16TH YEAR SOUTHWESTERN, MEMPHIS, TENN., FRIDAY, FEBRUARY 22, 1935 Number 19

STUDENT BODY CAMPAIGNS TO REPLACE PHONE

Noise In Store Makes The Present Location Undersireable

MISUSE CORRECTED

Petition Turned In To Welfare Committee For Action

The student body through its representatives, has started an active campaign to have free phones placed in each dormitory. If this is not possible, it is desired to have one placed in the vestibule outside the Bell Room.

For the last few years a free phone has been provided for the students but because of the misuse it was found necessary to take it out.

It is pointed out by the students that this misuse has been corrected this year. Only one instance has been reported and this was settled favorably.

The phone in the store has proved practically useless to the students because of noise. Also because the hours which the store is open limits the time when the phone can be used.

A petition has been turned in to Dr. P. N. Rhodes, chairman of the welfare committee, petitioning for free phones and the students are hopeful of favorable action.

KAPPA SIGMA CONCLAVE HERE

Local Chapter Hosts To District Fraternity Meeting

District Nine of the Kappa Sigma Fraternity is holding its annual conclave this year at Southwestern. The local chapter is entertaining delegates from Vanderbilt, Sewanee, Tennessee, and Kentucky chapters.

The meeting will open with a banquet tonight which will be attended by the delegates, members of the Southwestern chapter and local alumni. The conclave will discuss the problems of the fraternity at the business sessions on Saturday and Sunday.

Mr. George Rea, national treasurer of the fraternity, will be one of the speakers. Meetings will be held in Hardie Auditorium.

Dr. L. R. Richardson, Knoxville, professor of agriculture at Tennessee, is district grand master and is in charge of the program. Billy Hughes is alumnus adviser for the local chapter and is assisting Jack Crosby, newly elected grand master, with arrangements.

FAMOUS ORCHESTRA IDEA FOR PAN MEETS APPROVAL

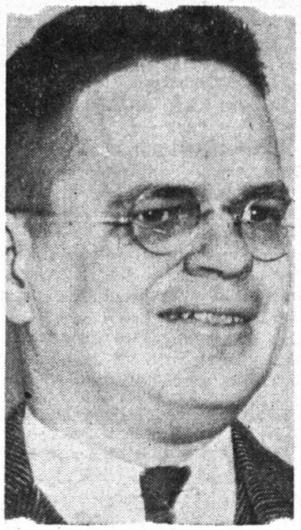

Possibility That Men's And Women's Councils Will Combine For Spring Dance

The Men's Panhellenic Council has a plan under consideration for its spring formal which will make the student body prick up its ears in surprise and expectation. This big secrecy is none other than the desire to have a nationally famous orchestra to play for the spring Panhellenic dance. Who would be your choice? Wayne King, Glen Gray, Ozzie Nelson, Fred Waring or any other of your favorites? (Guy Lombardo excepted—he is under two contracts).

Naturally the Men's Council could not sponsor this unusual fete alone, but are asking the cooperation of the Women's Council. Every girl will be expected to pay the same amount as the boys, and in compensation will be given a double bid. However if she makes a date with a Southwestern boy she will be privileged to give or sell her bid to a friend.

To prove that this fantastic idea

Goes To V. M. I.

DR. W. O. SWAN, Head of the Chemistry Department since 1925, has accepted a like position at Virginia Military Institute. Dr. Swan will take over his new duties in September.

SWAN APPOINTED TO V. M. I. STAFF

Head Of Chemistry Here Since 1925; Will Leave In Fall

Dr. William Orr Swan, professor of chemistry at Southwestern for the past 10 years, has been appointed head of the chemistry department at Virginia Military Institute, Lexington, Va. Dr. Swan will take over his new duties in September, he said. He succeeds Colonel Hunter Pendleton, who has headed the V. M. I. chemical department for 45 years. He will be given the rank of colonel.

Dr. Swan joined the faculty at Southwestern in 1925 from the University of West Virginia, where he taught for two years. He was a professor at the University of Virginia in 1922-23. Dr. Swan received his bachelor of science degree from the University of Mississippi, and did his graduate work at the University of Virginia where he was awarded the Master of Science and Doctor of Philosophy degrees.

On Athletic Committee

When Dr. Swan came to Southwestern, he was appointed to the faculty athletic committee and has served as chairman for a number of years. He is one of the most popular professors on the campus and has been prominent in many student activities.

His interest in athletics led to his being one of the founders of the Dixie Conference of which he has

(Continued on Page Four)

CURB LAMPS TO BE PLACED ON LYNX CAMPUS

Bought From M.P.&L.Co. Lamps Will Light And Beautify Campus

TUTWILER ASSISTS

FERA Workers To Erect And Paint Posts Immediately

Sixty curb lights will be erected along the drives of the campus. They will beautify the campus, especially at night, and serve as "gloom breakers," according to Mr. John H. Rollow, superintendent of buildings and grounds.

The lights, bought from the Memphis Power & Light Co. thru Mr. Tutwiler, a member of the executive board of Southwestern, formerly decorated Peabody Avenue. FERA workers will erect the lights and paint them to match the buildings on the campus.

The front drive, out to Parkway, the side drive to University, and the drive leading from the parking lot will be lighted. The lights will be placed 60 feet apart on alternate sides of the road.

Formerly gas burners, these lights can easily be designed to use electricity and they will receive current from wires laid underground.

MEN'S PAN WILL JOIN NATIONAL

Local Council Accepts Interfraternity Invitation

The Men's Panhellenic Council has received an invitation to join the National Interfraternity Council and has accepted.

The National Interfraternity Council is composed of Panhellenic Councils from all the leading colleges which have Greek letter social fraternities.

The national council keeps its members posted as to the rushing rules used by various colleges and on other phases of fraternity life.

Tom Jones is the only new member of the council for the second semester. He is representing Sigma Alpha Epsilon and replaced Harold Simmons.

CHRISTIAN UNION SENDS DELEGATES

This morning Thelma Worthington, Tommy Fuller, Adele Bigelow, and Jameson Jones left for Jackson, Miss., where they will represent the Southwestern Christian Union at the Presbyterian Students' Conference to be held at Belhaven College. Professor Gear, who is to speak at the meeting, accompanied them.

Betty Hunt Selected Best Chi O Pledge

Betty Hunt, Chi Omega pledge, was given the bracelet awarded annually to the outstanding Chi Omega pledge at an informal supper at the sorority lodge last Monday night. She succeeds Jean Byars, who won the right to wear the bracelet last year.

Rose Lynn Barnard was selected to be the model initiate of the group.

After the supper the pledges were required to do stunts at the will of the actives.

Initiation plans have not yet been divulged by Chi Omega, but pledges will be inducted in the near future.

Kappa Sigma Elects Jack Crosby As Head

Jack Crosby has been elected grand master of the Kappa Sigma fraternity. Other new officers are Ned Wright, vice-president; Alvan Tate, master of ceremonies; Marion Cobb, secretary; James Haygood Jr., treasurer.

The Sou'wester Will Hear Student Views

The Sou'wester is convinced that there should be another "clearing house" for student opinion besides the too often hilarious latter half of assembly period. There are many who through timidity or the fear that their actions may be construed as "shining" fail to give vent to their ideas. These students we believe, can give forceful expression on paper of valuable observation and criticism.

The Sou'wester extends its columns to those who may so wish to offer intelligent, timely, and interesting letters which may or may not be consistent with the editorial policy of the paper.

All letters must be signed, although it will be left to the discretion of the editor as to whether it is necessary to publish the name of the writer.

Co-eds Look Back On Edition, Relieved That Job Is Over

"Office Boy" Returns To Editorship And Co-eds Glad To Resume Normal State

While all the campus is still buzzing over last week's edition, "the office boy" resumes his seat at the editor's desk and thinks longingly of the short "vacation" he enjoyed. As a matter of fact, it was rather a comedy than a vacation, to sit by watching the co-eds tear their hair while trying to answer all their questions, write a little, proof read less and, during it all, stay in a somewhat good humor. He might have well said, "Now you know my life" but he managed to refrain. He might have asked "aren't you having fun," but if he had someone surely would have laughed him out of the office—with words.

BUSINESS CLASS TO BE INCLUDED

Plan Enlargement Of The Department Of Economics

Plans for the enlargement of the economics department so that it will include a department of business administration are announced this week. Dr. Ralph Hon, professor of economics, will be in charge.

A number of new courses will be inserted into the college curriculum. A course in economics and business administration for freshmen will be offered. Heretofore only economics courses for sophomores and advanced students have been given. Other new courses will be offered in transportation, public utilities, investment analysis and labor problems.

The upperclassmen will be given courses in money and banking, public finance, marketing and business finance. The work in business administration will be correlated with the other departments at Southwestern. Commercial psychology will be offered as will a course in statistics in the mathematics division. The political science section will have courses in business and international law. There will be a freshman course in accounting.

Lynx Honor Graduate Of Class of '33 Dies

Lynx students will regret to hear of the sudden death last Tuesday of Wilburn Jenkins, former Southwestern student, having graduated in the class of '33.

Jenkins was prominent in campus activities, having graduated with honors in Spanish and history. He was a member of the TNE fraternity.

CAVETT NEW S.T.A.B.

Bernice Cavett is the latest co-ed to be brought out by S.T.A.B. She appeared last Friday wearing the colors of the group.

Third Vesper Service Will Be Held Sunday In Hardie Auditorium

SOPHOMORE CLASS WILL SPONSOR SERVICE

Dr. Samuel Stanworth, Pastor of First Presbyterian Church of Jackson, Tenn. Will Be Speaker

SUNDAY afternoon at 5 p.m. the third annual Vesper Service of the year will be held in Hardie Auditorium. The Sophomore class, with William Bethea as president, is sponsoring this service on the Day of Prayer for Schools and Colleges.

Rev. Samuel Stanworth, D. D. pastor of the First Presbyterian Church, Jackson, Tennessee, will give the address. Dr. William O. Shewmaker will preside.

Music will be furnished by the Southwestern Choir under the direction of Louis Nicholas and assisted by Miss Virginia Sledge, soloist of St. John's M. E. Church, and members of the Evergreen, Calvary Episcopal, and Idlewild choirs.

The program:

- Prelude—"Chant du barde". Ernst Harbeier
- Processional Hymn No. 95—"All Hail the Power of Jesus' Name" O. Holden
- Invocation
- Cantata—"Hear My Prayer" Felix Mendelssohn
- Miss Virginia Moreno Sledge and the College Choir
- Scripture Reading—Hymn No. 164.
- Processional Hymn No. 95.
- Hymn No. 164—"Saviour! When in Dust to Thee" Spanish Melody
- Address—The Rev. Samuel Stanworth, D.D., Pastor, First Presbyterian Church, Jackson, Tenn.
- Prayer.
- Recessional Hymn No. 4—"Holy, Holy, Holy!" J. B. Dykes
- Benediction.
- Postlude—"Chant sans paroles" Ernst Harbeier

Tom Jones Will Head Sigma Alpha Epsilon

Thomas Jones, has been elected president of the Sigma Alpha Epsilon fraternity to succeed Harold Simmons. Other newly elected officers are Henry Watkins, vice-president; J. O. Wallis, warden; Ra-ford Herbert, recorder; Glenn Gates, treasurer; Harry Webb, herald; Harold Simmons, Panhellenic representative.

HONOR COUNCIL FOSTERS A SPIRIT OF HONOR ON CAMPUS

Purpose Is Not To Act As An Official Detective Group For Students

Editor's Note: This is the second of a series of articles describing the functions, purposes, current policies, etc., of campus organizations which are represented on the Student Council.

The Southwestern Honor Council is not an official "detective" group for student surveillance, but according to its by-laws, it is to "foster the honor spirit at Southwestern and to try those accused of employing dishonest methods of academic pursuit."

One of the points of contention in regard to the practices of the Honor Council is found in pp. 4, Article III of its Constitution. This passage reads: The name and charge and penalty of all persons found guilty and expelled by the Council shall be announced to the student body by the President of the Council.

All members of the Council are under an oath of secrecy not to divulge any of the proceedings of the council meetings. At these meetings the Council entertains accusa-

tions which may be presented by either students or members of the faculty.

A tradition of absolute impartiality has characterized the actions of this one group ever since its inception; in establishing the guilt of a student a majority of the thirteen votes cast is required, and then an appeal to the faculty is possible, although this must be filed within twenty-four hours after action of the Council. However, experience has shown that once the Council determines the guilt, the accuracy of its decision dispenses with any further investigation.

The penalty designated for violation is immediate expulsion. Yet, in cases which deserve leniency the Council may impose suspension for a period of not less than one semester. Also, when there are extenuating circumstances other penalties may be invoked. This acc-

Tattered Edges

FOR the past few years students have been making a concentrated effort to secure free telephones in convenient places on the campus. At times the problem has appeared to be settled. More recently access to a phone was afforded students through the use of the tower room phone, but due to irregularities, administration heads deemed it fitting that the instrument be moved.

At present students are back where they started on the movement—no phone. And even worse, no cooperation from the administration—where the final word must be secured before anything can be done.

The Student Council has appointed a committee through its president, MacLemore Elder, to meet with a faculty committee in an effort to once and for all settle the annoying matter.

The Student Council has voted to defray the expenses of the phones. They are even ready to suggest places where the phones may be installed. Cannot the faculty committee and bursar lend a little time from their work and offer a hearing to a student request?

We would gladly forfeit editorial drives of future editors on this yearly topic (in the hope some other matter of discussion can be found which will not bear the tattered edges of a worn out subject) if the matter is settled.

There is some way that it can be done, and it remains for the committees to see that it is done. The reason the topic has not been settled previously is because someone in a position to act fails to apply time and thought to get a satisfactory solution.

Students want the phone. They will defray expenses. And they ask those in authority to use their influence in getting the instruments installed. That appears more of a compliment to initiative rather than imposing a task.

Why not dispose of this annual campus topic and in the future find something different to discuss?

At Southern California when a man catches another cheating, he begins to stamp his feet. The whole class takes up the stamping until the cheater has stopped his foul tactics.

Sameness Broken

THE growing tendency in collegiate publications is to break the sameness that students grow so used to with some unusual issue of the publication at various times. In our short connection with collegiate journalism we have seen several such interesting publications, but we have yet to see one which approaches last week's "Co-ed" number of The Sou'wester.

Some years ago the Publications Board of Southwestern ruled against special editions of The Sou'wester due to a badly edited Freshman issue. Last year the Board was prevailed upon to allow the publication of an entirely new idea, which was the beginning of the "Co-ed" Edition. Its first appearance was a great success, and the second issue eclipsed that of the first.

Right Direction

FROM the rapid strides that are being made in collegiate journalism it will be only a matter of time until all universities and colleges will be including well developed courses in the subject. The college press is growing into a part of the Nation's press and administration heads are realizing the fact. College editors of today will be the Nation's voice of tomorrow. The manner in which that voice is directed is the task of our institutions of learning.

Southwestern showed its consciousness of the importance of college journalism when it sponsored the founding of the Mississippi Valley High School Press Association last year. The second meeting of the Association will be held here this spring. From this embryonic beginning we hope to see within a short time a credit course given in the elementary steps of journalism which will be elective to students. There are many good texts from which professors could develop one of the most interesting and instructive courses in the College. The course need not be open to journalism students only. It would be valuable for anyone who would like to better understand the policies and forms of our great American Press.

The High School Convention will attract students to Southwestern and they will expect to find instruction in their chosen line of interest.

The forming of an elementary course in college journalism would add materially to Southwestern's broad field of instruction.

COMMUNICATIONS

A BIG SPRING FORMAL

To the Editor of The Sou'wester:

As an alumnus of Southwestern in years to come, I hope I shall have something to remember besides the rather routine experiences of a peacefully intense academic retreat and scores of dull fraternity and sorority parties.

The Panhellenic Council has been striving nobly for the past year to make their dances real events. In some respects they have succeeded. For the rest, their hands are tied at present. Their latest move has been to present to the Women's Panhellenic Council a plan by which a famous orchestra could be obtained for the Spring Formal. With only 185 men in college it can be easily seen that the men alone could scarcely accomplish this. The women however voted down a proposal to accept an assessment of around only \$2. Not that they weren't able to scrape up this amount, which is no unwieldy figure, but merely in the selfish interest of preferring a lot

Elsewhere

By DAVID FLOWERS

Girls in a dormitory at the University of Kansas decided that they were indulging too freely in cuss words when their stockings developed runs, when the coffee turned out bad, etc. So they opened a pool operated on the honor system. When a girl says "damnit" she puts in a half cent. "Damn" brings a cent and a half. After the first five days there was \$1.67 in the pool.—The Colgate Maroon.

A Bowdoin professor wishing to see more of life in the raw, took in a dime-a-dance palace. As he approached the best looking hostess in the place, she exclaimed, "Oh, you belong to the same club I do!" She drew from her bosom a key which, when turned over, revealed the inscription: Phi Beta Kappa, Radcliffe, 1929.—The Bates Student.

This is what the future holds for students according to the members of the University of Minnesota law school:

- "A" men make the teachers.
- "B" men make the judges.
- "C" men make the money.
- "D" men make the congressmen.

The League of Nations lost out in the final poll count sponsored by the Literary Digest and the Asso-

ciation of College Editors among 118 American colleges.

of banal sorority parties did they vote it down.

The assessment would not bar these separate dances, but would merely make it a bit harder for some of the groups to stage their own individual spring dances.

I say to the women, please reconsider the matter. For the assessment you could get double bids in case you don't have dates with Southwestern men.

If scrawny little Sewanee can get Garber and Kyser for five dances straight, if Ole Miss can import big bands for whole week-ends, certainly this one dance should be no Herculean task at Southwestern. Get behind both Councils and urge your own representatives to push it.

Yours sincerely,
One who is ashamed to tell the folks back home.

ciation of College Editors among 118 American colleges.

The League of Nations received a favorable majority in fifty-five colleges; an unfavorable vote in sixty-three. In analysis of the last of those colleges which opposed entry into the League, it is fair to draw these conclusions says the Literary Digest:

In general, those colleges which have well established reputations for liberal educational policies, are the colleges in which a majority of undergraduates voted in favor of entry into the League.

All women's colleges voted in favor of entry into the League. All Catholic colleges on the list opposed entry.

It is interesting to note that in the "Cotton South," where economic internationalism is synonymous with economic security, with few exceptions, the colleges voted against entry into the League.

This opposition of entry into the League among the colleges goes hand in hand with the Senate's defeat of the bill proposing entry of U. S. into the World Court. It can be compared: The conservative colleges and the reactionary colleges voted against the League as did the conservative senators and reactionary senators against the world court. The liberal thinking colleges voted in favor of the League as did the liberal members of the Senate support the World Court. As long as we have such people as Hearst and his nationalistic propaganda thrown in our faces and duping the majority of people into thinking that it will be the United States' death to enter into such a combine, the United States will never do any good in fostering international peace and an economic stability that goes along with a mutual interchange of goods with other nations.

AOPi Has Initiation And Banquet At Lodge

Alpha Omicron Pi will hold its initiation Monday night, February 25, at the sorority lodge for seven pledges.

Those to be initiated are Elizabeth Cobb, Rebecca Laughlin, Ann Jeter, Eugenia Tully, Ann Clark Miller, Margaret Stockard, and Jean Dolan. Preceding the initiation a banquet will be held in the lodge.

Robb Hall

Dr. Cooper has forsaken Robb to make his yearly recruiting tour. He would have so enjoyed the pandemonium of Saturday night. Ill-smelling Freshmen limped in until the wee hours, making no small noise, and the goodly supply of black cats crept around in the various rooms with nothing on their minds in particular but to avoid Cain's feet.

Hinky Jones adopted one of the cats, but hasn't been so successful in changing its alley attitude. Speaking of the Jones—Tom still lives in Robb. He just makes Evergreen from nine until eight each day.

After wandering around the world, Neal Tapp is giving Robb Hall a break.

Calvin Hall

When every other source of news fails, our old friend Alice Gee is again brought forth. He is always pulling some little goonish trick. But his best of last week was to break down in his studying and go to a show one night. To get the particulars on the new Goon-Sea Hag Braxton combine see Gauchet who has been telling some likely sounding tales.

Thanks to basketball we had a

couple of days rest the first of the week when Dorsey Barefield and "Mite" Cannon trekked to Jackson, Mississippi, although Dr. Bassett never fails to make his nightly quiet trips. His latest was to the first floor to calm Cox and Fiedlering who had just finished reading Good Housekeeping's "Back to Nature Babies."

Jimmie Meadows' father was a Calvin guest Monday night. Gee was responsible for keeping Johnson quiet on the third floor during Mr. Meadows' visit.

Have you noticed the red lights in our social room?

"NAT" and "ELEC"

Nat and Elec are our symbols of team-work in service, representing the combined services of Gas and Electricity rendered by this Company.

This Company considers itself as partners with the people and continually strives to labor as a team-mate with the public in community progress.

MEMPHIS POWER & LIGHT CO.

Electricity used for lighting and appliance operation; and natural gas used for cooking, water heating and house heating in the homes in Memphis cost our customers less than electricity used alone for the same purposes under any known electric rate.

Sport Scribble

The annual Southwestern Intra-mural Volley-ball tournament is about to begin, according to Buckingham, who says, "Activities will, in all probability, begin about Wednesday afternoon, I guess." He also adds that unless some unforeseen calamity befalls him and his intra-murals the games will be completed and the rankings given out before June 1. This is probably asking too much of the "definite" director, but nevertheless we hope that the kinks will be ironed out and the system won't die of rust.

* * *

From all reports we gather that the University of Mississippi is hard up for referees. It seems that one-half of the last Lynx sally into the north Mississippi campus was quite disastrous in several ways.

It may be true that Southwestern isn't such a large school but nevertheless a basketball game is a basketball game and should be treated as such. The practice of substituting student referees for those that know their business is getting to be a habit with Ole Miss.

Many remember the Bobcat-Ole Miss Freshman game of 1934 with some displeasure, not only because the locals lost, but also because of an incompetent referee. We suggest that arrangements be made before hand for a referee that is supposed to know his business.

* * *

John Barnes, who has been sick with pneumonia for several weeks, is getting along fine and is expected to be in track togs before the season is very far advanced. He is invaluable to the success of the Lynx cindermen and his return is hoped for.

* * *

Mac Givens should develop into his old form this year for the runners and will be a good sprint man if all indications are correct.

* * *

It is reported that Coach DeHart is an ardent track follower and also that he knows a good bit about coaching this sport. Maybe DeHart will revert back to the tactics of Big Raz and get a few more men like Porteous and Busby. It shouldn't take many men of their calibre to build up a substantial track system for the Lynx.

GOLF TOURNAMENT GETS UNDER WAY MONDAY; FORTY SIGNED

Crosby, Bethea, Butler, Ledsinger Have Seeded Places

Southwestern golf tournament begins Monday. The Lynx golf team will probably be picked from the high ranking men of this tournament.

Jack Crosby, Billy Bethea, Charles Ledsinger, and Woody Butler have been seeded places in the standings.

More men have entered the tourney this year than ever before and some good golf is expected. Almost forty have signed up.

All first round matches will have to be completed by the end of the week.

SPRING FOOTBALL TO BEGIN WEEK BEFORE DeHART COMES

Spring footballers will resume work about one week before Coach DeHart arrives March 1 to take over his duties as new head athletic director for the Lynx.

Coaches Miller and High intend to have the squad in good shape so Coach DeHart can start right in with the new system the Lynx are to use.

LYNX WIN AND LOSE ON ROAD

Lose To Miss. College; Break Even With Ole Miss

Southwestern lost to Miss. College the first of a two game series played in Clinton and Jackson Tuesday and Wednesday nights.

The game was a hard fought one, the outcome being in doubt until the last. Taking an early lead the Choes seemed a sure winner until Gartside began sinking long shots, tying the score near the end of the third quarter.

Each team made fifteen field goals in the course of the contest. The game was won on free shots. Score 40-33.

Miss. College — Odom, Priestler, Lone, Kelly, Ferrell, Nelson.

Southwestern — Mays, Raspberry, Davis, Lapsely, Gartside.

Ole Miss (First Game)
Showing the best form that has been exhibited this year by the Lynx basketballers. Southwestern took the opening game of a two-game series from Ole Miss in Oxford, score 40-53. Jumping into the lead near the end of the last half, the Lynx piled up a score that their opponents could not overcome.

Raspberry was the star of the game by scoring seventeen points. Lapsely played a fine floor game and was instrumental in the victory.

Lynx — Mays, Raspberry, Davis, Lapsely, Gartside.

Ole Miss — Curtis, Beddingfield, Poole, Williams, Rodgers.

Ole Miss (Second Game)
Southwestern lost the final game of the series to Ole Miss, 50-22, in one of the roughest games of the season. The game was a walkaway from the start from the standpoint of the score but the actual playing was more on a par than the score indicates. Excessive fouls were evident during the entire contest.

Ole Miss grabbed an early lead and held it, leading 27-8 at the half. Ole Miss — Curtis, Beddingfield, Poole, Williams, Rodgers.

Southwestern — Mays, Raspberry, Davis, Freeman, Barefield.

Holman-Wade Florists

LYNX TRACK OPENS MONDAY

Array of Lettermen Back; Hope for Successful Season

Southwestern track season of this year begins officially next Monday. With approximately fifteen men out, Coach Miller plans to start the ball rolling early. Prospects are bright for a successful season as the Lynx cindermen can boast of a goodly array of lettermen back.

The locals will probably be stronger this year in the weights and jumps, both the high jump and pole vault. Red Davis and John Barnes, who are outstanding in their respective events, are expected to break conference records during the coming season.

As for dashes, the Lynx should come out fairly well. While not having record breakers in these events, the abilities of Raspberry, Givens, and Baker should be respected.

The middle distances and distances will probably be the downfall of the locals. Mitchell, the only bright spot in these events, can hardly be expected to handle the half, mile, and two mile. Nevertheless it is possible to convert a few men to these races. In this way Page, McFadden, and Fuller may see service.

The following promising men are to be out:

- Dashes—Raspberry, Givens.
- Hurdles—Baker, Fuller, Givens.
- Quarter—Raspberry, Baker.
- Half—Mitchell.
- Mile—Mitchell, McFadden.
- Two mile—McFadden, Page.
- Pole vault and high jump—Barnes.
- Broad jump—Cobb.
- Weights—Davis.

BOBCATS TO ENTER CHURCH LEAGUE

The Bobcat cagers will enter the city Church tournament, playing for Trinity Methodist, beginning next week.

Tonight the Bobcats play the Whitehaven Aces here.

During the past week the baby Lynx have played five games, winning four. They defeated Union freshmen, Bruce Terminix, Senatobia, and Union. The one loss was at Senatobia.

The scores: Bobcats 32, Union 26; Senatobia 28; Bobcats 34; Bobcats 41; Union 38; Bruce Terminix 5; Bobcats 63; Senatobia 29; Bobcats 28.

CHI OMEGAS WIN

Chi Omega opened the intersorority basketball league Monday with a 20 to 5 victory over Kappa Delta. Chi Omega started off fast with some fine shooting by Claudine Davis. At the half they led 12 to 0. Delta Delta Sorority, the defending champions of the league, defeated Alpha Omicron Pi Wednesday.

SIGMA NU INITIATES

Sigma Nu announces the initiation of Wayne Paullus, George Reames, Roland Hazelwood and John Ricker.

ORCHESTRA IDLE MEETS APPROVAL

(Continued from Page One)

has more of a dance orchestra than Fred. Sarah Fox Martin is another admirer of that "duck sellers" orchestra and her face lights up with joy as she sighs "it would be too wonderful."

The stronger sex are even willing to allow the girls a finger in the "pie of plans" when they can dance to the tunes of such jazz maestros as Eddie Duchin and Ted Weems. "Chigger" Churchill selects Duchin's left hand thump, thump as the best dance music in the U. S. A. and he thinks to have him here is "one keen proposition." Ted Weems' silk music is the choice of Wayne Paullus who claims it would be a swell break for the gals as well as a prime idea for a marvelous dance.

A "scrumbunkeous" idea is the opinion of "Little Duck" Woods who nominates Glen Gary as the best anywhere.

All isn't quiet on the Southwestern front. Sidney Strickland believes it to be a prime suggestion but is against it because it costs all together too much. In case it does work however, he is in favor of hav-

ing Wayne King. Hinkey Jones favors the waltz king also, but feels that the school should sponsor this affair. J. O. Wallis nonchalantly sighs that he would consider having Cassaloma if he didn't have to pay over \$100. (These banker's sons!).

Lib Pearce and Ione Adams collaborate on the following statement. The Men's Council should combine their two spring dances into one and have Kay Kiser to play. As an afterthought, they mentioned sweetly that the boys should pay all the expenses. Henry Watkins was bubbling over with ideas for and against. He considers it a brilliant idea but from the financial point of view it would be impossible. Furthermore, the school would be closed due to outside criticism on the students spending so much money.

The always exceptional Andy Edington declares that he wouldn't pay \$2 to attend a dance with Guy Lombardo and Glen Gray playing and Gloria Stuart and President Roosevelt on each side of the room! With that terrific burst of words facing us we close with the encouraging words of Alvan Tate, who assures us that this scheme is not only possible but probable.

COOLINGS Of A CO-ED

Hi ho everybody . . . now that the elections are over a few of us gals got together and decided just what a perfect boy and a fascinating female should look like . . . the boy should have: Tom Mills' hair . . . Shorty Simmons' eyes . . . Siveley Moore's nose . . . Harvey Jones' mouth . . . Jimmie Meadow's ears . . . Harvey Heidleburg's style . . . Rayford Herbert's disposition . . . Dickie Dunlap's brains . . . and Harry Webb's line.

The girl must have . . . Mary Brewster's hair . . . Edna Barker's eyes . . . Kate Galbreath's nose . . . Sandy Dreiback's mouth . . . Babe Black's figure . . . Lola Sale's poise . . . and Lib Pierce's style . . . is everybody happy?

The students are going in for skating in a big way these days. . . . "Tother nite some super-fancy rolling 'bout was done by Henry Watkins, Johnny Baker and Sonny Smith . . . Eugene Tully should have gotten a prize for falling first, the Southern Papa (Dixie Daddy to youse) one for falling most . . . Jean Reid didn't do so worse . . . being twirled around muchly by a professional twirler. . . .

'Twas in the Southwestern store that I found her,
She had blue eyes and a shock of blond hair,
And a lot of other guys were around her,
So the sun shone for me in the Lair.

I thought I'd found the one girl I could care for,
She was so charming, so sweet and so fair,
And my heart beat with rapid pulsations,
When I met her in our old Lynx Lair.

I said "Now, gal, let's go walking,
The weather is so very fine,"
That's how I began my talking,
Planning to date her sometime.

She murmured quickly, "It's best to go study,
Tho I know to do that is rare,
Then I saw her leave with my good buddy,
So I'm left all alone in the Lair.

At the A. O. Pi dance last week a young lad was sooooo smitten by our own Sandy that he asked her for an autograph . . . she agreed and a little later, imagine the gal's amazement when she found a line formed and pens, pencils, etc. poked under her nose.
Did you all know that Sandy went

home to Mobile to undergo a very serious operation on her throat. We're hoping for the best.

Some favorite songs. . .
Ann Jeter: "Dixie."
William Eddington: "Blame It on My Youth."

- Ben Bogy
- Beverly Buckingham
- Sively Moore
- Lack Crosby
- Louis Gauchet
- Dickie Dunlap
- Billy Lapsley
- Leslie Buchman
- Tom Mills
- "Betty Co-Ed"

Around and about the Zeta dance—Lucy Woods trying her best to confiscate someone else's white bunny coat . . . Sara Fox Martin proudly exhibiting her corsage. . . . Mac Givens rolling "Coke" bottles at Sophia Hunt during intermission . . . K. A.'s nobly (?) represented by "Deanie" Page. . . . The handsome Moore boy gazing admirably at himself every time he passed a mirror. . . . Clough Eaton stuffing pretzels down Jean Reid's back, causing a rather "Wiggly" dance. . . . Lois Moreland getting a big thrill out of her first Southwestern dance . . . Charley Taylor drumming up trade for the Claridge after the party. . . . Noticeable attendance of "outside" males. . . . All in all everybody had a big time pulling down

the labored decorations of Olga Hartmann and getting twisted up in them. . . . Well, anyway, it was a swell dance.

My love have went
Him done me dirt
I did not know
Him were a flirt
To those unschooled
I must forbid
To be so fooled
As I was did
Him have came
Him have went
Him have left I all alone
I can't never went to he
Him can't never came to I
It cannot was
Gee don't it sad

We wonder why:
Tom Jones doesn't just move over into Evergreen.

Someone doesn't donate a picture of "Lady Esther" to Bill Cox.

The "Turtle" Club has been revived.

Harwood is such a playful chap in Italian.

The girls think Pletchnow is a "Dear."

Savilla Martin and Bunny Brown think they are keeping things under cover.

KAPPA SIGMA INITIATES

Kappa Sigma announces the initiation of Ed McCormick, Grenada, Mississippi.

Five Neophytes Are Initiated By Tri-Delts

Delta Delta Delta announces the initiation of Cornelia Crinkley, Memphis, Frances Gladney, Homer, La., Mollie McCord, Memphis, Dorothy Walker, Helena, Ark., and Bernadine Taylor, Memphis.
The Trident degree was given Monday night and the Stars and Crescent degree Wednesday night.

SWAN APPOINTED TO V.M.I. STAFF

(Continued from Page One)

been president, vice president and director. He also has taken an active part in the S. I. A. A. conference. In conjunction with other professors, he helped start and run the Southwestern Junior Camp for boys.

Known As Writers

Dr. Swan is well known as a writer, and, in conjunction with Dr. V. A. Coulter of the University of Mississippi, he has published an analysis laboratory manual. He has written numerous articles for newspapers and magazines. He is a member of Phi Beta Kappa fraternity, American Chemical Society, Tennessee Academy of Science, and American Association for the Advancement of Science. His father, Dr. John N. Swan, has been the head of the chemistry department at the University of Mississippi for 20 years.

COUNCIL FOSTERS HONOR SPIRIT

(Continued from Page One)

tion was taken recently when a class in Mathematics of Investment was put on probation following the discovery of irregular practices. The usual course, however, is prompt application of the prescribed penalties.

The membership of the Council is made up of four seniors, three of which shall be men, four juniors, three men likewise, three sophomores, two of which are men; two freshmen, one of each sex. Members of the present council are:

John Barnes, president; McLemore Elder, vice-president; Charlotte Stange, secretary; Vernon Pettit Juniors: Harvey Jones, Jameson Jones, RaFord Herbert, Lucille Woods. Sophomores: Thomas Fuller, Erin Gary, Robert Armstrong. Freshmen: Betty Hunt and Henry Daniels.

MINISTERS HEAR GEAR

In their regular meeting Friday night, the Ministerial Club heard Dr. Felix B. Gear discuss problems confronting the Christian Church today. Following the dinner the club voted to purchase a page in the Senior Year Book.

SAE National Head Former Lynx Student

Mr. John O. Mosley, associate professor of Latin at the University of Oklahoma and a former Southwestern student, is the new national president of the Sigma Alpha Epsilon fraternity.

DRIESBACH DOING NICELY

Mary Sands Driesbach underwent an operation for a throat infection Monday in Mobile. Word has been received that she is doing nicely.

She is at her home at 2400 Spring-Hill Avenue, Mobile, Ala.

Reports say that she will be able to be back at Southwestern soon.
