

# The South'wester

VOLUME XIV

MEMPHIS, TENN., SEPTEMBER 16, 1932

NUMBER 1

## RUSHING STARTS WEDNESDAY

### SALES GROUPS SELL TICKETS TO LYNX TILTS

Plan To Fill Stadium For Every Game

### NEW TICKET PRICES

250 Memphians Work To Aid Team

Southwestern football supporters have banded themselves into a live wire organization and are now in the midst of a strenuous campaign of ticket selling. The general chairman of the ticket sales committee is Paul Renshaw, prominent Memphian.

The ticket selling organization is very attractively located in one of the Second Street stores of the Peabody Hotel. The place is gayly decorated with numerous college pennants and stickers as well as a number of fraternity and sorority pennants.

Four prominent local business men are in charge of the various divisions of the ticket selling. Eaton Elder is in charge of the general sales committee. The institutional sales are headed by Ed. R. Barrow, and the box seat sales are in charge of George Faison. H. B. Northcutt is in charge of the student sales group. This group will sell tickets to all students throughout Memphis. This includes all colleges, high schools, and grammar schools.

### REDUCED PRICES

The Lynx will play six home games this season at Fargason Field. An adult ticket for the six games will be \$5.50. Student tickets for the entire season will sell for the very nominal price of \$2. The ticket committee is desirous of securing the backing of the students of prep schools in Memphis and have made an attractive offer to them.

If pre-season dope can mean anything to the committee, it seems that the stands at Fargason Field will be well filled at every game this year. The sales of the tickets have progressed very well, and all the ticket teams are turning in favorable reports to their captains.

### Lynx Alum Goes To Yale Seeking Ph.D.

Gerald Capers, class of '30, left Thursday for Yale University where he will spend three years studying for his doctor's degree in history. At the end of that time, Capers will be a full fledged Ph.D., and plans to teach college history after his Yale course.

He was a prominent member of the student body during his stay at Southwestern. He was a member of the varsity track and baseball teams and a member of Omicron Delta Kappa.

### Dr. Storn To Speak Before Bible Class

Dr. Martin Storn, professor of Spanish, will speak to the members of the Men's Bible Class Sunday morning at 9 o'clock. The class has issued a special invitation to all freshmen students.

Robert Pfrangle, president, will have charge of the program, and Louis Nicholas will have charge of the musical program.

### Minnie Byrd At Brenau

One of the fairer blond co-eds of last year, Minnie Byrd Lockhart, will not be with Southwestern this year, but will continue her college course at Brenau.

### Summer School At The University Of Mexico Attended By Alum Of College

George Mitchell Spends Three Months In Mexico City Studying Spanish and Mexicans

Going 1800 miles to college may seem a foolish thing to some people but to George Mitchell, former Southwestern student, it was a very enlightening and pleasant experience. Mitchell spent the summer three months studying Spanish at the Summer School for Foreigners which was conducted by the University of Mexico, Mexico City.

The Lynx alumnus left Memphis about the 25th of May and arrived in Mexico City on June 1. The trip took seven days and take it from George. "It was some trip and tiresome." The city of Mexico alone is 1000 miles from the United States boundary. Mitchell made the entire trip by rail, and most of the time he spent in a day coach, being often denied the luxuries of a Pullman.

The summer school didn't open until around the first of July, so the American traveler spent quite some time taking in the city and surrounding territory. During his stay in our next door neighbor's land, he lived with a Mexican family. The Mexicans at the home couldn't speak a word of English, and as George had forgotten quite a bit of his Spanish, he had a pretty hard time at first. However, by the time school opened, Mitchell had acquired a pretty good vocabulary and was easily able to make his way about.

### BULL FIGHTS

"The bull fights were about the most exciting thing to me," Mitchell said. "We used to go to one just about every Sunday afternoon. They take the place of the American baseball game." The price of admission to the bull fight was \$1.50 in Mexican money, which is something like 60 cents in American cash.

Mitchell spent three hours a day in his Spanish class at the university. For about two hours of that time, he listened to his professor lecture exclusively in Spanish. His prof was not very adept at the English language anyway. During the other hours, he practiced getting the pronunciation of the words correct.

### Last Day for Mail Box Reservations

Miss Marjorie Gates manager of the College Store, announced yesterday that students must make reservations for their mail boxes immediately. Students not having mail boxes may get their mail from the general delivery office in the store at 2:30 p. m. This will be the only time mail will be given out to those not having boxes. Students not having boxes after tomorrow will not be given their mail.

### COUNCIL ISSUES NEW COMMAND

Placards To Be Worn By Freshmen Tomorrow

"All freshmen must wear placards bearing their names, with all letters being three inches high, starting tomorrow morning and continuing to do so until ordered to stop by the San Hedrin." Such was the command issued by Fred Bearden, High Priest of the council, in an exclusive statement to the Sou'wester. All frosh not complying with the request will be duly and justly punished, Bearden said.

The sign idea is just one of the many tricks that the council has up its sleeve for the discomfiture of the freshmen. The frosh must wear the signs from 8:20 a. m. tomorrow morning until they have permission to stop wearing them.

### WEAR HATS

The straw hat rage will continue in effect until the varsity football team has won two games. Under no condition will this rule be changed, Bearden advised the Sou'wester reporter.

This year the frosh are going to have a whole flock of tricks to pull off at the Lynx football games. The annual shoe race, which has long been a feature of the first football game, will be elaborated upon this season, it was learned. Other equally "amusing" stunts are in the offing.

### WATCH PAPER

Bearden warns the freshmen to keep a close lookout for the Sou'wester, for it will contain valuable and necessary news for the benefit of the freshmen from time to time. All notices published in the college paper are official notices, so frosh, beware if you don't see them.

### Student Council To Meet In Bell Room

The first meeting of the student council will be held at 1 p. m. Monday in the private dining hall of Neely Hall. Harold High, president of the council, announced that important business would be discussed, and all members are urged to attend.

## Watkins Takes Cruise To Europe

"All aboard." Where to? Why, haven't you heard about Henry Watkins' trip to England? Then put your book down and find out what one really does when one crosses the "big pond." It seems that Henry embarked from New Orleans on a British ship. British ships are all tight when they let you wear a snappy uniform and place you next to the Captain at the table.

Our "hero" was "ranked" as a petty officer and from what was told, it appears that his job was to drink the ship dry—of tea. It seems that old England dearly loves to have this beverage served on her ships three or four times during the course of the day. No doubt Henry was forced to undergo this ordeal to duly punish

him for our own Boston "tea party." The meals were good, and the only complaint was that the cabbage was rather strong after the third week. The difficulty that seemed to stump our young adventurer was the problem of obtaining enough ice water, a problem which was never fully solved.

As Henry was the only American on board, he had quite a time battling for "Old Glory." According to the sailors, England had better cities, better roads, and even better homes than those in the United States. In fact, the only thing in which Americans excel Britishers is in the making of good coffee.

When the ship's crew arrived in Liverpool they were greeted with startling news. According to the local

### FACULTY GAINS 3 NEW PROFS

Dr. C. L. Baker Supplants Dr. J. B. Lackey

Three appointments to the Southwestern faculty have been announced by Dr. Charles Diehl. The new professor and instructors are Dr. Clinton Lyle Baker, associate professor of biology; the Rev. William Fordell Orr, instructor in Bible; and Miss Barbara Bates, instructor in German. The latter are two graduates of Southwestern.

Dr. Baker succeeds to the post left vacant by Dr. James B. Lackey, who will assume the professorship of biology at Seton Hall, South Orange, N. J. Dr. Lackey has been a member of the Lynx faculty for the past four years.

### DR. BAKER A Ph.D.

The new zoology head comes to Southwestern from the University of Detroit. He has had teaching experience at Emory University of Atlanta, Millsaps College, and Columbia University before being on the Detroit faculty. He received his Ph.D. degree from Columbia.

Rev. Orr will have charge of one of the freshmen Bible sections. He is a graduate of the Louisville Theological Seminary, where he made a most brilliant record, having been awarded the Fielding Lewis Walker fellowship for his fine work. He has also done a year of graduate work and has taught in the Louisville Seminary for a period while he was doing his graduate work. He is the son of Dr. John W. Orr, pastor of the McLemore Ave. Presbyterian Church of Memphis.

### MISS BATES LYNX GRAD

Miss Bates assisted in the teaching of German at the college last year but this session she will hold the position of instructor. She was graduated in the class of 1930. During her stay in college, Miss Bates served one year as president of Alpha Theta Phi, college scholastic society. This honor is awarded to the student making the best grades during the first three years of their college course.

### Lynx Club To Elect Members Sat. A.M.

The Lynx club will select 15 sophomores for membership in the organization tomorrow, it was announced by Ralph Booth, president, this morning.

A nominating committee of Harvey Drake, Russell Perry, and Louis Bormman has been named by the president to draw up a list of nominees. Nominations may also be made from the floor.

### FRATS PREPARE FOR SEASON OF WARM RUSHING

Make Dates Wednesday Morning 8:05 O'clock

### PLEDGE ON SATURDAY

Sorority Rushing To Start Thursday

The Greek letter organizations on the campus are planning for the three big days of fraternity and sorority warfare that will open on Wednesday morning. The frat bloodshed will last for three days, while the frailer of the flock will continue their battles for a two day period.

Quiet season, which has been observed since Sept. 10 by the men students, will sink into oblivion on Wednesday at 8:05 a. m. At that time the various fraternities will be allowed to make dates with the freshmen. First come, first served, will be the order for making the dates.

### PLEDGE SATURDAY

The men's rush season will last for three days, Wednesday, Thursday, and Friday, and will be climaxed by the pledging of the new students on Saturday evening at 6:15 p. m. The second quiet season of the year will be observed from 1 a. m. Saturday until the time for pledging. During that time no fraternity man may speak to any freshman along the lines of fraternities.

The sororities will delay their rushing a day and will start Thursday morning at 8:30 o'clock. All sorority rushing is to be done between the hours of 2 and 7 p. m. on Thursday and Friday afternoons. Quiet hour for the girls will start Saturday at 4 p. m. and lasts until the pledge service begins at 8 p. m.

Pledging for both the men and women students will be by the preferential system and will be conducted by appointed members of the faculty. The men students will assemble in Palmer Hall to signify their choice of fraternity, while the girls will meet in Room 108 Science Hall for their ceremony.

### GIRLS HOLD TEAS

The sororities will have teas during the rush season. Each sorority has a definite hour for their tea and they will not be allowed to keep their "dates" for more than an hour. All girls must fill their dates with each sorority. It is possible for each girl to have two dates with each girl.

### San Hedrin Cohorts Selected By Head

Dixie Mae Jennings, High Priestess of the Girl's San Hedrin Council, has chosen the members of the council. She has chosen Virginia Reynolds, Chi Omega; Margaret Tallichet, Alpha Omicron Pi; Grace Carkeet, Delta Delta Delta; Eugenia Weeks, Zeta Tau Alpha; Kate Cleveland, Kappa Delta; and Nell Davis, non-sorority.

The council has planned a number of stunts for the freshettes to do for several weeks. The freshettes are already wearing their "baby bonnets" and Dixie Mae says that the council has a lot of dark plans up their sleeves for the future.

### Jones To Seminary

Paul Jones, after spending a successful summer, serving as a traveling ambassador for Southwestern will enter the Louisville Theological Seminary this fall. Paul was formerly president of the Southwestern Christian Union.

**KEEP OFF THE GRASS**

During the summer months, the campus hired help has spent many hours improving the grounds of the college so as to make it have the beautiful campus that today stands as one of the most picturesque in the South. One of the most prominent improvements made on the campus was the sodding of the campus between Palmer and Robb Halls.

In past years, the grass has failed to grow to any great degree on this part of the campus. Today, this same patch of ground is completely covered by a heavy layer of freshly packed and watered sod, that required many hours of labor to get finished before the college opening.

It should be a matter of pride with the students of Southwestern that they should be able to boast of one of the most beautiful of campuses. If the newly sodded grass isn't given the proper treatment, it will soon die and only dust will be where grass now holds sway. Therefore it should behoove the students to keep off the grass and give it a chance to grow. When the grass has taken a firmer rooting and started growing, then will be the time for it to be walked upon. Until that time, it should be left alone and given a chance to grow and improve the looks of our campus.

**LABOR OMNIA VINCIT**

Another college year has rolled around and a varied and conglomerated group of students have answered the call of Southwestern. Often times, it is very easy for students, especially the freshmen, to forget that the real purpose of college is to get an education. Many soon fall into the pitfall of not studying and wake up to find themselves in such an abyss of work that there is no extraction, try as they will.

The thing for each student to remember is the slogan of the Romans, "Labor Omnia Vincit." Work from the start to the finish and no task will be able to dismay you through your entire college career. Start off with a bang. Give the professors the impression that you are a worker and are going to continue to do so until you have finished your college course. Four years from now you will be able to look back with a smile of satisfaction, if you have done your best.

**Just a Bit of Dorm Life**

**Calvin Hall**

Dr. Strickler has left the confines of Calvin Hall in favor of an apartment. Dr. Bassett has taken his place and will be the "guardian angel" and protector of the freshmen in Calvin.

Calvin Hall is popular with Freshmen this year. Everywhere one turns, there are bashful (more or less) youths with big straw hats. A few old timers including Drake, Coleman, Sigler, Hunt, Oliver, Porteous, Benseberg and Overholser, will undoubtedly keep the Frosh horde subdued.

The telephone problem which is always a serious one to the upperclassmen in the hall seems to be well taken care of. The new men have learned by intuition or some other source, perhaps the San Hedrin, that it is their duty to answer the phone and are staying on the job at all times.

Much of the old "zip" and noise of previous years seems to be lacking to date but with the increase of activities, things will soon pick up and be as busy as ever.

**Robb Hall**

The sudden flow of an unusually large number of Freshman occupants into Robb Hall somewhat dampened the spirits of many revenge-seeking Sophomores. Upperclassmen realize the truth in the old statement, "There's safety in numbers," and, for the present, have decided to let the Frosh go their merry way and enjoy the many bright lights offered by the city of Memphis.

The presence of so many freshmen, coupled with the able supervision of Profs. Cooper and Bassett, who rule supreme on their thrones in dear old Robb, have resulted in a disposal of the usual nightly go-arounds. In

fact, the brisk swish of the paddle, which is a joyful sound to the ears of upperclassmen and a terrifying sound to the ears of Freshmen, has not been heard this year.

The Dealer in Agony to the Freshmen Class, Fred Bearden, has been spending his nights attempting to teach the Freshmen how to spell the word "heinous." So far Freddie has not been able to find a Freshman who even knew what the word meant, much less how to spell it.

**We Are Now Open for business in our new Location**

**Catering Especially to Fraternity and Sorority Rush Parties— Luncheons and Dinners**

**REX GRILL**

1861 Madison Ave. Gilmore Apts.

OPEN ALL NIGHT

**Campus Candle**

As the title of this column implies, it is the earnest desire of the writer to give his public (all four of them) the "highlights" on the low life of the campus. Everybody take everything in the spirit extended—a strictly honorable one, I assure you—and let's have a lot of fun together.

The first days of school are quite trying to an old-timer like myself. Missing old faces, finding new ones—it's all in the day's work. Reeves Manker, Marion Painter, Paul Jones, Malcolm Ritchie, "T" Hudson, Grace Rowland Rogers—those gals from Tupelo—were among the old studes to pay us a visit.

But of course the frosh were the big center of attraction. You know how it is when there are new girls on the campus. Those foxy upperclassmen have certainly been eyeing them with an eagle eye ever since the class of '36 arrived. And to cap it all, the freshettes have not been opposed to anything said or done. Wait 'til that San Hedrin starts in on them with a vengeance.

Then there are those transfers that are to be considered. Ann Sullins, that beauteous gal from Jackson, Miss., and Zelda O'Brien, the lovely lady from our own fair city, not to mention quite a few other good lookers.

# Lynx Prep For Gridiron Warfare

## TOUGH GAMES ARRANGED FOR LYNX GRIDDERS

Six Home And Four Out Of Town Games

END SEASON HERE

Sewanee and Ole Miss To Be Played Here

In just one more week, the Lynx football aggregation of 1932 will embark on a journey that will lead them over a ten game schedule, the stiffest in the gridiron history of the college. Six home and four out of town games have been carded by the forces of Haygood, Miller & Co.

The Lynx will not have a single "breather" on their schedule. The team will open the season next Saturday against the potent team of the University of Alabama at Tuscaloosa and will close at Fargason Field on Thanksgiving Day against the forces of Springhill College of Mobile.

During the intervening space, the Lynx will engage Union University, Millsaps, Sewanee, Mississippi Teachers, Howard, Birmingham-Southern, Mississippi State, and the University of Mississippi.

Of all the words of tongue or pen, Whether shouted, written, or hissed; There are none so sweet As "Case Dismissed."

## SOUTHWESTERN GRID MENU

- Sept. 24—University of Alabama at Tuscaloosa.
- Oct. 1—Union University at Jackson (night game).
- Oct. 8—Millsaps at Memphis.
- Oct. 15—Sewanee at Memphis.
- Oct. 22—Mississippi Teachers at Memphis.
- Oct. 29—Howard at Memphis.
- Nov. 5—Birmingham-Southern at Birmingham.
- Nov. 11—Mississippi State at Starkville.
- Nov. 19—University of Mississippi at Memphis.
- Nov. 24—Springhill at Memphis.

## RUN TOO MUCH FOR PORTEOUS

Lynx Miler Passes Out In Nine Mile Run

Clark Porteous, Southwestern's star miler, is not the "whattaman" that he has professed to be. Dame rumor has it that this cinder pounder went down to New Orleans with the absurd idea that he could run a nine mile road race. The result was that he collapsed 200 yards from the finish with brain fever. No! It could not have been brain fever with the lad running nine miles. It must have been sunstroke.

Anyway, the Mississippi youth was delirious for over two hours in an emergency hospital. He told strange tales while out of his head and even proposed to his nurse. Being sensible, she rejected him. Henceforth, young Porteous will stick to the mile—maybe.

## LYNX TO PLAY PRACTICE TILT

Reds and Blacks To Meet Tomorrow At 3 P.M.

The first football game of the season will be played tomorrow afternoon at 3 p. m. when the Reds and Blacks of the Southwestern varsity squad tangle in mortal combat on Fargason Field.

The game will be used by the coaches as a means of getting some kind of a line on their material for the Alabama game which is to be played Saturday week.

### KEEN RIVALRY

A lot of rivalry exists between the members of the Red and Black squad and neither will take a licking (so they say). Coach Miller will direct one squad of the two teams, and Coach Haygood will handle the other.

Upperclassmen remember the fine practice games played last year and in the spring training season. Large crowds witnessed the games, and the students are urged to come out and see the Lynx give their first performance of the year.

## Junior College Men Bolster Lynx Team

The 1932 edition of the Lynx will be bolstered by two Junior College candidates. They are Carrol Johnson, a husky end from Senatobia, Miss., and Morris Thomas, a big tackle from Currethsville Junior College.

Johnson tips the Fairbanks at 160, while Thomas is some twenty pounds heavier. Both should make Southwestern capable reserves and may force their way into the regular lineup before the season ends.

## Grover Durant Gets Year's First Injury

Grover Durant, a Junior from Mobile, Ala., was the first casualty in the Lynx camp this season. Oddly enough, Grover was not injured in scrimmage. He sprained his ankle by stepping in a hole while running down on a punt. Durant will probably be out of the running for a while anyway.

## Hightower to Coach New Albany School

George Hightower, Lynx girdder of past years, will coach the New Albany High School team at New Albany, Miss. Last year Hightower served in the capacity of assistant coach and ascended to the position of head coach this season.

The New Albany mentor will bring his aggregation to Memphis on Sept. 23, when the Tech High Yellow Jackets will do battle at Hodges Field. News dispatches from New Albany say that the coach will have a fast and powerful team to throw against the Memphians.

## Dr. Bassett Now a Resident of Calvin

Dr. Henry J. Bassett, assistant dean of the college, has become a resident of the campus. Dr. Bassett has moved his living quarters to Room 200 in Calvin Hall. He is occupying the old suite of Dr. Strickler.

The arrival of the assistant dean on the campus gives the boys of Calvin a new faculty representative. Last year Dr. Strickler watched over the boys to keep them from straying from the straight and narrow path.

## LARGE NUMBER FROSH REPORT

Thirty-Four Candidates Answer First Call

The largest squad of freshmen in the history of Southwestern football greeted Coaches Haygood and Miller in their initial practice on Fargason Field Tuesday. There were sixteen backs and eighteen linemen. As is usually the case, there is a surplus of backs and ends, and a paucity of hefty tackles, guards, and centers.

The talent of the first year men seems to indicate that the team will be fast and light, with a particularly formidable backfield. The coaches could place an All-Memphis backfield on the team, if they so desired. The All-Memphis men in camp are Hutsie Harwood, Central; Dick Whittaker, Central; Neal Tapp, Tech; and J. R. Mann, of Central.

### STIFF WORKOUTS

The coaches have been putting the boys through some heavy preliminary work and they will soon be ready to engage the varsity in scrimmage. Coach Miller has been teaching the linemen, and they seem to make up in aggressiveness what they lack in brawn.

### TEAM ROSTER

The roster of the boys of the Class of '36 is as follows: Neal Tapp, Dick Whitaker, J. R. Mann, Hutsie Harwood, Richard Mays, Ed Mays, Walker Lewis, Howard Ramsey, Sidney Strickland, John Hughes, Leslie McKee, Jimmy Hart, Eugene McKendrick, Harvey Jones, Glenn Yates, Wallace Gilberton, Ed Hutchinson, Martin Cobb, Jack Elder, Hilliard Jordan, Jimmy Haygood, William Hawkins, Richard Drake, Douglas Grymes, John Dix, Leslie McCormick, Murray Rasberry, Francis Benton, H. L. Lumpkin, George Hymers, Julius Klaus, Sammy Braswell, James Rogers, Dorsey Barefield, John Baker, and Fritz Schultz.

## OPEN SCHEDULE AGAINST 'BAMA

NEXT SATURDAY

Prospects Bright For a Successful Year

SQUAD IN CONDITION

Fast Backs, Heavy Line For '32 Edition

One week from tomorrow, Southwestern's Lynx will blow the lid off the gridiron season against the Crimson Tide of Alabama. This is the second year of the Haygood-Miller regime and should be even better than the successful season enjoyed by Southwestern last year.

Although they realize the strength of the charges of Coach Frank Thomas, the Lynx will trek down to the Capstone confident of making things interesting for 'Bama. Jimmy Haygood formerly coached at Alabama. John Miller graduated from the Tuscaloosa institution and starred with the Rose Bowl champions of '30, and Captain High is a native of Alabama. Hence, all three are particularly anxious to make an impression on the "home folks," so the old dope bucket is in a precarious position.

### IN GOOD SHAPE

Coach Haygood plans to place his eleven best men on the field against Alabama. The boys have been working hard since Sept. 1 and are fast rounding into the proverbial "pink" of condition. Captain High is several pounds heavier and seems more elusive than ever.

Herbert Newton is showing plenty of drive and should have a great year. Sheriff Knight and Soph MacElder are battling for fullback and look good.

## HONOR COUNCIL MEMBERS TO BE SWORN IN

Installation Service To Be Held Soon

RULES ARE SET FORTH

Penalties And Trial Are Explained Below

The Honor Council will be officially installed next week.

It is the purpose and duty of the Honor Council to promote and safeguard the Honor System and the Honor Spirit at Southwestern. It will consider and act on any violations of this Honor System.

The members of the council are Ralph Booth, James Daimwood, Harold High, Ione Wall, seniors; Charles Crump, Catherine Davis, Robert Pirangle, juniors; Olive Black, McLemore Elder, and Charles Sherman, sophomores.

The junior class will meet on a date to be announced to select a member to replace Guy Mitchell, who has withdrawn from college.

The Freshman members, one man and one woman, will be elected by the Freshman class on Monday, October 17.

It is the duty of every student, as each promised upon signing the Honor System entrance pledge, to act in accord with and report any violation of the Honor System. These violations can be made either in class or in the preparation for a class. Each professor will make clear what he regards as honest or dishonest work, and also to what extent references may be used in his courses.

When a student caught in or suspected of dishonesty is reported to the Honor Council, it is the duty of the Council to call whatever witnesses may be necessary and try the suspected student. If he is found guilty, the council is expected to pass a sentence of expulsion, notifying the Dean of this action immediately.

If the council desires to be lenient, it may commute this penalty to one of suspension from the college for at least one semester.

If extremely extenuating circumstances are connected with the act of dishonesty, the council is empowered to impose other penalties at its discretion.

The name of each student convicted of dishonesty, the charge, and the penalty decided upon will be announced to the student body by the president of the council.

Any decision of the council may be appealed by the defendant, accuser, or minority of the council to the Faculty. This appeal must be made, however, within twenty-four hours after the decision of the council has been announced, otherwise the decision stands.

If the faculty sees fit to reverse the decision of the council, a re-trial is recommended. This time the decision of the council is final, and the case is considered closed.

## Pan Hellenic Gives Tea For New Girls

The Women's Pan Hellenic Council will entertain for all new women students of the college tomorrow afternoon from 3 to 5 p. m. with the annual pre-rush season tea. The tea will be given in the cloister of Palmer Hall.

All girls, both the new students and the upperclass sorority members, are invited to attend the tea and become acquainted with one another.

**MEET ONE ANOTHER**  
By having the Pan Hellenic tea before rush season, the sorority members will be able to meet a number of the girls whom they haven't had the opportunity of meeting due to "quiet season." Also freshettes will have the chance to become better acquainted with the various sorority sisters across the tea table.

## Five Students Spend Summer Selling Magazines To Populace In Southland

Holloway, Pettit, Baker, Ritchie, and Gregory Tell Vivid Tales of Long Trip

Five Lynx students arrived on the college campus Sept. 1, bringing lurid tales of adventure and hard work after a summer of labor. The quintet was a group of magazine salesmen who had spent the summer months canvassing the mid-south in search of subscriptions, and lo! and behold! they got them!

The group was composed of James Gregory, Vernon Pettit, Herman Baker, Malcolm Ritchie, and "Team Captain" Thompson Holloway. These five were only the remnant of a crew of 11, that started out in the early part of June. The deserters left the rank and file of magazine salesmen at Monroe, La.

The salesmen were vending five of the nation's best magazines, and to quote the salesmen, "They sold themselves." The silver tongued orators started out selling to their public in Memphis and from here they moved to Little Rock, Ark. They spent one week on the Pebble City.

### ROUTE OUTLINED

The course from Little Rock led in order of succession to Pine Bluff, Camden, El Dorado, all in Arkansas; Monroe, Alexandria, Baton Rouge, Lafayette, and Lake Charles, in Louisiana; Houston, Victoria, San Antonio, Austin, Waco, in the Longhorn state; a short trip over the Mexican boundary; back via Shreveport, Texarkana, Little Rock and in to Memphis.

During their sojourn in the South, the salesmen visited 10 of the leading colleges of the southern section. Among the colleges visited were Louisiana State University, Texas University, North Texas State Teachers College, and Southwestern of Louisiana.

123456—I hear we have a new alma mater.  
654321—What's that?  
123456—The Bars and Stripes forever.

## Tony Passes

Tony, the perennial student despite the fact that he was never enrolled, has passed from the bonds of Southwestern. Tony entered into rest on August 24 after spending 85 years on this earth doing his bit to cheer the students of Southwestern with his renowned expression, "Gooda girl" or "Gooda boy."

The old man had endeared himself to the hearts of the students and was ever present on the campus to commute his philosophy to the students in broken English.

One of the most binding of the acquaintances that Tony made was with Angelo, the apple man. The two would often stand for hours at a time and discuss various and sundry problems in their native Italian tongue.

## RETREAT HELD BY S. C. UNION

Three Day Meeting Held. Dr. Diehl Speaks

The Southwestern Christian Union held a three day "retreat" prior to the opening of the college. The members of the cabinet of the Union assembled at the college on the Wednesday before school opened, and the "retreat" opened with a dinner given in the Bell Room of Neely Hall on the same evening.

After the dinner, the delegates assembled in the social room of Palmer Hall where a general discussion opened with singing, and afterwards, Dr. Diehl delivered the keynote address of the "retreat." The delegates then discussed the ambitions, hopes, and purposes of the meeting.

"There is the destiny that shapes our ends," quoth the freshman as he assumed the angle.

## "Chicken" High and the Lynx Lair

Extend a hearty greeting to old friends and new students  
Economical Lunches Served from 12 to 2 P. M.

### LYNX LAIR

Basement of Neely Hall

*"Nature in the Raw is seldom MILD"*

### THE PILLAGE OF PARIS

"Nature in the Raw"—after the great French artist Luminais... inspired by the savage fierceness of untamed Norsemen in the ruthless capture of Paris—845 A. D.

—and raw tobaccos have no place in cigarettes

They are *not* present in Luckies... the *mildest* cigarette you ever smoked

**WE** buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild—" so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

**"It's toasted"**  
That package of mild Luckies

*"If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, tho he build his house in the woods, the world will make a beaten path to his door."*—RALPH WALDO EMERSON.  
Does not this explain the world-wide acceptance and approval of Lucky Strike?
