Christian Union Cabinet Selects New Members

Marian Dickson, John Young, Represent Freshmen

ELECTION MONDAY

Tucker, McDonald, Chosen Members At Large

Marian Dickson, John Young, Janet Tucker, and Clark McDonald were selected as members of the Christian Union Cabinet at the regular bi-monthly meeting of the cabinet last Monday at 6 o'clock in the Bell Room.

Committee Selects Nominees
These and several more were nominated by a committee composed of Robert Montgomery, Betty Wells, and Harriet Pond. Other names were suggested by members of the cabinet, before the voting took place.

Marian Dickson and John Young are representatives of the freshman class. Miss Dickson is a member of the Y. W. C. A. and a pledge of Delta Delta Delta. Young, who is from Greenville, Miss., is a member of the business staff of the Sou'wester, and a Kappa Sigma pledge.

Tucker, McDonald Chosen
Janet Tucker and Clark McDonald were selected as representatives of the student body at large. Miss Tucker, a senior, is president of the Episcopal Club, president of the Women's Athletic Association, secretary-treasurer of Torch, women's honorary society, and a member of Alpha Omicron Pi sorority. Besides being president of the student body, McDonald is president of Omicron Delta Kappa, a member of both the Panhellenic Council and the Honor Council, and is secretary of Kappa Sigma fraternity.

Officers of the cabinet are Herbert Bingham, president; George Jackson, vice-president; and Dorothy Givens, secretary.

LYNX TO DEBATE DRAKE UNIVERSITY

Holcomb, Bingham, Frazier, Shapiro Will Compose Team

Southwestern debaters will meet Drake University debating team on Dec. 15 in Hardie Auditorium, according to plans announced by Prof. C. P. Lee last week.

Members of Tau Kappa Alpha who will participate are H. R. Holcomb, Herbert Bingham, Steve Frazier, and Norman Shapiro.

The question for debate has not been selected as yet. The debaters this year, according to Prof. Lee, will not use the question proposed by Phi Kappa Delta, national debating society.

"Questions, such as, 'Is Coeducation Desirable?' or 'Should Inter-collegiate Football be Abolished?,' are, I believe, more interesting and entertaining than questions debated formerly," Prof. Lee said.

Episcopal Club Meets

Dr. Charles Hale Addresses Group In Kappa Sigma Lodge

The Episcopal Club met Wednesday in the Kappa Sigma Lodge. Dr. Charles S. Hale was the speaker for the evening. His subject was "Modern Trends in Religious Thought."

The club will sponsor the picture, "Queen Victoria," that is coming to Memphis the latter part of November. Tickets will be on sale several weeks before the arrival of the picture.

Formerly meetings have been held on Tuesday but since many of the students objected to that night, it has been tentatively changed to Wednesday.

PROF. DAVIS READS PAPER

The International Relations Club, formerly known as the Nitist Club, met Wednesday night in the Bell Room. Prof. John H. Davis read a paper on "Education in Europe Today." It brought out the difference in education in the Fascist countries and in the others. A discussion followed in which all present participated.

STUDENTS INVITED

"Students as well as alumni are invited to attend the Homecoming dance Nov. 11 in the gymnasium," announced Prof. C. P. Lee Tuesday. "I want to correct the false idea that the dance is only for alumni," he said.

Clyde Trask and his orchestra from the Netherlands Plaza Hotel in Cincinnati will play.

The importance of signing up was stressed at a cabinet meeting Monday. A member's name on the list signifies that she will be there, and the cost of the meal will be charged if a trivial excuse is presented for an absence.

The chairman of the public affairs committee announced two events which will be of interest to the members. The Y. W. C. A. Ministerial Club Hears Missionary

The Rev. Richardson, Alumnus, Visits Campus, Speaks On Far East

The Rev. Robert P. Richardson, Presbyterian missionary to China and an alumnus of Southwestern, was a visitor on the campus this week. He spoke to the Ministerial Club at their weekly meeting last Monday at 1 o'clock in the Bell Room.

Mr. Richardson, the former classmate of Profs. Marion L. McQueen and W. R. Atkinson, answered various questions about China and the conflict now going on there. He said that China has been unified to a large extent in the past few years through the efforts of General Chiang Kai-Shek and the nationalist government.

Nationalistic Spirit Grows

"There have been no civil wars in China," he said, "since 1933. This may not seem so much of a record to us, but it is very significant when you think of the state of turmoil existing in China in the past fifteen years. Even as late as December, 1936, an insurrection was put down without bloodshed. This has been a result mainly of the spirit of nationalism which has grown up in the past few years."

"China Needs Chance"

This nationalism, Mr. Richardson stated, rather than the danger of communism, is the reason for the "friendly power" invading the Chinese republic. What the outcome of the war will be, Mr. Richardson would not prophesy, but he repeated that "China needs a chance."

H. R. Holcomb presided at the meeting, and Robert Montgomery gave the devotional.

Prof. Tuthill Will Speak

Music Director To Attend Meeting In Birmingham

"Starting Music from Scratch in a Liberal Arts College" will be the topic of an address by Prof. Burnet C. Tuthill, director of music, at the sectional meeting of the Association of American Colleges Thursday in Birmingham. Prof. Tuthill will speak at the morning session upon the invitation of Mr. Eric Clarke, chairman of the association's music project.

Prof. Tuthill will tell of the inauguration of musical activities at Southwestern in the fall of 1935 with the formation of the Southwestern Band, and of the growth of the department to include the Southwestern Singers and the eight courses in appreciation of music.

Prof. Tuthill will present his theory, based on numerous instances in American colleges which prove "that students of the grade of intelligence of those who are able to enter college, will come to an appreciation of the best in any art if they are given the opportunity to get really acquainted with the great masterpieces."

Only One Senior Reads For Honors

Shapiro Tries For B.S. Honors; 18 Will Read For Degree With Distinction

Norman Shapiro is the only candidate for the degree of bachelor of science with honors this year. Eighteen students are reading for a degree with distinction.

Shapiro, who was formerly intramural director, is biology assistant, and member of the honorary fraternities, Omicron Delta Kappa, leadership, and Tau Kappa Alpha, debating. His subjects for honors are biology and philosophy.

Those reading for a degree with distinction and the subjects in which they are specializing are: Eldridge Armistead, economics; Irene Battle, English; McKay Boswell, mathematics; Cornelia Crinkley, mathematics; Lewis Donelson, political science; Erskine Falls, political science; Dorothy Givens, sociology; Frances Gladney, English; Margaret Kyle, English; Jane Leavell, sociology; Ardelle Livesay, English; Clark McDonald, economics; Elise McQuiston, English; William Maddox, mathematics; Abe Pletchnow, history; Bernadine Taylor, history; Mary Thweatt, English; Wendell Whittemore, biology.

Venus Versus Coed Is Question Aroused By Measure Survey

The modern coed may not have the classical beauty of Greek statues, but she can certainly qualify for beauty by the standards of the modern man. On the Southwestern campus a recent measurement survey shows that the average girl has broad shoulders, 28 in.; small waist, 25 in.; hips, 38 in.; slim ankles, 8 1/2 in., and what's more, an attractive face—makeup.

By the standards of ancient Greece the statue of Venus di Milo is adjudged the best example of feminine beauty. Greek men rarely considered the face as an important part of a woman's beauty. They meant "the nobleness of the figure" when they spoke of beauty.

How many modern men do? The scene has definitely and radically changed. That same "perfect example of beauty" hardly interests the modern male and doesn't fulfill his ideals on the subject. He casts a critical eye upon the buxomness of that famous lady and nonchalantly voices a preference for "something slimmer," thus quickly and easily do the requirements for beauty fluctuate. He wants a "Body by Fisher" in both his Ford and woman.

Although today's pulchritude can not hope to attain the beauty of classic Greek statues, it may be consoled with the thought of the Venus di Milo in a modern bathing suit.

Class In Biology Put On Probation

Honor Council Announces Action After 3 Day Discussion; Billy Kelly Presides

The class in Biology 1 has been placed on probation by the Honor Council, stated William Kelly, president of the council. In an announcement in chapel Monday morning, Kelly said that the class had been found guilty by the Honor Council, after a three-day discussion, of "dishonest methods in academic pursuits."

First Case in More Than Year

He continued that if such practices were called to the attention of the council again, more definite action would be taken. This is the first time in more than a year that the council has made such a decisive step.

The members of the council are: Senior class, Clark McDonald, George Jennings, Gerald Burrow, Bernadine Taylor; junior class, William Kelly, Sam Hill, Henry Mobley, Betty Wells; sophomore class, John McGrady, W. C. Rowan, Mary Hunt; freshman class, Frank England, Frances Manire.

Decide on Minimum Penalty

The violated sections of the constitution of the Honor Council state: "There shall be, in general, only one penalty for a member of the student body duly convicted through procedure and process of examination by the council for dishonest practices in academic pursuits or other phases of campus life, and that penalty shall be a recommendation to the faculty authorities for immediate expulsion of that student so convicted and found guilty. If the council desires to show leniency to the student found guilty, it may commute the penalty of immediate expulsion to not less than immediate suspension from the college for a period of not less than one semester of the scholastic year."

The last paragraph of Section 5, Article 3, of the Constitution of the Honor Council reads: "The name and charge and penalty of all persons found guilty and expelled by the council shall be announced to the student body by the president of the council."

DIRECTORY MAY BE SOLD TOMORROW

Book To Include Names, Addresses Of Students, Faculty

The new student directory which went to press Monday will probably be ready for sale tomorrow, according to Lewis Donelson, president of the Publications Board. The price will be 10 cents.

The cover will be brown imitation leather with a Southwestern seal in gold on the front. The size will be eight by six inches and it will have 20 pages without advertising. It will be printed in regular eight point type.

In the book, which will be divided into five sections, the students will be grouped according to their classes, with the faculty making up the fifth section. As announced last week, the names, home addresses, and telephone numbers will be listed. In the case of an out-of-town student the home and the dormitory in which he is staying will be included.

O. D. K. MEETS

Phi Circle of Omicron Delta Kappa, leadership fraternity, met in the Bell Room, Wednesday, to discuss plans for a freshman study hall to be conducted in conjunction with Alpha Theta Phi. Members of the two organizations will conduct informal classes in various subjects several nights a week to enable those freshmen who are failing in their work to catch up. Norman Shapiro and Gerald Burrow were appointed as a committee to arrange these meetings.

Council Will Act On Hall Of Fame

Miss Cobb, Archer, Frazier Are Committee Appointed To Investigate

The Student Council held its regular meeting on Tuesday at 1 o'clock in the Bell room with Clark McDonald presiding.

The main topic of discussion was whether or not the Hall of Fame in Southwestern should be abolished. A committee, composed of Elizabeth Cobb, chairman; Ward Archer, and Steve Frazier, was appointed to investigate the Hall of Fame, and to submit a report at the next regular meeting.

Gerald Burrow, chairman of the committee to draft an oath to be used in the inauguration of student body officers, made a report. Voting on the new oath was held over until the next meeting according to the rules of the Student Council constitution.

The council voted to appropriate funds for the monthly luncheon of Alpha Theta Phi, honorary scholastic fraternity. It was also voted to increase the appropriation for the underwriting of the new student directory from \$40 to \$50.

**Fraternities
And Scholarship**

There is a lot of bla-bla that goes around this campus about Southwestern scholastic standards being much higher than those of our neighboring colleges. And certainly it is true that our faculty, equipped as it is, does maintain a reasonable standard of scholarship.

The scholastic average requisite for fraternity and sorority initiation, however, is surely at least evidence to the contrary. Any freshman who makes as high as four D's and an F can now be initiated. There can certainly be no lower requirement in any college than this. The University of Tennessee and the University of Illinois, for example, are not thought of as "stiff" in scholastic requirements; yet at either of these institutions, a C average is necessary for fraternity initiation.

It seems to us that fraternities should regard a scholastic requirement for admittance as a protection to them rather than as a restriction. For, all success stories to the contrary, there never was a scholastic failure on the campus who contributed in any real way to the good of his fraternity. Besides this, a requirement as low as the existing one discourages study among the fraternity minded because they think, and often rightly, that any one can make four D's and an F without the bother of study.

We are suggesting, then, that it will reflect credit on any individual fraternity or sorority to start this movement by raising its own standards; and that the two Panhellenic Councils consider the question at their next meeting.

**A Letter
To the Editor**

Mr. Ward Archer,
Editor, The Sou'wester.
Dear Sir:

I want to point out a few observations I made last week after watching the reaction of the students to the action taken by the Honor Council.

There is a general conception, and it is true, that the honor system has weakened considerably in the past few years. What to do about it? Action must be taken! And act we did along preventive lines; for example, we issued mimeographed sheets which explained the workings and functions of the honor system in pure, simple English. We had open discussion one Sunday night at the Men's Bible Class. We asked that the honor system be openly discussed at all pledge meetings.

Upon entering college, all students sign the honor pledge on the back of their matriculation cards. We should have put greater emphasis on this fact; that is an oversight on our part and its importance will be stressed in the future.

We have learned that preventive action is not very effective; it is unappreciated and ignored. Action that hurts someone is effective. Why is it that it takes a great sacrifice, usually on the part of an individual or maybe two or three, to bring a group to its senses?

Due to laxity displayed in classes the council is forced to be on the alert. May cooperation be forthcoming from the student body so that we may regain the trust of our faculty and our classmates.

Sincerely,
WILLIAM KELLY.
(President of the Honor Council.)

The Campus Camera

Party Line

Campus Greeks went in for outdoor parties with a vengeance last week-end. Chi Omega began it all with a supper out at the Spain's place Friday night, the school's rule about an early closing hour being observed so that all might tune in on the Lynx-Southern game. Then Saturday night the frats turned to the wide open spaces. A.T.O. journeyed to Farley's farm to sit around fires and to bog up in mud; Kappa Sigma went past the airport to Clough Eaton's to do the same; and S.A.E. was entertained by Shepherd Tate on his plantation at Hollywood, Mississippi—thirty miles south of Memphis, ten miles this side of where the gravel road begins and civilization ends.

The Kappa Sigs built two fires, one for those interested in pairing off, the other for those sociable souls who preferred singing and general chumminess. The scheme proved satisfactory, and the party was successful despite the fact that Barnard couldn't keep still trying to get just where the firelight would shine most flatteringly on her face, and despite the presence of two alumni who outshone the flames. Rose Lynn, by the way, refused to break her date for this party with Henry Mobley so that she might go to the S.A.E. party with Dick Jones, who had escorted her the night before to the Chi O. function and who had begun to think that he might be number one. Then to be sure that Henry labored under no illusions, she late-dated with another.

S.A.E. had food and a campfire, too, but the chief attraction was a negro church equipped with a nickelodeon, for which host Shep very graciously furnished the nickels. Not to ignore printing which had been done on the wall by the negro Holy Rollers and which read, "Don't clap; don't stomp; but praise the Lord in the dance." Guests indulged in the Big Apple. Tate had the boys green with envy over the way he managed the intricate steps, and of course Sarah Powell gave a conspicuous performance. But if Powell was the hit of the Apple, Lillian Love was first lady of the bonfire. Indeed everybody was wondering how the honey could still

pour when the weather was so bitterly cold.

Personal mention: Clark McDonald and Margaret England were together twice recently—at the Chi Omega party in the interest of Kappasigma-chiomega, at the Community Fund dinner in the interest of Santa Claus.

Dorothy Fabrin continues to keep the boys in a dither. In that quarter the several fraternities are contemplating electing official representatives, in order to prevent internal dissension and to promote intramural throat-cutting. . . The Donelson boys don't seem to mind at all being just old stand-bys for Manire and Harsh. . . . Jimmy Caden was astounded not long ago. Thinking to be first, he asked Betty Wells for a Thanksgiving Pan date six weeks before the event, but she had promised Eldridge Armistead last spring. . . . Tarzans from the wilds of Stewart Hall are not as cold to the fairer sex as they appear. For example, Doctor Dabbs catches a car to Crosstown every night to see a certain girl, at the expense of his studies and fourteen cents; Red Bergfeld rushes to his room during all his spare time to moon over the picture of a Talladega girl; Ralph Brown states that he is deeply in love with a Memphis girl, whom he hasn't seen for the past six months, but whom he telephones now and then to see if she is being true to him. . . . George Scott tells his "Memphis girl" that his family requires him at home every week-end. . . The Emily Lee-Jack Terry romance has got to the place where Miss Lee is knitting Mr. Terry some bed socks, so that the wind may howl, etc. . . . The outstanding society girl and athlete combination for the "S" Club dance tomorrow night is Ki Farnsworth and Hammond.

Said "S" Club dance, the second of the year, will have music by one Richard Leon and his orchestra—a group as yet little known on the campus. Some, however, have heard strains of melody as they passed by Mrs. Ferguson's on the way to the pharmacy; these strains, for the past year, have been from Leon and his boys practicing up for their big chance come Saturday night.

**Student Discovers
New Type Of Tree**

There I sat in biology class taking the test. Leaning over the shoulder of the intellectual in front of me, I was comparing his answers with the detailed notes scribbled on the sole of my left shoe. My book was also open on the floor. Then I noticed a leaf rise slowly from the seat beside me. The leaf became a twig, a branch, and finally a full grown pine tree appeared. "Boo!" said the tree. "Who are you?" I snapped back. It always annoys me to be interrupted while taking a test. "Mine friend", said the tree, "I yam a spy from the Honor Council." "Fancy meeting you here," I wittily retorted. The tree trunk opened and a cloaked figure with a mask and full black beard emerged. "We are going to Axspell youuu," he hissed. "Oh fudge, so soon?" said I. I began to sob, "Have moicy on me. I had an awful migraine last night and my mother is sway backed." "Oh," he figure said, "That's different. But don't forget to pay your annual fee." He turned into a pine cone and rolled out the door.

I hoped we would dance
But what did we do?

You should've known better
I expected you to
But what did you say?

**T. K. A. TO CONDUCT
DEBATING CLASSES**

Seek To Discover Freshman Talent,
Debate Various Questions

Plans for freshmen classes to be held by the local chapter of Tau Kappa Alpha are being made. Tau Kappa Alpha is the national honorary forensic fraternity which exists for the purpose of recognizing and promoting speech proficiency in local and intercollegiate circles.

These classes will be held twice a month, and in them debates will be held on a variety of subjects. The purpose will be to discover freshman debating talent and to afford some instruction in collegiate debating technique to those freshmen interested. The date for the classes has not been definitely decided, but will be announced soon.

Heretofore debating has been confined to the national question as released by Tau Kappa Alpha. This year the policy will be changed, and subjects will be decided by the two teams.

In 1928, Dr. Tigert resigned the commission to become president of the University of Florida at Gainesville, where he has since remained as administrative head. He is now life director of the National Education Association and active in numerous other state and national education groups. A member of Phi Beta Kappa, he is also affiliated with Phi Delta Theta, Omicron Delta Kappa, Tau Kappa Alpha, and other fraternities.

During the course of his career, Dr. Tigert has lectured frequently and has contributed articles to current publications, writing chiefly on subjects relating to education and psychology. He is also the author of a book, "Philosophy of the World War."

Hunter College Opens Manners Department

New York, N. Y., Oct. 24.—(ACP)—A department in manners—the first in a publicly supported university—has been created at Hunter College. It will be known as "the ABC of Living, or Conversation in the Amenities, Behavior and Customs."

Mrs. Katharine Bleecker Meigs who heads the course, has prepared a set of commandments for the business woman. They are:

- (1) Thou shalt not ever use scented powder as a substitute soap and water.
- (2) Thou shalt not wear flashy clothes, or screaming colors.
- (3) Thou shalt not put on makeup like Theda Bara, nor perfume thyself so strong that strong men reel when you pass.
- (4) Thou must not talk too freely—keep gossip for thy private life.
- (5) Thou must keep thy love life outside the office.
- (6) Thou must not leap like a fire horse at the alarm when 5 o'clock comes.

REJUVENATED LYNX

(Continued from Page One)

lead the Chattanooga attack against the Lynx. Nardo is the mainstay of the invaders' backfield. His drive and long dashes have been a feature of every Chattanooga game, as has been the punting of halfback Hal Wade.

Remembering the Hendrix surprise, Coach R. C. "Shorty" Propst, though pleased with last week's 26-7 win over the Birmingham-Southern Panthers, has this week put the Lynx through their paces with several hard scrimmages. Only Clay Nickells and Gaylon Smith escaped. Nickells' weak shoulder is still giving him trouble and Smith has added a charleyhorse to his torn cartilage woes.

Wilson May Start

"Kite" Morton and little Rex Wilson have shown to advantage in practice this week. Wilson may open at quarterback against Chattanooga if Coach Propst decides Nickells is not up to par. Morton is fighting to reach his last year's peak and if this week's exhibition is any true yard-stick he will see plenty of action through the rest of the season.

Coach Propst plans to start practically the same team against the Moccasins that triumphed over Birmingham-Southern. If Nickells is ready the same backfield is sure to start. Nickells will be at quarter, Gaylon Smith and Jimmy Sasser will play the halves, and Captain George Jennings will be stationed at full.

With "Red" Bergfeld and Mark

Hammond ready to resume their terminal positions the Lynx are in better shape than they have been in several weeks. Only Clois Neal, recovering from a cold, and Orley Nettles and "Skinny" Roth, out with sprained ankles, will not be available.

Against the Moccasins tomorrow the Lynx will not only be facing a strong team but they will be fighting to throw off the Chattanooga jinx that has prevented Southwestern from ever defeating the men from the mountain city.

Nickells, Sasser, Smith, Shine In Lynx Comeback

Victory Over Southern Puts Team In First Place

PASS DEFENSE IS WEAK

Line Holds Up Well; Brilliant Blocking Support

An inspired Lynx eleven fought its way to a 26-7 victory over a strong Birmingham-Southern team last Friday night on Legion Field in Birmingham.

On the comeback trail again the Lynx completely outclassed the Panther team with their hard running, blocking, and tackling.

Lynx Score on Fumble
The game was played as hard as any ever witnessed in Birmingham. The tackling on each team was vicious as is shown by the numerous fumbles by each team. It was a fumble by Southern which enabled the Lynx to score the first touchdown. Perry was tackled viciously behind his goal and the ball fell free to be pounced upon by J. P. Cavender.

Later Gaylon Smith broke loose on the Southern 38 yard line and, following beautiful blocking by Hartwell Morton, raced across the goal standing up. Sasser scored on a 15 yard dash, and Nickells ended the Southwestern scoring by going over from the one yard line on a quarterback sneak.

Although the pass defense of the Lynx is still weak the team outclassed Southern in every way. The blocking was as brilliant as the tackling which left little to be desired.

Perry Stars
Perry of Southern was the star of the Panthers because of his running, passing and punting.

The whole Southwestern team performed as one brilliant star. The play of Sasser established him as one of the best. It was Nickells, Sasser and Smith who led Southwestern back into the win column again. In the line the playing of Hebert, Parker, Self, as well as the others, left little to be desired.

The victory over Southern again put the Lynx back in the spotlight as leaders of the Dixie Conference with 2 victories and no defeats.

Gridder Is Benched; Too Big For His Pants

The fate of the Spearfish Normal football team, from Spearfish, S. D., hung on a pair of football pants, two weeks ago.

The team had come to Aberdeen to play the Northern State Teachers College. The Spearfish team had an "All-American" tackle, according to its coach, but he couldn't play because they couldn't find a pair of pants to fit his 260 pounds of brawn and muscle.

"I've wired every sporting goods company and if a pair arrives in time for the game so I can use him, we'll have a good chance to win," said the coach.

The Camera Club, organized this week under the direction of Prof. Ogden Baine, will hold its second meeting this afternoon at 3 o'clock in Room 101, Science Hall. All members must bring their own cameras.

There were 12 present at the first meeting Tuesday.

No Barkfelts, Please, Bergfeld Is Bergfeld

Henry Bergfeld, the Talladega boy with the big feet, has expressed a desire to have a public notice printed concerning the pronunciation of his name. Bergfeld's exact words are: "Since I have been in the public's eye these past ten years there has been a tendency among people to fail to get my name right. I have been called Burchfeld, Birchfield, Bergfield, Barkfeld, and Berkfealed. My name is Bergfeld and I wish the people on the radio and the paper editors would spell it and pronounce it as such."

Touch Football Scheduled Today

Kappa Alpha Plays Non Frat For Third Consecutive Time In Final Round

Kappa Alpha and Non-Frats continue to dominate intramural athletics. The teams meet in the final round for the third consecutive time when they clash for the touch football championship today. Non-Frats earned the right to challenge Kappa Alpha's intramural supremacy by downing Sigma Alpha Epsilon 12-6 and Kappa Sigma 6-0 in an overtime game. Kappa Alpha reached the finals by virtue of a first round bye and a victory over Sigma Nu 6-0.

The consolation final round brings Pi Kappa Alpha against Alpha Tau Omega. Pi Kappa Alpha scored a victory over Kappa Sigma after dropping a first round game to Sigma Alpha Epsilon. Alpha Tau Omega lost in the first round to Sigma Nu, and a bye placed them in the consolation finals.

Intramural Board To Meet Tuesday

There will be a meeting of the intramural board Tuesday at 1:30 o'clock in the athletic office.

The drawing for the soccer competition will be made, and dates will be set for future events. Interference with the touch football schedule caused a postponement in the mile cross country run. Originally planned for last Wednesday, it will be run off in the near future.

A.T.O. INITIATES

Alpha Tau Omega chapter of Alpha Tau Omega fraternity announces the initiation of James Dougherty and Tom Mobley Monday.

Horace Stubblefield was pledged.

JOB HUNTING TO BE EXPLAINED

Miss Ruth Parker of the Memphis Employment Bureau will speak Tuesday, Nov. 2, at 3:15 o'clock over radio station WHEQ. The topic of her address will be "What to Do and What Not to Do in Applying for a Job."

Sports Shorts

By JACK PILKINGTON

"I thought it was too cold for air-conditioning," shivered Sasser, as the football team clambered aboard the train for Birmingham last Thursday night. . . . It seemed that the Lynx were going to suffer more injuries before they found the lights in their berths. . . . they were stumbling all over the train trying to find them. . . . The Birmingham papers gave Southwestern a slight edge over Southern in the headlines but after reading the column it was evident that the sport writers expected the Panthers to claw the Lynx all over Legion Field. . . . The victory over Southern broke the jinx that Legion Field has held over Southwestern teams these many years. . . . The pass defense of the Lynx is still under par, and any team with a good passing combination can gain lots of ground through the air. . . . Smith seems to do better when injured than at any other times; he ran for 38 yards and a touchdown with a torn cartilage in his side last Friday night, and Morton gave him plenty of good blocking on his run. . . . Sasser kicked 9 times and his punts were returned for a total of 6 yards. . . . You should have seen the grin on his face after he made that 15 yard run for a touchdown; it was brighter than the floodlights. . . . Southern was not as much outclassed by the Lynx as the score indicates; they played a hard game and several breaks went against them. . . . I hope the Southwestern cheering section will always give the opposing team a couple of cheers; the Southern section gave none at all to the Lynx and one would have sounded mighty good down there. . . . All the telegrams which individuals and student body organizations sent the team were thoroughly appreciated by them. . . . Our pick for the 1938 Rose Bowl game is that it will be played between Alabama and California. . . . Southwestern is riding on top of the Dixie Conference now and are heavily favored to win it; barring no letdowns they should because when in the peak of condition they are truly the cream of

Bobcats To Play Senatobia Today

Freshmen Will Seek Third Grid Victory On Fargason Field This Afternoon

With two victories already under their belt, Southwestern's Bobcats seek their third win this afternoon on Fargason Field at 2:30 o'clock, when they tangle with the Northwest Mississippi Junior College of Senatobia, Miss. Ten and 25 cents admittance will be charged.

The Northwest game is the Bobcats' last encounter until they close the season against the State Teachers' College yearlings on Nov. 15. A charity event and sponsored by the Lions' Club, the STC game will be played at night. No definite field has been chosen.

Bobcat Coaches "Red" Davis and Neil Tapp have their charges in good shape and plan to deluge the Juniors with their trickiest formations in an effort to win by a larger margin than the 39-6 victory the STC frosh scored over the Juniors on Tuesday of this week.

The probable lineup for the Bobcats is: Tony Canzoneri and E. M. Massey at end; Paul Conners and Fred Partin at tackle; O'Neil Craig and Neal Williams at guard; and Adrian Vernon at center. In the backfield: Bernard Lockridge at quarter; Horace Stubblefield and Eddie Craven at the halves; and Lewis Hayden at fullback.

the crop. . . . Parker and Hebert both should be awarded positions on the mythical All-Dixie Conference team; these boys outclassed all opposition they have encountered in the conference. . . . Here's hoping Gus Pitt gets to play end in a game before the homefolks so they can see how good he holds it down. . . . Rex Wilson reminded one of Bert Marshall in his running against the Panthers the other night. . . . That football team of ours is really on the comeback trail in a big way, so give them all the support you can, student body, they deserve it.

PING PONG PLAYERS FORM LOCAL CLUB

Other Players To Be Admitted If They Defeat 2 Members

With the initiation of five Southwestern students, a Memphis ping-pong club has been formed. The club is seeking a charter from the National Table Tennis Association.

The membership at present is limited to five players. Headed by the Memphis city and Southwestern champion, Cecil New, others in the club are Dick Jones, Art Pople, Henry Walker, and Billy Davis. The present members will be ranked according to playing ability and new members admitted by invitation provided they can defeat the last two ranking players.

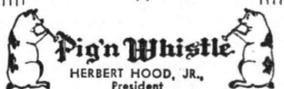

Efforts will be made to secure a table to be placed in the Southwestern gym. An open tournament will be conducted by the club during the winter. It is the desire of the members to compete in ping-pong tournaments in other cities, and, if possible, engage in the national championship.
