## LYNX MEET MAJORS TOMORROW

### Beta Sigma Granted Chapter In Sigma Nu

#### Change To Be Within Thirty Days

Local To Be Installed By Nearby Chapter of Sigma Nu

Beta Sigma, local Southwestern fraternity, has been granted a chapter by the High Council of Sigma Nu Fraternity. The final ratification vote was passed by the collegiate chapters of the national fraternity following the favorable vote of the Grand Chapter meeting last summer.

Induction of Beta Sigma actives and alumni members into Sigma Nu will be within 30 days, with Sigma Nus from either Tennessee, Vanderbilt, Sewanee, or Kentucky conducting the installation services.

Beta Sigma was organized when Southwestern moved to Memphis by Rev. Wayne W. Gray, of Clarendon, Ark., for the sole purpose of petitioning Sigma Nu for a charter. The local chapter has refused several offers from other national fraternities, remaining steadfast in their original purpose.

Active members of Beta Sigma who will be initiated into Sigma Nu are: William Cobb, president; Gordon Fox, vice-president; Curtis Johnson, secretary; Ed Hutchinson, treasurer; Dick Mays, Clark Porteous, Henry Oliver, Herbert Williams, Robert Williams.

Pledges are: William Evans, William McCaskill, Paul Freeman, Dan Hammon, James Breyspraak, Lynn Broadfoot, Gordon Medaris, Neil Tapp, Jim Tompkins, and J. B. Horton.

#### C. U. CABINET SELLS APPLES

Christmas Tree Fund To Get Proceeds

Christian Union Cabinet decided to sell apples on the campus to raise funds for the Christmas tree for the needy at its meeting Wednesday night in the Bell Room. The Christmas tree is an annual event and the Cabinet has adopted this novel way of raising funds to carry on the good work.

Apples will be sold on the honor system, the box being placed on the campus with a money-box beside it. Students will help themselves and leave a nickel for the apple taken. The Council believes that the student body warrants the trust they are placing in them.

#### Dr. Robertson, Goucher Head, Asserts Individual Pupils Must Be Understood

Gives Varied and Interesting Ideas On Education In Interview with Sou'wester Reporter

Dr. David Allan Robertson, president of Goucher College and member of Phi Beta Kappa Senate, said that the important factor in education today is to understand the individual student. He gave a *Sou'wester* reporter an exclusive interview after the dinner given in his honor by Dr. Diehl.

Dr. Robertson went on to say that every individual student has a right to be understood. He said, "Students shouldn't be sent to college, but should want to go. There is room for every type of institution, large and small, vocational and otherwise. I believe that every institution and subject taught is to some extent vocational. Large corporations today want youth with well-developed personalities, not mere mechanical skill which is apt to become obsolete within a few years."

He believes in the efficiency of in-

intelligence tests such as the Stanford-Binet, Strong vocational test, and the American Council test, which is used at Southwestern. "These tests can be used to get the individual's principal strength and he can be advised accordingly."

Dr. Robertson stated that he was in favor of intercollegiate athletics, but was decidedly in favor of having them supplemented to the health program. He advocated having the college doctor have the final say-so whether an athlete could participate, rather than the coach who might be too set on winning to consider the future health of the boy.

"Right now," according to Dr. Robertson, "large colleges such as Columbia know more about the personnel of

#### HONOR COUNCIL AMENDS RULES

To Deal With All Phases Of Campus Honor

Because of recent incidences of dishonesty on the campus, the Honor Council wishes to emphasize the fact that a spirit and tradition of honesty pervades all phases of campus life.

In accordance with this wish, and in order to make each student more conscious of his obligation to see that not only he, but all other students uphold Southwestern's high tradition, the Honor Council has seen fit to amend its Constitution as follows:

"The purpose of this body shall be to foster the honor spirit at Southwestern. It shall have the power to try any member of the student body of Southwestern accused of employing dishonest methods or practices in academic pursuits or other phases of campus life."

This action of the Honor Council marks no great change in the relationships between student and student, or between student and administration. Each member of the student body has already signed a pledge to give full and hearty support to the Honor System of student government. The amendment to the Constitution is a result of the conviction held by both the Honor Council and the administration that the broadening of the council's powers will give to Southwestern a truer and more perfect system of Honor government.

#### Davis Will Speak To Men's Bible Class

Men's Bible Class will have Dr. John Henry Davis as their speaker at nine o'clock Sunday morning in the social room of Robb Hall. Dr. Davis will speak on the book of Ecclesiastes.

#### SNAKE-BIT PIERCE!

Herbert Pierce claims that he is the most unlucky boy on the campus. The other day, a rotten limb snapped off a tree under which he had parked his rusty fliiver. The result was a broken windshield.

While investigating his damaged car, a lab experiment that he had been working on two weeks exploded and he had to start all over again.

#### KA'S PLAN NEW LODGE

Will Begin Work Within Next 30 Days

Another lodge will soon grace the evergrowing fraternity row. Plans have been completed for the new Kappa Alpha fraternity house, and work will begin within the next month.

It will be located on the lot adjoining the SAE house, thus completing the front of the fraternity quadrangle.

Gothic in design, the lodge will be constructed of the same type of stone as the college. It will have a slate roof, low-walled, terraced porch, and built in chimney in front.

The house will cost approximately \$8,500.

#### Stylus Contest Rules Announced

Louis Nicholas, president of the Stylus Club of Sigma Upsilon, national literary fraternity, announces the following regulations for the contest which the Club is sponsoring.

All manuscripts are to be handed the president by Nov. 28.

All manuscripts must be typed.

There will be a prize of \$2.50 each for the best prose work and the best poem.

There is no limitation upon either the length or nature of the work submitted.

The prose may be a story, personal or formal essay, review, play, etc., and the poetry of any form or style.

All works previously published are ineligible.

The winning works and those receiving honorable mention will be published in the Journal.

All students enrolled in Southwestern are eligible to compete.

Members of the faculty will act as judges.

All manuscripts are to be submitted without names.

#### Child Psychology Class Disapproves Whipping In Opinions On Discipline

Out Of Class Of 22 Only Four Approve; 18 Favor Corporal Punishment

Members of Child Psych. class gave their opinions as to how they were going to discipline their children. If their views are at all representative of universal opinion, by 1950 A.D., the old saying "Mamma spank" won't mean very much. Out of a class of 22 only four believed in whipping. One young lady in trying to clarify her definition of the above method of punishment only made things more ambiguous when she explained "Now by whipping I don't mean thumping on the head."

However, 18 believed in using corporal punishment on children from 2 to 8. By this they meant punishment which involved some pain such as slapping the hands. Perhaps this is the proper place for thumping the head. No one approved of never punishing or rebuking a child, but one

#### Southwestern Plays Millsaps Seventh Time

Majors Fresh from 3-0 Victory Over La. Normal

Southwestern meets Millsaps tomorrow on Ferguson Field at 2:30. It will be the seventh meeting of the militant Majors from Mississippi and the fighting Lynx. Southwestern has won four of the games and Millsaps two.

Fresh from a 3 to 0 victory over Louisiana Normal, Coach Gaddy's squad is gunning for the Lynx. It was the educated toe of Womack, star tackle, that defeated Normal.

Haygood intends to start his famous "pony backfield" that starred against Miss. State. He states that they will see service as long as they deliver the goods, regardless of the worth of the regulars they are supplanting.

The squad is in good shape for the fracas with the Majors. Dick Whitaker, who was injured in the Howard game, has been running with the team this week and will be available if needed.

Probable lineups:

Southwestern	Pos.	Millsaps
Barnes	L.E.	Anderson
White	L.T.	Womack
Bearden	L.G.	Morrison
Lloyd	C.	Godwin
C. Fox	R.G.	Meier
McCollum	R.T.	Ward
Wilson	R.E.	Alexander
Jordan	Q.B.	Holloman
Kelly	L.H.	Davis
Pickens	R.H.	Felder
Harwood	F.B.	Brumfield

#### FREE PHONE TO BE IN PALMER

Rules and Regulations Stop Dorm Phones

Due to rules and regulations which cannot be surmounted, the proposed free phones in the dormitories cannot be put in. Instead, the Publication's Office will have a phone in the ante-room off from the Librarian's office in Palmer Hall.

This phone will be available for the use of the students as long as it is not abused. Students are requested to refrain from making any long distance calls on this phone. The first violation of this rule will cause the removal of the phone.

A pay phone will be installed in Stewart Hall. It was thought that free phones could be secured, but so much "red tape" was piled up by the phone company that the idea had to be dropped except for the one instrument in Palmer.

**GREEK GROWLS**

BY AMERICAN.  
 Muchly accused, browbeaten, squelched and otherwise mistreated, Hiram Green has given up the ghost and passed into oblivion. No more will his one-fingered klack klacks haunt the Sou'wester offices. No more will coeds and eds shudder before they turn through the pages of the weekly publication. He has gone the way of all columnists, and thank goodness for that. Now somebody has the upperhand, and will he (Hiram) get his? Introducing AMERICAN! Hope you like it.

Hello there pun and all-heh, onc and all! This is "Guess-Who" Growling for the Greeks' awhile. Here is hoping that I don't suffer the same fate Hiram Green suffered.

Did you know that: Grace Braun, in spite of the fact that Painter was once called that in these columns, has taken upon herself the name of "Cleo?"

Humpko makes a nice "Asp." Reference: One AOPi party. Place: One professor's house. Time: After Jan Erskine left?

Ellen Canale is signing for wires via Western Union regularly. Wire you keeping that such a secret, gal? This American is a snooper.

Hal Atkinson and Johnny Bethea of the "Q-Bawl" Club bring back memories of the "Isle of Lost Souls."

Clough Eaton, big man from the South and Ed Wynn's only rival, has taken unto himself a squaw.

This campus is getting more impossible everyday. By the time the first snow falls what will be left? Now this Zeta party! Some of the lads in the dormitory are ready to admit that they were driven by hunger to positively steal food from the party. Lauren Watson was there dancing. A Kappa Sigma slipped once and danced with a Zeta, children there is no telling what all.

Why weren't those two ATO inhabitants of 101 Robb Hall so anxious for the Zeta Tau Alpha dance to come about? Do you really want to know?

Maybe they heard that the Buick sedan, which was the sitting place for the "picnic" they enjoyed the night of pledging wouldn't be there, and that their companions of that memorable evening would be unable to participate in the outdoor exercises previously enjoyed because of stern dates who insisted that they grace the interior of their lodge with their pressure, presence, power, etc.

However, these two eds, who flash at the mention of Annie and Betty, missed a wonderful opportunity. Unless my memory is very, very, wrong Mary Walton Sohm was Apple Pie "rep" at the function.

You know that old saying: "When the cat's away the mice will play." No hard feelings, please.

A bit of sour comment: "Yeah, but think what fun the cat's having."

What does Peter Rabbit say children?

Well, if you are good, I'll tell you next time.

SHE WAS ONLY AN ENGINEER'S DAUGHTER, BUT HER CURVES WERE UNPARALLELED.

**SCHOLARSHIP**

Last week's Sou'wester carried an announcement to the effect that 151 students had failed 242 courses at the report period. This is a disgrace to the student body of Southwestern.

It is true that we have a high scholastic standing and there are few "crip" courses taught here. Nevertheless, we have an intelligent student body. Entrance tests proved that. It is inexcusable for so many courses to be flunked.

Let's remedy the situation. If you cannot carry on extra-curricular and social activities and still pass your work, drop the extra activities.

Our primary purpose should be to get an education. It's here for us. Let's take advantage of our opportunities, if not for our own sakes, for the sakes of those who are sacrificing to keep us in school.

**This'n That On Campus**

Our nomination for stardom this week is John Hines as a combination of Graucho and Harpo Marx in "Duck-soup." The former because of his appearance and his senseless prattle, and the latter, because of his tendency to chase blondes (brunettes, too, since he is no longer particular). Oh, well.

One of the wonders of the week occurred at the College Club Saturday night. It seems that our "Bing" of the cloisters was so irritated when someone broke on him while he was dancing with the most "Elite" of the Chi O pledges, that he kicked a pane of glass out of a door and then paced up and down the hall until his wrath cooled sufficiently for him to join the happy throng. No yodeling was heard from that quarter on Monday, either, so the event must have had a lasting effect.

Another outstanding episode in this past week was when our Hope-ful (also meddlesome) Chi O wrote a certain University of Virginia-ite that our Alpha O song-bird (Duchess to you) was planning to get married. In his anxiety, he threw all to the winds and rushed home to see if he could remedy matters and was much chagrined to find that said young lady was only going to put herself on the market next year, if you know what I mean.

Good news for the "Father of Them All." The Rex Grill waitress from whom he borrowed fifty cents last summer is moving to California so he can soon resume his favorite hang-out.

Congratulations to the Misses Carroll, Sohm, Hunt, Sadler, Black and Griffin for being judged by the male element as the best shakers of a wicked light fantastic at this old dump by the Penguin Pen. (Apologies to Greek Growls). Cynic's Note: We can't understand why a certain KA sophomore, bespectacled and all, didn't win the boys' vote (He conducted the contest, y'know).

Quiz for Inquisitives: Was Spike McNeill really under the influence of Dr. Atkinson's hypnotism Wednesday morning or was his very sanguine face only part of his shine?

Phi Circle of ODK is sponsoring preparation of the float which will represent Southwestern in the Armistice Day parade Saturday morning.

Pres. David Edington has appointed Dr. Johnson, Andrew Edington, and Harte Thomas to have charge of arrangements for this undertaking.

The float is to be a large replica of Palmer Hall with north and south walls facing the street.

David Edington was chosen as delegate to the province convention which will be held Nov. 24 and 25. Notice of the meeting place has not yet been received. Alabama, L. S. U. and Millsaps are seeking the convention. There is a possibility that the entire chapter may attend if Alabama is selected.

## Dr. Robertson Opines On College Students

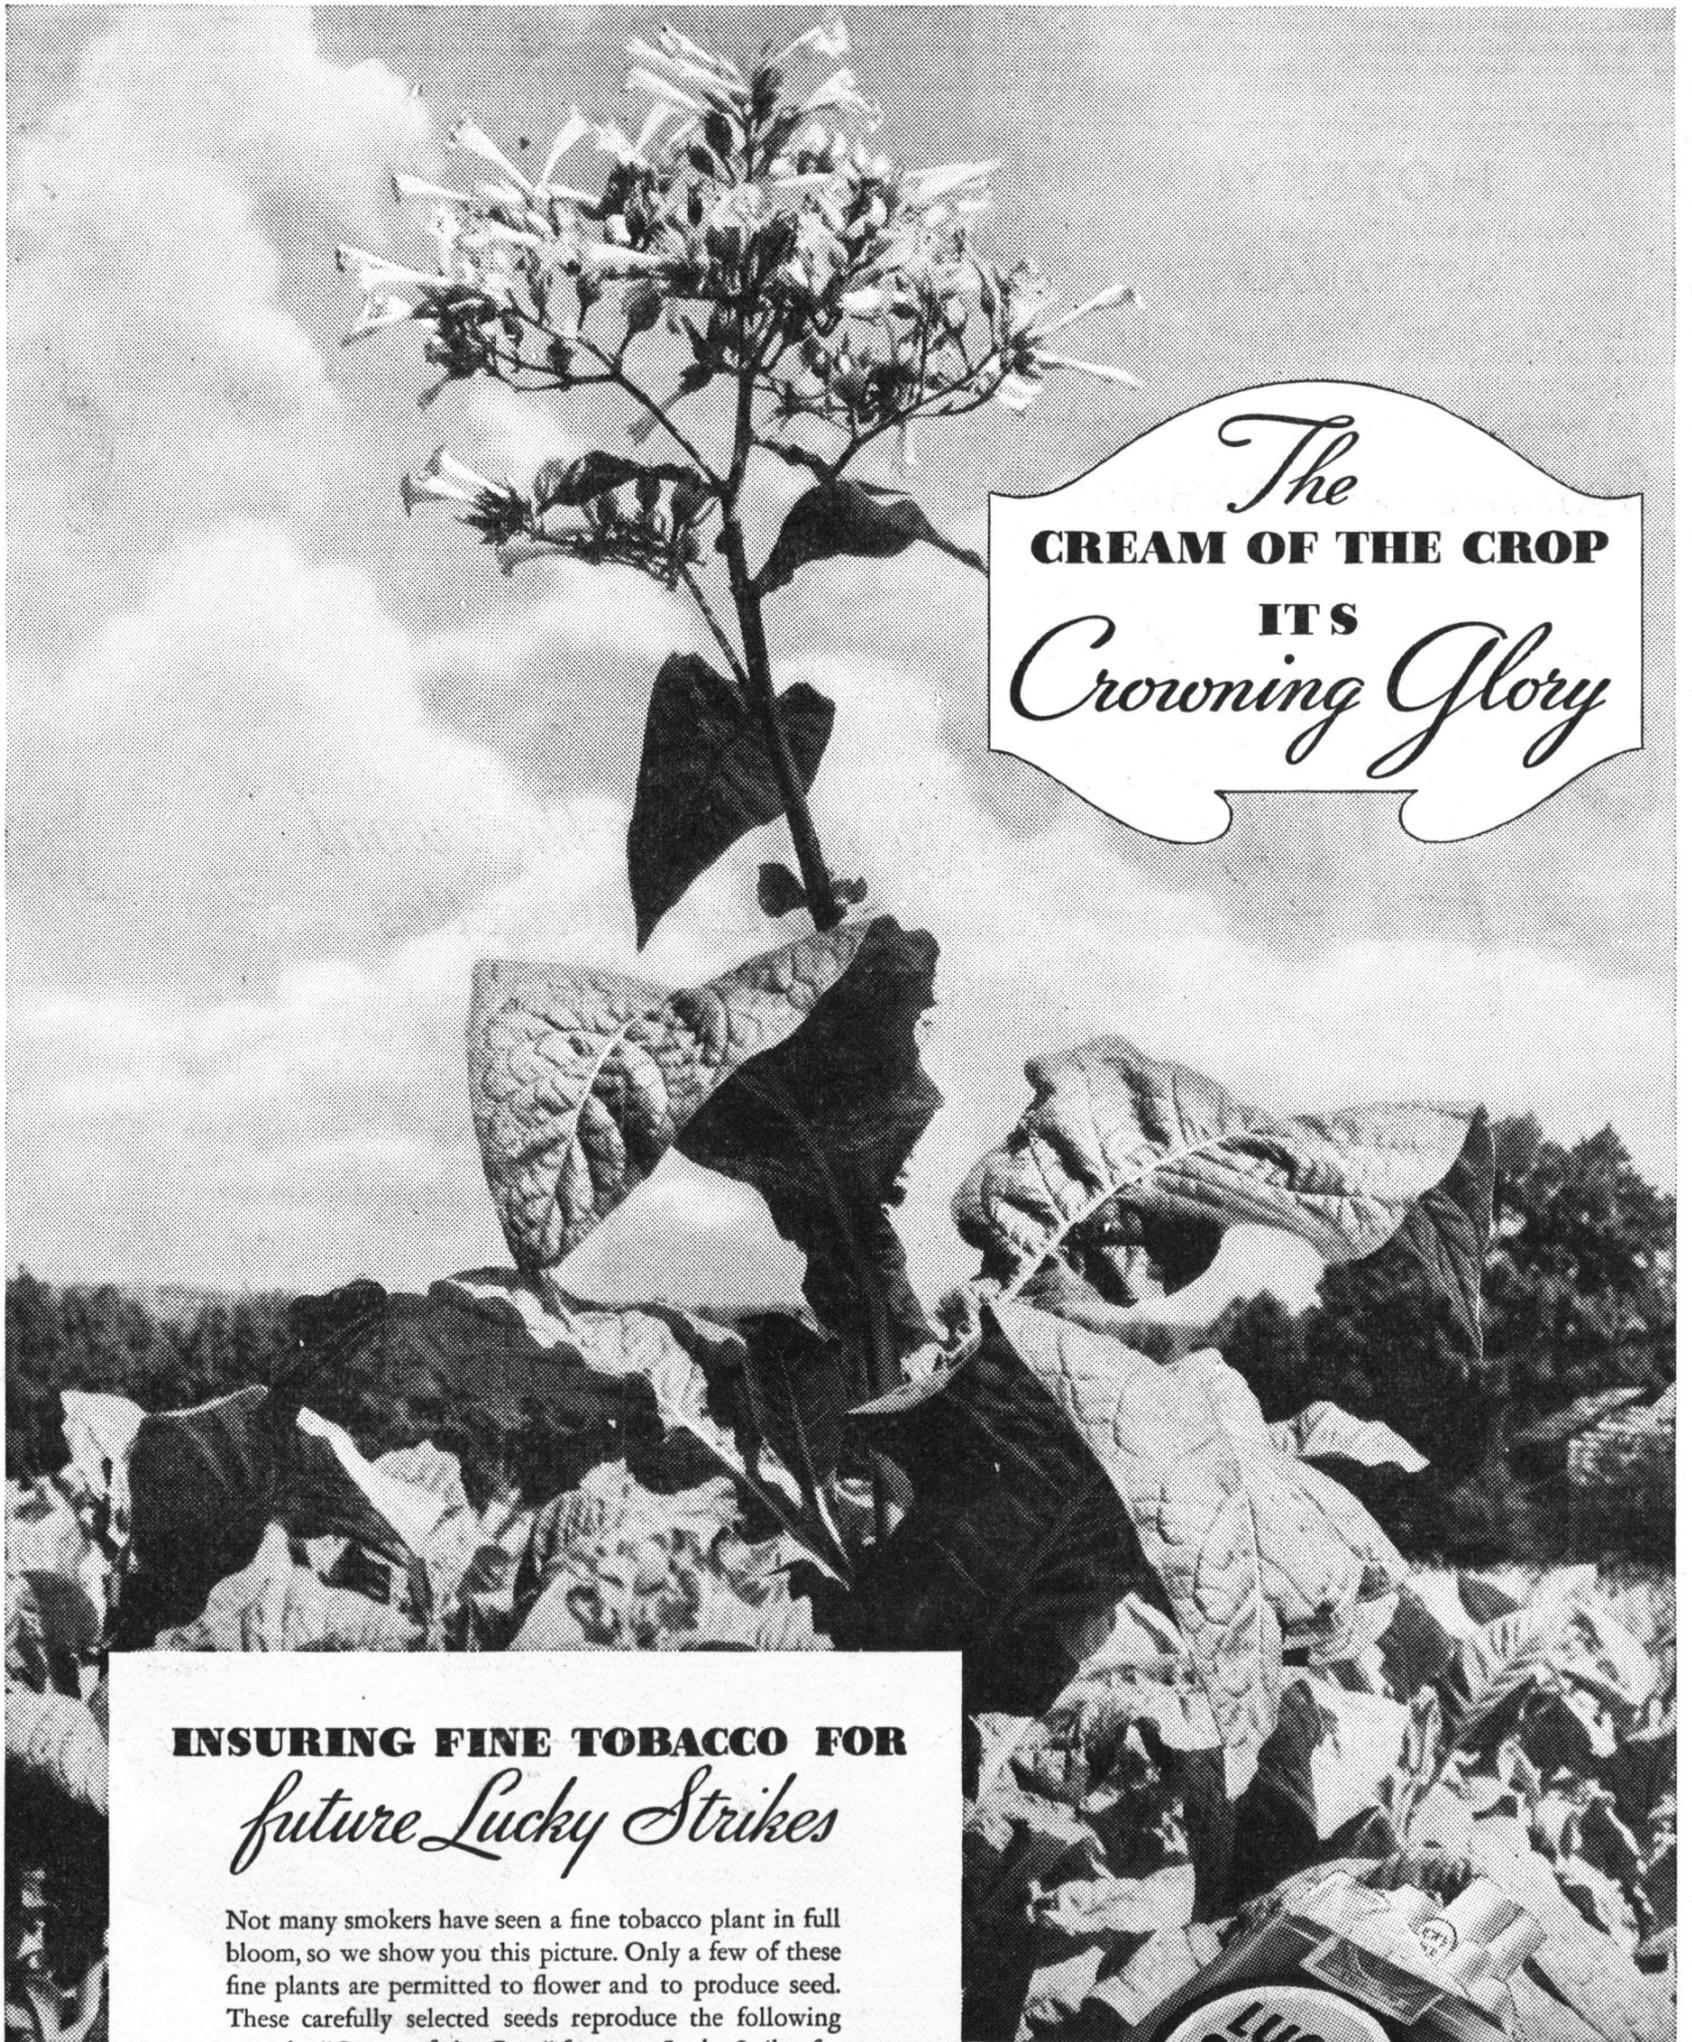

*(Continued from Page 1)*  
their institutions than smaller ones." He attributes this to scientific testing and record keeping, and looks to the smaller college to wield a great influence when they learn to use scientific procedure in recording individual cases.  
He advocates that colleges quit copy-

ing each other's faults and determine a definite policy as to what its students should know and do. He has followed this procedure at Goucher and has determined the following policy for more than 600 young women there:  
1. Maintenance of health, both physical and mental.  
2. Ability to comprehend and express themselves in their mother tongue.  
3. Master art of consumption of time, money and effort. This follows Roosevelt's economic policy, which

states that we must now learn to consume, as we have mastered the art of manufacturing and distribution.  
4. Aesthetic appreciation.  
5. Understand environment through aid of natural sciences.  
6. Master art of getting along with people.  
7. Understand universe and God to the best of human ability.  
Dr. Robertson went on to stress the importance of instilling will as well as skill into pupils, and emphasized

the fact that all influences should be considered in every case.  
At Goucher, a round table discussion is held before any student is dismissed for academic deficiencies. If the case can be remedied, that is done rather than expulsion. Opinions of the dean, doctor, education professor, who has charge of the tests, and others who contact the pupil are sought.  
Any interesting fact of such cases lies in the stress Dr. Robertson places on the opinions of the English profes-

sors. He claims that themes are largely auto-biographical and that they shed much light on the type of person the student is.  
Dr. Robertson concluded by asserting that the "flaming youth" era is definitely past. He finds the young women at Goucher are very serious about their work and have no use for collegiate rah rahism. He believes that this is largely due to the fact they realize the sacrifice someone is making to keep them in school.

### INSURING FINE TOBACCO FOR *future Lucky Strikes*

Not many smokers have seen a fine tobacco plant in full bloom, so we show you this picture. Only a few of these fine plants are permitted to flower and to produce seed. These carefully selected seeds reproduce the following year the "Cream of the Crop" for your Lucky Strike, for tobacco must be grown from seed each year. This careful breeding of fine tobaccos explains why Luckies maintain the same fine, uniform quality from year to year—so round and firm and fully packed—free from loose ends.

Southwestern freshman gridgers meet Northwest Miss. Junior College at Senatobia tomorrow, concluding their season's schedule.

As a result of the Central game, some changes have been made in the yearling lineup. Cy Williams is now at tackle, and Arthur McDonald has been returned to his original center position. John Quanthy and Gordon Medaris are running at guard in practice, and may remain there.

Weeks, Chapman, and Gartside came out of the Warrior fray with injuries which might keep them out of the game.

**Lynx Confident Of Beating Majors**

Every man on the varsity team is all pepped up over the coming game with Millsaps. By all outward appearances, the Lynx are determined to finish the season without suffering another defeat. Here are opinions of some of the players as to Southwestern's chances against the Majors:

Thomas Huckabee, "We are three touchdowns better than Millsaps."

Mac Elder, "Every man on the team is ready for the Majors."

Fred Bearden, "We are going to beat the h— out of them guys."

Mac Givens, "Beat them as many points as possible."

Coach Haygood's "pony backfield" is determined to give the boys from Millsaps the worst battle they ever had.

**Frosh Fail To Overtake 6 Point Lead**

Southwestern's Baby-Lynx dropped a 6 to 0 game to Central High School Saturday. In spite of good football exhibited by the frosh they were unable to score on their lighter opponents.

Central's score came as a result of a 75-yard run by Bradford, who was tackled one yard from the Bobcat's goal by Weeks. After three unsuccessful attempts Harrison carried the ball over for the tally.

Gartside played a good game in the frosh backfield and Davis showed up well in the line.

Bobcats made 10 first downs to their opponent's nine.

"When I think of milder cigarettes nowadays, I always think of Chesterfields.

"Because Chesterfields are milder. They've got plenty of taste and aroma to them but they've got *mildness* too!

"I smoke Chesterfields all day long

—when I'm working and when I'm not, and there's no time when a Chesterfield doesn't taste milder and better.

"I'll put in a good word any time for a cigarette like Chesterfields—they're mild and yet they Satisfy."
