LOCATION.

Stewart College is situated in Clarksville, Montgomery County, Tennessee, a town in many respects peculiar to itself, it being the third in the State, proverbial for its commercial energy, wealth, high-toned morality, and Christian population. No place in the South-west can compare with it in point of health. Situated on a geological formation, pre-eminently adapted to the construction of cisterns, almost every family is supplied with pure water, which has mainly contributed to our entire exemption from cholera and other malignant epidemics. It is unequalled for its drainage, and proverbial for its elevated situation, and the variegated scenery of the banks of the Cumberland.

The College Building is located in a beautiful grove of native forest trees near the limits of the Corporation, on a gently elevated, but commanding position, well calculated to attract the eye, and improve the taste, and so remote from the business part of the town as to be well adapted to quietude, and study. The edifice is one of the most stately, elegant, capacious, and imposing in our country, built in the Elizabethan style of Architecture, a fine model of a Castellated building, as may be seen from the engraving on the first page of this Catalogue. It has been completed at an expense of Thirty-two Thousand dollars. The rooms are large, lofty, well ventilated, and well furnished. The Chemical and Philosophical apparatus are new, complete and of the most recent and improved character. The extensive and elegant Mineralogical and Geological Cabinet of the late Prof. Vanuxem, of Philadelphia, has been added by our President to the previous collection, which together with a complete laboratory, and the numerous

Geological and Meteorological drawings, afford the amplest and very best facilities for the study of the natural sciences.

With such ample accommodations, complete apparatus, and with a full and able Faculty, the Trustees feel assured that they can offer the best facilities that our country can afford, for the acquisition of a complete classical and scientific education.

The Preparatory Department is equal to the best Academies, in discipline, and scientific instruction, so that young gentlemen can be thoroughly prepared for college, or if they desire it, obtain an academic education with many advantages.

This Institution now belongs to the Presbyterians of Middle and East Tennessee, and is under the control of the Synod of Nashville; the terms of its transfer from the Masonic Bodies of Montgomery County, may be seen in the appendix.

The usual price of Boarding, is from fifty to sixty dollars per term of five months.

RULES AND REGULATIONS
OF
STEWART COLLEGE.

ARTICLE FIRST.

DUTIES OF OFFICERS.

1. The President is charged with the care and general supervision of the Institution in all its departments.
2. Each Professor is the head of his own department, and is responsible to the President and Trustees for its discipline, and the progress of his classes. All assistants are responsible to the heads of their respective departments.
3. Every officer in the institution shall faithfully give information, by written report, of all violations of discipline that may come under his knowledge.

ARTICLE SECOND.

GENERAL REGULATIONS.

1. The Collegiate year consists of two terms. The first commencing on the first Monday in September and ending on the last of January; the second term commencing on the first of February and ending the last Saturday in June. A vacation will be given from Christmas to New Year.
2. There shall be a public examination at the close of each year and the annual commencement exercises on the last Saturday in June.
3. Students in the Collegiate Department shall be divided into four Classes; known by the customary designation of Senior, Junior, Sophomore, and Freshman.

4. Pupils whose parents do not desire the full course for them, may be admitted to the prescribed scientific course in the Collegiate Department.

5. Students of the Senior Class in good standing, who shall have passed a satisfactory examination, shall be entitled to the degree of A. B. And those students who take the Scientific Course, after satisfactory examination, shall be entitled to the degree of Bachelor of Sciences.

6. Any Bachelor of Arts may, after pursuing a literary or scientific profession for two years, receive the degree of A. M.

7. No student can be enrolled in any department until he has presented the Treasurer's Certificate.

8. The Literary Societies of the Students shall be open at all times to the members of the Faculty and under their supervision.

ARTICLE THIRD.

DAILY DUTY.

1. The hours of meeting shall be regulated by the Faculty.

2. At the ringing of the College Bell, the Professors and students shall assemble in the Chapel for prayers and roll-call.

3. The hours of study for the Collegiate students are as follows: Each day of the week except Saturday and Sunday—

Study or recitation from 8 A. M. to 12.

“ “ “ 2 P. M. “ 5 P. M.

Study at home “ 7 P. M. “ 6 A. M.

On Friday the student shall be in his room by 11 P. M. On Saturday from 8 P. M. till 6 A. M.

4. A student desiring to be excused from any daily duty, or to be absent from his room in study hours, shall present immediately after roll-call a written request to the President for approval, which shall be his excuse to the Professor for his absence.

5. If the nature of the case do not admit of application to the President, he will hand in, immediately on his return to his duties, a note from his parents or guardian informing the President the reason of his absence.

ARTICLE FOURTH.

MERIT.

1. Each Professor shall be provided with a class-book to record the merit of the students, and their conduct in the classrooms.

2. The degree of merit shall be determined by numbers from 0 to 10, 0 showing a total failure and 10 a perfect recitation.

3. The average of the marks and amount of demerit shall be made out at the end of every month.

4. At the end of the Quarter a report shall be sent to the parent or guardian of each student—and any student who, at the end of any term, shall have received a less average than four shall be dismissed.

ARTICLE FIFTH.

DEMERIT.

1. All offences against the regulations shall, besides other punishment, be marked with demerit from 1 to 10 for each offence, the degree of the offence, its frequency and other circumstances determining its grades.

2. A list of reports against each student shall be read on Friday evening, and if there are any excuses they shall be handed in to the President on Monday morning in writing.

3. A list of the demerits shall be made at the end of each week.

4. Any student who shall receive a greater number than 100 for one term shall be dismissed.

SECTION SECOND.

CLASSIFICATION OF DEMERITS AND PUNISHMENT.

1. Offences against good morals, order, and discipline are arranged in three classes.

2. The first and highest grade of offences are: profanity, fighting, carrying of dangerous weapons, gambling, drunkenness, riot, disturbance of public worship, deliberate falsehood, combination to resist discipline, etc. These and such like offences usually infer the expulsion of the offender.

3. The second grade are: disrespectful behavior to a teacher, throwing dangerous missiles, visiting improper places, continuing neglect of study after warning, wanton damage to the buildings or property of the College, going out of town without permission, being out of lodging at night, etc.

4. Offences of the third grade are: light behavior during worship, disorderly behavior in the street, scuffling or unnecessary noise in or near the College, attempts to create laughter during recitations or otherwise disturb them, prompting during recitations, etc.

5. The above is not intended for a complete catalogue of offences, but merely for an indication of the mode of classifying them. It may suffice to state in general terms, that whatsoever is contrary to good morals, good order, or the purposes for which schools were established, is forbidden by the laws of this institution.

6. The number of demerits attached to each offence is left to the discretion of the President.

7. The grades of punishment are Expulsion, Dismissal, and Probation.

ARTICLE SIXTH.

1. The prices of tuition are as follows:

In the Academy for the 1st Class—per session					
			of 5 months,		\$10,00
“ “ 2d	“	“	“	“	12,00
“ “ 3d	“	“	“	“	106,0
Contingencies,			“		1,00
In the College proper,			“		20,00
“ Contingencies,					1,00
Matriculation fee on entry,					5,00

2. Charges and fees must be paid semi-annually in advance, and the receipts of the Treasurer presented to the President before the pupil can be assigned to a class. But pious young men, who have the Gospel ministry in view, may be admitted without charge of College fees.

3. Pupils can be received at any time upon application to the President, and exhibition of proper testimonials of moral character.

4. No one will be admitted who has been expelled or dismissed from any other College.

5. A strict compliance with the rules of the College, and prompt obedience, are required from all.

6. Any student for continued neglect of his studies, or irregularity in recitation, shall be reported by his teacher to the President, who will notify the parent or guardian of the same, and recommend his dismissal.
