VOLUME X.

MEMPHIS, TENNESSEE, NOVEMBER 30, 1928

NUMBER 11

QUIET SEASON STARTS AT 6:30 TONIGHT

LYNX RARIN' TO MEET ARKANSAS LADS THURSDAY

Husky Invaders Highly Touted By Scribes

BEAT BY OLE MISS

Foote Is Only Regular On Ailing List

BY VERN BAUMGARTEN

The brawny Arkansas University Razorbacks, from Fayetteville, Ark., will provide the entertainment for local fans at Fargason Field Thanksgiving Day. The Razorbacks, hot in pursuit of the Southern conference title, will step out of the conference when they meet the Lynx for the first time in the history of the school.

Led by Captain Winters, husky left tackle, the over-the-river eleven will bring a large squad of burly football players into the Bluff City, with a bulky fighting line and a flock of line-smashing and fleet-footed backs. The Razorbacks swamped Missouri School of Mines last week 45 to 6. Just a little idea of their prowess.

"Bevo" Beavers, fullback and line plunger deluxe, is the dynamite of the team. He is assisted by Dick Miller, halfback. Geis, quarterback, and Dale, a sure-footed kicker and a shifty runner. Miller also does most of the passing when the Arkansas eleven cuts loose with an air raid. Wear Schoonover, a long, lanky, speedy end, and Dale usually are on the receiving end of the Arkansas heaves, but they shoot them to any of the backs at all times.

The Arkansas line averages 200 pounds and has several stellar players in Schoonover, Captain Winters, Vansickle, Creighton, and Lambert.

The Lynx, after a layoff of ten days, will be in first class shape to meet their bigger and heavier opponents. The team was considerably bruised up after the Ole Miss tilt, but the boys are in good condition again and ready to go. Only one varsity man is on the cripple list, Wilson Foote, center, being out for the season after receiving a twisted shoulder and several torn ligaments during practice session.

Coach Mallory and Pos Elam have put the team thru their paces to repel the Arkansas invasion. The Lynx will probably line up in much the same order as they faced Ole Miss. Captain Farnsworth will be in better shape, however, and will probably start the game. Dode's punting and running are expected to be a big help. Who his running mates will be is uncertain, but they will probably be Lamar Pittman, Bobby Lloyd, and Harry Walton.

The line will have Percy Brown, and either Robert Russell or Flint Liddon at ends; Carthel Elder and Lorin King at tackles; Bob Logan or Liddon, and Jeff Davis at guards, and Crawford McGivaren at center.

Ole Miss defeated Arkansas 25 to 0 early in the season, but the Razorbacks have improved a great deal since then. According to that score the teams should be even, but Arkansas will enter the game top-heavy favorites.

The probable line-up:

	Pos.	Arkansas
Liddon	L.E.	Schoonover
King	L.T.	Winters (c.)
Logan	L.G.	Creighton
McGivaren	C.	Kerby
Davis	R.G.	Vansickle
Elder	R.T.	Gardner
Brown	R.E.	Lambert
Lloyd	Q.B.	Geis
Farnsworth (c.)	L.H.	Miller
Walton	R.H.	Dale
Pittman	F.B.	Beaver

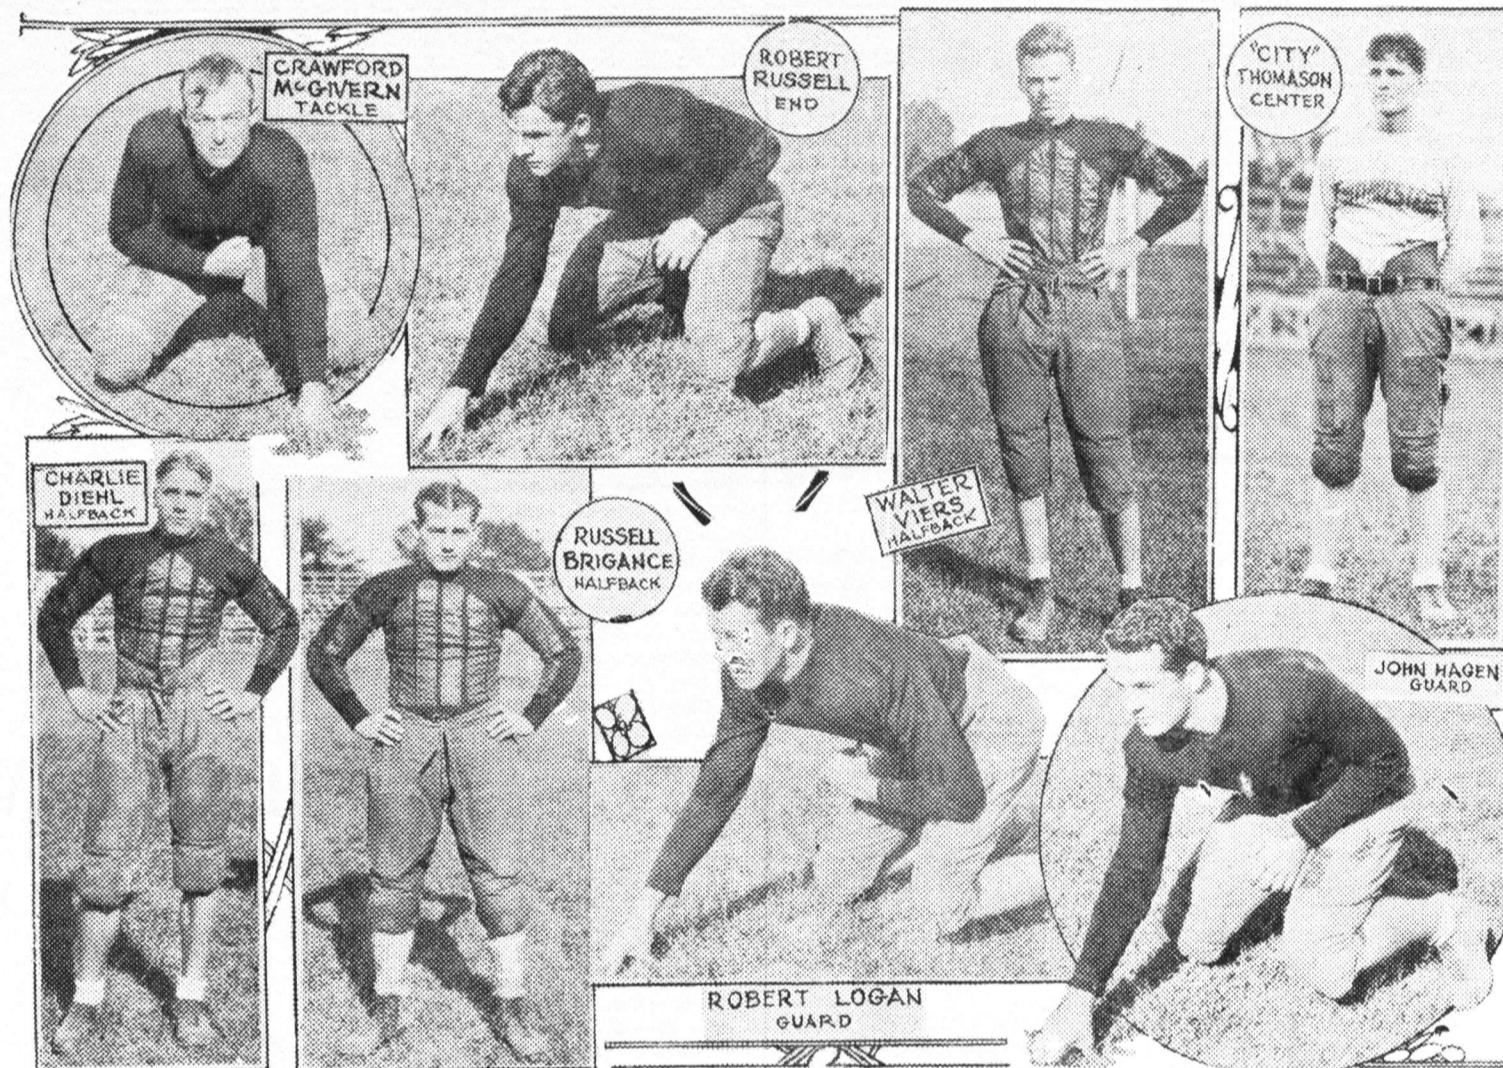

Absences Prior To And After Holidays Will Count Double

"Absences on the two days before or after a holiday are counted double." This is what the catalog states in regard to students being absent from classes just prior to and after holidays.

Not only will a cut on these four days count as double, but it will be doubly hard to get them excused—unless you are detained by "illness or other misfortune."

Dean R. W. Hartley announces that students violating this rule will not be fined \$5 as has been the custom before the present cut system was installed.

These Gridmen Ready For Arkansas Fray Turkey Day

This octet of Lynx stars will see action on Turkey Day against the Arkansas University Razorbacks. Crawford McGivaren, the revamped tackle, now playing center, has been putting up a great battle at the pivot position. Robert Russell, playing his first year of varsity ball at end, broke in the lineup against Ole Miss and showed plenty of ability as a wingman, while Brick Viers, the sorrell-topped halfback, has played a big part in most of the Lynx games this fall. Viers is one of the best defensive back on the team. "City" Thomason, the other center, has played about half and half with "Big Mac" and has proved his worth. "City" is a sophomore and has been playing a stellar brand of football. Charley Diehl, Jr., another sophomore back, has not had much of an opportunity to show his wares this season. Charley can run and punt and will be heard of plenty next fall. Russell "Brew" Brigance, after getting off to a bad start with a pair of battered underpinnings, is showing up well, as is Bob Logan, the sophomore guard, who has grabbed off a varsity job. John Hagan, plays either backfield or line, and has been doing well at both.

CLASSES FUSS OVER CONTEST

Seniors Frown on Hedge Made by Juniors

Eligibility of certain members of the senior class to play in the inter-class football game is the cause for dissension between the junior football leaders and the senior gridmen. The junior captain, Gerald Capers, officially challenged the mighty seniors last Saturday morning to a grid battle to take place the week after the Thanksgiving holidays. However, on condition that no man who has been out for varsity football or who has won a letter in football could be eligible to play, was inserted in the challenge by the juniors.

The seniors accepted the challenge but not the condition.

"Submit the matter to anyone eligible to arbitrate the matter," says Capers, "but we want it understood that we will not play the seniors except under those conditions."

If the seniors do not come across then, the juniors will play the freshmen scrub team. The seniors wish to place Chi Waring, T. M. Garrett and Vern Baumgarten in their lineup. All three would be ineligible under the junior ruling.

Ole Miss Grid Tilt Has Been Canceled

Ole Miss, the traditional foe of the Lynx in football, and the oldest opponent on the Southwestern grid schedules, will not play Southwestern next fall. The game was originally thought to have been settled, with the Lynx playing the Red and Blue at Oxford, but the plans fell thru, and Ole Miss dropped Southwestern from her schedule.

Southwestern has been playing Ole Miss for more than 10 years, but has never won a football victory. There has been intense rivalry between the schools despite the one-sidedness of the games.

Just what team will replace Ole Miss on the schedule has not been decided but attempts will probably be made to engage a contest with some S. I. A. A. team. Ole Miss belongs to the Southern Conference.

Parks Initiated

George Parks has been given the final degree of initiation by Pi Kappa Alpha fraternity.

Thanksgiving Dinner Menu

Oyster Cocktail	
Roast Turkey, Giblet Gravy	
Pecan Dressing	
French Peas	Rice
Hot Rolls	Cranberry Jelly
	Fruit Salad
Mince Meat Pie	American Cheese
	Coffee

A charge of \$1 per plate will be made for this dinner except on those who are paying for their meals by the semester. This charge is also effective on those who hold meal tickets.

Dormitory Students Win Skirmish; Breakfast Will Be Served As Ever

Proposed Plan to Move Time Ahead 10 Minutes Is Hotly Contested by Dormites

An "outraged" student body has to arise 10 minutes earlier each morning, which to a collegian is very de-moralizing.

The news of the "victory" spread quickly, and calm now reigns in the ranks of dilatory dormitory students.

Dr. Diehl explained that the sole reason for the proposed change was simply to allow student waiters more time after serving on tables to prepare for chapel exercises.

The upheaval started when college officials announced that breakfast time had been changed from 7:45-8:15 a. m. to 7:40-8:05. A great clamor immediately sounded from all dormitory students. A called meeting was held in the college auditorium, and student leaders harangued those present about the evils of the new system.

Quick work was necessary. A committee composed of Crawford McGivaren, student body president; Miss Eleanor Beckham, and Paul Caldwell, all dormitory students, were empowered to thrash out the question with President Diehl.

A petition setting forth the evils of the change was circulated and profusely signed. Bearing this testimonial from their constituency, the committee arbitrated with Dr. Diehl, who succumbed to popular demand and assured the committee that breakfast would be served on the accustomed schedule.

Under the proposed change all dormitory students would be forced

LONG CROWNED CHAMP GOLFER

Wins Mid-fall Tourney In Decisive Manner

Freshman L. B. Long, after overcoming competition of four veteran members of the faculty, continued to shoot a consistent game, and downed Oliver Cromwell in the finals of the mid-fall golf tournament.

Drs. Cooper, Rhodes, Ross, and Kelso were all victims of Long's play, while Cromwell defeated Drs. Swan and Atkinson and Don Ramier for his place in the finals. These two wielders of the golf sticks then met in a 36-hole match to decide the winner. The first 18 holes were played at Galloway course and the last 18 at Overton. The first round was closely contested, with Cromwell shooting an 83 and Long an 84. Cromwell won 8 holes, Long 5, and 5 were tied. On the last round Cromwell lost 8 of the first 9 holes and could only tie for honors on the others. Long finally downed Cromwell 8 up with 6 to go.

The golf club will sponsor a Yuletide Handicap Tournament to be started on Dec. 3. The handicaps are to be based on the medal scores of the tournament just completed. Those who wish to enter, see Cromwell.

8 LINGUISTS FORM LOCAL

Petition Eta Sigma Phi After One Year

Eight senior Greek and Latin students met Friday morning in answer to the announcement made by Warner Hall to organize a local classical fraternity.

The name of the local has not been decided on yet. The local plans to petition Eta Sigma Phi, national honorary classical fraternity, but before the petition can be made the local must function a year. More students will be taken into the fraternity later during the year. The group that met Friday was merely the beginning. When Eta Sigma Phi is established on the campus it will be the sixth national honorary fraternity here.

The following are charter members: Warner Hall, Richard Hunsaker, Earl McGee, Anne Gilliland, Dorothy Green, John Johnson, Catherine Griffith, and Lem Banks.

STRICKLER IS IN CHARGE OF ALL CLERICAL WORK

Will Meet Rushees In 100 Palmer Hall

FRATS IN PALMER

Co-eds Will Go Alone to Sororities

All the tricks of high-powered salesmen, politicians, sharpers, and go-getters are being tried on freshmen and new transfer students by the fraternities and sororities at Southwestern as the annual rushing season is now in full swing.

Open and legal rushing started Monday, and will continue until 6:30 o'clock Wednesday night, at which time "quiet" season will start. Bids will be accepted Thursday morning in room 100 Palmer Hall. Dr. R. P. Strickler, faculty advisor, will be in charge of all rushees, both men and women.

Each of the four sororities had teas in their respective chapter houses both Monday and Tuesday during certain prearranged hours. This afternoon the sororities will be in their meeting places from 2 to 6:30 o'clock. During this time each sorority rushee is expected to attend the group of her preference, with a limit being placed at not more than two.

The fraternities have been pursuing a more replete program of inducement for new men, ranging from afternoons dates from 2 to 6, and night dates from 7:30 o'clock on . . . (maybe a. m.). These dates have not been limited, as with the co-eds, to gatherings at any one place at any one time.

Quiet season for the fraternities will end promptly at 8:30 o'clock Thursday morning, at which time all men whose names were read out in chapel Wednesday morning by Dr. Strickler will assemble in room 100 Palmer hall for instructions. Each fraternity will have a classroom on the second floor of Palmer hall, and each rushee with instructions to join a certain fraternity will go to the respective room.

All co-ed rushees will meet in room 100 Palmer hall at 9:45 a. m. Thursday, after which each will go direct and alone to the sorority named in her instructions obtained from Dr. Strickler.

PREXY DIEHL TO START RACE

Green Hat to be Signal For Sprinters

Officials for the intramural road race to be run on Dec. 7 have been named, according to announcements made by Raspberry. Dr. Diehl will be the starter, and Drs. Kelso and Atkinson will officiate as timers. Judges will be Drs. Ross, Cooper, Swan, Lackey, and McQueen. Dr. Thomason has been appointed clerk, with John Rea as assistant.

Class and fraternity teams will pit their speed and endurance against each other in the opening of a series of intramural sports to be held here. The winning class and fraternity team will be presented loving cups in chapel by President Diehl on Dec. 10. Medals for individual awards will be made at the close of the race.

The two-mile race will start and also end in front of Stewart Hall.

Jinx Trails Back In Crossing Goal

DELEWARE, OHIO—(IP)—The original hard luck man on the Ohio Wesleyan football squad is Ted Franz, halfback, who has been called back five times in two games this season, after scoring perfect touchdowns.

Franz trotted across the enemy goal three times in an encounter with the University of Cincinnati, only to be called back by penalties.

The same thing happened at Wooster, and Franz is getting disgusted.

LONDON—(IP)—That the world may never have begun and may never end is the theory recently advanced by Sir Oliver Lodge. Sir Oliver says matter is dissolving in the form of radiation, but, he asked, "Can radiation turn back into matter?"

FLASHES * Of College Life * ON THE WIRE

GOOD SUITS FOR \$10.00
SYRACUSE, N. Y.—(IP)—With \$1.75 a week, the Syracuse student of 15 years ago could live in luxury, according to statistics.

Those were the days when a Hill student could swagger into a lunch-wagon near the campus and partake of a small steak for five cents, and finish his meal with a dish of ice cream for three cents a throw.

At that time, if a student was flush, he could order a porterhouse steak for 20 cents. A special Sunday rate for roast chicken was a quarter, chicken a la king being a dime.

In the line of wearing apparel, the well dressed man could purchase a good suit for \$10. An overcoat \$7. The freshman paid but 35¢ for his green lid. The torsorial rates were also much cheaper than at present. A shave and a haircut cost two bits, and a shampoo only 15 cents additional.

SEE GAME BY PROXY
ANN ARBOR, MICH.—(IP)—In order that co-eds in University of Michigan dormitories may have first hand accounts of football games away from home, they have begun selecting a girl each week by lot to go to the game and report back.

HONOR "UNCLE SAM"

TROY, N. Y.—(IP)—The Troy Chapter, Daughters of the American Revolution, are to erect a monument here over the grave of Samuel Wilson, who unintelligently created the nickname "Uncle Sam" for the United States government.

NOTABLE GATHERING

CHAPEL HILL, N. C.—(IP)—Two governors, 35 college presidents and twelve state superintendents of education were among the delegates to a conference of men and women interested in public affairs throughout the South held at the University of North Carolina last week.

CHARGED AS THIEF

NEW YORK—(IP)—Charles Peck, 24, former student at the University of Virginia, is in jail here, charged with theft of a diamond studded bracelet worth \$3,000 from a personal friend, Moses Morse. Peck admitted he took the jewelry while visiting his friend, and said he "must have been unconscious when he did it."

GOOD BUSINESS MEN

NEW BRUNSWICK, N. J.—(IP)—American colleges have come to be regarded as employment agencies since the World War by American business and industrial corporations, according to Dr. Walter T. Marvin, dean of the colleges of arts and sciences of Rutgers university.

Corporations have discovered, Dr. Marvin states, that college men have the training and character essential to success in business.

LEATHER ADVOCATES

CAMBRIDGE, MASS.—(IP)—Statistics obtained from shoe repair shops here indicated that about 20,000 feet of shoe leather were worn out by Harvard students each year.

ONE EXAM IN SPAIN

EUGENE, ORE.—(IP)—Spanish students have an advantage over those in American universities in at least one respect, according to Juan Centeno, youthful Spaniard, who is employed this year to teach the fine points of his native language to University of Oregon students.

"In Spain a student is given only one examination during his college career," Centeno says. "It is given orally by a professor, and if the student passes it he receives his degree and is graduated. If he does not pass, he stays in school until he does."

Residence at the universities in Spain is not required in order to obtain a degree, Centeno says. A student registered in a university can be away as much as he pleases. All that is required of him is that he be able to pass his big examination when the time comes."

The Spaniard instructor is struck with the many social contacts of the American university student.

"It seems so easy for men here to become acquainted with the women students," he said. "In Spain it is very different. In our universities one must be acquainted with a girl for several months before it is considered proper to ask for permission to make a call."

The Spirit Of Thanksgiving

"He is ungrateful who denies that he has received a kindness which has been bestowed upon him; he is ungrateful who conceals it; he is ungrateful who makes no return for it; most ungrateful of all is he who forgets it."—Seneca.

An ungrateful man is a curse that society must bear. There is no trait more deplorable than ingratitude. Man seeks many things, acquires much, but often forgets the just due which he owes for these blessings which have come to him. There is a reason for every possession. Man cannot prosper without sustenance from the Lord. And that man may be able to manifest his gratitude for the many favors which are his is the motive for setting aside a certain day each year for universal thanksgiving.

The custom started, so we read in history, in the fall of the first year that the Pilgrims were in this country. They landed in time to clear small patches and plant crops. The yield the first year was so plentiful that they set aside a certain day to give thanks to God for His kindness and favors.

The idea has carried down thru this modern age—an age of centralization, when people herd into large cities and rarely ever see corn tassels waving in the fields, and are ignorant of the fact that potatoes grow underneath the ground and not plucked from bushes or trees.

At first the spirit of Thanksgiving centered around the harvest of the fields, but now it has come to have a broader meaning. We think of Thanksgiving as a day in which to express thanks to the Lord for His many favors extended us during the past year of existence. We not only are thankful for food to eat, but clothes to wear, friends to cheer us and make life worth living, business circumstances to furnish us with the means of procuring those things which affect our environment, and a day in which to reflect upon the good, not alone that has come to us but that we have given to others by our own small humanitarian acts.

Thanksgiving should not be taken as a day in which to surfeit, but as a day in which to meditate on what the Lord has done for us and what He expects us to do for Him.

EXHUMED FROM THE FILES

Choice News Excerpts of Past Years As Revealed by Sou'wester Issues

DEC. 2, 1925

Al Clements has returned to the campus, having been confined in bed at the Baptist Memorial Hospital during the past 15-days following an appendix operation.

The following pledges are announced: Kappa Delta, Sara Johnson; Kappa Alpha, Henry Westbrook; Sigma Alpha Epsilon, Henry Waring.

Chi Omega sorority was host to several visiting alumnae members in the chapter room at 515 N. McLean recently. The visitors present included Frances Beach, Frances Edwards, Mabel Meacham.

Installation and inauguration of Southwestern's newest national sorority, Alpha Omicron Pi, was held the night of November 20. The following girls were received into the new national chapter: Polly Gilfillan, Mary Frances Young, Elizabeth Laughlin, Kitty Kelly, Catherine Underwood, Dorothy Vaden, and Minnie Lundy.

DEC. 2, 1926

The Sou'wester appeared today as a six-column publication. Besides being crammed full of college news, features, it was the first of the annual grid editions.

Members of Chi Omega sorority have moved into their log-cabin chapter house on Sorority Row. The structure formerly occupied a plot at the old Saunders estate, but was moved to the campus.

Charter members of the new Kadis legal club are: Charles Snapp, Charles Sutton, Charles Rond III, Gerald Capers, J. L. Pace, James Gladney, Ramsey Russell, O. B. Bell, C. A. Lewis, Mike Wailes, Ed Craven, L. E. Pierce, Ernestine Wiggins, Alfred Hicks, Henry Turley, R. H. Berbig, Harold Trinner, Abe Fortas and Sam Rhem.

Eleanor Beckham, Jane Hyde and Elizabeth Baker have ridden the plank of initiation. Sisters of Chi Omega sorority ushered their three pledges into full membership recently.

NOV. 30, 1928

CAMPUS OAF

How to get into an open-back dress shirt, by one who knows.

1. Open with prayer.
2. Remove pins, being sure to leave plenty of thumb prints on front for identification.
3. Suspend shirt in doorway, making desperate dive as if tackling dummy.
4. Erect garment on floor in shape of army pup tent, then try to crawl under.
5. Insert toy balloon under shirt, raising it to the ceiling. Deflate balloon, allowing shirt to descend gracefully on the shoulders.

First Co-ed: Sonny grabbed me last night and said he was going to kiss me.

Second Co-ed: I bet you were scared.

First Co-ed: Yeh, scared he was going to back out.

Son: After all, dad, the real thing to college is not in the classroom, but in the social opportunities that lie outside—

Father: Well, son, what did you flunk now?

The flapper co-ed went up to the young prof. and said: "Professor dear what are my marks?"

He put his arms around her and whispered sweet little nothings into her ear.

From nakedness to golf clothes—and they can that evolution:

Perhaps you have noticed that the fat of the land is not anxious to get on the scales in the presence of friends.

Dumb: "I love you."

Dora: "You don't mean it?"

Dumb: "Gee, I didn't know you were a mind reader."

Dr. Ragatz: "Haven't you finished your map?"

Co-ed (front row, 1928): "No, sir. I can't find my compact."

"Dear Mary: If the baby was fed on elephant's milk, would it grow big?"

"Yes, it would. That is if it was an elephant's baby."

Sam—"Say niggah, how come you all banged up?"

Bo—"Ah was talking when I should have been listin'."

Customer—"Do you know that 17,282 elephants were needed to make billiard balls last year?"

Office dumbell—"Oh! isn't it just wonderful that such big beasts can be taught to do such exacting work?"

She—"Where you going?"

He—"Trying to find out where them pigeons live."

She—"What for?"

He—"Want some holes for my desk."

The absent-minded professor has nothing on the absent-minded business man who kissed his wife and then started to dictate a letter.

Sloan: "How'm I gonna put one key in two keyholes."

Denson: "No wonder yer seein' double. Ya got both eyes open."

*The mistletoe blushed with shame,
As it hung above the door,
When the maiden told her flame
She had never been kissed before.*

But Bovina would not whoa.

Sighing coquettishly, she ambled and skipped along looking coyly over her shoulder at intervals and now and then giving her tail a bashful swish.

"The fool critter! What in the name o' ginger got into her!" grumbled Farmer Wheatstack, as he followed the brindled cow. "Well, I'm horn-swigged if she ain't a doin' that again."

Bovina stopped at the brink of the creek and was looking down at her reflection in the water and giving vent to the silliest beefy giggles.

Suddenly Farmer Wheatstick sniffed sharply, and a great light came to him.

"I hev it!" he shouted. "Durn if I didn't make a mistake and rub that there sample of How to Be Beautiful perfume on the critter stead o' liniment yesterday!"

And with a playful titter, Bovina turned and girlishly chased Farmer Wheatstack all the way back to the barn and right up to where a pitchfork was standing.

And that's where Bovina made her mistake.

Well, Well, Well!

The annual period of weeping and wailing is at hand: sorority rushing . . . The cut-throats in Chicago are nothing compared to the cut-throats among the frats at this time of the year . . . Metaphysics is a study that teaches you to talk on any subject like you really knew something about it. The "X" on the report cards is the spot where the dirty work was done . . . City Slicker said he thought he had a good month. City thought "A" stood for awful, "B" for bad, "C" for comparatively good, "D" for darn good, "F" for fine and "E" for excellent. S' too bad it don't, the honor roll would be a lot larger . . . Arkansas is said to have a lineman weighing 265. He ain't no razorback, he's a hog . . . The Juniors got reckless and challenged the seniors to football game only they want to play it next year. Ole Miss must have got scared when the Bobcats licked their freshmen and cancelled the varsity game next year. Perhaps they thought them frosh might be on the varsity and repeat . . . Ira Goldsmith's young brother, Lester, brought the family name into prominence by licking Tech High, last week for Central. Hope he comes to Southwestern. The Lynx fans want hog meat Thanksgiving instead of turkey. . . T. M. Garrott will play quarterback for the seniors. His speed and brains should be a big asset to the juniors. Three holidays this week, and they say there is nothing new under the sun!

It is needless to say that Southwestern will lose a valued student when Warner graduates next June. The list of activities in which he has taken part is sufficient to show the part he has played in the first four years that Southwestern has been at Memphis.

He intends to enter Princeton University next year. Lucy wants to know if it is co-educational.

A missionary wrote home: "The natives here are starving and are badly in need of food. Send missionaries."

JUNIORS SPANK HUMBLE SOPHS IN TIGHT TILT

Ferocious Battle Ends
With Challengers
Ahead / To 6

In a terrific battle fought from one end of Fargason Field to the other last Friday, the junior footballers backed up their challenge and downed the sophomore pig-skinners by the score of 16-6. From the opening whistle to the final blow, each team was out for mischief.

On the initial kick-off the juniors chose to receive, but were unable to make any marked headway thru the opposing line. After three attempts, Claude Bowen punted to Williams who returned the ball 18 yards. The sophs then found the junior line too much for them, so Denson Reid punted out of danger. The entire first half was more or less a punters' duel, with the sophs having the edge on their elders.

"KID DYER" EJECTED

A few minutes before the whistle blew ending the first half, Bill Hall, the soph back, had the misfortune to suffer his lungs to be deflated.

During the rest period allowed, the juniors sent in "Kid Dyer" Thornton as fullback. His arrival on the field of honor immediately incurred the wrath of most of the sophomore backers because of his fame as a "pro."

Just before the half ended, he was bodily catapulted from the fray by "Big" Elder, "Snookums" Hightower, "Four-yard" Pittman, and "City" Thomason. When Thornton returned to the game at the beginning of the second half these four horsemen repaired to the dressing room and fitted themselves out to help the sophs unless the "Kid" was ruled out. Their presence on the field proved such a threat that a sub was sent in for Thornton, and peace and harmony was restored.

WILLIAMS SCORES

During the third quarter the sophs unleashed an aerial attack which was responsible for their only tally. Barbour hurled a 30-yard pass over the goal line to Williams. Barbour missed a drop-kick for the extra point. After a series of penalties had placed the ball in the sophs possession under the shadow of their own goal. Reid then attempted to punt out of danger, but it was blocked by Harris, who fell on the ball across the goal-line for the junior's only touchdown. Bowen took the ball across the line on a center sneak for the extra point that decided the game.

Lineup and summary:

Juniors (7)	Pos.	Sophs (6)
Kidd	L.E.	Luster
Raspberry	L.T.	Alexander
Banks	L.G.	Cromwell
L. Harris	C.	Booth
J. Harris	R.G.	Marsh
Parnell	R.T.	Carpenter
Forres	R.E.	King
Bowen	Q.B.	Williams
Ford	L.H.	Barbour
Capers	R.H.	Hall
Bevis	F.B.	Reid

Score by periods:

Juniors	0	0	0	7
Sophmores	0	0	6	0

**FRATMEN GIVE
DANCE DEC. 14**

Date for First Formal
Is Announced

The Men's Pan-Hellenic Council of Southwestern will give the first formal dance of the year on the night of Dec. 14.

At a meeting of the Council held last week the following committee was appointed to investigate and report on likely places where the dance might be held, and also suitable orchestras available: Charles Terry, Edmund McGivern, and Billie Fountain.

It is the custom of the fraternities to give four dances a year. The hop on Dec. 14 will be the first of this series.

Members have not decided on the number of bids which will be issued, but it is understood that a relatively small number will be distributed.

The Council will meet soon to complete plans for the event.

Desire More Months
WASHINGTON—(IP)—Nearly 100 prominent Americans have pledged themselves to support the efforts of the National Committee on Calendar Simplification to determine whether public opinion favors adoption of a new calendar with 13 months of 28 days each.

Among those who accepted the invitation of George Eastman, chairman, are Henry Ford, Newton D. Baker, Frank O. Lowden and Adolph S. Ochs.

Under the plan, there would be 13 equal months of 28 days each in the year, with one day left over, which would be called "New Year's Day." On leap years there would be another extra day probably to be observed as a holiday.

Southwestern Junior Has Perfect Record For Promptness In School

Morris Ford Has Never Been Tardy, And Has Only Missed One Day In 15 School Years

Morris Ford, Southwestern junior, has never competed in a health contest, but he lays claims to the collegiate record for health and class attendance.

During his eight years of grammar school and four of high school in Patterson, Ill., Ford never missed a single day, neither was he late, although he lived a good distance from the schools.

Ford kept this enviable record intact throughout his freshman year at Southwestern, but suffered it to be broken during his sophomore year when he was confined to his home for one day with an infected foot, while playing basketball with the Lynx varsity his foot became infected, and college physicians would not hear to his attending school. He has not missed a day or been tardy since he started his junior year last September.

"I've never had a doctor in my life," Ford boasts. "Nor have I ever been sick a single day. I don't know why I have such good health unless it is that I've always kept in strict athletic training."

During his high school career Ford made 12 athletic letters—four each in football, basketball and track. He still holds the pole vault record of Green County, Ill., of 11 feet 2 and five-eighths inches. Morris clears better than 21 feet in the broad jump and about 6 feet in the high jump.

Since he has been at Southwestern he has earned two basketball letters and intends to join the first track team which will be organized at Southwestern next year.

Besides his record for attending classes, promptness, and athletic prowess, Ford is a singer. During the

Secretly Studies
Colgate Cheaters**

Hamilton, N. Y.—(IP)—A college professor has distinguished himself by finding a use for the cribber.

Unknown to themselves, 30 successful cheaters at Colgate University were studied by Professor H. C. Brownell, and used as laboratory specimens, showing the mental and emotional traits of college men who cheat on examinations—and get away with it.

Information about the 30 was obtained by underground and unofficial channels, Professor Brownell states in reporting his investigation. None of the cheaters was caught even by a severe proctoring system.

Eighty per cent of the group were found to be more psychoneurotic, or emotionally unstable, than the campus average. More than half fall below the college average in intelligence, and the majority belonged to the type known as psychological extroverts—that is, good social mixers and more inclined to activity than thinking.

"Contrasted with the student body the cribber becomes a psychological type," Professor Brownell concludes. "His low intelligence may make cheating somewhat of a necessity. His extroversion may operate to further this. His emotional instability may make it easier for the spirit to succumb under the two-fold necessity."

More than half the college cheating would be eliminated if this psychological type could be eliminated, according to Professor Brownell. With the general type would go most of the "all-around" college men who shine in team and track contests, glee clubs, dramatic productions, and other bookish college activities, the professor believes.

**Pictures Do Not
Reveal Vocations**

Middletown, Conn.—(IP)—The experimental work of Dr. Carney Landis, of Wesleyan University, and Lawrence W. Phelps, '28, was reviewed in a recent issue of The Literary Digest, revealing that guessing a man's vocation and ability by his photograph is generally impossible.

The article states that photographs of a group of forty college graduates were taken at graduation, and again 25 years later.

These photographs were shown to psychology students to see if they could ascertain the occupations, and the comparative success of the various individuals.

In no case was the verdict of the observers unanimous.

A successful engineer was classified by half the students as a clergyman—and the class voted six to four that he was successful. Some subjects were assigned to as many as 15 separate vocations.

The conclusion from the experiment, Dr. Landis believes, is that sending a photograph with an application for a job is useless.

Reinstate Sports

LINCOLN, NSBR.—(IP)—After a lapse of three years, swimming has been reinstated as an intercollegiate sport by the University of Nebraska. Baseball, also dropped with swimming, has been taken up again as a major sport.

Bobcats Break Ancient Jinx And Drub Ole Miss Frosh By Lone Touchdown

Meeks Hinson Gallops Over Goal With Pigskin For First Grid Victory Over Red and Blue

The worm has turned and the unexpected has happened. The Lynx Bobcats, freshman football team, enticed the Ole Miss freshman out on Fargason Field Saturday and defeated them 7 to 0, the first football victory a Southwestern team has ever scored against the Red and Blue. The Bobcats also gained revenge for the defeat inflicted on them last season by the Magnolia State frosh.

The galloping dashes of Meeks Hinson, Dyersburg flash, and Hiram Girard, the boy with the shifty dogs, combined with some high class football on the part of the line gave the Lynx a victory. Hinson scored in the third quarter, Bill Puddephatt, the Pine Bluff youngster, booted the extra point.

GOAL FOLLOWS FUMBLE

The touchdown came directly after an Ole Miss fumble on their own three-yard line which Ed Detwiler, Bobcat captain and tackle, recovered. A couple of thrusts at the line went over.

Things looked bad for the Bobcats at the start when, after holding the invaders for downs, Girard fumbled a punt and Lawhorn recovered on the Lynx 15-yard line. The Bobcats held and kicked out of danger. From then on the two teams battled back and forth across the field, the Red and Blue making several threatening gestures thru the flashy end runs made by Hart, who almost got loose several times but the Mississippians could not gain at critical moments.

At the start of the second half, the Bobcats opened up with a drive. They brought out the varsity's old lateral pass. Hinson starting on an end run and, as he was about to be tackled, passing to Girard who dashed 50-yards to put the ball in Ole Miss territory. Hinson then broke loose for a dash around end and put the ball on the nine-yard line. Ole Miss intercepted a pass and the Bobcat threat seemed to have vanished. On the first play, however, Turnbow fumbled and Detwiler was on the ball on the three-yard line. A couple of plunges and the winning score was made.

Ole Miss tried everything in the final period. Biggers, a husky young back, entered the game and tore off several neat gains. The Red and Blue passing attack failed miserably, and the game ended with the ball in midfield.

TWINS SHARE PRAISE

Jimmy and Johnny Hughes, the twin ends, played a great game in the line. Jimmy especially sifted thru interference to grab backs behind the

Shot By Gangster

CHICAGO—(IP)—John C. Acher, 21, football star and senior at Northwestern university, is in a hospital here fighting for his life as a result of an automobile accident after a Northwestern football game.

Acher was shot by a Chicago gangster when the fenders of the auto he was driving scraped those of a gangster's auto. The assailant escaped.

St. Peter: Who's there?
Voice without: It is I.
St. Peter: Get outa here—we don't want any more school teachers.

SHARP WHISKERS

Razorbacks Shy From Razor's Caress

FAYETTEVILLE, Ark.—What makes the Razorback's bristles sharp and hard? Why is he feared on the football field?

The secret's out. Coach Francis A. Schmidt does not use soap when he shaves.

The guardian of the University of Arkansas' athletic destinies foregoes the comforts of soothing facial applications. He simply washes his face with water and the razor does the rest. It's hard on the razor, but it doesn't bother the coach.

Some of the members of the football team have gone the coach one better. They do not shave for several days before a game. Fullback Beavers and Right Guard Van Sickle have attracted considerable attention in recent games because of their threatening appearance due to their failure to shave.

Hard? Well, so's the Razorback.

BOBCATS END GRID SEASON

Final Tally Shows Five Wins, One Defeat

The Southwestern Bobcats under Coach Wes Adams' tutelage completed the most successful freshman season in the history of the school last Saturday by defeating Ole Miss 7 to 0. The Bobcats played six games and won five, their only defeat being at the hands of the Delta State Teachers, of Cleveland, Miss. The only other freshman teams they played were Union University and Ole Miss, winning both.

The team has produced some good looking material to be turned over to Coach Pos Elam and the varsity next fall. Jimmy and Johnny Hughes, the twin ends from Central High, are going to make bang-up varsity men one of these days. They are tall and rangy and should take on a lot of weight before they finish; and they like to play. Ed Detwiler and Lilly, tackles, have shown up well. Detwiler is a 185-pounder and husky as they make them; while Lilly is tall and altho a little green, has great prospects. "Ironjaw" Walker is as good a guard as can be found, while Albert Morton at the other guard is a running mate. Bill Berson, center, also has played a good game all season.

The Bobcats had a host of backs in Meeks Hinson, Bill Puddephatt, June Davidson, Hiram Girard, George Titus, and Henry DeLay. They have a lot of ability and from present prospects there will be more good backs available next fall than ever before.

The Bobcat record for this year:

Bobcats	6	I. M. I.	0
Bobcats	6	Lake County Ag.	0
Bobcats	7	Union Bulldogs	0
Bobcats	24	Sunflower Jr. Col.	6
Bobcats	0	Delta State I.	20
Bobcats	7	Ole Miss Frosh	0
Total	62	Opponents	20

Dormitory Burns

Yellow Springs, Ohio—(IP)—Fire of mysterious origin recently did \$15,000 damage to West Hall, student dormitory at Antioch College here. The building is being reconstructed and will be ready for occupancy within a few days.

Ed—And where will you meet me tonight?
Co-ed—Half-way.

Fifty ways to make her love you:

1. Buy her presents.
2. Tell her she's beautiful.
3. Have your face lifted.
4. Swipe a varsity "S".
5. Mention your wonderful family from time to time.

6. Read up on Freud, Schopenhauer and Elinor Glyn.

7. Cultivate the expression affected by those strong silent heroes of the screen.

8. Vaguely hint at a great mission you have in life.

10. Show her the greatest respect.

11. to 50. If these fail, hire a car, drive ten miles and let nature and the moon do the rest.

HEAVY SQUAD COMING HERE

Arkansans Prepare For Stiff Game

One of the heaviest and best teams ever representing the University of Arkansas will be brought here Thursday afternoon to meet Southwestern's Lynx on the Fargason Field gridiron.

The Arkansans will bring their full squad to Memphis, for they are counting on clipping the claws of the Lynx here Thanksgiving afternoon.

Here is the entire Arkansas squad, with weights, numbers on sweaters, positions:

Player	No.	Wght.	Pos.
Adam	37	162	G.
Anglin	28	181	E.
Beavers	19	189	F.

Woods	4	151	H.B.

Whale's Secret Is Scientist's Aim

BALTIMORE—(IP)—To prepare the way for the discovery of an appearance by man will be enabled to remain under water and survive, Dr. A. Brazier Howell, anatomist, who has just joined the faculty of John Hopkins university, is making a study of the whale.

The whale, he says, possesses a secret which, if it could be comprehended, might be of incalculable benefit to mankind. That is the method of disposing of carbon dioxide which he generates in his blood during long periods under water, sometimes exceeding an hour.

Some chemical adjustment takes place in his body which makes it possible for him to consume his own poisons, or dispose of them. An understanding of this process, Dr. Howell explains, might lead to the invention of an appliance which would have a definite bearing on submarine and mine disasters and the work of rescue.

If the chemical formula by which the whale "consumes his own smoke" so to speak, could be found, Dr. Howell believes, science might be able to reproduce the condition in the human body. That is only one reason which has turned Dr. Howell to studying the whale, which he says, is the only one of the higher mammals that can stand the water pressure at the depth of a mile.

Scientific Rouging

CHICAGO—(CNA)—To the three "R's" there has been added a fourth, and it now is "reading, writing, arithmetic and rouging." A course in the art of make-up has been installed in Chicago continuation schools with the approval of the board of education. "Since the girls simply will make up," explained Miss Nellie Ryan, principal of the North Side continuation schools, "we have decided to teach them the correct and artistic application of make-up."

Freshman At 72

CHICAGO, ILL.—(IP)—The University of Chicago claims to have one of the oldest freshmen in Frederic J. Gurney, age 72. For 35 years he has served as recorder for the university, keeping records of thousands of students.

Finally, deciding to retire from his position in order to see how the university looks from the classroom, he enrolled as a student. Most of his classmates are young enough to be his grandchildren.

Intercollegiate Race Venture Takes Mighty Fall; Postponed For One Year

Only One College Able to Have Track Team Here On Dec. 16. All-Memphis Meet Under Way

The road race which was to run here on Dec. 16 has been abandoned this year because so few of the invited colleges had teams which could be in shape on such short notice. Out of the 34 teams invited, Mississippi College was the only one which definitely stated that they would enter a team.

Plans are being made now for a cross-country race to be run here on Dec. 14, 1929, according to W. C. Rasberry, track coach at Southwestern. The invitation list will be enlarged so as to get a good representation of the best schools in the South. Efforts are being made to secure the official sanction of the S. I. A. A., and S. I. C. and A. A. U. for next year's meet. If successful, advertising for it will be started in order to stimulate interest.

All the teams who were invited this year expressed their willingness to enter if the date could be postponed. This was impossible, so the meet for 1929 was decided upon. Letters have been sent to schools which were invited informing them that this year's meet has been called off and also explaining the plans for next year's run.

The Lynx trotters will not be idle this week after all. Rasberry has entered his team in the All-Memphis meet being sponsored by the Y. M. C. A., and will be run on Dec. 16. Any team in Memphis is eligible to enter, and some stiff competition will be encountered by the Lynx. Trophies will be awarded by the Y. M. C. A. to the winning teams and individuals. The entire squad at Southwestern will enter, with the first six men counting as the team. Fritz Borman is the only member of the squad who is suffering

PERSONALS

Rushing season is the outstanding period of the collegiate year when the Alma Mater seems to have an iron-bound pull on graduates. For some strange reason there is a general understanding among former students that they will find their classmates here in large numbers, no matter what class they graduated in. The Sou'wester staff must apologize for its inability to properly advertise the presence of all alumni as space forbids.

Miss Laura Byers, Chi Omega in the class of 1927, is a visitor of Miss Juanita Montroy this week.

Miss Virginia Hogg and Mrs. Herman Michael have been visitors on the campus recently.

Among the Saturday campus visitors were
