OLE MISS HERE TO PLAY TENNIS TILT SATURDAY

Bevis and Russell Have Team Berths

TOURNEY TO START

Matches To Be Played All Next Week

The tennis courts have come into their own as witnessed by the fact that all the courts are crowded at all hours of the day.

The first varsity match will be played Saturday with a crack team from the University of Mississippi on Southwestern courts. As the annual local tournament has not yet been held to pick a team, men will be selected who have shown up well in practice. Herman Bevis, captain of the association, and Robert Russell are sure of their places on the team. Two more men will be selected to fill out the four-team. The men competing at present for the berths are Paul Jones, James Dainwood and Charles Diehl.

The annual spring tournament will get under way next week. A list is posted on the bulletin board for all that are interested to sign. More than 75 men are expected to enter. All students of the college are allowed to play on the courts, the only requirement being that they sign the list on the bulletin board, stating on what courts and at what time they want to play. All four courts are in good shape and will be improved as the season progresses.

Students are requested not to play on the courts while they are still damp after a rain. It destroys all the work already done and necessitates their reworking.

Dr. P. N. Rhodes is the faculty sponsor of the Tennis Association, and has worked untiringly to secure a schedule for this spring. More games will be added as the season advances.

The games scheduled to date are:
April 26—Ole Miss—There
May 3—Miss. College—Here
May 10—Union—Jackson
May 17—Union—Here
Mississippi A. & M. and Lambuth College have written for games, but a date has not yet been decided upon.

LYNX, NORMAL DEBATE TOPIC

Two Schools Meet April 14 At Normal

The Southwestern debating club will swing into full action again in April when the crack team composed of Malcolm Richie, George Whitaker and Abe Fortas, tangle with the West Tennessee State Teachers' College on the subject, "Resolved that the nations should adopt a policy of complete disarmament except for police protection." Southwestern will argue the negative side of the question. The debate will start promptly at 8 o'clock at Normal.

The Lynx men are out for revenge this year since the Teachers defeated them last year in the annual tilt.

The team of James Randle and Charles Simmons will leave before the Easter holidays for Howard College at Birmingham and then Millsaps where they will debate the disarmament question.

A demonstration debate between four members of the debating club will be held April 28 at the First Christian Church.

A team will invade Ole Miss the last week in April but a date has not been definitely set.

French Club Meets

The regular meeting of Le Cercle Francais will be held this afternoon at the home of Hazel Edmunds. An interesting program has been prepared by Claude Brown, president of the club. Reports on three typical French works will be given by Jennie Puryear, Thad Hall, and Garrett Ratcliffe.

SOUTHWESTERN IS HOST TO ASSOCIATION OF REGISTRARS

Dr. W. R. Atkinson In Charge of Arrangements; Secretary Wilbur Is Scheduled Speaker

Southwestern will be the scene of one of the sessions of the eighteenth annual convention of the American Association of Collegiate Registrars Wednesday, April 16, when luncheon will be given in Hugh M. Neely Hall with Dr. W. R. Atkinson presiding.

Prominent educators from all over the United States and Canada will be Memphis visitors next week, arriving Monday for the convention, of which most of the sessions will be held at the Hotel Peabody. The delegates will be welcomed by Mayor Overton.

One of the high lights of the convention will be the address by Dr. Ray Lyman Wilbur, the secretary of the interior and president of Leland Stanford University. Dr. Wilbur's address will be given Tuesday morning.

Other discussions of the day will concern problems of interest to registrars. At a banquet Tuesday evening Mr. George Morris, editor of the Commercial Appeal, will be the toastmaster. A play will be given after the banquet by the Southwestern Players. "The Eve In Evelyn" has been selected by the Players and is being given finishing touches this week. The Players having parts in the play are Jennie B. Puryear, Hazel Edmunds, John Hagan, George Paulus and Albert Erskine.

Dr. W. R. Atkinson, Southwestern registrar, is chairman of local arrangements and has been busily engaged seeing that every detail is worked out correctly.

At the meeting of Southwestern on Wednesday President Charles E. Diehl will make an informal address. After the luncheon the picture of the assembly will be made. In the afternoon the convention will be divided up into sectional groups, the meetings being held in Hardie Auditorium, the science lecture hall, and various class rooms in Palmer Hall.

The convention will close Thursday afternoon. Southwestern is singularly honored in being privileged to be the host to the Association, it being considered one of the most important educational organizations in the United States today.

Golf Team Loses To Vanderbilt Men

Vanderbilt golfers proved too much for the Lynx men and sent them to defeat last Saturday by the score of nine to four. Superior playing by the Commodores is the only reason given for the defeat by the vanquished Lynx players. But at that there were some interesting golf matches with our men showing great improvement over their playing the week before in Nashville.

"Tony" Scheffer and Ira Parker proved the undoing of the Lynx for they both won their matches and scored a victory for the Vanderbilt team. Parker beat Robert Sanders 7 and 6 while Scheffer was winning over Sloan Williams 2 and 1.

Oliver Cromwell and Jack Watson evened their opponents on the 18 holes. Cromwell and Sam Kirkpatrick had the best scores for the meet, both finishing the difficult Galloway course in 70. Watson tied Tirrill Parker to even the score.

The Southwestern golfers failed to erase the 32 to 3 defeat of the week before but showed that they had some good performers by keeping the score as low as they did. With more practice and experience the Lynx men hope to win over their future opponents and finish the season in great style.

Individuals' scores by nines follow:
Ira Parker (Vandy).....41-41—82
Jimmy Sanders (Lynx).....40-43—83
Tony Scheffer (Vandy).....37-40—77
Sloan Williams (Lynx).....43-39—82
Tirrill Parker (Vandy).....42-45—87
Jack Watson (Lynx).....41-45—86
Sam Kirkpatrick (Vandy).....40-36—76
Oliver Cromwell (Lynx).....38-38—76

Grads To Meet

The Women's Graduate Society of Southwestern will have its regular monthly meeting in the Bell Room of Hugh M. Neely Hall Saturday. Catherine Richey, president of the group, is in charge of the program. Mrs. Marion L. MacQueen is hostess.

NEW PROFESSOR JOINS FACULTY

Prof. Warren To Take Place of Dr. Monk

Southwestern is fortunate in having added a new and highly talented professor to the English department to fill the vacancy to be left by Dr. S. H. Monk, who is to go on a year's leave of absence. The newcomer who will assume his official duties next fall is Prof. Warren, at present a Rhodes scholar from Kentucky at Oxford University. Prof. Warren is a native of Kentucky and received his B. A. degree from Vanderbilt. He has taught at the University of California and won his M. A. degree there and attended Yale University one year on a special Fellowship. At present he is at work on his Ph. D., which he expects to get within a short time.

Prof. Warren, besides his many other scholastic achievements, has written the biography "John Brown," which has received so much favorable comment recently. As a writer he is very talented and as a teacher and scholar very well fitted to fill the post to be left by Prof. Monk, who has been so well liked and capable in his work this year.

Prof. Warren cabled his acceptance of the position to Dr. Charles E. Diehl early in the week.

"BRU" PLAYING ON M. A. A. TEAM

McCabe, Burke Playing On Orgill Bros. Team

Russell Brigance, veteran receiver of last year's varsity baseball team, is now catching for the Thompson Bros. team in the M. A. A. league that plays Saturday. "Bru" got two hits out of two times at bat in the season opener last Saturday, but Thompson Bros. lost to McDowell-Monteverde even after this perfect day at the bat. Other teams in the league are Orgill Bros. and I. C. R. R.

Coaches Burke and McCabe, Southwestern mentors, are playing with the Orgill Bros. team. In the game tomorrow between Thompson Bros. and Orgill Bros., Brigance will oppose the pair of coaches.

This is one of the fastest amateur leagues in the city, as it is made up of many men who have played professional and semi-pro. ball. Burke pitched for the Jackson club of the Cotton States League last season, and McCabe has been service in many leagues of the South.

Shakespeare Club

"The Fountain" by Eugene O'Neill was discussed at the meeting of the Shakespeare Club at the home of Dr. C. L. Townsend, Wednesday evening, April 9.

Have Music Club

For the benefit of those who love good music, Dr. C. L. Townsend has organized the Twelfth Nighters to meet on Monday evenings at his home. The programs consist of selections on the phonograph. Those students that are members are Lorinne Mitchell, Louise Mitchell and Mary E. Mitchell, Elizabeth Beasley, Alice Rogers, Maury Hull, Lyle Stange, Virginia Richmond, Allen Cabaniss, Margaret Kimbrough, James Cowan, Lucille Work, Martha Hogg, Hazel Edmunds and Gladys Gibson.

Pledge Whitaker

The Kappa Sigma fraternity takes great pleasure in announcing the pledging of George Whitaker.

When the telegram was received and the announcement read, the Southwestern jazz king and his Royal players tuned up and made the loudspeakers hum with the piece requested.

Bill and His Boys Play Over Radio

Southwestern's own orchestra, Bill Brinkley and his Royal Collegians, were heard over WMC Tuesday afternoon. The boys were really making some fine and Bill was doing some excellent singing. Those in the orchestra are Bill, the leader, "Peewee" Hines, William Austin, "Bud" Mefford, John Rea and Albert "Cuffy" Johnson.

The orchestra will play for any social affairs on or off the campus by appointment with the leader.

LEHIGH HOLDS VOTE ON CHAPEL

Bethlehem, Pa.—Results of a poll of 577 students at Lehigh University disclose a large majority against compulsory chapel and a majority of only ten in favor of optional elective substitute courses in religion and ethics. The vote for volitional chapel and substitute courses was 395, as compared with 153 for compulsory chapel. On the question of spiritual benefit from chapel, sixty-nine stated that they received it and 462 that they did not. On the ballot, 146 students indicated that they would attend chapel of their own accord. A proposal to add other substitute courses was voted down, 306 to 174.

CHOSE ONLY GIRLS

Barbara Bates Wins the Honor of Presidency

Four girls from the Junior class were chosen by Alpha Theta Phi, local honorary scholastic fraternity, in a tap service held in chapel Saturday morning. Gerald Capers, present president of the group, and Dr. A. T. Johnson, faculty sponsor and member of Phi Beta Kappa, were in charge of the service.

Barbara Bates was chosen first as president of the organization for next year. The presidency goes to the student making the highest scholarship standing during the first five semesters in school. Maria Hunt Negus was chosen vice-president, Margaret Williams, secretary, and Anne Shewmaker, treasurer.

Alpha Theta Phi has a high requirement, two A's and three B's being required each semester for five semesters to be eligible for membership. The group will petition Phi Beta Kappa, national fraternity, when certain requirements necessary for membership in the national group have been met.

The present members of the group are Capers, Frances Gray, Abe Fortas, Elizabeth McKee, Robert Scott and Jane Hyde.

Initiation of the new members will take place soon.

Sophs, Seniors Tie For First In Class Tilt

Class Baseball Teams Rush With Games

With the sophomores and the seniors tied for first place, the inter-class baseball loop is well under way. Each of the leaders has won two games and lost one. The sophs lost to the seniors and sent the juniors and freshmen down to defeat. The seniors had their slate marred by losing their first game to the juniors by the close score of 4 to 3, but came back and whipped the sophs and frosh.

Team	Won	Lost	Av.
Sophomores	2	1	.666
Seniors	2	1	.666
Juniors	1	2	.333
Freshmen	1	2	.333

SUMMARY

Juniors 4, seniors 3; freshmen 11, juniors 10; seniors 12, sophomores 7; sophomores 16, juniors 8; seniors 21, freshmen 5; sophomores 16, freshmen 4.

According to the schedule drawn up by the Booster Club, four games are to be played each week. This enables each team to play every other one at least once a week.

Unique Setting to Distinguish Third Council Function

On next Wednesday evening, April 16, the students and alumni of Southwestern will leave terra firma to take a moonlight journey on the Father of Waters. As this is its final dance, the retiring Pan-Hellenic Council has made every effort to "put on the dog." The setting is perfect for a soul-inspiring event. The full southern moon has been engaged for the evening and guarantees to provide a sufficient amount of romantic atmosphere for the occasion. The steamboat itself is a massive contrivance—promising many a sheltered nook and cranny for the more romantically inclined participants of the affair. A sufficient number of comfy chairs have been provided, from which the chaperones may have a spacious and restricted view of the entire dance floor.

The steamer "J. S." offers to its patrons a varied assortment of climes and atmospheres. The lower deck is in itself a South Sea isle. Refreshment tables are scattered here and there beneath the palms and foliage, while silent darkies serve the entranced couples who venture in this second Garden of Eden. Upon mounting to the second deck, one finds himself in a strange clime. Beautiful girls and handsome men fill the floor—some quietly conversing and others gracefully keeping time to the wailing saxophones and trumpets of an inspired negro orchestra. And then to the top deck and a step nearer heaven. A full, golden moon bathes everything in a soft, almost ethereal light. At a first glance the deck seems to be deserted—but no, here and there in the deepest shadows are couples, betrayed by a soft-spoken word or the glow of a cigarette. Everything is in perfect harmony, the silence broken only by the steady puffing of the boat as she winds her ghost-like way up the river.

But, alas, all dreams must end—and so this entertainment, fit for the gods, must come to an end at midnight. However, this "coup d'etat" should go down in the annals of the Council as one of, if not the most enjoyable, social functions of all times.—By G. M. P.

OPEN FORUM

Dear Editor:
When I read your assignment for me to ask the influential people on the campus what should be done with bad little boys who don't get up their work for the Sou'wester I thought you were out of your mind. Let's consider why I thought so.
First, there are no bad little boys on the staff. The only little boys on the staff are Marion Painter and Elbert Huffman. Everybody knows they are good little boys.
Second, there is no one on the staff who doesn't get up his assignment as soon as he knows about it.
Third, the most influential person on the campus is John Henry. He's too busy with other things to be meting out punishment to innocent little boys. The next most influential person is of course Dr. Diehl. He was either out of town or getting ready to

EDITORIAL REFLECTIONS

The buildings and natural atmosphere of Southwestern is one of great beauty, and something that will grow more beautiful as the years roll on. Just at present, however, it might be well to consider one or two of the seemingly simple things some of the campus groups could do to greatly enhance the beauty of the campus.

The grounds need trees, distinctive and beautiful; the grounds need shrubs and vines and flowers. Since this present student body may be considered a group of pioneers in Southwestern's first years in Memphis, it would be appropriate for each class, may we suggest, to plant a tree each year, thus helping out the landscape and acting also as a sort of memorial. Each individual fraternity or sorority could buy some vines or shrubs and set them out.

We're prone too much to let things go as they are. We're too afraid of exerting ourselves unnecessarily. We want our campus to be beautiful without doing anything to add beauty. Each student knows that the school is not financially able to finance everything. Therefore, it would be a great thing if each class and Greek-letter group, or any other organization for that matter, would take it into their hands to see that more flowers, shrubs, trees and vines were planted to enhance Southwestern's natural beauty. That task would be a wholesome one and much easier than attempting to develop a do-less class of social tea-hounds as the groups seem to have a tendency to do.

While we're talking about the campus, that brings to mind the talk made by President Diehl last Thursday morning in reference to the '33's which were painted conspicuously over the campus. A foreword in the catalog reads, "It is understood that attendance at Southwestern is a privilege and not a right, which privilege may be forfeited by any student who does not conform to the traditions and regulations of the college, or who is unwilling to adjust himself to the college environment." In other words, Southwestern is a place of culture for the development of men and women in the real sense, not a bunch of foolish babies that go around painting signs on buildings that are perfect in architectural beauty and which cost thousands upon thousands of dollars to build.

go so I couldn't bother him with the subject. Being out of the question to ask these two, there are not many left for me to ask. Of course there's the committee. But that doesn't seem to be very influential to say nothing of who to ask for their opinion.

With these three reasons for the possibility of this assignment I close this epistle in order to ask some of the less influential people what should be done with bad little boys who don't get up their assignments. Persistently yours,
John Berry McFerrin.

Quips

"Thum day I'll grow up," said 'Sawa' Frances Laughlin Wednesday as she gaily waved a note from her physician excusing her from gym classes. The notehead read, "Dr. Edward Clay Mitchell, Children and Infants' Clinic, Memphis, Tenn."

We know that spring is here, because the stone benches have come into their own and are being used as a rendezvous for the love sick from daylight until dark, possibly afterwards.

Bull sessions run long and furious in the dormitories, various subjects being discussed and every man on the campus raked over the coals. Happiness is complete until someone breaks up the fun by saying that he should go study. Oh! these pessimists.

Someone got clever the other morning, to be exact at 4 o'clock on the fourth day of the fourth month when they rang the class bell and then planted figure fours, all over the campus. Must be great to have so much fun all by one's self or selves.

Several of the old crowd have been seen around lately. Neil Rogers was on the campus Monday. He's selling Fords. Luther Southworth is busy

on the Press-Scimitar now. Mrs. Ceylon B. Frazer, formerly Charlotte Bruce, paid the old bunch a call Friday. "Judge" William Puryear was also a visitor on the campus Monday.

Track Men In Meet At Union 2:30 Saturday

Contest With Union and Mississippi

Southwestern's track team will meet the Mississippi College Choctaws and the Union University Bulldogs at Jackson, Tenn., Saturday afternoon. This will be the first S. I. A. A. meet of the Lynx this year.

The Lynx, under the tutelage of Coach W. C. Raspberry, have been working hard throughout the last week in preparation for the meet. The Lynx have a very good chance of taking first place honors. The Lynx are especially strong in the middle distance running, with Captain Roger Wright leading the distance men. Morris Ford is almost sure to take first place in the pole vault, and in the high jump. Thomas King has been working out all of the present week and he is expected to win some points in the hurdles and the 220-yard dash. Bobby Lloyd looks good in the javelin throwing and on the 440-yard dash. Malcolm McMillan will run in the half-mile and mile events. He is in fine shape and is expected to duplicate his win of last week.

The triangular meet is the first one of its kind that any Lynx team has ever indulged in. The Lynx have a slight advantage in that they are strong where the other two schools are not, while Union and Mississippi College are dividing points in their strong departments, Southwestern will be taking first place in their strong divisions.

Raspberry will enter men in all 13 of the events of the meet. The list of events and the Southwestern entries are: 100-yard dash, Hightower and Ford; pole vault, Ford; one-mile run, McMillan, Wright and Bynum; shot put, Lilly and Baine; 220-yard dash, King, Ford and Dial; high jump, Ford; 880-yard run, McMillan; discus throw, Davidson and Ford; 440-yard dash, Lloyd; broad jump, Ford; two-mile run, Wright, Hoffman and Bynum; 220-yard low hurdles, King and Ford; javelin throw, Lloyd and Bynum.

Kappa Sigs Convene

Five members of Phi Chapter of Kappa Sigma fraternity were delegates to the state convention of the fraternity held at Vanderbilt University in Nashville last week-end. The Southwestern men attending the convention were Marion Painter, Robert Logan, Wade Holliday, Garland Boyd and Jack DuBose. West Livaidais, an alumni member of Kappa Sigma, was also a member of the party.

Evergreen Hall

This spring atmosphere plus silvery moonlight seems to be absolutely devastating; evidence—Margaret Ashley and "Teddy" Johnson, Mary Moore and Malcolm Gibbons. If things go on this way much longer, Evergreen balconies will have to be enlarged to take care of the gentlemen visitors.

Those who can't manage parking space out on the balconies have taken to bridge and seem to derive quite a bit of consolation from the game.

Anne Aitken was the guest of Margaret Smith in the dormitory Saturday night.

Helen Northcross came up for the Chi Omega banquet, and Allison Cole and Mattie Reynolds stayed out in town with her Saturday night.

Coming all the way from Florida to Memphis to school has some advantages. For instance, many of us have missed the thrill that Glenda Rice had the other night when one of the home-town boys blew in quite unexpectedly.

Dora Seabron of Helena came over for the week-end to console Mary Moore, while Mary Woosley was in Atlanta.

Elizabeth Capps of Tupelo, Chi Omega at Ole Miss, drove over to see Grace Rowland Rogers, Sunday.

Boosters Dine

The Boosters' Club, a newly formed organization, to regulate, supervise, and encourage intramural, and interfraternity activities, met for dinner on Tuesday night in the Bell Room. The personnel of the organization includes one member from each fraternity and sorority and one member from the non-fraternity group selected in such a way as to make three members from each class. The members are Harold Olendorf, president; William Berson, vice-president; Elizabeth Williams, secretary-treasurer; Joe LePrince, John Rea, Lorinne Mitchell, Rachel Baker, Gerald Capers, Keenan Clinton, Helen Pointer, Lyle Stanage, Harry Walton, and Morris Ford. This society plans to secure trophies to be given to the winners in all the sports participated in by the class and fraternity teams. It is hoped that each fraternity and sorority will donate a trophy and designate to what sport they wish to give it. A team will have to win these trophies three times before they come into the permanent possession of it. Aside from athletics, this organization will act as a publicity bureau for all musical and dramatic productions.

Y. W. C. A. Meets

The Y. W. C. A. met on Tuesday afternoon. The devotionals were led by Alicia Keisker. Mary Evelyn Wailes made a talk. A nominating committee was appointed to select the officers for the next year. The election will be held in May.

CAMPUS NEWS

At the Faculty meeting last week Ridley Wills, who seems to have become quite popular with both the professors and the students, was present and addressed that learned body.

Our professors seem to have become imbued with the spirit of spring. Much to the delight of the student body, and consequently are taking their spring holidays just a little early. Last Wednesday Prof. Bassett went to New Orleans to attend the Classical Association of the Middle West and the South. This was a conference of Greek and Latin teachers in both prep schools and colleges between the Great Lakes and the Gulf coast, and between the Appalachians and the Rockies, including some 60,000 delegates. Dr. Bassett, a member of the executive committee, was kept quite busy, and did not return until Saturday. The association is to meet at the University of Indiana in 1931. Dr. W. O. Swan is this week attending the Chemical Association of America in Atlanta, Ga. He will be away the remainder of the week. On Tuesday of last week Dr. Kelso was missing from the campus, while serving as a judge in a debate between the high schools of the city, held at Humes High. There is a rumor abroad that Dr. Kelso had forgotten his own assignments—hence the debate.

Miss Margaret Gilbert, head librarian, is a delegate this week to the convention of the Tennessee Library Association, meeting in Cleveland, Tenn. Miss Gilbert, in company with some of the Cossitt Library Staff, drove through to Cleveland Wednesday. They will return Sunday.

T. N. E. & Frosh Victors In Meet Last Saturday

Ford High Point Man; Newton Second High Scorer of Day

Lots of school spirit was shown last Saturday when the second annual intra-mural track meet was run off in great style. The meet was won by the freshman class and Theta Nu Epsilon fraternity.

The freshman class won first place with a total of 41 points, the seniors were second with 34 points, sophomores third with 29 points, and the juniors were last with 21 points.

Theta Nu Epsilon won the fraternity cup with 41 points, Kappa Sigma second, 22 points; Sigma Alpha Epsilon third, 19 points; Alpha Tau Omega fourth, 15 1/3 points; Pi Kappa Alpha fifth, 15 points; Beta Sigma sixth, 8 points.

Morris Ford was high point man for the afternoon, amassing a total of 24 points. Herbert Newton was second high scorer with 15 points. Ford won first in the pole vault, broad jump, and high hurdles, tied for first in the high jump, won second in the low hurdles and third in the 100-yard dash, and the discus throw. Newton won first in the 440-yard dash, tied for first in the high jump, and won second in the 220-yard dash, and in the broad jump. Malcolm McMillan and Harold High tied for third place honors with ten points each.

McMillan showed up well in the mile and half events and is expected to do some good work for the varsity team in the coming meets of the present season. Freshmen High and Newton should make some good sprinters for the varsity team next year. Captain Wright showed his usual form by winning the two-mile run in very good time.

Officials of the meet were: Dr. P. N. Rhodes, starter; Prof. J. H. Davis, clerk; Dr. E. D. McDougall, Prof. W. R. Cooper and Woodson Harrison, judges; James Jackson and Harry Walton, timers.

Pahlberg Has Big Swimming Classes

Swimming is very much in vogue at present, as large classes of both boys and of girls paddle lustily in the Nineteenth Century Club pool twice each week. George Pahlberg is the instructor of all four classes, and is ably assisted by Bob Russell and "Jo-Jo" Barrett.

The men have a squad of about twenty, but as yet no team has been chosen. Several are showing up quite well, as: Chauncey Barbour, Keenon Clinton, Harvey Creech, Billy Hughes and Jimmie Wilson.

In the 50 and 100-yard dashes Barbour and Clinton are showing themselves proficient at fancy diving.

Clinton is now city champ in this class, and is also an able exponent of the back-stroke. Malcolm Smith and Jimmie Wilson are working out for the 440-yard dash. Smith is also in the 880-yard event. Garner Watson is doing quite well as a distance man.

Several meets of the team are pending. There is expected to be a meet with the Y. M. C. A. in their pool, as well as with the Elks Club and the Catholic Club. Meets outside the city seem likely, also.

The girls' class, composed of some 50 girls, meets each Wednesday and Friday afternoon at 4:30. They are divided into the following three classes: Beginners, advanced (back and breast stroke), fancy diving.

The first half hour will be taken up with instructions by Coach Pahlberg and the last thirty minutes will be occupied with either games or free swimming. A team will be picked later.

It was in a checker cab that he made his first move.

We believe that educated people should understand these truths.

Public Utilities render services that are essential to modern living standards.

These services directly contribute to the convenience and comfort of people hourly each day. They have raised living standards, brought us up to a new plane of material existence; and are, in fact, the agencies by which modern living standards are maintained.

Without these services, present-day conditions would be turned backward half a century, and we would revert to the days of the tallow candle and the ox-drawn cart.

In addition to their contribution to the convenience and comfort of people, utilities are economic factors of important worth to their communities—stimulating channels of trade and business activities with their large payrolls and immense purchases of supplies.

These are facts that educated people should understand.
