

NEW PROFESSOR WELCOMED TO SOUTHWESTERN

Prof. Atkinson Installed as Assistant Professor of Spanish

While we were all very sorry indeed to learn that Prof. S. H. Monk had been forced to give up his instructorship in Spanish at Southwestern and leave our midst we feel that in his successor we have a man who will win his way into our affections even as Prof. Monk did.

Our new assistant of Spanish is a graduate of this institution and according to him merely comes back home in another capacity. Prof. Atkinson was born and reared here and after completing his studies in High school and the University went to New York where he continued his studies at Columbia University. He received his Master of Arts degree at this institution and began his teaching experience. Mr. Atkinson comes to Southwestern directly from George Peabody School for Teachers in Nashville where he was connected with the demonstration school.

Mr. Atkinson has made a hit here as much by his pleasing personality as by his efficiency in the classroom and we are more than glad to have him with us.

It was with sincere regret that we relinquished Prof. Monk but we wish for him unlimited success in his new undertaking. Mr Monk is now in the insurance business at Selma, Ala.

KAPPA DELTAS HOLD MEETING

Miss Sara McReynolds Hostess

The last pre-holiday meeting of the Kappa Delta Literary Society was held on December 14, with Miss Sara McReynolds at her home on Madison Street.

A paper on the "Expression of the Nativity in Art," which was read by Miss Mary Culberson was one of the most interesting ones that have been given. It gave a brief summary of the most famous paintings on the theme and traced the part these pictures had taken in the celebration of Christmas in different countries.

The next number was an appropriate Christmas song which was
(Continued on Page 2)

KAPPA BETA OF CHI OMEGA

Alumni Entertained in Sorority Rooms

On Saturday afternoon December 30, 1922, the Chi Omega Sorority entertained in their room in the Stewart building, very informally with a tea. The honorees of the occasion were the Chi Omega's who were at home for the holidays. The room was very attractive in its Christmas decorations and holiday attire. It was a happy get-together occasion and afforded much amusement and pleasure to the active chapter to hear their alumnae swap school teaching experiences and tell of the times they were having "out in the world." In the late afternoon Chi Omega songs were sung and delightful refreshments were served.

Those present were: Misses Margaret Leech, Agnes Smith, Margaret Trahern, Ursula Smith, Mabel Mecham and Mary Yancey Fort besides the pledges and active members of the Kappa Beta Chapter.

ADDITIONAL EQUIPMENT FOR BIBLE STUDY

Acquisition of New Maps Aid to Students

Perhaps all who meet classes in Dr. Arrowood's lecture room have noted an addition to the equipment of the room. This is in the form of an ingenious device for holding maps and by its construction enables a great number of maps to be contained in a minimum of space and at the same time more accessible than they would be ordinarily. This map rack is in the form of a quarter circle and the rollers to which the maps are fastened are arranged in such a way that no one map is directly behind another. Of course this facilitates greatly the job of getting to any particular map.

Still, the more valuable side of this apparatus is the maps themselves. They have been chosen with care and represent the work of the best geographers; every detail of printing is accurate and in all they are a valuable acquisition

(Continued on Page 3)

PAN HELLENIC COUNCIL PASSES ON NEW MEN

Messrs. Broome, Boulton and Myrick Eligible

The first meeting of the Pan Hellenic Council since the holidays was called last Thursday in order to determine and pass on the eligibility of the various pledges of the Fraternities. The meeting was held immediately after Chapel in Prof. Cooper's room with Jesty, Culberson, Prof. Cooper as regular members and in the absence of other regular members, Chapel Fenwick for Sigma Sigma Kappa and A. S. McIlwaine for Kappa Sigma. The business in hand was immediately begun with the result that Messrs. Broome, Boulton, Myrick, were declared eligible for initiation.

The attention of all Fraternity men is called to the fact that a special meeting of the Council is to be held Saturday morning to hear suggestions for reform and improvements on the by-laws rushing rules, etc. Every representative has been asked to bring this matter before his chapter and much constructive criticism is anticipated.

STANDING OF ORGANIZATIONS MADE PUBLIC

Chi Omegas Lead Campus With Sigma Sigma Kappa Leading Fraternities

The average grades of all organizations on the Campus show an increase of from one to three points over last month and every one working hard to either gain a reputation for scholastic standing or hold that which they have. The Chi Omega girls still lead the Campus in averages and Sigma Sigma Kappa won this month's heat on the Stylus Cup. Following is the tabulated standings:

Chi Omega	86.6
Non Frat girls	84.1
Sigma Sigma Kappa	83.4
Sigma Alpha Epsilon	81.0
Pi Kappa Alpha	80.1
Kappa Sigma	78.8
Alpha Tau Omega	78.2
Non Frat boys	77.6

EDITORIAL

EDISON'S OBJECTION

"Modern colleges are not what they should be," stated Thomas A. Edison, America's inventive wizard, in a recent interview which he gave a Princetonian reporter at his laboratory in Orange, N. J. "I do not approve of the present day college graduate, for as a rule the right kind of men don't go to college. Take the average college man, his knowledge of his surroundings and his environment is usually inadequate. What young men need is a broad general understanding of every little thing in life, such as would fit them to be able to answer my questionnaire."

"The main objection that I have against a college graduate is that he objects to work, especially if it is dirty," continued the distinguished scientist. "College is a good place for the man who wants to work, but unfortunately there are very few of this type nowadays. Yet, if a man wants to succeed, it is not a necessity that he should get his education at college. I have found out," continued Mr. Edison, "that whatever a man is during the first six weeks after he gets a job, he will be the same after sixty years and no amount of advice will have any effect whatsoever in changing him. When he is twenty-one years of age, he is set for life and if a dullard then he will continue so through life. The main quality for success in my estimation is ambition with a will for work."

Press reports from Denver papers are authority for the statement that the Methodist ministers of that city are "up in arms" over the front page design used on the edition of the *Parrakeet*, humorous magazine published at the University of Denver.

The design in question is said to be objected to because of the decollette of two female figures. The background of the picture is an exact copy of a drawing in the May 1921 *Vanity Fair* to illustrate an article by Donald O. Stewart. Upon this is superimposed in the foreground, the figure of a woman in a backless evening gown. The cover is entitled "The Full Back."

The college of business administration of Boston University has this year instituted a four year course in hotel training. It is particularly significant that a university of high standing has undertaken the training of men for this vocation. The course has received the hearty backing of the New England Hotel Association.

DR. BEALE TALKS AT FIRST "Y" MEET

The Y. M. C. A. held its first meeting for 1923 last Sunday. Dr. Beale gave the boys a very instructive and inspiring talk. His text was two passages of scripture: "I am the light of the world," and "Ye are the light of the world."

The world is dark, and the ways of men are ways of darkness. There are various kinds of darkness. We have the darkness of sin. Sin most resembles darkness. It has the terrors, and pains we associate with darkness. We have also the darkness of sorrow. Times of sorrow we usually think of as periods of gloom and shadows. Then there is the darkness of suffering. The greatest of all darkness and one that causes the other types is the darkness of ignorance.

The world is normally a place of darkness but God is light. God's light is revealed in his absolute holiness. It shines out as pure as light in this world of sin and wickedness. God's light is further revealed in the peace which he gives. Before Him there will be no suffering, nor sorrow, nor pain. He will change all darkness to light and wipe away all tears from all eyes. Then God's light is revealed in the perfect freedom that He grants, and in the complete knowledge that He will give. One of the greatest joys of Heaven will be the settling of difficulties and answering of all questions.

The light of God was and is revealed to us through his Son. He is the one antidote for darkness. As light in nature gives beauty, life, happiness, and safety, so God's light through His Son gives the same life, beauty, happiness, and safety.

Christ said "Ye are the light of the world." Our lights are but reflections of the great light. As the moon reflects the sun's light so should we reflect our Savior's light. When we sin our reflectors become dim and we fail to reflect the Light. We must be careful to keep in touch with the source of light. If our lives are low and sordid we can't reflect the Christ. But if we want to reflect His. He will help us do it.

An International Foreign Trade fraternity, Delta Phi Epsilon, has recently been organized at New York University, to bring together those preparing to enter this branch of the commercial field. It fills a peculiarly special need in the commercial college world, especially at the present time.

In order to promote better decorations in fraternities and sororities at Purdue University, a silver loving cup will be given to the one having the best decorations of the Alumni Home-coming. This is being done to make the alumni feel that they are at home, and that enough interest is taken in their returning to make a festive affair. The judges will be a committee of alumni, who will award the cup at the game.

KAPPA DELTAS HOLDING MEETING

(Continued from page 1)
sung by Miss Mary Patterson, accompanied by Miss Orrell.

The last feature was a reading which was given by Miss Margaret Fort.

At the conclusion of the program a delicious ice course which carries out the holiday colors, was served. The color note was also carried out in the decorations of bells and holly.

We feel sure that if Coach Kenney would attend some of Kappa Delta's meeting he would refrain from making such sweeping statements about there not being a literary society on the campus.

PERSONALS

Everybody seems to have had a wonderful vacation. All the students returned after the holidays except Mr. Robert Cobb, who has accepted his old position at Chamberlain, Hunt Academy.

We have one new student with us—Mr. Thorton Hill of Covington, Tenn.

Mr. J. D. Davis spent several days with his friends here while enroute for Bowling Green, Ky., where he will attend the business university there.

Miss Mary Yancey Fort left last Saturday afternoon for Sweet Briar College, Va. She visited the campus several times during her vacation.

Quite a few boys are sick in the halls. Some have colds, but "too much Christmas" has a good deal to do with it. The following have been confined to their beds: Mount, Walker, Felts, Jesse Caldwell, Lauenders, and Johnston.

Robert Penn Moss, of Iuka, Miss., came in late on account of illness.

During the holidays James Colberson attended the Alpha Tau Omega Convention at Chicago, and Nolan McLean attended the Sigma Alpha Epsilon Convention at Detroit.

The University of Michigan has in vogue for the underclassmen this year two unique contests, the flag rush, and the obstacle race. In the first, the men of 1926 are given three poles about fifteen feet high with their class flags placed on top. These banners are defended in any manner from the attacks of the sophomores. All members of both classes participate. In the obstacle race, there are six and ten men teams, three from each class to run in three heats. The races are run on circular track with two ten-foot barriers and two barrels. All runners must go through the barrels and over the barriers. Inability to negotiate the obstacles means forfeiture of the race.

THE SOU'WESTER BLOWS

Hell may have no fury like a woman scorned—but Heaven has no celestial bliss like a woman who has fooled a man into believing he is fooling her.—Beanpot.

Senior—"Aren't you Owen Jones?"

Soph—"Oh, yes, I'm owing everybody here."

This Needs Doctoring

Stude (walking into chop house)—What can I get for quick consumption?

Waiter—There is a T. B. specialist just two doors south.—Pelican.

Our Monthly Scenario

- Oct. 1—Bull and two matadors,
- Oct. 2—Bull and one matador,
- Oct. 3—Bull

She—"Are you single?"
He—"Do I look like twins?"

The other night I saw a fight
That made my blood most freeze;
'Twas a man in white,
In the middle of the night,
With a toothpick stabbing fleas.

She drove out in the country
four or five miles and stopped the car. "Shan't we go farther?" he asked.

"No, she responded, "I've gone far enough. Now it's up to you."

College bred means a four-year loaf, requiring a great deal of dough and having plenty of crust.

The air was cold
The night was worse
But she and I
Were just reverse.

RAISING FUNDS FOR RESTORATION OF LOUVAIN LIBRARY

Hunter College First to Pledge

Hunter College, with a pledge of \$2,500 is the first institution of higher education in the United States to announce a contribution to the campaign for completion of the \$1,000,000 fund for restoration of Louvain Library.

New York State College, Albany, also has made a pledge to the fund: \$1,000 for one of the fifty bells which will form the carillon in the tower of the restored library.

Renewal of the campaign for America's war memorial in Belgium was begun in New York State, December 3. Since that date, both the College of the City of New York and New York University have been making canvases for the fund which have not yet been completed.

The campaign in New York extends not only into the universities and colleges, but into all the public schools of the state. An estimate made from reports already received indicates the public schools of New York City alone will contribute \$25,000 toward restoring the famous library.

Universities and colleges in other states will participate in the campaign during the early months of 1923.

The national committee is headed by Dr. Nicholas Murray Butler, president of Columbia University, and has as members many of the best known educators of the United States.

ADDITIONAL EQUIPMENT FOR BIBLE STUDY

(Continued from Page 1.)
to the Library of Biblical Works and Literature.

Those having classes in Bible under Dr. Arrwood and Dr. Lacey will no doubt have opportunity to examine and study these maps and will find them a valuable aid in the study of Biblical Lands and History.

Work on a stadium for the University of Maryland at College Park, Md., has begun. The building is to embody all of the modern principles in present-day stadium construction and is to have a seating capacity of several thousand. Included in the plans for the stadium are several dressing rooms. The structure is to be built of reinforced concrete with a brick facing on the back. It is hoped by the University that it will be finished in time for the spring track meets and baseball games.

Father to Co-Ed (after examining his expense account): Do you think silk stockings are absolutely necessary?

Daughter: Certainly—up to a certain point. *The Humbug.*

S. P. U. QUINTET TROUNCES MORTON-ELLIOTT IN PRACTICE GAME, 50-28

The fast quintette selected from the S. P. U. basketball squad walked away with the Morton-Elliott team in a very exciting but erratic game. The purpose of the game was to get a line on the new material. S. P. U. has two teams which are about evenly matched and the majority of the players were given a chance to display their game. The free substitution throughout the game possibly caused some of the lags in play and erratic team work. At times the play was fast and very brilliant. Several of the new players showed exceptional speed. Although we miss the play of Alex the team looks very promising. During the first half the new players showed nervousness and numerous fumbles. "Chief" Culberson and "Squeedunk" Newton were the outstanding stars of the game. These letter men showed cool skill and fight that carried the team work along at a lightening pace.

Chief ran up six field goals. Squeedunk second with five and three foul goals making him the largest individual scorer. The Louisiana Midget showed uncanny floor work and will no doubt hit his old stride soon.

Bill Robinson, captain of two years ago, took the ball from the tip-off and dribbled down for the first goal. This started S. P. U. and Chief after some snappy passing rung the second basket. "Squeedunk" followed immediately with the third goal and Hall with the fourth. "Squeedunk" shoots two fouls and follows with fifth goal. Morton Elliott's forwards got away for two goals. Chief gets sixth goal and Sam Hall the seventh. Flemister goes in for Chief and accidentally ruins

Chamber's nose, the right forward for Morton Elliott, necessitating a substitution. Boswell for Morton Elliott gets away for three straight field goals. Darden goes in center and Flemister takes Robinson's guard. Shackler gets a couple of baskets for Morton Elliott. Hall and Squeedunk get eighth and ninth baskets. Darden who had shown nervousness before came back and put in the tenth and eleventh goals in great form. End of first half.

S. P. U., 25; M. E., 18.

Chief comes back and gets the first three goals. Squeedunk gets a beautiful shot from center. Rennie goes in for Hall. Chief gets fifth basket and Squeedunk and Robinson each get one. Chambers and Scarborough gets baskets for the visitors. Darden for Chief. Foul on Jesty, holding. Scarborough shoots two fouls. "Hap" Wilson for Robinson. Darden gets ninth goal and is followed by a long dribble and shot by Wilson. Foul on Wilson. Scarborough shoots two fouls. Hatcher for Jesty. G. Newton for Rennie. G. Newton gets long side shot for tenth basket. Darden gets last two goals. M. E. fouls. Hatcher shoots it. S. P. U., 50; M. E., 28.

Referee, Catlett; Scorer, Cobb.

The game showed that we have a good squad with some exceptionally fast men and before the season gets well under way we expect to see Coach Kenney develop a fast working machine.

HARD WORK

Prof.—"A fool can ask so many questions that it takes a wise man to answer them."

Nalls—"That's the reason so many of us flunk exams."

—Ex.

SENIOR CLASS HOLDS ELECTION

Under the chairmanship of Mr. Culberson a meeting of the Senior class was held on November 28, 1922. The house being open, Mr. Jesty, was nominated and elected president by acclamation. The following election then took place: Miss Margaret Fort, vice-president and Mr. Lewis Scruggs, secretary and treasurer. There being no further business the meeting was adjourned.

THE PALS

At the last meeting of the Pals, it was decided to establish a constitution and by laws and to have regular meetings once every two weeks. Also a time was set for the try out to be given each member for a place in the new play.

Because of the inopportune circumstances sent by fate the cast chosen has not been able to get together so far and as a result there will be no play given before Christmas as had been previously planned. However, work has begun and the cast is expected to be prepared to present "Mr. Bob" within a short time after the Christmas holidays.

"Mr. Bob" is a two-act comedy written by Rachel E. Baber and was originally produced by the Proscenium Club of Roxbury, Mass. Since this performance it has been widely used by college dramatic clubs with much success. It is therefore with much confidence of its success before the public that the Pals have begun work on it. This ripping comedy uses three male and four female characters, each of which will be worked up to its best by Mrs. R. C. Kenney, whose wonderful ability the students of Southwestern have already witnessed.

A Senior Hobo parade was held the other day by the seniors of the University of Illinois. Several prizes were distributed to the persons having the most outstanding and original costumes. First prize went to Cupid. Some of the well known characters represented were Smith Brothers, Andy Gump, the Shiek, Daniel Boone, Diogenes, Captain Kidd and Rudolph Valentino.

Southwestern

—believes that education yields its best fruits when mixed with religion.

—cares supremely about the moral welfare of her students.

—stands for a definite type of student and offers a distinctive training.

—cordially welcomes students of all denominations if they are honest, earnest and have high ideals.
