

The Sou'wester

Southwestern at Memphis

45th Year

MEMPHIS, TENNESSEE, FRIDAY, OCTOBER 11, 1963

Vol. 45, No. 5

INSPECTING THE NEW SOUTHWESTERN REVIEW are Editor David Feltus and Liz Currie on the left and Susan Speltz on the right. The second issue in the history of the Review came out this past Wednesday, featuring articles by all three of the above.

'Safety Officer' Hired to Regulate S'western Traffic

Last Saturday, a new man joined the administrative staff at Southwestern; he is the Campus Safety Officer, Mr. Wilson O. Forrest.

His primary function is to regulate campus traffic. He will see that all vehicles are driven slowly (15 MPH) while on campus and that they are parked in the proper places. When there is a campus event, he will direct traffic. At most other times, he will be available to give directions to visitors.

With regard to parking, there are plans to provide a faculty parking lot around the drive north of Palmer Hall, the administration announced. Immediately north of Science Hall, student parking places have recently been marked off.

Students are cautioned not to park on the grass at any time, and reminded that all vehicles driven on campus must possess Southwestern parking stickers.

Monday's Chapel Moved to Friday

Friday, October 18, Convocations Attendance Group A (students whose last names begin with A-L) will meet in Hardie Auditorium to hear Dr. Kenneth R. Whiting. This meeting will replace the usual convocation next Monday.

Dr. Whiting, of the Aerospace Studies Institute, Air University, will discuss the topic, "Current Problems in Soviet Foreign Policy." Students in the Attendance Group A who are unable to attend Convocation Friday should apply for an excuse to the Deans.

Professor Julius Melton, Jr., will speak on the topic, "Go Home," taken from the scripture passage, Matthew 9:6, in Evergreen Presbyterian Church Thursday, October 17.

Mr. John Temple, M.P., J.P., will be the speaker Tuesday, October 15 in Hardie Auditorium. His subject is "The Key to Free World Prosperity: The Machinery of International Payments."

Fraternity, Religious Articles Highlight First Issue of Southwestern Review

Articles on subjects varying from fraternities to "nobodaddies" to suburban churches marked the first issue of *The Southwestern Review*, given to the student body Wednesday.

David Feltus, editor of *The Southwestern Review*, began this year's series by answering the question, "what is *The Southwestern Review*?" He also commented upon "Portrait of a New Generation" by Dr. Harold Taylor, former president of Sarah Lawrence College.

Two articles on the Greek groups draw negative conclusions as to the benefit of these organizations. "...childish clannishness and lost motion concentrated in endless trivial-

ities," writes Howard Romaine. Lee Marshall considers both viewpoints of the ever-existent question of fraternities in "The Fraternity System."

"Nobodaddy" or "God" by Susan Speltz is a forceful presentation of the personal doctrines and tenets prominent in the modern personality.

Student government at Southwestern is the subject of Stephen Richardson's editorial. He writes, "The purpose of this article will be to provoke some questions about student government at Southwestern..."

The *Organization Man* by William H. Whyte is analyzed by Liz Currie. This article is an examination of "The Organization" and its men, an inbred part of the American scene.

In an editorial on church missions, Roger Hart discusses the causes and evidence of the current trend of suburban churches.

Daniel, Baker In SC Runoff

A run-off election today between Dan Daniel and Rick Baker was to decide the new Junior Class Student Council Representative. The polls close at 4:30.

Under the preferential system of voting, after all other candidates had been eliminated, neither candidate had a majority of the votes because of thirteen ballots who listed neither Daniel nor Baker as any choice whatsoever, and which were thus counted as abstentions.

Independent Men Plan Open House

The Independent Men will hold the second open house of the semester at Tut-Hut Hall tonight from six until the pep rally and bonfire starts at seven-thirty.

Always socially-minded, the GDI's urge everyone to come to Tut-Hut, the largest 'house' on campus. Refreshments will be served and music for dancing will be provided by the Lapels.

Buddy Gilmer, director of the Independent Men's Chorus, has announced that chorus practice began last week. The group meets once a week, on Monday nights at 6:15, to work on pieces of popular music. Any Independent man is eligible, and is cordially invited to take part in the chorus.

Debate Slated On Wednesday

Intraschool debate session, originally scheduled for yesterday, has been postponed until Wednesday afternoon at 4:00.

A discussion and drawing for debates will be held in the AEC Sunday afternoon at 1:30. Bill Evans has said that anyone interested in debating at any time is invited to attend the Sunday meeting. Questions will be answered concerning who will be debating, topics for debate, and what to do in debating.

The debates Wednesday will last one hour between two teams of two persons each. Each debator will speak for a maximum of 10 minutes constructive and five minutes rebuttal. National rules will be effective. The national topic is "Resolved: That the Federal Government Should Guarantee an Opportunity for Higher Education to All Qualified High School Graduates."

Spectators are invited to attend these debates. Pairings and room assignments will be posted.

Solution to Cafeteria Crowds Discussed By SC, Dean Jones; Class-Shifting May Be Answer

Cyril Hollingsworth, Student Council president, and Chris Drago, chairman of the Council's Student Welfare Commission, met with Dean Jameson Jones Wednesday in an effort to effect a solution to the problem of long lines in the cafeteria, especially at 12:30.

Students with classes at 11:30 and 1:00 have only a half hour for lunch, and frequently must wait in line for most of that time.

250 Eat at 12:30

A survey taken by Dining Hall Manager Richard Johnson showed that on Mondays, Wednesdays and Fridays almost 250 students ordinarily go through the lunch lines at 12:30, while around half that number eat at 11:30.

In an effort to balance the number of people eating at 11:30 and 12:30, the Student Council authorized Hollingsworth and Drago to attempt to ask Dean Jones move one or two large classes which normally meet on Mondays, Wednesdays and Fridays from 11:30 to 12:00, allowing students to eat at 11:30 instead of 12:30, or at 1:00, if they have no class at that time. This would decrease the number of students eating at 12:30 by between fifty and seventy-five.

Dean Jones promised to meet with Registrar John Turpin to study the feasibility of this plan.

Earlier Plan Fails

An earlier suggestion by the Council, to reserve two of the three

lunch lines at 12:30 for students with 1:00 classes largely met with failure. Drago pointed out that the number of people being served was not decreased, and that the arrangement had only resulted in redistribution of the students.

Mr. Johnson said that no more than seven people can be served per minute in the dining halls.

'Typical Fresh' Election

In other student council business, the Sanhedrin and Panhellenic Council will meet tomorrow at 10 a.m. in Hardie Auditorium to elect the two "Most Typical Freshmen," Henry Pope, vice-president, announced.

To boost school spirit, the Council decided to send telegrams to the football team before all road games.

The Council also decided to raise money by showing movies on Friday nights when no other activities conflicted.

Sou'wester Receives Second Class Rating From ACP Service

The *Sou'wester* has been awarded an honor rating of Second Class by the Associated Collegiate Press, it was announced today. The rating was based on issues of the *Sou'wester* published during the second semester of last year.

Pros Judge Papers

All judging on the 390 papers which entered the Sixty Ninth ACP Critical Service was done by professional journalists. R. E. Kobak, who evaluated the *Sou'wester*, called the paper "a sound, well-handled newspaper—one to be proud of," but added that "a little more effort in the right areas can result in a livelier newspaper."

According to ACP standards, second class ratings are given to the majority of entries which have been doing a good job in a workmanlike manner. All-American, First, Second, Third and Fourth Class ratings are given. Of the 37 papers in the same category with the *Sou'wester*, four received All-American Ratings and 16 each received First and Second Class Ratings.

Four Top Awards

The *Sou'wester* was graded 'Excellent' in news sources, sports coverage, typography and printing. They were graded lowest on features, creativeness and editorial-page makeup.

Balance, style, news and sports writing, copyreading and headline schedule were other areas in which the *Sou'wester* received very high ratings.

A complete list of all competing schools and their scores will be published by ACP within the next few weeks.

Pi Intersorority Chooses Senior

Mary Lou Quinn, a senior from Memphis, is the newest member of Pi Intersorority. Mary Lou is the current president of AOPi and has also served her sorority in the past as House Chairman and Rush Chairman.

She was selected the outstanding pledge in her pledge class, of which she was treasurer. During her freshman and sophomore years Mary Lou served as secretary-treasurer of her class.

She was on the Student Council as Commissioner of Undergraduate Women. President of WUB her junior year, she is currently secretary-treasurer.

Mary Lou also finds time to participate in the Danforth program.

★ Letters to the Editor

CHAPEL SYSTEM ATTACKED

In a recent issue of the Sou'wester the college chaplain was quoted as saying that a student referendum on the question of compulsory chapel attendance would have no effect on the college's policy. This reflects an attitude that seems to be prominent among the faculty and administration.

It would seem to say, "Our Admissions Department carefully selects our students from the best available and we give them the best available education!" All of this is standard Admissions Department propaganda, "But in spite of this, our students have no sense and therefore their opinions are not worth consideration. We even have to MAKE our seniors come to EVERY Bible class."

It would seem that the little men have climbed so high up on their Gothic tower that they have lost touch with reality. "The trouble certainly couldn't be chapel itself. There is nothing wrong with Senior Bible. Our students (although many Juniors and all Seniors are old enough to vote) just don't know what's good for them."

The faculty and administration refuse to recognize when a program or class is so irrelevant as to be a waste of time. Instead, the trouble is thought to be with the students and is simply corrected by having required attendance. Isn't this like cutting your nose off to kill the smell.

It might be appropriate if some people took a look out through the windows of their Gothic tower and instead of remembering where we've been; ask, "Where are we going?" and, the student MIGHT have some answers. After all, the students ARE Southwestern.

DAVE FELTUS

FRATERNITY RIGHTS QUESTION

When one reads Mr. Gerald Holter's letter to last week's Sou'wester one wonders to what extent Mr. Holter wants fraternity life kept secret.

We do not wish to create the impression that we would condone the publishing of fraternity ritual, symbolism, or regalia should this become known to any person outside the fraternity. Common courtesy would demand silence here, but this is not true in the case in point.

Mr. Holter speaks of "rights" and "what is right" as if the preservation of fraternity secrets were a higher cause than any of the other questions concerned in this case. The fraternity, in our opinion, is hardly to be regarded as so sacrosanct as to demand silence when it seeks to throttle all effective opposition to clauses in its Constitution which are contrary to the basic ideals of Southwestern at Memphis, and, while proclaiming its democratic nature to the campus, brings the mailed fist of dictatorship down upon an individual within its ranks who dissents from and democratically seeks to change some of its repressive and racist traditions.

Members of fraternities at this college are also members of the Student Body. Anything adversely affecting members of the Student Body should be called into question by the college newspaper, especially when it concerns such a person's dealings with an organization which exists on campus solely because of the grace of the administration and which is on good behavior not to fly into the face of the ideals of the college.

The college and the Student Body are both the basis of the existence of any fraternity, and they have the right to know the good and the bad about the system in general or about any fraternity in particular. The fraternities are not to judge the campus, nor its newspaper, but rather they must be judged by them. If a fraternity cannot stand up under the light of truth, it had better ship out.

PEACE CORPS REPORT

Colmen Explains Four Part Research Program Featuring 'De-briefings' of Corps Volunteers

By ROGER EBERT

(Editor's Note: This is the last of a three part series on the Peace Corps.)

Washington, D. C. (CPS)—The Peace Corps is attempting to learn more about its effective Volunteers—and how to find them.

"It's frustrating to know that a given project has been a smashing success—and yet not know why, or how, it can be duplicated elsewhere," Dr. Joseph G. Colmen, head of Peace Corps Research, said in an interview with CPS.

"Yet how can we tell—in advance—who will be an inspired Volunteer and how a project can be made successful?"

Colmen and his staff have launched a four-part research program to provide answers to these questions, and are building it around extensive interviews and "de-briefings" with returning Volunteers.

The first area of research, according to Colmen, is an attempt to identify and measure the success of

overseas "Volunteers."

A second area of research deals with changes and adjustments in the personalities of the Peace Corps Volunteers themselves as they serve overseas.

"In this connection, we've asked returning Volunteers if they experienced 'low points' during their tours of duty," he said. About 95 percent admitted to having one or more serious problems which they had to cope with as part of their project. And, we find, almost all of them succeeded.

"We found that perhaps the most valuable part of the Peace Corps experience for most of these Volunteers was the ability to be on their own, responsible for discharging a high level of responsibility on their own initiative."

A third area of research, he said, centers around the effect of a Peace Corps project in a given country.

"We want to study how the school system in a given country, for example, changes when a third to a

half of its teachers are Peace Corps Volunteers," he said. "Do the other teachers show a change in attitudes? Are the students more eager to learn? Do side effects travel up and down the educational scale from the levels where Volunteers are teaching?"

The last area of current Peace Corps research involved the Corps own operations—its staff structure, methods of training and supporting Volunteers, teaching languages, and so forth.

"Long range research of this sort," Dr. Colmen said, "is aimed at providing studies which the Corps can use in improving its future operations."

YR's To Elect; Dunn To Speak

The first business meeting of THE YOUNG REPUBLICANS for 1963-64 will be held in 107 Science Hall, Thursday, October 17, from 6:00-7:00 P.M., the group announced, and cordially invited all people interested in joining the YR to attend.

Primary business will be the election of officers. The following have been nominated for office: Chairman—Vivienne Guest and David Cooper; Vice-chairman—Myrna Schaap and Joe Justice; Secretary-Treasurer—Butch Saunders and Sandra Sanders.

Additional nominations will be accepted. Only those people who pay their dues (\$1.00 for the school year) will be eligible to vote.

Dr. Winifred Dunn, guest speaker, will talk briefly on the topic "What is Young Republicanism?" Subscriptions to YR material will be offered, revisions to the constitution will be discussed, and plans will be formulated for the Student Council political week in December.

NSA Slates Student Delegation To Visit Southeast Asian Lands

Southwesternites interested in being a part of a student delegation to southeast Asia, sponsored by the United States National Student Association and the Institute of International Education should contact SC President Cyril Hollingsworth or NSA Coordinator Wayne Webb for applications.

Under the auspices of the United States Department of State, a delegation of ten U. S. students will depart in mid-December to spend thirty days visiting Singapore, Malaya, and Indonesia.

Participants will have the opportunity to observe the cultural, social and political features of these countries by visiting universities, major cities, and rural communities. They will meet leaders of the various

localities. All necessary expenses will be paid.

Delegates selected must have a thorough knowledge of international affairs and the ability to discuss articulately American society and student life.

Those selected for participation will be given reading lists and will be expected to develop an extensive knowledge of the countries to be visited. In addition, a weekend orientation program, which will be held in November, will be attended by all participants.

Kappa Sigma Initiates Six

The Kappa Sigs recently initiated six new members.

The initiates are Brent Casey, Bill Brooks, Jay Lord, Wylie Cook, Rickey Thomas, and Richard Thomas.

New Kappa Sig officers for this semester are Ronny Splann, GM; Gil Jones, GP; Howard Edington, GMC; Morris Heins, GS; Tommy Lappage, GT; Riley Garner and Jerry Black, Guards; and Jim Putnam, Jim Houston, and Jimmy Roberts, pledge trainers.

Plans for an addition to the Kappa Sig house are being finalized, and the official drawings should be on display by next week, in time for the KS open house.

Greeks Announce Pledge Officers

Six more Greek groups announced the leaders of their pledge classes for the coming year. Alpha Omicron Pi, Kappa Delta, Zeta Tau Alpha, Alpha Tau Omega, Kappa Alpha and Sigma Alpha Epsilon recently elected the following officers:

Alpha Omicron Pi: Anne McFarland, Trenton, Tenn., President; Kathy Simpson, Webster Groves, Mo., Vice-President; Gilvia Flanagan, Memphis, Tenn., Secretary; Pat Butterworth, Atlanta, Ga., Treasurer.

Kappa Delta: President, Susie Danforth; Vice-President, Jean Wheat; Secretary, Annie Aitken; Treasurer, Edie Adams.

Zeta Tau Alpha: Mary Bettis, Chattanooga, Tenn., President; Dell Bailey, Lake City, S. C., Vice-President; Betty Benton, Abilene, Texas, Secretary; and Jane Ramsey, Memphis, Tenn., Treasurer.

Alpha Tau Omega: President, Bob Glasgow, Charlotte, N. C.; Vice-President, Arnold Pittman, Milan, Tenn.; and Secretary-Treasurer, Chip Hatzenbuehler, Dallas, Texas.

Kappa Alpha: President George Abraham; Vice-President, Paul Mehrle; Secretary-Treasurer, Mike Hewgley; and Social Chairman, Chile Roberts.

Sigma Alpha Epsilon: Bruce Heron from Jackson, Tennessee, president; Mac MacAfferty from Mobile, Alabama, vice-president; and Gus Breyspraak from Memphis, secretary.

Board of Directors Meets Next Week

Southwestern's Board of Directors will meet on campus next Wednesday and Thursday to discuss matters of college policy.

The Board will gather with the faculty to study the present campus curriculum on Wednesday afternoon, to decide if any revisions are necessary.

Wednesday evening the committees on development, finance and house will discuss college finances, budget and the physical plant.

New members of the Board will meet with the group for the first time next week. They are Memphians Lewis R. Donelson III, representing the Alabama Synod, and E. B. LeMaster Jr. of the Louisiana Synod. From the Mississippi Synod comes Mrs. Maury McIntyre of Greenwood, and representing the Tennessee Synod is Mrs. David K. Wilson of Nashville.

Presb. CE School Begins 50th Year

Richmond, Va.—Students from 78 colleges and universities in the United States and over the world are enrolled as the Presbyterian School of Christian Education begins its 50th year of service.

Twenty-three states and the countries of Taiwan, Japan, Korea, Australia, Mexico, Brazil and Canada are represented in the student body.

The Presbyterian School of Christian Education confers the degrees of Master of Arts, Master of Christian Education and Bachelor of Christian Education. Students are prepared to serve as campus Christian life workers, directors of Christian Education, weekday kindergarten teachers, social workers, camp directors, music directors, and personnel who work in challenging, urgently important openings in mission work at home and overseas.

Prexy Invites Parents To Visit, 'Look at SW'

Parents' Day at Southwestern will be held on November 2. Letters announcing this event have been sent to all parents of all Southwestern students by Peyton N. Rhodes, president of the college.

During the morning the visiting parents will be given "A Look at Southwestern" in the "best academic tradition." Members of the faculty will provide the pictures, personalities, and perspectives. The parents have also been invited to attend the Homecoming game against Sewanee in the afternoon.

Students are asked to encourage their parents to attend this important day at Southwestern.

Beginning of Student Center Construction Awaits Sale & Re-Zoning of Briggs Lands

Building on the proposed new student center may begin some time next year, Dean of Alumni and Development Alfred O. Canon told the Sou'wester Wednesday.

Most of the funds for the center were made available last winter when Memphians Thomas W. Briggs donated a 33-acre tract of land, the sale of which will provide about \$300,000 after taxes, said Dean Canon.

Sale Hoped for Soon

According to Canon, prospects are looking good for a sale in the

★ Thirteen Lynx Beauty Revue Entrants Boast Some Prior Experience

Two former Lynx beauties and four former Favorites will be among thirty-one coeds who will compete in the Lynx Beauty Revue a week from tonight in Hardie Auditorium.

A total of thirteen girls will be veterans of one, two, or three years in the contest to choose the Beauties of 1964. The winners are announced each spring in the annual.

Lynx Beauties of 1963 who will be returning to the contest are Sue Hearn and Lynne McDow, both Tri-Deltas. Sue will represent Kappa Alpha while Lynne will be one of her sorority's contestants.

Lynn Williams of Alpha Omicron Pi and Jeanne Wertz of Kappa Delta were both picked as Favorites last year. Melinda Claburn of KD was chosen as a Favorite two years ago and again in 1961. Marcie Wilson, AOPi, was also a favorite in 1962.

Competing for the fourth time will be Melinda Claburn and Eleanor Lawrence, both Kappa Deltas. Marcie Wilson, AOPi, and Anne Edwards and Linda Traywick, Zeta Tau Alpha have appeared twice before in the Revue.

Making their second appearance will be Sue Hearn, Lynne McDow, and Judy Simino of Tri-Delta, Jeanne Wertz and Delaine Winter, Kappa Delta, Lynn Williams, AOPi, and Sharon Johnston, Zeta Tau Alpha.

WF Group Plans Fall Outing Sunday

The Westminster Fellowship will hold its annual fall outing Sunday at Shelby Forest State Park for members and any interested students.

"The purpose of the outing," WF President Roger Hart commented, "is to give students a chance to meet, under relaxed circumstances."

Students planning to attend should meet at 9:30 Sunday morning in front of Voorhies Hall. The group will return to Southwestern at 4:30 p.m. the same day.

Activities will include a student-led worship service, lunch at the lodge (for which a 50 cent donation per student is necessary) and recreation in the form of sports and folk singing.

Zeta's To Banquet At Founders' Day

Zeta Tau Alpha will celebrate its annual Founders' Day October 15 at the sorority lodge. Alumnae, actives, and pledges will attend the banquet, which begins at 6:30 p.m.

Mrs. William E. Helms, Jr., National Vice-President of ZTA, will be the speaker and honored guest. Founded in 1898 at Longwood College in Farmville, Virginia, the sorority now has 106 active chapters in the United States and Canada.

near future, but the land still has to be re-zoned before payments will begin. In order to realize maximum profit from the land, it must be re-zoned so that it can be used for other than residential development.

Meanwhile, the administration is still seeking additional funds to be able to make the center more adequate for Southwestern's needs than the one originally planned in 1961. Besides the \$300,000 from the Briggs lands, \$25,000 in donations by parents, alumni, friends and students of Southwestern has also been received.

To Build North of Palmer

The student center will be built north of Palmer Hall, where the present football practice field is located. The original architect's draft of the center was denounced as too small by students and administration members.

"The architect is studying plans of other newly built student centers to determine how we can get more space for our money," Dean Canon added. "The original design was too small, but at the time we didn't know how much money we would be able to spend."

New Campus Plans

According to Dean Canon, architects are also drawing up a new master plan of the entire campus, showing areas of future development. Among facilities tentatively planned are new campus roads, parking areas, a male residence hall, a science building, the student center, an auditorium and an adult education center.

Five Students to Get Free Season Tickets

Five students will be awarded free season tickets to the Front Street Theater through the courtesies of E. H. Crump & Company and Front Street Theater.

A special drawing will be held during the Student Council meeting on next Tuesday. The winner will be announced in chapel on Wednesday, October 16.

Any interested student should fill in the ballot located elsewhere on this page and drop it in the suggestion box in the Social Room of Palmer Hall.

Dr. Milton Brown to Publish Book On Authentic Writings on Ignatius

By DALE SEAY

Bible and Religion Professor Milton H. Brown, Jr., working under a grant from the Gurney Hariss Foundation, has completed his study of the genuine and spurious writings of Ignatius, second century bishop of Antioch. "The Authentic Writings of Ignatius" will be published in late October by the Duke University Press, as part of the Duke Studies in Religion.

Twelve Greek manuscripts are considered in the book, which is a revision and expansion of Dr. Brown's doctoral dissertation, completed at Duke in 1959. Vocabulary, grammar, and style are compared to authenticate seven letters. The five which are Pseudo-Ignatius were not composed until the fourth century.

The genuine letters, written while the bishop was in the custody of Roman officials, were sent to churches and individuals, "who helped him on his way westward to Rome, where he was to meet martyrdom," Dr. Brown explained. They were "on the fringe of the Canon in some localities."

As stated in the "Summary and Conclusion," "The primary objective of the linguistic and stylistic analysis which we have set forth here has been to ascertain, through a demonstration of certain tests, applied to the longer Ignatius Corpus, the relative effectiveness of these tests, severally and col-

lectively, as criteria of authenticity."

Dr. Brown's aim is to "set forth the principles on which a New Testament study could be made." His work was encouraged by an address given in England by H. J. Cadbury, who felt that such a study could lead the way to agreement of scholars on the authenticity of the Pauline letters, particularly Ephesians.

Dr. Brown stated that he has given "some thought" to the possibilities of continuing his work with a study of New Testament writings, but as yet has no definite plans.

A graduate of Birmingham-Southern, he did graduate work in Greek for a year at the State University of Iowa before earning a degree from Louisville Presbyterian Theological Seminary. In 1959 he received his Ph.D. in religion from the Duke Graduate School of Arts and Sciences.

BOOM!

Today, foregoing levity, let us turn our keen young minds to the principal problem facing American colleges today: the population explosion. Only last week four people exploded in Cleveland, Ohio—one of them while carrying a plate of soup. In case you're thinking such a thing couldn't happen anywhere but in Cleveland, let me tell you about two other cases last week—a 45-year-old man in Provo, Utah, and a 19-year-old girl in Northfield, Minnesota. And, in addition, there was a near miss in High Point, North Carolina—an eight-year-old boy who was saved only by the quick thinking of his cat, Fred, who pushed the phone off the hook with his muzzle and dialed the department of weights and measures. (It would, perhaps, have been more logical for Fred to dial the fire department, but one can hardly expect a cat to summon a fire engine which is followed by a Dalmatian, can one?)

But I digress. The population explosion, I say, is upon us. It is, of course, cause for concern but not for alarm, because I feel sure that science will ultimately find an answer. After all,

has not science in recent years brought us such marvels as the maser, the bevatron, and the Marlboro filter? Oh, what a saga of science was the discovery of the Marlboro filter! Oh, what a heart-rending epic of trial and error, of dedication and perseverance! And, in the end, what a triumph it was when the Marlboro research team, after years of testing and discarding one filter material after another—iron, nickel, tin, antimony, obsidian, poundcake—finally emerged, tired but happy, from their laboratory, carrying in their hands the perfect filter cigarette! Indeed, what rejoicing there still is whenever we light up a Marlboro which comes to us in soft pack and Flip-Top Box in all fifty states and Cleveland!

Yes, science will ultimately solve the problems arising from the population explosion, but meanwhile America's colleges are in dire straits. Where can we find classrooms and teachers for today's gigantic influx of students?

Well sir, some say the solution is to adopt the trimester system. This system, already in use at many colleges, eliminates summer vacations, has three semesters per annum instead of two, and compresses a four-year-course into three years.

This is, of course, good, but is it good enough? Even under the trimester system the student has occasional days off. Moreover, his nights are utterly wasted in sleeping. Is this the kind of all-out attack that is indicated?

I say no. I say desperate situations call for desperate remedies. I say that partial measures will not solve this crisis. I say we must do no less than go to school every single day of the year. But that is not all. I say we must go to school 24 hours of every day!

The benefits of such a program are, as you can see, obvious. First of all, the classroom shortage will disappear because all the dormitories can be converted into classrooms. Second, the teacher shortage will disappear because all the night watchmen can be put to work teaching solid state physics and Restoration drama. And finally, overcrowding will disappear because everybody will quit school.

Any further questions?

© 1963 Max Shulman

* * *

Yes, one further question: the makers of Marlboro, who sponsor this column, would like to know whether you have tried a Marlboro lately. It's the filter cigarette with a man's world of flavor. Settle back and enjoy one soon.

Winless Millsaps to Oppose Lynx Saturday at Hodges

Gridders Seek to Improve Record By Beating Majors

Southwestern's Lynx face the Majors of Millsaps College this Saturday at 2:00 on Hodges Field. The Lynx will bring a 1-1-1 record into the game, while Millsaps has an 0-3 record.

Millsaps has more depth, and averages more weight per man than the Lynx, but so has every other team the Lynx have met so far. Millsaps isn't very fancy, but the few things they do, they do well. The Majors will probably run a slot-T offense, an end split out and a halfback in the slot. Their defense is similar to Southwestern's "monster man" formation.

Millsaps is tough up the middle and Southwestern will probably take to the air a little more than usual, if the ground game doesn't click. The same personnel will be seen in action for the Lynx, including the standouts of last week's game, Scott Halford, Bert Chafin, Butch "Monster Man" Lightsey, and Bill Harwood.

Halford did a great job in getting downfield to cover Harwood's punts, and the senior captain booted for a 37-yard average against Centre. Chafin ran the club well again and made some great passing efforts. Lightsey played his usual hell-bent-for-

leather ball game as a defensive linebacker.

Tomorrow's game with Millsaps will have a new feature—it is going to be broadcast over KSUD radio, a West Memphis station.

Although Millsaps is winless, their losses came at the hands of formidable foes and cannot be taken lightly by the Lynx. Last week the Majors fell to Austin College 23-0, and earlier in the season they were downed by Arkansas A&M and CAC-member, Sewanee, who hasn't been scored upon all year.

Harriers Whip Lambeth, 18-37

Howard Romaine won the first cross-country meet of his college career and led the Lynx Harriers to a lopsided 18-37 victory over Lambeth College at Jackson, Tennessee yesterday.

Southwestern took the first four places to wrap up their second victory against two defeats.

Romaine's winning time was 18:32, only four seconds faster than captain Dossett Foster, who finished second. Freshman Gary Nichols ran third, followed by senior John Poolman. Ted Morris, junior, rounded out the top five for the Lynx.

PREPPING FOR THE MILLSAPS GAME, Quarterback Bert Chafin hands off to Halfback Bill Harwood during practice. The Lynx will be trying to improve on their 1-1-1 record in tomorrow's game against the Majors.

Janie Baxter Leads Chi Omega To Victory In WAA Field Day

Chi Omega won Women's Field day last Saturday, taking four first places among the seven events. Alpha Omicron Pi was second; Delta Delta Delta, third.

Chi O pledge Janie Baxter won both the 60-yard dash and the 100-yard dash. Second place in the 100-yard dash went to Pam Millard (Kappa Delta); third place to Ann Dannenberg (Tri Delta).

In the 60 yard dash Lynn Smith (Tri Delta) ran second, and Peggy Frye (Kappa Delta), third. The Delta Delta Delta four of Emery, Heltzel, McCreary, and Smith won the 240 yard relay. Alpha Omicron Pi placed second, Chi O third.

Chi O pledge Jan Riddle threw a softball 42 yards to win that event.

Karen Gilmore (ZTA) was second; Larrie Del Daniel (KD) third. Anne Fraser (AOPI) placed first in football kick, Kathy Gotten (AOPI) placed second and Anne Aitken (KD) placed third.

Chi O Sharon Lupfer jumped 3 feet, 11 inches, to take first place in high jumping. Judy Emery (DDD) was second, Anne Fraser (AOPI) was third. Mary Lou Bailey (AOPI) won the running broad jump with 16 feet, 7 inches. Didi Hale (DDD) was second and Gay Knight (AOPI) was third.

The volleyball tournament, with both "A" and "B" team competition, will begin next Tuesday. It is announced that the games scheduled for 6:45 on October 15 are postponed. DDD, who won last year's tournament, is the team to beat. Chi O may also provide some stiff competition.

Millsaps Next Foe For Lynx Harriers

Southwestern's four-mile striders go into action again tomorrow morning, meeting the Millsaps Majors on the Southwestern course at 10 a.m.

The Lynx will be hoping to gain revenge against Arkansas State Tuesday, when the two teams vie at 4 p.m. on Southwestern's course. Arkansas State beat the Lynx in their first meet of the season.

The Union University jinx prevailed last Friday as the Bulldogs downed Southwestern's cross country team, 23-32.

It was the sixth straight year of supremacy over the Lynx for Union, who sent the first three men over the finish line. Ed Walton of Union outran the field in 23:37.

Dossett Foster placed fourth to lead Southwestern. He was followed by Howard Romaine, Gary Nichols and John Poolman, who placed fifth, sixth and seventh. Ted Morris ran tenth for the Lynx.

ATO's Take Over I-M Tennis Lead

After the fourth round in men's tennis intramurals the ATO's have moved into first place, taking a 5 point lead over the Sigma Nu's and Sig Alphas. The ATO's have 220 points to the Snakes' and Lions' 215.

Following the leaders are Pi Kappa Alpha with 185 points, KS with 135 points, KA with 120 points, and GDI with 85 points.

Those men still in the race are Tommy Barton, GDI; Jim Bullock, ATO; Charles Bagley, SN; Bruce Herron, SAE; Lee Brown, SN; John Thornton, PiKA; Wylie Cook, KS; Danny Morgan, SAE; John Overly, ATO; John Arehart, PiKA; Ted Wynne, GDI; Robert Turner, KS; George Abraham, KA; Gil Jones, KS; Mike Hutchison, ATO; and Arnold Drennen, PiKA.

Centre Hands Southwestern First Defeat

The Lynx moved the ball everywhere except across the goal line for most of the night last Saturday as they suffered their first defeat at the hands of Centre College, 20-8, in Danville, Kentucky.

Southwestern's offense clicked throughout the game, and if statistics told the whole story, the Lynx would have won the game. Defensive mistakes and offensive penalties, which stopped SW's drives, hurt the team considerably.

Centre scored first, and then after an exchange of punts Southwestern moved down the field. Quarterback Bert Chafin, who ran the ball superbly all night, scored from the 3-yard line on an option play, and then Bert ran over for 2 points on the same play.

Centre scored again before the first half ended, and again with just five seconds left in the game.

To Coach Johnson and the team it was a very disappointing loss, for it left the Lynx with a 1-1-1 record, with the one loss being the team's only College Athletic Conference game to date.

FLAGBALL SCHEDULE

"A" LEAGUE

Tuesday, October 15

KA vs. SAE, 4:15

Thursday, October 17

ATO vs. KS, 4:15

Saturday, October 19

Ind. vs. SN, 1:00

"B" LEAGUE

Monday, October 14

PiKA vs. ATO, 4:15

Wednesday, October 16

KA vs. SAE, 4:15

Friday, October 18

SN vs. Ind., 4:15

Saturday, October 19

KA vs. KS, 2:00

SN vs. ATO, 3:00

Sig Alph's, Kappa Sigma's Share Lead After First Week of Flagball Action

SAE and Kappa Sigma share the top rung of the flagball standings after a week's action, though their paths to the top were quite dissimilar.

Dyer Leads SAE's

The Lions ran roughshod over their first two foes, unveiling an explosive offense under the direction of tailback Donnie Dyer which enabled them to score 96 points, almost at will. Considering that the encounters of the past week were expected to be the two biggest on their schedule, the Sig Alphas might be expected to breathe easily.

Every other team has been beaten except the threatening Kappa Sigs, who managed to keep their record unblemished by dumping the KA's on the final play of Monday's thriller. Howard Edgington hauled in a pass and scampered into paydirt to crush a KA rally on the last play of his flagball career.

Eight Become Ineligible

Edgington is only one of a score of

"A" League standouts who will lose eligibility at the October 15 deadline because of current participation or past letter awards in basketball.

Consequently, new faces attempt to compensate for wingback John Welch, a top offensive threat, and ends Carl Fisher and David Miles of SAE; Edington and end Currie Johnston, one of the league's scoring leaders, Kappa Sigma; Dave Tyree and Elwood Hamilton, a big part of the offensive spark for the Independents; and Charley Killinger, ATO end, who will take over the tailback spot against GDI today in the absence of Arnold Pittman.

Some Changes Made

Two innovations appeared in the first week's play which have noticeably altered the nature of the game. Dual flags, 18" long, have replaced the shorter single ones, and promise to cut down the running game considerably.

The second change was made by the SAE's, who have begun to utilize the high punt on kickoffs. Good coverage gives the kicking team an almost equal opportunity for recovery.

ATO's Face GDI's

The ATO-Independent clash at 4:15 Friday will eliminate one of the teams from contention. SAE takes on KA Wednesday, in what could be the week's best game. Should the league-leaders win, they would chop the field to three.

The only other "A" League action pits ATO and Kappa Sig, Thursday, as the "B" Leaguers swing into their first full week.

'A' LEAGUE STANDINGS

| | | | |
|-----|---|---|-------|
| SAE | 2 | 0 | 1.000 |
| KS | 2 | 0 | 1.000 |
| KA | 1 | 1 | .500 |
| GDI | 0 | 1 | .000 |
| ATO | 0 | 1 | .000 |
| SN | 0 | 2 | .000 |
