing their children into adulthood to soon and children taking on adult activities - smoking, drinking, staying out late at night, making and working - before they are scarcely out of childhood. Then the following letter arrived:

Dear Mary:

Every since my daughter married six years ago she and her husband have lived with us. They now have three children ages 5, 4, and 2. We have a four-room house, all paid for, and my husband and I could manage very well on his social security. My daughter and her husband do not contribute to the upkeep of the house and often do not even buy food for the children. My son-in-law works irregularly and drinks heavily. He is in construction. My daughter does day work. She and her husband are both 21 years old.

My husband and I often have to buy food and clothing for the children and the expense is too much for us. We cannot keep supporting them forever. Anyway I feel the

house is getting too small for our grown folks and three children.

The letter goes on into greater detail. I have tried only to reproduce the essential facts here for you. The person who wrote the letter requested that it not be answered in the paper.

I am respecting that request and will write her privately but I feel that the problem is a general one, that is deeper in its significance than that posed in the actual letter. It demands real thought and analysis.

I would like to hear from my readers on this question. What does it mean to be adult? What is an adult?

Your replies will appear in this column from time to time. No names will be used unless you specifically request that I do so. Let me hear from you. I know you have opinions.

If you need expert advice, address your problem to Mary Martel, in care of the Memphis World 546 Beale, Memphis, Tenn.

Tennessee State Bounces Kentucky State 14-To-10

By EARL S. CLANTON III

FRANKFORT, Ky. - Capitalizing on a fourth-period misdeed, Tennessee State University eleven captured their third straight Mid-Western loop pigskin title by nipping Kentucky State 14-10 here Nov. 18 in Alumni Stadium.

As first year Coach Lawrence Simmons picked up his first look crown, the Simmons-directed big Blues nudged the record books with two entries. Extending their hold on the Tiger-Thorobreda little brown jug classic to 13 years in a row, Tennessee State's third straight conference win set a new school and conference mark.

In the game, fullback Hank Arnold sent a new three-year total yards gained, Arnold's 50 yards in 12 tries pushed his three-year output to 1,500 yards. This clipped Jesse Wilburn's 1951 total of 1,436 yards.

Kentucky, 8-3 on the season, converted a Tennessee State touched punt into the games first score.

St. Louis Cardinals Lick Training Camp Hotel Bias

ST. LOUIS — The St. Louis Cardinals under the presidency of August A. Busch, Jr., have licked the problem of racial discrimination in training camp living quarters.

The baseball team, which trains at St. Petersburg, Fla., have leased all of the facilities of the Skyway Motel located on Highway 19 at the northern end of the Sunshine Skyway, a bridge running 15 miles across Tampa Bay from St. Petersburg South to Bradenton.

Major Hicks, a graduate of Southern University and the Second General Hospital School of Nursing, Kansas City, ended her service career at the Army's General Hospital in Landstuhl, Germany.

"In the clubhouse and on the playing field, all players share common facilities . . . common clubhouse . . . common eating . . . shower . . . toilet facilities . . . as well as medical and physical therapy treatment, without restriction and without incident. The real problem rises when players must leave the ball park in their off-field activities."

The Memorandum called attention to "national policy as evidenced by Federal court decisions, etc., the trend is toward some form of equal treatment and is unquestionable and inevitable." It pointed out that when Negroes first broke into the major leagues the primary consideration at that time was to play baseball.

"Today," the Memorandum said, "the majority of Negro ball players are mostly well educated, now well paid — and are used to and can afford a different kind of life and conditions than they are forced to endure under present spring training conditions . . . The fact is that outside of spring training, Negro players are accustomed to and receive the same hotel and eating accommodations during the regular season as all other ball players."

The Memorandum urged that all

Rowan Attacks U. S. Race Bias

By EDDIE L. MADISON, JR.

CHICAGO — (ANP) — A longtime enemy of American democracy received a blistering attack here last week by Carl T. Rowan, deputy assistant secretary for public affairs in the U. S. Department of State.

This enemy, Jim Crow, is responsible for reducing people to anxiety over Russia's space achievements because of denials, Rowan said. High costs of welfare and relief as well as operational increases in penal institutions are largely the result of racial discrimination in employment.

Rowan, prize-winning Negro journalist and former staff writer of the Minneapolis Tribune, said he "knew of nothing more stupid and treasonable" than racial discrimination in the midst of a "cold war."

CITES SOVIET PROGRESS

Russia's scientific progress didn't just happen, Rowan continued. He said the Soviet's used all their available resources and emphasized the importance of educating their youth and 'Sputnik I' was the outcome of this program.

"How wise have we been?" he asked the 1,500 persons gathered at the annual meeting of the Chicago Urban League at McCormick Place, new exhibition hall overlooking Lake Michigan.

CHALLENGE REMAINS

Rowan said while some of the anxiety over Russia's space achievements has lessened, the challenge to United States security still remains. While we need military strength, he continued, what we need even more is a crash program for moral strength.

He said Americans can no longer say we don't care what the rest of the world thinks. "While we used to be able to say we can lick anybody in a showdown, there is no panacea for the problems which confront us today," he declared.

SPONSOR NEEDED!

For hours a picket walked up and down a busy street carrying a sign that was absolutely blank.

Asked what was the big idea, he replied, "I'm looking for a sponsor."

In conclusion, the six-page document urged that "we lead from strength — and not from fear, prejudice or emotions of others, there is no question about the end result. This is a problem of leadership in human affairs, and can only be solved by the same civic and industrial leadership that has built the city of St. Petersburg," it said.

Mrs. Kennedy For Bethune Memorial, Council Project

WASHINGTON — (NNPA) — Mrs. Jacqueline Kennedy, wife of the President, said Saturday that a monument to Mrs. Mary McLeod Bethune would "serve as a reminder to us — and the future generations — of the power for good of one dedicated and brilliant woman."

The message was read at a donor's luncheon in the Statler Hotel sponsored by the National Council of Negro Women, which has launched a fund-raising campaign to establish Washington's first monument to a colored woman.

A model of the monument to the famous educator from Daytona Beach, Fla., which will be erected in Lincoln Park on ground authorized by Congress, has been prepared by New York sculptor Robert Berks.

NAACP's Mitchell Charges Negroes Being Short-Changed

JACKSONVILLE, Fla. — (UPI) — A Negro leader charged Sunday that much of the Kennedy Administration's "highly touted" social welfare program has been carefully tailored to preserve as much discrimination as possible.

Clairence Mitchell, director of the Washington bureau of the National Association for the Advancement of Colored People, said

Sometimes BABY NEEDS A LAXATIVE, TOO

For over 60 years, mothers have relied on gentle "BABY EASE." Pleasant tasting, easy to give liquid, vegetable-pure "BABY EASE" brings comfort without binding. "BABY EASE" does not contain opiates or strong laxatives. Ask your druggist for the special babies laxative, "BABY EASE."

Negroes have been short-changed by both major political parties. "It is a disgrace that not a single piece of civil rights legislation from the present Congress," Mitchell declared in remarks prepared for the Florida State Conference of NAACP branches.

The departments of commerce and agriculture have approved development programs for Autauga, Coosa and Elmore Counties in Alabama, Jackson County in Florida and Warren County in Georgia, Mitchell said.

The proportion of Negroes living in those counties ranges from 31 to 63 per cent, he said, yet all those chosen to represent the counties in planning work are white citizens.
