TO HOLD VESPER SUNDAY

SPRING GRID GAME CARDED FOR SATURDAY

Two Teams End Week's Work With Tilt At 2:30

The "Whites" and "Reds" will tangle tomorrow in their second grid tilt on Fargason Field at 2:30 p. m. The teams have had good weather this week, and should be in shape to put on a good scrap. Judging from last Saturday's scrimmage, the battle should be a "honey."

Coach Haygood announced that spring training will continue for about five more weeks if the weather continues good. Time will be added on, however, for all days missed on account of the weather.

Several of the seniors will be on hand, and there is a chance that some of them will see some action. Spectators may be given an opportunity to see High run again, or perhaps some of the linesmen will play. Coach Miller often takes a hand in the frays.

The battle for places on the two teams is at a high pitch. Wilson, Barnes, Crosby, and Forman are receiving competition from Hawkins, a freshman, at end. The yearling backs, Whittaker, Mann, Mays, Harwood, Jones, and Jordan have been showing up well, and are relieving the coaches worries about backs.

In the line, Benton, Lloyd, Lumpkin, Haygood, and Dix are doing nice work. Tapp, who is also a back, is playing nice ball and is developing into a good punter.

START WORK ON NEW LODGE

Survey For Foundation Of S. A. E. House

After a week's delay, due to bad weather, the contractors started surveying for the foundation of the new S. A. E. lodge at the beginning of the week.

The contractors plan to start pouring concrete by the first of next week, and if no further rains and bad weather occur, the stone work will be started by the end of next week.

The fraternity is planning to have the house completed by the end of April or perhaps earlier. A housewarming and dedication ceremony will be held sometime near May 1.

"Average College Student Is More Religious Than Formerly"—Dr. Lacy

Students Are Thinking More Seriously Than In Previous Years. Fact Has Increased Scholarship

Dr. Ben R. Lacy, who is leading the services in the week of prayer that is being held at Southwestern this week, finds that the college students he has come in contact with are thinking much more seriously than formerly.

Dr. Lacy says, "I would say the general trend of student's thoughts in college circles today is toward the more serious problems of religious life. This is due mainly to the fact that youth sees that without character and a religious reserve they cannot go beyond their own narrow scopes. This fact has also increased scholarship."

"Judging from the time I went to Seminary in 1926 up to the present time, college students are a great deal more serious at present." This observation is made from Dr. Lacy's visits to various schools, including

Former Lynx Student Appointed Vice Consul To Singapore, India

Allen Haden Returns To Orient, Land of His Birth

After a long period of absence from the land of his birth, Allen Haden, former Southwestern student and brother of Professor Eric Haden, is going back to the Far East as a vice consul. He recently left for the Orient where he will assume the American vice consulship at Singapore.

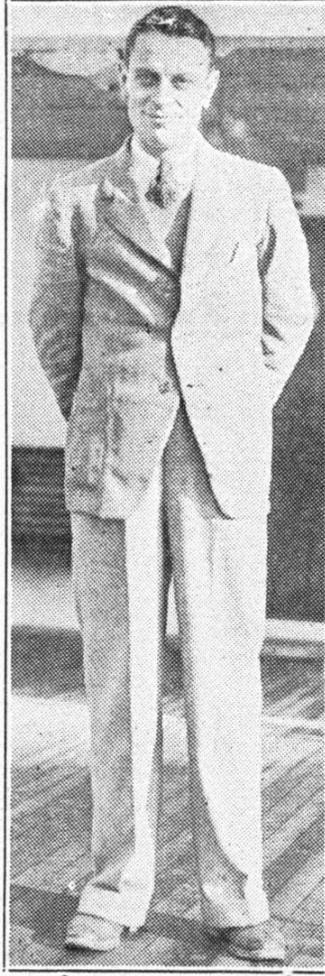

Haden was a prominent figure on the Southwestern campus from 1926 to 1929. Coming with his family to Memphis some few years ago, he attended Southwestern. He was an outstanding figure in debating, dramatic, and literary circles of the college. He was one of the students who believed that the students should have some outlet to their philosophical views and was one of the organizers of the Nitist club.

He recently spent two months in Spain where he was a member of the American delegation to the consulate at Madrid and to attend the world radio convention which was held there.

Haden attended the diplomatic school in Washington three years ago and his first assignment was the post of clerk in the consulate in Genoa, Italy. After some months of service, he was appointed vice consul.

Allen was born in Kiangyin, China, in 1908, his parents being missionaries in China at that time. He spent the early years of his life there and later lived in Germany and other European countries.

Photo shows Haden aboard the S. S. Exeter en route from Gibraltar to East of Suez with his final destination Singapore.

"The Government Inspector," a five act play, will be presented at the Stable Playhouse on Wednesday and Thursday. The play is being directed by David K. Fentress and will be presented by the members of the Southwestern Players.

The play has been in rehearsal for the past two months and a good performance is assured those that attend. The leading roles will be portrayed by Russell Cross, Alvan Tate, Margaret Clay Faulhaber, Garrett Ratcliff, Kate Galbreath.

Others who have roles in the play are Tom Jones, Eugene Stewart, Harte Thomas, Eleanor Trezevant, Malline Lyon, Olivia Reames, William Duease, John Hines, and M. A. Lightman.

The play is a Russian farce and was written by Nicolai Gogol. It has been in the repertoire of the leading dramatic companies of Europe and has lately been popularized in the United States.

Postpone Meeting Of New Law Club

The meeting of the Law Club, which was scheduled for Tuesday, has been postponed as this is the date of the Southwestern-Asbury College debate. As yet no new date has been announced for the meeting, but it will take place sometime in the near future at which time some Memphis lawyer will speak.

Tri-Deltas Initiate In Their New Home

The Tri-Deltas held their initiation Wednesday and Thursday night. Those being initiated are Ruth Smith, Virginia Alexander, and Sarabeth Farmer. The pledges were the first to be initiated in the new house.

INITIAL DEBATE END WEEK OF PRAYER SERIES IS CARDED FOR TUESDAY NIGHT AT 5 O'CLOCK

Lynx Quibblers Meet Team Of Asbury College At 8 O'Clock

Southwestern will open the inter-collegiate debating season Tuesday night at 8 o'clock when the Lynx debaters meet the quibblers from Asbury College.

The Lynx team will have the affirmative side of the question, "Resolved, That the United States Should Cancel All Inter-Allied War Debts." The Southwestern team will be composed of Henry Oliver and John Fischbach.

The war debt question has proven very popular among colleges this fall and has been recommended by the Pi Kappa Delta, national honorary debating society.

DOUBLE DEBATE

On March 10, the Lynx will engage in a double debate with Union University. One Southwestern team will meet Union here, and the other Lynx team will travel to Jackson, Tenn.

Alvan Tate and Robert Walker will compose the Lynx team to debate in Hardie Auditorium, while Harte Thomas and Francis Benton will travel to Jackson for the foreign debate. Morris Hines and Charles Woolfolk will serve as alternates for the debate.

Other debates are carded for the spring season and a northern trip is also being planned.

Z. T. A. PLAN SAILOR PARTY

Costume Dance To Be Thursday Evening

The Zeta Tau Alpha crew under Captain Eugenia Weeks are getting everything in ship-shape for their annual Sailor Party which will be held Thursday night, March 2, in the lodge on the campus.

It will be a costume party with the campus "eds" dressed as sailors and the girls as the Sailors' Sweethearts of every port. The Zeta lodge will be decorated to represent a ship and the Royal Collegians will furnish the music.

Guests from the other sororities will be Martha Chase, Chi Omega; Adele Bigelow, Tri-Delta; Louise Coppedge, Kappa Delta; and Therese Canale, A. O. Pi.

The Tri-Deltas' house is now finished. Though built of the regulation stone and in the required style of architecture, the building is different from the other houses on the campus. New features are: the bay window in the upstairs room, the walls of field stone, the balcony, and the two story ceiling of the living room.

Opening the front door which is of heavy oak, one enters a little hall, which runs the length of the house. On the right is the large living room with its stone fireplace, and on both sides of the fireplace are the built-in book cases. Over the door, the balcony looks down, and the wall is of wood paneling. Here too, is a back door which will some day open on a terrace.

On the left side of the hall is the

Dr. Lacy To Be Speaker At Sophomore Service

The Day of Prayer for Schools and Colleges will be observed Sunday at 5 o'clock when the third vesper service of the year will be held in Hardie Auditorium. The vesper is being sponsored by the Southwestern Christian Union, and is under the direction of the sophomore class.

Dr. Ben R. Lacy, president of the Union Theological Seminary, Richmond, Va., will be the speaker for the service. The service will bring to a conclusion the annual week of prayer observed by the college. Dr. William Orr, professor of Bible, will preside at the service.

The sophomore committee in charge of the vesper is composed of McLemore Elder, Alvan Tate, Lucien Connell, and Charles Sherman. The committee is working with the vesper committee of the Christian Union. Decorations are in charge of Nell Davis.

Louis Nicholas, choir director, has arranged a special musical program for the vesper. A well-trained male chorus will furnish the musical interlude for the service. They will render several unaccompanied selections as a feature of the program.

Those who will sing in the choir for the vesper are Richard Thomas, Herbert Williams, Robert Neill, William Bensberg, Fred Bearden, Clough Eaton, Robert Pfrangle, Carroll Cloar, John Streete, Toxey Fortenberry, Ned Wright, Prof. Eric Haden, Dr. Robert Pond, James Gregory, Rodney Baine, Harold Simmons, Don Johnson, Louis Bornman, Charles Beecher, L. T. Webb, Thompson Holloway.

FOUR GRIDDERS LEAVE SCHOOL

Football Team Loses Good Men

The 1933 Lynx football machine received a severe jolt with the withdrawal from school of Howard White, "Red" McLarty, and Carrol Johnson. "Butch" Love also left. Love had played his allotment of football, but was counted on for track.

White and McLarty have entered the business world. Carrol Johnson is working at his father's dairy. Love did not announce definitely his future plans.

dressing room and bathroom and farther down the hall is the kitchen. Of course, this will be the most popular room in the house, and it has the "cutest" little folding up ironing board.

Going back to the stairway, which is opposite the front door, one sees a big coat closet on the landing. The upstairs is one large chamber which is to be the hang-out of the "actives" and "forbidden ground" to the pledges. Here is another closet, the bay window, and the much-talked-of balcony.

Although they don't know what they are going to do about the furniture, they are going to move in as soon as they can. Soon afterwards they are going to have a big opening, and the faculty, the parents, and students are all invited to come on over to see the newly completed house.

Merely a Bit Of Nonsense

"Now, boys," said the Scotch professor, "if you'll put a few crazy answers on your exam papers, I can sell them to a magazine for two hundred dollars each."

"Ho, vassals, throw this knave into the lion's pit!"
 "Throw him into the den, my lord, not in the pit."
 "Forsooth, and why knave?"
 "Because pit's such a horrid word, lord."

HE WAS ONLY THE COWBOY'S SON, BUT HE SURE COULD SLING THE BULL.

"You say that your wife presented you with twins this morning?"
 "Yes, she has such an overbearing disposition."

In an asylum two worthies, named Sandy and Tam, formed a plan to make their escape. Sandy said to Tam:

"Bend down and I'll get on yer back and get on the tap o' the wall and haul ye oop."

Sandy got on top of the wall and slid down the other side, saying:

"Tam, I think ye'll better bide another fortnight, for ye're no near sane yit."

Father—"This thrashing I'm going to give you, Clarence, will hurt me more than it will you."

Clarence—"Well, Pop, don't be too rough on yourself. You ain't been feeling so well lately."

"THERE AIN'T NO JUSTICE," SAID THE HORSE THIEF AS HE SHOT THE JUDGE.

Merchant—"And about the tie, Mr. McCollum, do you want a long one or a short one?"

"Big 'Un"—"Very long. You know I grow out of things so quickly."

"What is the shape of a kiss?"
 "Elliptical." (A lip-tickle.)

"If thirty-two degrees is the freezing point, what is the squeezing point?"

"Two in the shade."

"Did you hear about Riley McGaughan drinking some sulphuric acid by mistake?"

"Kill him?"
 "No. The only thing he noticed was that it made holes in his handkerchief every time he blew his nose."

THEN THERE IS THE ABSENT-MINDED PROF WHO FORGOT TO WRITE A \$3.50 TEXT-BOOK TO SELL HIS CLASS.

Sally Griffin: "What beautiful roses! Why isn't there still a little dew on them?"

John Jordan (blushing furiously): "Yes—but I'll pay it before long."

Mr. McMahan: "Who was here to see you last night, Nell?"

Nell: "Only Boyce, father."
 "Well, tell Boyce that she left her pipe on the piano."

A sufferer who lives close to a railroad yard in the suburbs wrote the following to the railroad company complaining about the racket made by a switch engine:

Gentlemen: Why is it that your switch engine has to ding and dong and fizz and spit and bang and hiss and pant and grate and grind and puff and bump and chug and boot and toot and whistle and wheeze and jar and jerk and howl and snarl and puff and growl and thump and boom and clash and jolt and screech and snort and snarl and slam and throb and roar and rattle and yell and smoke and smell and shriek like bell all night long?"

"ANOTHER COMBINATION SHOT," SAID THE CO-ED AS SHE LEANED TOO FAR OVER THE BILLIARD TABLE.

"Son, I'm afraid I will not see you in heaven," said the father to his errant son.

"Why, what have you been doing now, Pop?"

"Sister Jones, I've takin' up a collection fo' de benefit of our worthy pastub. You know, he's leavin' us fo' to take a church down in Mobile, an' we thought we'd get together and give him a little momentum."

Just a Bit of Dorm Life

ROBB HALL

Ed Turner, who has been convalescing from an attack of scarlet fever is expected back the latter part of this week. Ed was removed to the Isolation Hospital to prevent a possible epidemic. It is understood that he has fully recovered, but has been kept in the hospital as an added precaution. With the very first signs of spring, Gene Stewart, Hinky Jones, John Baker, and other Robbites were seen trailing from the dormitory all diked out in tennis togs. A bit of competition is promised the many stars who reside in adjoining Calvin Hall for the spring tournaments. H. S. George is being seen putting about more than usual on his proud two-wheeled motor. He says this balmy weather is particularly good for motorcycling. Bill Gammage, Julio Robinson, and Fred Bearden constitute the membership of a Guy Lombardo club, which holds regular and well-attended meetings in "Shorty" Simmons room every time the Royal Canadians come slithering through the ether. A general exodus was made Saturday night, when Tom Mills, Tom Woods, Harvey Heidelberg, along with Bill Pickens, Murray Raspberry, Alex Gilliam, and "Chicken" High from Stewart all went out to the Casino and heard Bennie Moten's Symphony play "Opus in Brass." This distinguished group of critics were in wild acclaim over his masterful renditions. Frank Goodlett and Harvey Heidelberg are contemplating a trip to Mardi Gras on the 26th. They will accompany John Hines and several others from Southwestern. Bob Pfrangle, who has been ill for several days, is back at his place ushering the proud patrons of Neely Hall to their tables. Wylie Jones is aspiring to bigger and better guitar playing. He is practicing diligently and is seen putting out to take lessons every now and then. Watch your place, Mr. Nick Lucas. The "tall" tale of the week has to do with Frank Oliver Goodlett having to kneel to take his weekly wash. It seems that the showers do not hit but part of his be-lengthened torso.

EVERGREEN HALL

Mary Mac has a visitor none other than Depression, the cutest little gold fish ever seen. He's quite a pet and seems to enjoy the life in the dorm thoroughly. His chief pastime seems to be dancing (that's what Mary calls it) to the radio.
 Tom Mills has been seen over here three times during the last week and everyone seems to be getting worried including his roommate who is considered a fixture by now.
 Several people are getting worried over T. W. She has mysteriously disappeared on the last two Sunday afternoons and does not return until quite late.
 And—who is the young gentleman who is so willing to give any kind of advice on matters concerning the heart? He speaks like a person that has had experience when he comes over and tries to help anyone of the co-eds that's having trouble.

STEWART HALL

No more shall the "moon" shine in old Stewart. Howard White has succumbed to the depression and has returned to the wilds of his beloved Delta. "Red" McLarty and Butch Love have also left the midst of privileged residents of this famed institution. Au revoir, boys.
 Quite a commotion was caused here in Stewart last week when all the empty rooms were cleaned out. Ole Stewart seems quite deserted now.
 Our inimitable Harold High, not content with crashing into the movies, has gone society on us. We see very little of Newton now. It seems that he prefers Willett to University. There has been a regular plague of honey-bees troubling Stewart. Even Toxy has been bitten, and Razz has passed completely beyond all hope. J. O. Wallis and Glenn Gates, however, have thus far remained true to the girls back home.
 Jack Crosby was A.W.O.L. over the weekend—some say it was a convention and some say it was a girl. "Uncle" Jimmy Haygood is organizing a "Dear Hunt" Club, and among its charter members are noted Ned Wright, Bill Hawkins, and, of course, Harold High.
 Benton and Streete are still working to uphold the scholastic standards of Stewart, with fair success.

CALVIN HALL

Sickness again invades Calvin Hall! The boys were not content with having one patient in the form of Earl Christian; therefore there had to be another one, this time Joe McCormick who is afflicted with a light case of measles.

Russell Cross has been very busy during the past week preparing for the Ministerial Club's visit to Tunica next month to conduct one of the Sunday worship services. Personally, we would enjoy seeing Russell in the pulpit.

Max Usrey can be seen hurrying around the campus almost any time of the day with his new idea for starting anyone in a business of his own. The problem is to sell a certain number of fountain pens which will net the seller a handsome profit; or at least that is what Max says.

Educators To Seek Educational Needs

Minneapolis, Minn.—When the National Education Association meets in convention here this week, one of the recommendations it will receive will be that a national fact-finding committee be set up to determine the essentials of education.
 S. D. Shankland, executive secretary of the association's department of superintendence, said that the committee had concluded that "the determination of what kind of education should be offered and what groups of children should be permitted to attend schools are matters which should be determined by the nation's citizens as a whole."

Are You Listening?

Initiations have taken up a lot of time this week, the Chi O's, the A. O. P's, the Beta Sigs and the Kappa Sigs held their initiations the first of the week.—I hear that Harvey Heidelberg thinks that Deedie McConnell is really something.—The two Gautiers like New Orleans so well that they are going back tomorrow.—Lewis Graeber certainly is dreamy eyed over Alice Allen.

I hear they sat for two hours drinking a cup of coffee at the Rex Grill the other night. Fo' heavens sake.—I see Mary Jane Stimson and "Disney" Strickland together constantly; it seems to be quite a case.

Sara Naill was given the A. O. P. ring. Congratulations, Sara.—Raford Herbert seems to be quite that way about Willie Laura Hungerford. My, My.—All Martha Shaeffer talks about is Don Johnson, it must be grand.—I hear Edna Barker is going to the Phi Chi dance Saturday night. Who is the attraction, Edna?

The K. A.'s are planning a banquet the middle of March.—The S. A. E. pledges certainly were working hard Tuesday, cutting trees and everything.—Saw Roder Trigg and Zeldia O'Brien out at school the other day.—Saw "Chicken" reading a society book the other day.

The K. D.'s are giving a bridge party at the Casino Saturday.—What's this I hear about Room 47, Stewart Hall?—You ought to hear Clough Eaton say "Poop-poopie-doo-pie-doop."

I hear that Beverley Buckingham spends all his time at Miss Hutchinson's. If you want to see a face really get red, ask Anne Galbreath about that quail dinner she went to—and it has nothing to do with who brought the quails.

Oliver Cobb: "Do you know, angel face, each night I write my thoughts down in a little book."

Helen Gordon: "Fie, fie, little rosebud, and how long has this proceeded?"

"Nigh onto foah years, sugar plum."

"Gracious, and you must have the first page practically full."

Bobcat Cage Team Defeats Ramblers

Stop 32 Game Winning Streak

The Bobcat cagers accomplished some thing that only one other team has done this year. Monday night, they defeated the Beaugard "Ramblers" in a basketball game 38 to 31. The "Ramblers" had won 32 games in a row before the freshmen stopped their winning streak.

Young Wallace was high point man for the yearlings with 14 points. Mays, Barefield, Owens and Rasberry also played well. The freshmen quintet will continue to play as long as they can secure games, as they will be the nucleus for next year's varsity cage squad.

GIRLS REJECT NEW SORORITY

Decide No Need for Jewish Organization

The Woman's Panhellenic council this week discussed plans for the starting of a Jewish sorority on the campus. They discussed the advisability of establishing the new order among the sororities now listed. The Panhellenic voted that it was not advisable.

A letter was received from a prominent Jewish sorority asking their opinion on the subject. The council decided that the number of Jewish students on the campus did not warrant any serious thought on the matter, and voted that it be put off until there was a sufficient number of students attending this college to comprise one.

ILLUSION:

Josie, the lovely trapeze artist, stands upon a small platform. At the will of the magician she leaps *twenty feet* into the air to reach her trapeze. She uses no ropes, no ladder! A phenomenal leap for a woman ... or a man!

EXPLANATION:

Josie didn't jump ... she was *sprung!* The twenty-foot leap is not dependent on Josie's ability, but on a powerful spring mechanism hidden beneath the stage which propels the artist upward through the air. The force is so violent that the lady wears a light steel jacket which protects her from injury as she starts her astonishing leap.

IT'S FUN TO BE FOOLED ... IT'S MORE FUN TO KNOW

Magic has its place...but not in cigarette advertising.

Consider the illusion that there is a mysterious way to give cigarettes a superior "flavor."

EXPLANATION: Cigarette flavor can be controlled by adding artificial flavorings. By blending. And by the quality of tobaccos used.

Cheap, raw tobaccos can be "built up" or "fortified" by the lavish use of artificial flavorings.

Such magic, however, seldom holds the audience. Your taste finally tells you the truth.

The cigarette flavor that never stales, never varies, never loses its fresh appeal, comes from mild, ripe, fragrant, *more expensive* tobaccos...blended to bring out the full, round flavor of each type of leaf. It's the quality of the tobacco that counts!

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Because Camel actually pays millions more every year for choice tobaccos, you find in Camels an appealing mildness, a better flavor.

And Camels taste cooler because the *welded* Humidor Pack of three-ply, MOISTURE-PROOF cellophane keeps them *fresh*.

Trim Kappa Sigs In Finals Score 16 to 12

The Non-Frat basketball team won the inter-fraternity basketball tournament sponsored by the Boosters club Wednesday night by defeating the Kappa Sigma, 16 to 12. The victory gave the Non-Frat one leg on the intramural cage trophy.

The game was very fast and well played with the score tied often. With one minute left to play the Non-frat team made a field goal to give them a 14-12 margin, and then sank a crib shot as the final whistle sounded.

Pickens and Barnes tied for high scoring with six points each. Both played good games for their teams. The Non-Frat displaces the A. T. O. as fraternity champs. The A. T. O.'s have won the title for the past two years.

"REDS" WIN IN GRIDIRON GAME

Defeat "Whites" By Score Of 6 To 0

Last Saturday the "Reds" licked the "Whites" 6 to 0, in a spring grid game, but they had to call on "Chicken" High, last season's captain, and Art Womble to turn the trick.

The scrimmage was exceptionally close and hard fought. Both teams had advanced up and down the field several times, but had been unable to penetrate the opposing goal line. A punt was grounded on the six inch line.

It was at this point that High and Womble entered the game. They carried the ball down the field and High went over for a touchdown.

Postpone Party

Due to the Week of Prayer services which have been held during the week, the Zeta Tau Alpha Sailor Party has been postponed until next week.

Cagers Can't Name Leader

The Southwestern basketball team is in an unusual predicament. There is not a single letterman back to elect as a captain for next year. High, Newton, Capt. Knight, Perrette, Love have played their allotted time. Carrol Johnson and "Red" McLarty failed to return to school.

A captain will probably be appointed for the early games next winter, and a permanent one elected later in the season.

The Tri-Deltas advanced another step toward their second consecutive basketball championship Monday when they defeated the Zeta Tau Alpha team by the score of 29 to 6.

The defending champions jumped off to an early lead and were never checked. It was the second victory in as many starts for the Tri-Deltas.

Lynx Students Give Opinions On Attempt To Assassinate Roosevelt

Eds and Co-Eds Give Their Ideas As To Why Zangara Fired At President-Elect. Former Student An Eye-Witness

The attempted assassination of President-elect Roosevelt in Miami last week is regarded with horror by the majority of Southwesternites interviewed briefly by the Rambling Reporter. The majority think the assassin a murderous fanatic, proven, as Eleanor Trezevant says, "by his previous attempts on the lives of foreign leaders."

Peggy Walker—"I think he was probably crazy. I don't look upon his efforts to kill President Roosevelt as representative of a class of people; I think it was only the result of an incensed mentality."

Mary Allie Taylor—"I think the assassination was the desire of Zangara to get into the limelight. His self-satisfied expression in the motion picture newsreel this week seems to bear out my belief. He ought to be electrocuted."

George Cooke—"It is a perfect example of the results of Russian nihilism. Zangara is against anything that has to do with democratic, autocratic,

or oligarchic government. He believes in nothing, as I see him."

Martha Shaeffer—"If Zangara had succeeded, it would have been the greatest calamity that could have befallen the U. S. It would cause a political upheaval history-making in its results."

Clara McGehee—"I think he is representative of a rapidly-growing class of people with a 'Down with Roosevelt' slogan. Zangara is only the more radical of a large number who would like to see Roosevelt murdered."

Dickie Dunlap—"It's tough that it had to happen at this time, if at all. No telling what will happen now; perhaps a revolution. It's tough, that's all."

Nelle McMahan—"I think he's a lunatic and ought to be put in an insane asylum. It's possible that he is just a morbidly fanatic religious leader but I think the picture of him in the newsreel shows that he was just born crazy."

NINE INITIATED IN ALPHA O. PI

Initiates Are Honored With Banquet

Monday night, nine A. O. Pi pledges were initiated after a banquet, which was held in their honor. The place-cards for the table were made by Margaret Tallichet and Clara McGehee. They were four line rhymes about the person whose place they marked.

Between courses Elizabeth Ann Mahan made a short speech welcoming the initiates and Ellen Goodman, president of the alumnae chapter, spoke to them also.

The nine pledges who were initiated are: Sara Nail, Sarah Isabell Griffin, Therese Canale, Mary Anna Stockard, Eleanor Trezevant, Jane Erskine, Margaret Clay Faulhaber, Aubrey Townsend, and Betsy O'Brien.

SPICY leaves of TURKISH tobacco are strung to dry and cure in the sun.

Well, that's something about cigarettes I never knew before

I'd never thought much about what's inside a Chesterfield cigarette. But I have just been reading something that made me think about it.

Just think of this, some of the tobacco in Chesterfield—the Turkish—comes from 4000 miles away! And before it is shipped every single leaf is packed by hand. All because Turkish tobacco is so small and delicate.

Of course I don't know much about making cigarettes, but I do know this—that Chesterfields are milder and have a very pleasing aroma and taste. They satisfy—and that's what counts with me!
