## GIRLS' COUNCIL MAKES RULING ABOUT RUSHING

### Dirty Rushing Tabooed For Next Year's Season

"No dirty rushing will be held next year." Such was the decree sworn to by the presidents of the five sororities in a meeting of the women's Panhellenic council held yesterday. The women have determined to make a plea for fair and just sorority rushing next fall and will start on the cleanup plan immediately.

The fact that there might have been some rushing which rather bordered on the verge of unfairness last year, caused the Panhellenic to make the rules such that there wouldn't be any loopholes through which the sororities might slip.

Presidents of the various sororities were enthusiastic concerning the plans:

Eloise Brett: "We've never indulged in anything of this sort, so it doesn't bother us."

Mary Laughlin: "The A. O. P.'s don't have to worry about this as 'dirty rushing' is taboo with us."

Harriet Storms: "Whoever accused the K. D.'s of unfair means is—well, isn't nice."

Eugenia Weeks: "Never shall a bit of dirty rushing be a black spot on the escutcheon of Z. T. A."

Corinne Gautier: "The new ruling will have no effect on the Tri-Delts, as our lodge doesn't approve of this sort of thing."

## FACULTY CLUB TO GIVE BRAWL

### Club Avalon Scene of Shindig

The Shady Club, whose members are carefully selected from the faculty, will give a prime brawl Saturday night. It can be further added that April 1 is Founders' Day for the Shady Club, and always celebrated by the frolicsome members. The shindig will be thrown at the Club Avalon.

Sam Monk, president, will receive with Miss Harriet Storms, whose musical laughter is always a ray of sunshine. Prof. Davis, vice-president, will proudly lend his arm to none other than Miss Sally Griffin. It is a treat to watch that couple tangoing hither and thither.

Bill Shewmaker, secretary, after much deliberation has popped the question to Miss Sullens (Bill prefers blondes), and Anne has consented to attend the party with him.

Prof. Kelso, treasurer, will attend with Pud Mahan. Kelso and Miss Mahan have found a common bond in their golf interest. The members were quite disturbed recently when Kelso misplaced the club's funds. The entire amount was brought to the surface by a kindly squirrel who happened to dig the little money box up out of Prof. Kelso's backyard. Upon being questioned, Kelso admitted that he remembered having buried the box somewhere between Southwestern and his back door.

Other members and their dates are Prof. Pond with Miss Priscilla Painter, Prof. Atkinson with Miss Jim Gautier, Prof. Davidson with Miss Clara McGehee, Prof. Cooper with Miss Tress Canale, Prof. Bassett with Miss Katy Davis.

Pledges of the Shady Club and their dates: Charley Diehl with Humko Malone, Dean Hartley with Savilla Martin, Frenche Townsend with Lucille Woods.

A distinguished guest for the evening will be Prof. McCorkle, who will make the trip from Texas in order to personally escort Miss Mary Allie Taylor.

## GIRLS MAY GO TO FRAT HUTS

### Authorities Rescind Former Action

Dean Margaret Huxable Townsend has lifted the ban on girls going to fraternity houses. Mrs. Townsend in an exclusive statement to The Sou'wester said that starting tomorrow girls would be permitted to go to the frat houses with boys at any time they desired.

The rule which was enforced starting this fall was commented upon by the Dean of Women. "I think that an unfair advantage has been taken of the girls and it is only right that they have the former privileges."

## Holy Rollers To Meet Today At 3

The female "Holy Rollers" will meet this afternoon in Prof. Cooper's room. The meeting will open with a few drinking songs led by Sister Jean Reid.

A lively discussion will follow on "Why We Advocate Saloons." All the good sisters are urged to bring their dates along in order to make the crowd increase and to make them realize that their attitude against saloons is all wrong.

The next subject for discussion before the society will be "The Gangster and His Work With the World Today."

## DAVIS WRITES OWN STORY

By DR. J. H. DAVIS  
I had 12 bottles of whiskey in my cellar and my wife made me empty the contents of each and every bottle down the sink, so I proceeded to do as my wife desired and withdrew the cork from the first bottle, poured the contents down the sink with the exception of one glass, which I drank. I then withdrew the cork from the second bottle and did likewise with the exception of one glass, which I drank. I extracted the cork from the third sink and poured the bottle down the

## Fo'give Us

This issue will no doubt have news which may seem rather offensive to some students. Well, forget it. Remember this is the April Fool's edition, and someone has to be the heel of the jokes. You know we can't help it if you're funny, so just take it in the spirit of fun.

## BESTOW HONOR ON DICKY-BIRD

### Sonnets Recognized By Writers Ass'n.

Richard Thomas, budding young campus poet, has been signally honored by the National Bureau of American Writers. Three of Thomas' sonnets have been accepted by the association and will be published in the next issue of "To Drama."

The three selections are "An Ode To the Sanhedrin," dedicated to Fred Bearden; "To a Wild Rose," dedicated to Dr. C. J. Harris; and "Dancing Feet," written especially for Harold High.

## BULLETIN

Herbert Newton, captain of the Lynx track squad, has been ruled ineligible for 1933 track competition. Charges of professionalism which were brought against the thincad were sustained by the Dixie Conference governing board yesterday.

## Our Dean

DR. R. W. HARTLEY  
The above photo shows the Dean of Men at the time of his graduation from the University of Utah some few decades ago. The hat won for the young collegian the title of "the best dressed man on the campus."

## 'SANCTUARY' TO BE PRESENTED

### Pal Players To Give Faulkner's Play

The Southwestern Players are contemplating a new five-act play. It will be William Faulkner's "Sanctuary," and will bear the non-deplume of "Blow me down, Popeye."

The tentative cast is as follows: Popeye, John Jordan; Temple Drake, Mildred Brandes; Old grandfather with cataract eyes, Harvey Drake. Many other bootleggers, women, tramps, etc., will have parts. If any directing is done, Russell Cross will do it. M. Irving Carlson, who has read the book, and memorized portions of it, will give technical advice on some of the scenes.

## Gen. Bearden Says Army Won't Meet

General Fred Bearden wishes the fact published that the Army will not meet tomorrow night in the gym as the April Fool carnival will be held there. Due to the fact that no other building was suitable to accommodate the group, the meeting was postponed until next week.

## T. N. E.'s Pledge

It is with much pleasure that Theta Nu Epsilon fraternity announces the pledging of Huey Long. Mr. Long, an eloquent orator, will be very useful in the coming school elections.

## AMBER FLUID, PRETZELS ON SALE APRIL 7

### "Watching Party" Is Planned for Lynx Students

Southwestern students will not have to worry how they will get their Roosevelt beer, Miss Marjorie Gates, manager of the college supply store, announced this morning. The store will solve the problem by serving the amber fluid over a regulation bar which will be placed in the store.

A special "watching party" will be held in the basement of Neely Hall on the night of April 6, and at 12:01 a.m. April 7, the bar will open for business.

Specially honored guests for the evening will be the board of trustees of the college and the preachers of the synod of Mississippi.

During the first month of operation, the bar will remain open day and night, Miss Gates announced.

A special committee from the Ministerial club will serve as bartenders. James Gregory, president, will announce the day and night shifts shortly.

The announcement "spiked" all rumors that a bar would be established in the publications office on the fourth floor of Palmer Hall. Previous reports had it that *The Sou'wester* would install and operate a private bar but vigorous denials were made by those connected with the paper.

Mrs. Porter B. Dailey, manager of the dining hall, said that the kitchen force would be increased immediately so that an ample supply of pretzels would be on hand when the bar was officially opened. When the kitchen force reaches its peak of efficiency, it is estimated that over 3,198,562 bends will be made an hour.

## Chi Delta Reviews Breezy Magazines

Chi Delta, girls' literary society, held its regular meeting yesterday afternoon in Hardje Auditorium. The program consisted of reviews of "Bunk," "Hooley," "Parisian Nights," and "Whiz Bang."

The classic literature was thoroughly reviewed by each and every member of the group. Miss Julia Marie Schwinn, president, said that the attendance was the largest that a Chi Delta meeting had ever had.

### Just a Bit of Dorm Life

#### STEWART HALL

A war has flared up in Stewart, and the hall is rapidly dividing into two factions. At the head of one is our wily Chinaman, General Chung, and at the helm of the other is Sheriff Knight.

It all started last week when Sheriff called Chung to the window and baptized him with a bucket of water. Sheriff locked his door carefully, but the subtle John borrowed the maid's key and saturated the Sheriff's bed with water.

Big Mac and Cotton promptly took sides with Sheriff, and Sunday night, while John was peacefully dreaming of the Korean girls surrounded by cherry blossoms, a counter attack was made.

The opening gun was a two-inch firecracker thrown in bed with John. Our gallant general, Chung, cleared the bed and was halfway upstairs with a bucket of water before the smoke had cleared from his room.

When questioned later, he admitted that at first he had had thoughts of the Japanese besieging him. Nevertheless he single-handedly invaded the stronghold of the enemy, and upheld the standards of the Nipponese. Good work, John.

Our own globe trotter, "Moon Face" White took a short trip down into Mississippi last week-end to give a series of lectures on "The Wiles of a Big City," or "Why Boys Leave Home." He met with great success, and there is a rumor that he will run for governor next election. Such an opportunity to elect a widely-traveled man should not be overlooked.

Rasberry has earned the sobriquet of "home-town lad." We all wonder why he goes home every week-end. Could it be another gal, in place of Edna, Razz?

SHE'S MY LIL RADIATOR . . . SO WHEN SHE GETS COLD, I JUST PUT ANOTHER QUART OF ALCOHOL IN HER.

\*\*\*  
Many an old gal breaks her will and gives everything away before she dies.

#### EVERGREEN HALL

April Fool brings thoughts of who's been the biggest fool to visit Evergreen during the last month. Candidates for the title will be nominated in chapel in the morning and votes will be cast Wednesday.

The girls had a very good reason for all-unprepared lessons and sleepy looks last Thursday. Did you hear about the big party Mrs. Rutland and Olive Walker threw in their apartment on Wednesday night?

Malline and Olga have the queerest ideas for expressing "school spirit." You should see those hot looking red and black pajamas and panties.

Now that report period is over and all quizzes done for the present, SPIRITS are flowing freely and windows are being used for more than to let in fresh air.

One of the most charming entertainments of the season was a smoker held in Miss Nell Davis' room last night.

Rumor has it that one of our fair co-eds will be going home soon. Why? No fooling about this—one of the latest indoor sports is sitting in on others' dates and a certain miss is getting hot over it. In fact she states that "no trespassing" signs have been ordered and will be enforced upon next offense.

### Are You Listening?

Have you heard about the latest love affair that is thrilling the campus? That masterfulman, who has so long been immune to the darts of little Eros (Apologies to love through the ages) has at last been snared.

Yes, our hero now walks around with a dizzy leer on his noble countenance. The King has fallen. Once master of all he surveyed (All the Women), Fred Bearden now has a dying call look whenever he sees Anne Galbreath or vice versa.

\*\*\*  
Some of this year's freshman class have been complaining about a certain T. N. E. who thinks he is somewhat of a male Dorothy Dix and prides himself on his date fixing ability.

\*\*\*  
Many of Murray Rasberry's friends have of late been wondering just why Razz develops such a sweet smile whenever he happens to see Freshman Sawrie.

## ANNOUNCE NEW BUILDING PLANS

### Prexy's Office Also Tells Of Projects

Prosperity has returned once more to the Southwestern campus. The other fraternities all have become jealous of the new S. A. E. house and have decided that each will build a much larger and outstanding lodge. Even the Kappa Sigs are going to tear down their house and build it completely over. This time they will be sure that no fraternity lodge on the campus can compare with it in size or elegance.

A new concrete road will take the place of the rough cinder one that has been used so far by those on their way to sorority row. Not to be outdone by this, every sorority will begin immediately to build a lodge in place of their old ones that will do credit to the new and improved Southwestern.

It has been rumored that Dr. Diehl has in his office plans for two new buildings, the smallest of which is

## DINERS TO GET SPECIAL MEAL

### Elegant Meal Planned For Tomorrow

Mrs. Porter B. Dailey, manager of the dining hall, has planned a special April Fool's Day dinner for the dormitory students tomorrow. Due to several complaints that have emanated from the students, the head of the food department thought that it would be a good idea to balance the complaints with a real meal.

All employees of the dining hall have been placed under the spell of silence by the manager, and the exact menu could not be ascertained. However, the dormitory students are at least expectant.

"So you went to Notre Dame, eh?"

"Yeab."

"You played football, eh?"

"Naw."

"Oh, you played in the band, eh?"

"Naw."

"The bell you went to Notre Dame!"

## NEW SHADES AT CO-ED DORM

### Efforts of "Peeping Toms" Thwarted

New window shades have been ordered for Evergreen Hall, Mrs. I. A. Rutland, resident head of the girls dormitory, announced yesterday. Mother India said that the shades were bought in order to thwart the efforts of "Peeping Toms," who seemed to have taken a fancy to the Lynx co-eds.

"The gentlemen in Stewart Hall have proven unusually good this year," Mother India said, "and I don't want the wrong idea to be spread that it is because of them that the new shades are being bought."

It seems that sometime in the dim, dark past, some of the inmates of Stewart have been known to glance at the girls' dorm at various hours during the evening.

K. A.: "So Vines wouldn't play after he broke the strings in his racket, huh?"

Second Bum: "Yeah, no guts."

GROWING  
A  
FLOWER  
GIRL

#### ILLUSION:

The magician exhibits a flower pot with hinged sides on a table in the center of the stage. He opens out the sides to show that this container is empty. Closing it up, he places a screen between it and the audience. After a short period of magic incantations he removes the screen. The astounded audience sees a beautiful girl, covered to the shoulders in lovely flowers, rising from the "empty" container. Where did she come from?

#### EXPLANATION:

The girl was hiding behind the drape of the table. There is a trap door in the bottom of the flower pot, with a hole large enough to allow her to crawl through. The flowers, called "magicians' feather flowers," are a regular part of a magician's outfit. The flower girl wears a rubber tunic and a bathing cap to keep the flowers compressed into small space. She slides the tunic down and the flowers expand when she emerges.

*IT'S FUN TO BE FOOLED*

*...IT'S MORE FUN TO KNOW*

A trick frequently worked in cigarette advertising is the *illusion* that mildness in a cigarette comes from mysterious processes of manufacture.

**EXPLANATION:** All popular cigarettes today are made in modern sanitary factories with up-to-date machinery. All are *heat treated*—some more intensively than others, because raw, inferior tobaccos require more inten-

sive treatment than choice, ripe tobaccos.

The real difference comes in the tobaccos that are used. The better the tobacco, the milder it is.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

That is why Camels are so mild. That is why Camels have given more pleasure to more people than any other cigarette ever made.

It's the secret of Camels' rich "bouquet"... their cool flavor... their non-irritating mildness.

Give your taste a chance to appreciate the greater pleasure and satisfaction of the more expensive tobaccos.

## TRACK HOPES ARE BRIGHT

Gifted Candidates Are Out For Team

Track has started with a vengeance at Southwestern. Most of the boys only want to take vengeance on the coach for working them so hard. It is rumored (rumors don't cost anything) that the underwear squad will meet McGill U. in Canada in a triangular meet with the University of Mexico. This will be an international track meet and ping pong tournament.

Among the promising thinclads out are Beppo Sanders, a star pole vaulter. Beppo can go so high. It is understood that Dr. Cooper will be drafted for the team. He is so good at throwing the bull in class that he will be used to throw the bullet, sometimes erroneously called a shot. Shot is what you get when you steal watermelons.

Grover Durant will be a star runner, as he has had lots of practice sprinting from hold-up men in Overton Park. Dr. C. L. Townsend will be on the team on account of Carrol Cloar can draw him good if he wants to make cartoons.

John Chung will run the hurdles. This lad can duck his head and run through the hurdles. Womble would run them, but the top of the hurdle gets him in the Adam's apple, cause he forgets to duck.

David Edington will be announcer. James Overholser will throw the discus, because he has read all about how to do it in Greek. A man who knows how to throw a discus in Greek should have a great advantage over an American discus thrower.

It is not known who will run the two mile race. "Deacon" Thomas and Charley Powers both started it last Tuesday. When they finish, the winner will be picked to represent the Lynx.

## B. L. Sadler Signs Up With "Vanities"

Boyce Leigh Sadler, possessor of a pair of dancing feet, will go on the stage professionally this summer, she announced yesterday. She has signed a 17 week contract with Earl Carroll to appear in the "Vanities."

Miss Sadler will do the famous specialty act of the "Dance of the Seven Veils." Numerous Southwestern students are reported to have reserved front row seats for the initial performance.

## Real Lowdown On "A" Section Of Freshman Is Brought To Light

Maybe Attention, Attitude, and Intellect Isn't Just What It Ought To Be After All

Southwestern's unparalleled scholastic record would be raised to heights impossible to equal if all pupils were as studious and attentive as its famed "A" section of the freshman class, who never cheat on their intelligence tests (except perhaps the one at the first of school, which got them into this intellectual division).

### CHANGE CO-ED DINING TABLES

Lower Biscuit Throwing Limit

The co-ed dining tables will be moved to the north end of the Neely Hall, Robert Pfrangle, manager, announced yesterday. When asked why the change was made, Pfrangle said that he didn't know as the order had come from the "higher ups."

It seems that something of a biscuit throwing episode in the dining hall brought about the change of place although no statement to that effect has been issued by those in charge.

Since the biscuit throwing limit has been lowered to one biscuit rather than the two, which was the previous limit, the girls have not been as docile as formerly. One waiter said that he thought the reason for the moving was that a change of atmosphere would be good for the girls.

### TOWER ROOM SPICK AND SPAN

Considered Model Office By Authorities

The ONE place where peace and quiet reign supreme on the campus is up in the tower room. No one ever goes up there but the staff of the paper (and they very, very, seldom) and there is no noise of any kind.

Everything for the publication of the paper is in perfect order. There are no cigarette stubs, no ashes, no discarded manuscripts, no refuse of any kind to tarnish the floors, which always look as if they have just been polished.

What few girls and males do go up are there only for the earnest pursuit of their scholastic labour. No one would THINK of going to the tower room except to write an article or to pour over a history book.

No one is more attentive than "Shoulders" Heidelberg, whose ancestors from Caesar and Garibaldi onwards have been German nobility. This young lad with the sculptured appearance hears every word the professors say, not counting an occasional snooze on Raford (Willie Laura's delight) Herbert's masterful brain.

Frank Goodlett can always be depended on to know the meaning of any word like *Hippopotacamelephantus* or other child's play like that. Logan Hughes ("Spit is a horrid word") wakes up every once in a while to come forth with his very much appreciated remark more or less under his breath (use Listerine).

Louis (Laurel Wreath) Duffee unfortunately is often caught, while gazing out of the window for a sign of Bernice. Dickie (Liz Pearson, Rah, Rah) Dumap tightens his belt a little, opens his mouth to its Joe E. Brown capacity, and lets forth a shining remark to the intense delight of Bob Davidson.

Francis Benton (the *moron's* pride) pulls his moth-eaten red sweater around his frail shoulders, and with a voice like Tarzan asks a question attributable to only a child.

Alex Gilliam, John (What the Well Dressed Freshman will Wear This Season) Farley, and Bobby (Ain't he just too cute?) Metcalf sit back on the back row and have an intellectual bull session of the old fashioned variety. John (Personality) Hines knows all the answers, but his tongue just WILL get twisted on most of them and he just can't think of a thing!

That future daredevil, Robert (Lucille Woods) Williams does a flying jenny in his chair, lands abruptly against the blackboard in a shower of chalk dust, and settles to a three-point landing in the depths of the linoleum.

Martha (age 9): "Daddy, is cofferdam a bad word?"

Father: "No, my dear, it is perfectly all right."

Martha: "Well, my teacher has a bad cold and I hope she'll cofferdam head off."

### Manicurist Visits

Dr. Poindexter X. Tristram Estes, nationally known manicurist, will be a visitor at Southwestern beginning Tuesday. If you are having hang-nail trouble, drop in on the good doctor. He makes a specialty of holding hands.

## LYNX DEBATER FORGETS PANTS

Fischbach Haywire In Missouri

The Southwestern forensic team has been disgraced. Henry Oliver, president of the debating club in a special article cabled in exclusively to *The Sou'wester*, tells the tragic fable of how one of the debaters disgraced the team and besmirched the fair name of Southwestern. The debaters are travelling, more or less, near St. Louis.

It was at Cape Girardeau. The debate was formal. The usual packed auditorium waited in hushed silence for the appearance of the heroes of the evening. The Cape Girardeau team came on the stage first. The cheerleader struck up the band, a lusty Bronx cheer resulted.

Then the Lynx took the floor. First, came the debonair Oliver, with his hair slicked down for once. Fischbach adjusted his black bow tie nervously as he came on the platform. It was his big moment, for Benton's tux fit him, well almost perfectly. The crowd gave a gasp of astonishment, as Fischbach gave his well known mocking smile. On looking down, his sardonic look faded for once. He had forgotten to put on his pants.

## Fine Points of College Enumerated For Those Planning to Enter in The Fall

Pen Sketches of the Various Professors Is Given for the Benefit of High School Seniors

To high school students contemplating entering Southwestern:

No college in the country is more fitted to receive you. Some 10,000 (make it 100,000) acres of graded fertilizer stretch as far as the eye can reach around the buildings.

Over 300 college buildings go to make up the equipment of this great institute of culture and refinement.

Southwestern adores its fraternity and sorority activities. Dances may begin any hour of the day or night and last as long as the Walkathon. Smoking in the frat and sorority lodges is absolutely compulsory. No girl is admitted to a dance without a package of Chesterfields.

The professors attend the dances in a body, not to chaperone but to enjoy the frolic. One of the most beautiful dance steps yet seen on the campus was executed this fall at the Rho Dammit Rho affair by Bull Storn and Miss Louise Carroll. These two make a perfect dance team.

No one is required to buy books

for any of the classes. In fact Professor Townsend will not permit anyone to stay in his entertaining French classes who has a book. He much prefers to do all the work himself, punning being one of his most attractive virtues.

And Prof. Cooper! He is the most understanding man! Having been married so long himself, he can appreciate young love! My dears, you may go with anyone on the campus, and he would NEVER say a word about it. Prof. Cooper is a dear!

## "Slim" Wondering As Bearden Retires

It has been rumored that the regular number of telephone calls from anxious feminine voices seeking Fred Bearden has of late decreased and that Fred has found other means of using his spare time. One might wonder what this retirement of Fred's will do to "Slim."

BOSTONIANS...AMERICA'S OUTSTANDING SHOE VALUE

To the man who wants to dress his feet correctly---AND THEN FORGET THEM

He doesn't want his feet on his mind. Bostonian style he can trust, comfort he can feel, value that grants him a run for his money... and his foot-wear problem slides from view. Well, we've described in a sentence the great service of Bostonian Shoes. One look will prove part of it. One purchase proves the rest. As fine a shoe as ever a gentleman can need at a price he can well afford.
