# FOREWORD

**W**E present to you the 1929 LYNX, a review of the events of the past year. We do so realizing that we have fallen short of the best but hoping that we have succeeded to some degree in bringing to you a clear picture of our Alma Mater. Our sincere desire is that in turning the pages of this book you will, in after years, live again your college days at Southwestern. We earnestly hope the story recorded in these pages will so inspire you that you will use your every effort in the future to insure her progress and to perpetuate her glorious name.

# DEDICATION

With high esteem and affectionate regard the  
staff of the 1929 LYNX respectfully  
dedicates this volume to

## ALBERT BRUCE CURRY

Pastor of the Second Presbyterian Church,  
of Memphis, and Vice-Chairman of the  
Board of Directors of Southwestern; whose  
unaffected piety and sacrificial devotion,  
whose wise counsel and quiet courage, have  
enabled him to render to Southwestern an  
unparalleled service, for which we are  
all his grateful debtors.

# In Memoriam

---

## Henry Frederick Waring

---

Born, October 26, 1907 : Died, March 30, 1929

---

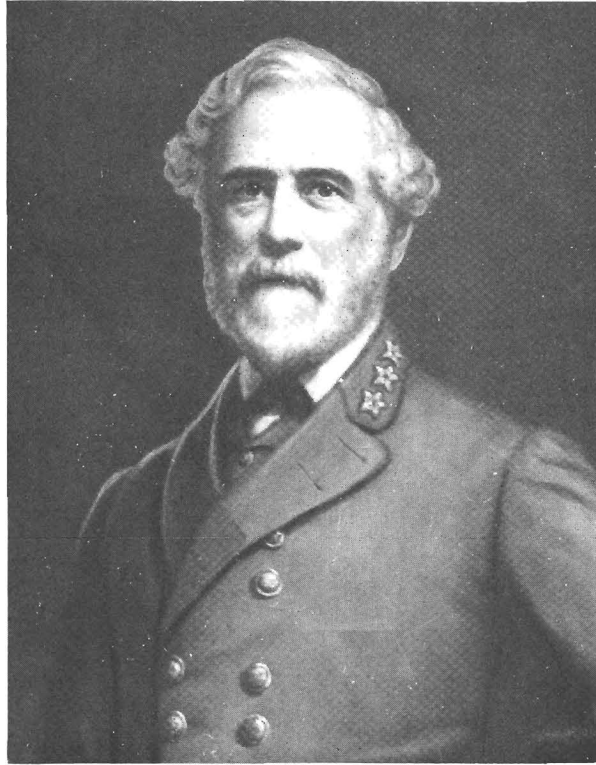

ENRY WARING was born in Halifax, Nova Scotia. His death at the Methodist Hospital in Memphis, Tenn., was the result of injuries sustained in a motorcycle wreck.

Prior to entering Southwestern he attended Morton High School, Chicago, Illinois, where he excelled in all branches of athletics. After moving to Memphis, he entered Central High School, where his basketball playing gained him a place on the All-Memphis and All-Tri-States teams.

Upon entrance to Southwestern, he became a member of Sigma Alpha Epsilon Fraternity. His athletic prowess soon brought him to the fore in football, basketball, and baseball. He was elected alternate captain for the 1928 football team, but injuries prevented his playing a single game that year. His death marked the passing of one of Southwestern's greatest athletes.

"Chi" was a faithful friend, a loyal student, a courageous sportsman, and a modest hero.

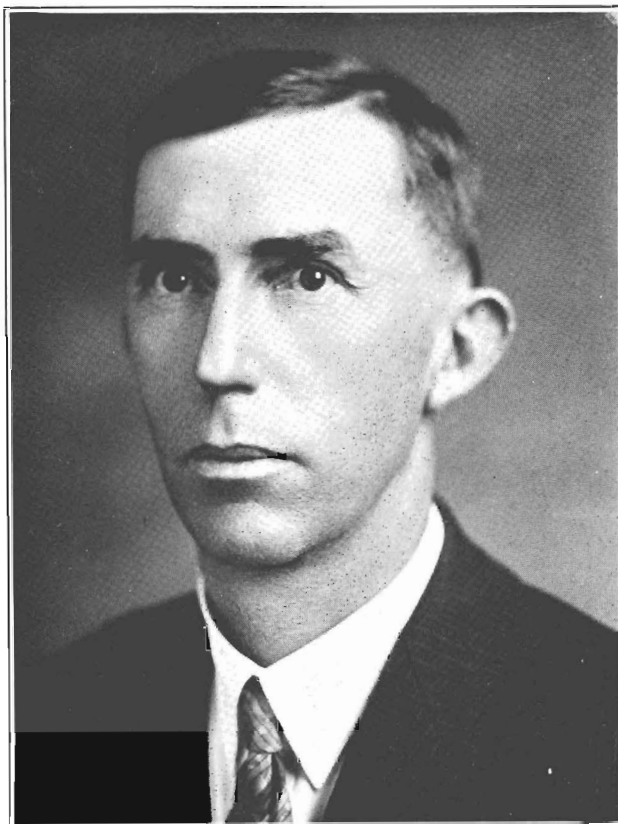

**UNIVERSITY**

CHARLES E. DIEHL, D.D., LL.D.

*President*

The strides of this institution during the past eleven years will ever be a tribute to him who has guided its course in that period. Dr. Diehl's work to place Southwestern in a position of greater usefulness promises to open for it an even more glorious era of accomplishment, Southwestern's rightful heritage as the college of the Mississippi Valley.

ROBERT W. HARTLEY, Ph.D.

*Acting Dean*

Dr. Hartley, Professor of Mathematics at Southwestern, was chosen this year Acting Dean. In this capacity he has very successfully handled the affairs of the students and has performed all his duties to the well-being of the college as well as the students.

*Alma Mater*

*Dear Alma Mater, kind the fate  
That links our lives with thee,  
For God's own pow'r that made thee great  
Is the truth that makes us free;  
Thy torch has touched our hearts with flame,  
Our yearning souls refined;  
Through thee we learn the higher aim  
And train the truer mind.*

*Thy stalwart towers of solid stone,  
Thy vaulted arches strong,  
Inspire our loyal hearts each one  
To fight against the wrong;  
Our lives reflect the beauty  
Of thy stately cloistered halls,  
And characters grow genuine  
That dwell within thy walls.*

*O, Leader to the larger light,  
Southwestern, 'neath thy wings,  
Thy sons in reverent love unite  
And each his tribute brings;  
And dreams, such dreams as old men dream,  
And visions young men see,  
Keep lighted in our hearts the flame  
Once kindled there of thee.*

## STONEWALL JACKSON

**T**HE battle of Chancellorsville, although a glorious victory for the Confederacy, yet was a costly one. It was during this battle that General Stonewall Jackson, one of the most brilliant of the Confederate leaders, was mortally wounded by a detachment of his own forces, who mistook him in the black of night for an opposing commander. Had he lived, there might have been other stories to relate of Confederate victories, made possible by his dauntless courage and military genius.

SENIOR  
CLASS

## Senior Class

**T**HE Senior Class of 1929 has the distinction of being the largest class ever to graduate from Southwestern. A unique feature is that the Senior Class this year was larger than the Junior Class. At the beginning of the year the class numbered seventy-one, and of these about sixty-four graduated.

This is the class that entered Southwestern the year it removed to Memphis from Clarksville. Harold Avent is the President of the class and under his leadership the members of the 1929 class have accomplished many worthwhile things during the past year.

Earle McGee, a member of the 1929 class, was chosen this year as Rhodes scholar from Tennessee.

## Junior Class

**N**EXT year's graduating class, though rather small, boasts of an enviable record during the three years they have been at Southwestern. This class has about twenty less than the Senior class of this year, but then is larger than many classes which have gone out from the school.

Bobby Lloyd is the President of this class, and according to him, great things are to be expected from his class before they receive their diplomas.

## Sophomore Class

**I**F THE class of 1931 can keep up the good work and not lose many members in the coming two years, they will have an excellent opportunity to have even a larger class to graduate than the class of 1929. This year they have something like ninety members and should have about seventy-five to go out in '31 with their sheepskins.

These sophs came to Southwestern with a bang, and showed more real class spirit than has been evidenced here in a long time. It took the whole school to apply the tallies fast and regularly enough to do any good. Bob Logan is the President of this class and his charges have kept this year's Freshman class pretty well under control.

## Freshman Class

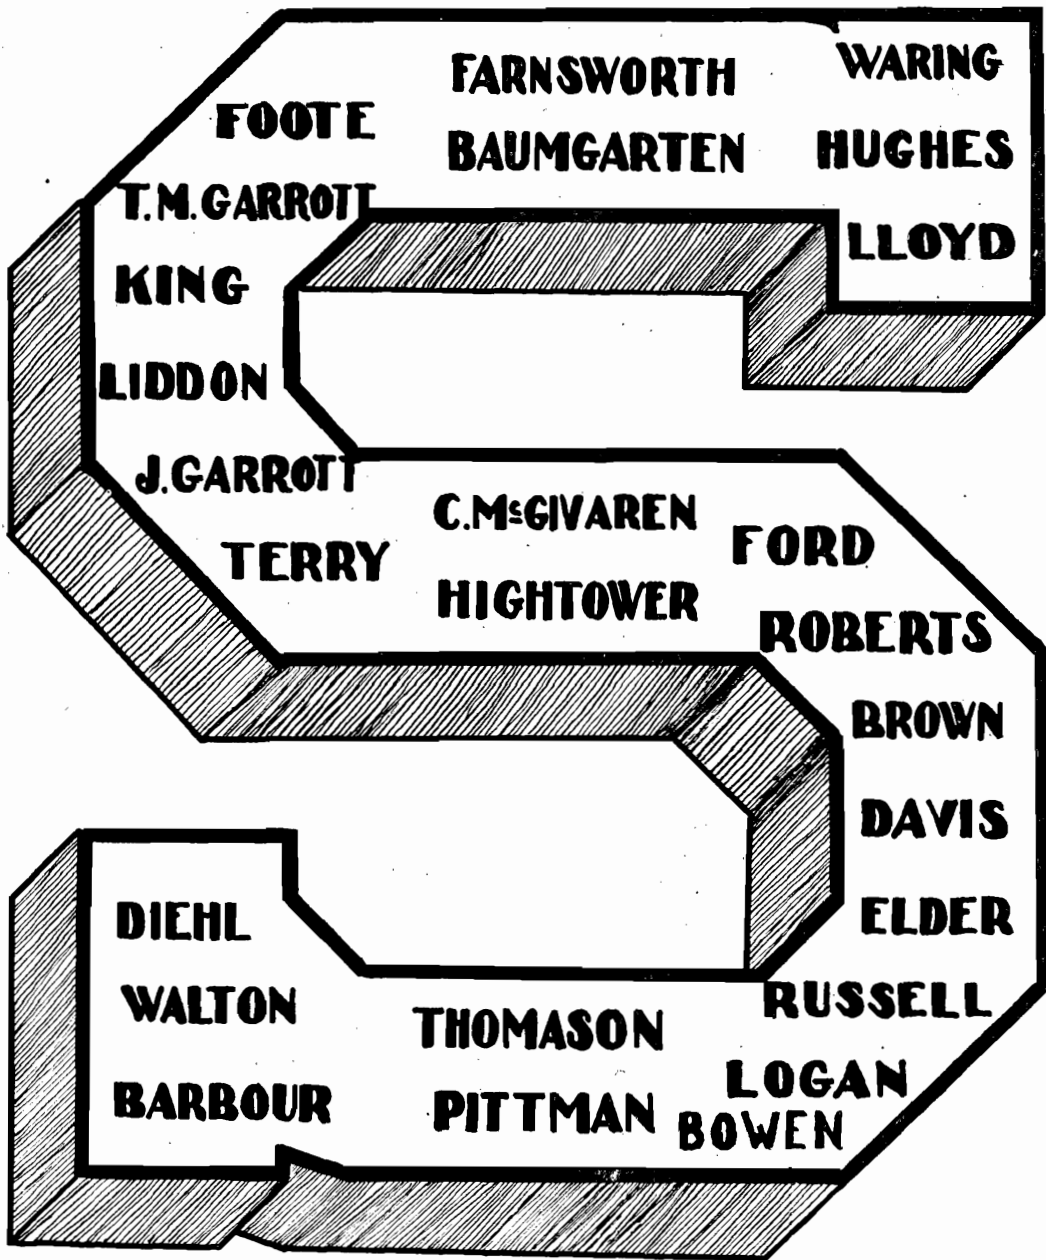

**A**BOUT one hundred and fifty students were admitted to Southwestern this year to form the Freshman class. We have to admit that they have a good class; at any rate they really gave us some excellent programs at chapel during the school year.

This bunch had one of the best Bobcat football teams ever seen here, and went through a hard season with very marked success. And in basketball, too, they had a fine team, both these teams supplying much needed material for the varsity teams for next year. June Davidson is the President of the Class of 1932.

## The Coaches

This was the first year of coaching under Pos Elam and Neely Mallory, Jess Neely having gone to Alabama as assistant coach. Although the coaches were faced with several handicaps, the season as a whole was highly successful, ending with a record of six victories and four defeats.

Mallory, who was an All-American halfback while at Yale, coached the Lynx eleven all through the season, sacrificing much time from his business and at the end of the year declined all offers of compensation. Pos Elam had charge of the line. He really put the boys through the grill, and when the season started had a bunch out in the line who knew how to charge and tackle.

Wes Adams whipped his freshmen into shape and they really gave the varsity some hard work-outs. Adams had a fighting bunch out. They proved this when they handed Ole Miss freshmen a neat trimming on the home field.

Too much praise cannot be given the Southwestern coaches who worked long and hard to build a team that came through a hard season with a very creditable record.

## Football Squad, 1928

Ending the 1928 season with an average of .600, winning six and losing four games during the course of the toughest schedule the Lynx have ever had, the football team of 1928 made a most creditable showing in the face of numerous handicaps.

Playing their first season in the S. I. A. A. the Lynx won two and lost two for an even break. One defeat was at the hands of Chattanooga, who ultimately won the championship, and the other was at the hands of West Kentucky, which finished in third place. Ole Miss and the University of Arkansas also handed the Lynx defeats.

Chi Waring, alternate captain with Dode Farnsworth, was unable to participate in a single game, due to sickness the previous summer, which rendered him unfit for active duty.

Next year, with an abundance of excellent material recruited from the freshmen ranks, the team should have a most successful season.

## FOOTBALL

### CAPTAIN DODE FARNSWORTH, *Halfback*

When the letter men and the scrubs gathered last fall for the annual grind they found that their old coach, Jess Neely, had been supplanted by the former assistant coach, Pos Elam, and a new head coach, Neely Mallory, of All-American fame. "Memphis Bill" captained Yale and the mythical All-American, and is rated as the greatest defensive back ever to play football.

### KING, TACKLE

Bill and Pos looked over the husky crew that turned out to do football for Southwestern and set about an almost impossible task. To begin it all, Captain-elect Trelawney had quit school. Then, about three weeks before football practice started, Chi Waring, who had been elected joint Captain with Farnsworth to succeed Trelawney, so severely injured himself in a fall that he was unable to participate in a single game during the season.

### ROBERTS, *Halfback*

Thus with only eight letter men returning to the fold, the outlook was not entirely bright. With such a small squad during the season the coaches were badly handicapped for reserves to send in. Never at one time were two full teams eligible for varsity duty and Coaches Mallory and Elam deserve a world of credit for the showing the team made through the season. The Bobcat squad, under the coaching of Wes Adams, proved to be a great help in furnishing opposition for scrimmage throughout the year.

## FOOTBALL

### HIGHTOWER, *Halfback*

As this was the Lynx's first sally into the grid fields of the Southern Inter-collegiate Athletic Association, there were several new teams on the schedule. Among these were the University of Chattanooga, West Kentucky Normal, Union University, Georgetown of Kentucky, and the University of Arkansas. Our old foe, "Ole Miss," was on the schedule as were also Lambuth, Hendrix, West Tennessee Teachers, and Arkansas College. Following is a resume of this pretentious schedule.

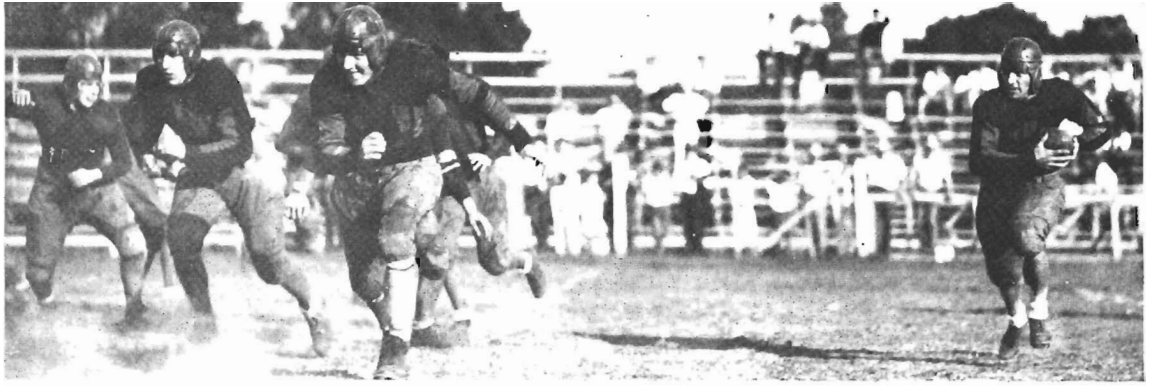

### LIDDON, *Tackle*

The Lambuth Eagles came to Memphis to usher in the 1928 season. The Lambuth Eagles went back home with the little end of a 44-0 score. It wasn't much of a game, being the first of the season for both the teams. George Hightower did some mighty nice running and the whole line played fine football, considering the kind of weather and the fact that it was the "premier."

### DAVIS, *Guard*

The following week we visited Bowling Green, Kentucky, and were entertained by West Kentucky Normal. We got a neat licking to the tune of 18-0. It was a hard game, plenty rough, and one that gave the Kentucky men plenty to think about. It was in this game that the festivities were delayed while a new ball was being procured—the old one had disappeared over a cliff after a long punt. Yea, verily, 'twas a dangerous game.

## FOOTBALL

### THOMASON, *Center*

Coming back to Fargason field after the defeat at Bowling Green, the Lynx started a long home stay by defeating Georgetown, also of Kentucky. In this game the Lynx showed a complete reversal of form and played a marvellous game throughout. Georgetown was the champion of Kentucky last year, but the boys really took them down in fine style. "Light-horse" Harry Walton and "Four-yard" Pittman did some beautiful work in that game.

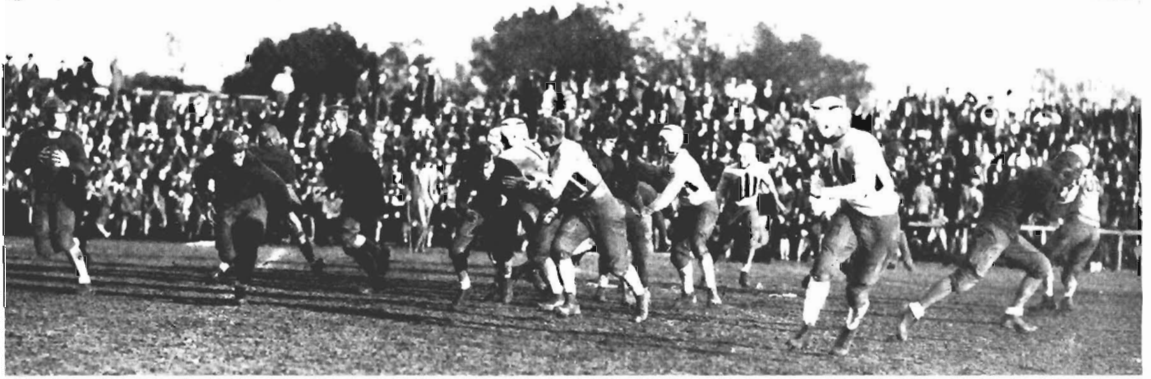

### ELDER, *Tackle*

The following week another team from up the state came to do battle on our home field, and, like their predecessors, went back home with the conviction that there was plenty of battle to be had on Fargason field. However, it wasn't such a good game and the Lynx could only annex a score of 13-6. The jinx of a good game and a poor one seemed to be hanging on to us, but just the same we got our third S. I. A. A. scalp from Union University.

### LOGAN, *Guard*

The next adversary was from the wilds of Arkansas, by name, Arkansas College. These fellows had plenty of weight and a good team, but the Lynx set them back by the score of 19-0. The whole team played good football to win, especially one Hiram Lee Roberts, who tore around the field for quite a bit of yardage before the afternoon was gone. Roberts had been on the ailing list and this was his first game of the season.

## FOOTBALL

### BROWN, *End*

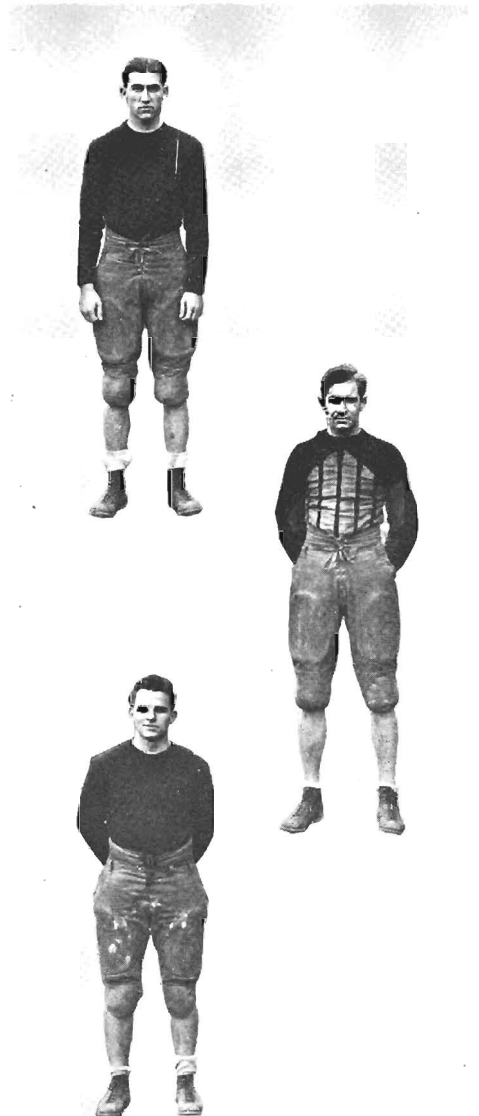

Chattanooga was next and oh, boy, did we get a licking! At the end of the season a sports writer asked Coach Neely to send in his selection of an All-S. I. A. A. team. Neely wrote back and suggested "the whole damn Chattanooga team." At the end of the first five minutes the score was 14-0, and it kept on increasing until it reached a grand total of 79-0. There is no more to be said about that game.

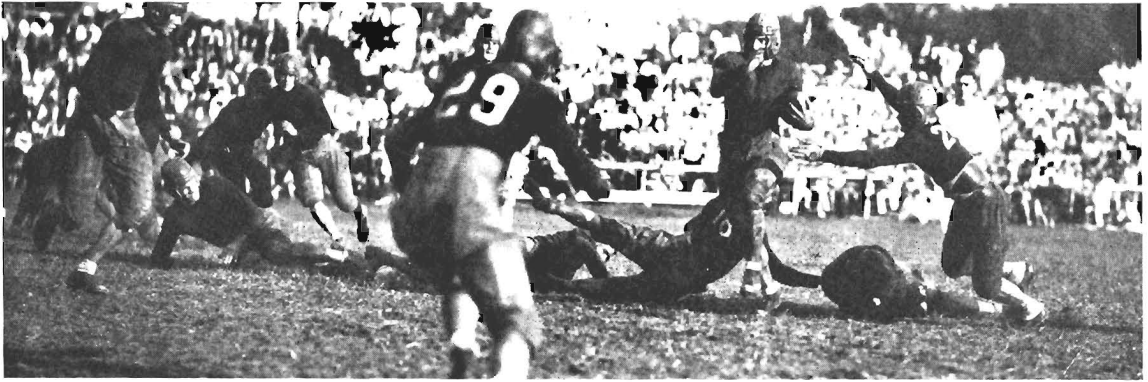

### WALTON, *Halfback*

The next week, instead of being disheartened by the overwhelming defeat at Chattanooga, the Lynx dealt out an enjoyable 47-0 lacing to our old rivals, West Tennessee Teachers College. It was a dandy game, from our standpoint at least, and the whole team seemed determined to lay it on the Teachers. Hightower pulled off the prettiest run ever seen on Fargason field when he squirmed and twisted his way 87 yards through the entire opposing team for a score. It was indeed a sweet victory, as advance dope figured we were in for a mighty tough game, if not a licking.

### RUSSELL, *End*

"Ole Miss" brought their usual good team to town and took us in tow with a 34-2 defeat. It was a good game and the Mississippians knew they had been in a contest before the end. The first half was particularly close and it even looked for a while like the Lynx would win, but a series of determined marches down the field brought about the downfall of the Cats. The redoubtable King tackled a man behind the Ole Miss goal line for two points.

## FOOTBALL

### LLOYD, *Quarterback*

Turkey Day brought the mammoth University of Arkansas team to town. Were they big! The more subs they sent in the larger they got. It was a good game the first half. In that period they scored only fourteen points, but a long third quarter wrecked what hopes Southwestern had. Bobby Lloyd got a tough break when he caught a pass and was well on the way to a score with no one near when he fainted from exhaustion on the Arkansas 20-yard line.

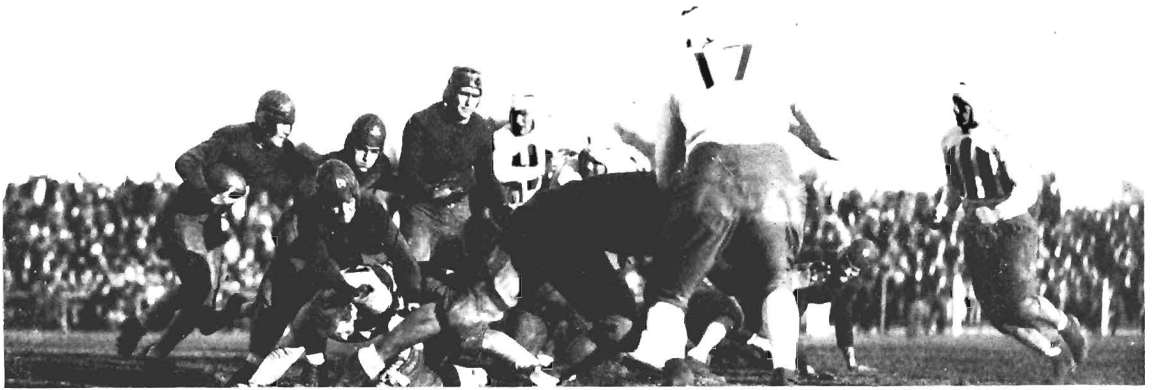

### PITTMAN, *Fullback*

Bobby is about the lightest man on the team and the punishment he had taken from the heavy Arkansas men had simply worn him out. The final score of that game was 73-0, but it can not be said that the score is a good criterion by which the playing of the team can be judged. The bunch never gave up, keeping up the old fight till the last minute. A wet and muddy field slowed up the light Lynx backs and proved an advantage to the Arkansans with their greatly superior weight.

### MCGIVAREN, *Tackle*

The last game on the schedule brought Hendrix College here with a fast team which went down in defeat before the Lynx by 32-0. Never were the Lynx in danger and they played a game worthy of their real ability. Captain Farnsworth, playing his last college game, ended his career in a blaze of glory. Big Mac played fine football in his swan song, as did Percy Brown. McGivaren is one of those players who always has lots of fight and plenty of courage.

## FOOTBALL

### FOOTE, *Center*

Foote started the season as regular center and played bangup ball the few games he could play. But along toward the first of the season he had the misfortune to break his arm and this put him out for the season.

### DIEHL, *Halfback*

Charlie is just a sophomore and has had little football experience, but from the form he showed this year he should make the varsity a valuable man next year.

### BRIGANCE, *Halfback*

One of last year's Bobcats and a mighty good man to have ready to send in. Brigance has two more years to play and should make the varsity next year.

### PORTER, *End*

Porter is a mighty good end and came very near rooting the varsity ends out of their jobs. He at least kept them busy watching out for their coveted positions on the varsity.

### HAGAN, *Guard*

This man graduated from the Bobcat ranks two years ago and has been out trying to win a berth on the varsity. He is a hard and steady worker and should make the varsity next year.

### VIERS, *Halfback*

"Brick" is another of last year's Bobcat team and made a mighty serious bid for a varsity position this year. Next year should find him a greatly improved player and somebody is going to have to hustle to beat him out of a regular job in the backfield.

## BASKETBALL

### CAPTAIN BILLY HUGHES, *Center*

Billy has been a mainstay on the varsity cage team for the past three years and has always been a sterling performer. This year he led his team through a successful season and to climax the year was named as the Captain of the All-S. I. A. A. team, chosen after the tournament at Jackson, Miss. Under the leadership of Hughes the Lynx won their way to the finals of the meet, being beaten by Mississippi College only after a great battle. The score was 33-30 and up until the final bell it was anybody's game.

### FLINT, *Guard*

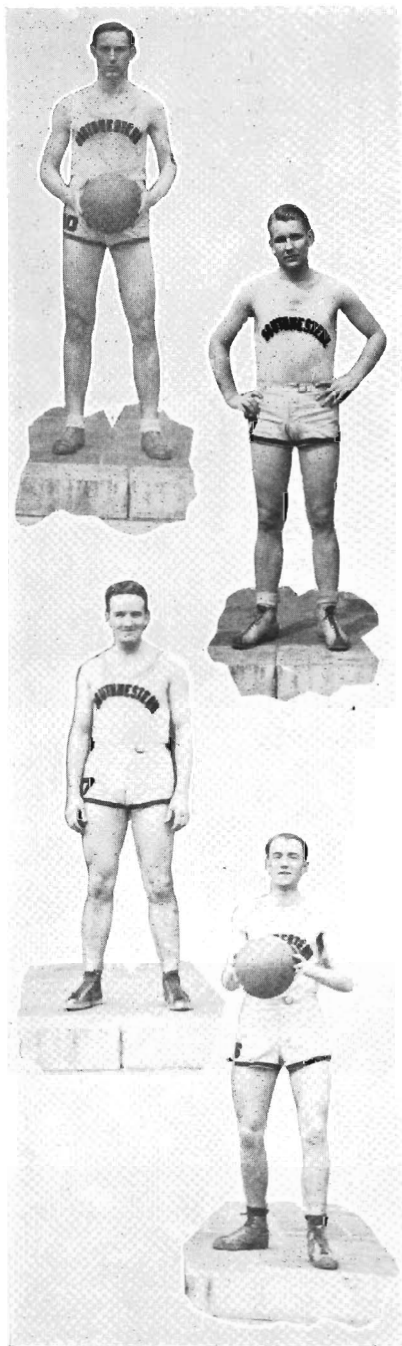

Flint was not eligible until after the mid-year exams, but after he got into the game he played a mighty pretty brand of ball. Unfortunately, just before the tournament at Jackson he suffered an infected arm and was in the hospital the week that the team was in Jackson. Flint will be on deck next year and should aid the Lynx considerably in placing a winning combination on the floor.

### DODGE, *Guard*

Dodge was in there at the guard position and the brand of basketball he put out during the year was great. After the S. I. A. A. tournament he was named on the second All-S. I. A. A. team, an honor greatly deserved by remarkable performance at Jackson. This was Dodge's last year and his place in 1930 will indeed be hard to fill.

### BARBOUR, *Forward*

Chauncey returned this year to Southwestern and was not eligible for varsity competition until after the mid-semester exams. At the start of the second semester he took a place as regular forward and played consistently good ball during the season. Barbour received honorable mention at the close of the Jackson tournament.

## BASKETBALL

### MORRIS FORD, *Forward*

Ford made his letter in basketball last year and returned this season to continue his good work. While not a regular starter, the time he does play he puts in the game all the energy he has and plays a mighty fine floor game. Ford will be on deck for next year's team.

### DIEHL, *Forward*

Sophomore Diehl came out for the varsity this year with not a whole lot of experience. He worked hard and faithfully and won a regular place at forward. At the end of the year there was not a better floor man around than Sophomore Diehl. The papers at Jackson gave him some mighty flattering write-ups, based on his all-around play. In the next two seasons Charlie should burn things up on the basketball floor.

### RUSSELL, *Guard*

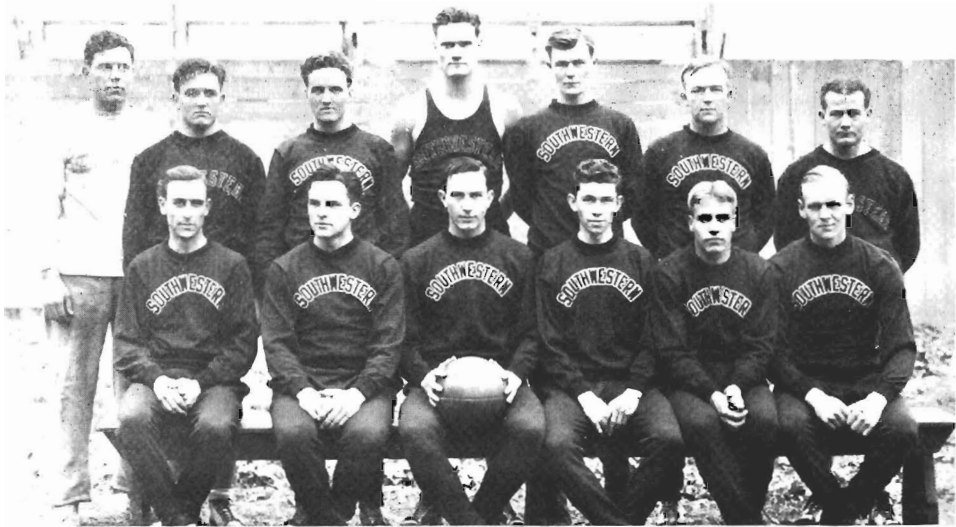

Here is an all-around athlete who does them up in real fashion. Bob grabbed on to a guard position and played bangup ball the whole year, but particularly during the latter part of the schedule. Down in Mississippi he played a major role in advancing the Lynx to the finals in the tournament. Bob has one more year and great things are expected from him.

### TERRY, *Forward*

Charlie played his last game this season as he graduates in June. He found lots of competition out there this year but he worked hard the whole year. Terry is a good floor man and the varsity loses a valuable man in his going.

## BASKETBALL

With prospects for the best team in the history of the College, Southwestern boosters were enthusiastic about the approaching season. Chi Waring, Billy Hughes, Captain; Dode Farnsworth, Bill Ford and Charlie Terry, letter men from last year, returned to form a nucleus for a great team. The new men recruited were Flint Liddon, Bob Russell and Charlie Diehl. The team was declared eligible for the S. I. A. A. meet held in Jackson, and as this goes to press they are in Jackson awaiting the opening game. While not regarded as favorites to win the championship, the Lynx are greatly respected by opposing teams.

## Baseball Prospects

The fellows interested in baseball started out early this year to line up a really first-class schedule for the Lynx team. As the book goes to press, six games are already lined up and, according to Don Fuller, about eight or ten more will be scheduled to complete the season.

The first game of the season will be played with the University of Iowa, who in making a southern trip, arranged two games with the Lynx. These will be played here March 29 and 30. The Red and Blue baseballers from Ole Miss come here the 26th and 27th of April to resume athletic hostilities and on May 10 and 11 the Lynx travel to Oxford to tangle with the Mississippians.

Several veterans from last year's team are on deck to make bids for the team, including Lefty Garrott, last year's captain and a mighty fine hurler; Billy Hughes, a crack first baseman; Claude Bowen, who holds down the shortstop position like a professional; Charlie Terry, who cavorts around the second sack, and T. M. Garrott, a mean third baseman. We lost most of the outfield, but Big Mac is on deck and also Harman Ayers. From last year's Bobcat nine the varsity squad this year recruited Hightower, a pitcher; Pittman, a catcher, and Porter, Brigance, Luster, Viers, in the infield, and Harry Walton in the outfield.

## BASEBALL

Returning this year to the fold are six veterans of several years' experience. Around these six men will be built the Lynx nine.

Charlie Terry is to be back at his old position at second base. His return is welcomed because Charlie is a smart player.

It is going to be a mighty tough assignment for the fellow who is out after Bowen's job at short. Claud is plenty good, especially in fielding his position.

"Lefty" Garrott, who captained last year's nine, is back for his last year with the Lynx. Garrott has plenty of stuff on the old apple, and opposing teams will likely find this out before the season comes to a close.

Billy Hughes, one of the classiest performers ever to wear a Lynx uniform, is to be stationed again on the first sack, though he may take a turn or two in the box. Billy is a good hurler as well as an excellent first-baseman.

The leading slugger of the 1928 outfit is back on deck to show the boys how to paste the apple to the far corners. Tim is a mighty valuable man to have around a ball field when hits are needed.

McGivaren, another varsity man from last year, answered the call and is out nailing the long and far ones. Mac is a good fielder, a smart ball player, and all in all, a sterling performer.

*Kneeling:* WEBB, CROMWELL, E. F. BORNMAN, FRAZIER, HUFFMAN, WRIGHT.

## TRACK

Track was revived this year at Southwestern and, under the leadership of W. C. Rasberry, accomplished enough to prove that it should have a definite place among the athletics of the school. Most of the events were distance races, the team competing with the Elks Club and the Y. M. C. A. Also inter-class and inter-fraternity races were held. The Freshman class won the class cup and the Kappa Sigma fraternity won the other cup offered. Roger Wright and Perry Bynum finished first and second respectively in the meet with the Elks and also finished first and second in the all-class and all-fraternity race.

A quarter mile cinder track has recently been completed. This track has a two hundred and twenty yard straight-a-way and this spring several meets were held. Much credit is due Coach Rasberry for his untiring efforts to establish track as a permanent sport on the campus. The following received letters for cross-country: Roger Wright, Perry Bynum, Edgar Bornman, Oliver Cromwell. Freshmen McMillan and Huffman were awarded numerals.

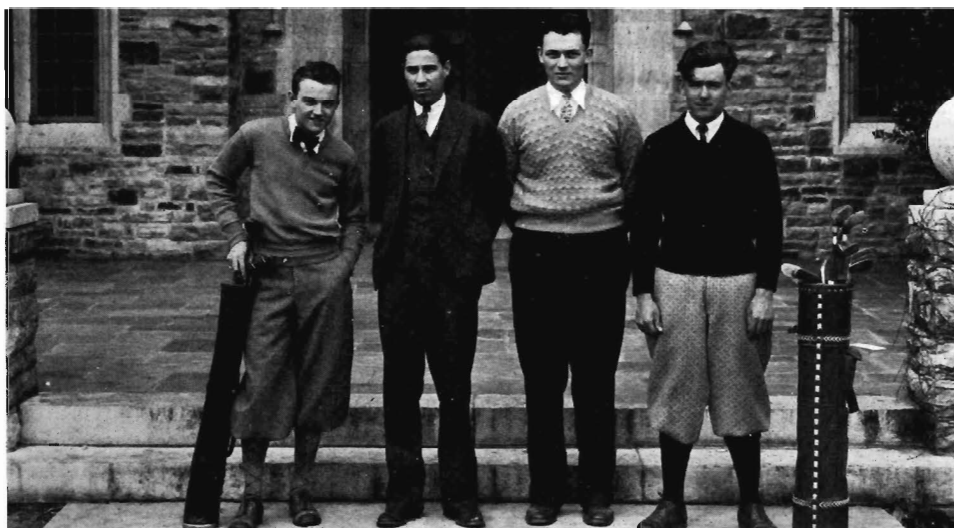

## TENNIS

When the sun starts getting really hot and the weather becomes warm and pretty, the Tennis Association takes on some aspects of life. This is the one really representative sport on the campus, for in the spring both men and women students swarm the courts. This year plans are being made to have the courts kept in first-class shape all the season and the regular tournaments will be held to select the teams.

The letter men returning this year are Billy Hughes, Herman Bevis, Mike Wailes, Tom Weiss, Johnson Garrott, Will Holloman and Robert Russell. With these men as a nucleus, and strengthened by a lot of good new men, we should be able to place a formidable team on the field. Last year we defeated Union twice, 6-0 here on our courts, and 5-1 at Jackson. Ole Miss went down before the Southwestern racquetters by the score of 4-2, it being the first time we have defeated the Mississippians. The match at Oxford was postponed on account of rain.

Matches this year likely to be scheduled are two with Ole Miss, two with Union, and possibly a dual match with Vanderbilt.

## GOLF

Each year two tournaments are held among the golf enthusiasts at Southwestern, one in the fall and one in the spring. The fall tournament is to decide the champion golfer and the one in the spring is held to select the regular team.

Last fall Freshman L. B. Long was the winner of the fall tournament, defeating Cromwell in the finals.

The team last year was composed of Beard, Cromwell, Kidd, Mitchiner and Harwood. They played two matches, both with Ole Miss. At Ole Miss the team met with defeat by the score of 4-1. Later, on the Colonial course, Ole Miss again trounced the Lynx Golfers, but by a close score, 3-2.

This year matches are being arranged with West Tennessee Teachers College, Ole Miss, and Tennessee. Letters will be given the upper class members of the team and numerals to the Freshmen members.

Last year, after the spring tournament, silver golf balls were awarded the following men: Beard, Harwood, Mitchiner and Cromwell.

## Freshman Football

Coach Adams was greeted at the beginning of the season by a husky bunch of football aspirants. This was the third year for Bob-cat football and their schedule included games with the Union Frosh, Ole Miss Frosh, Delta State Teachers, Sunflower Aggies, Tate County Aggies, and Tupelo Military Institute.

The Bob-cats came through the season with five victories and only one defeat, that at the hands of the Delta State Teachers. They did their best work against the Ole Miss Frosh, winning by the score of 7-0. This victory gave Southwestern its first football win over an Ole Miss team. Union was defeated by the score of 19-0; Sunflower Aggies by 24-6; Tate County Aggies 6-0; and Tupelo Military Institute 7-0.

The varsity will be materially strengthened next year when 1928 Frosh are eligible for varsity places. Coach Adams awarded the following numerals:

DAVIDSON	DETWILER	BERSON	TITUS
JOHN HUGHES	MORTON	HINSON	DELAY
JIM HUGHES	HALJ.	DARDEN	HARRIS
LILLY	WALKER	GIRARD	

### Bobcat Basketball

The Bobcat basketball team went through a hard season and came out with a percentage of .500, winning seven games and losing seven. They won three out of four games with T. M. I., one out of two with Senatobia, two out of two with Sunflower, and one out of four with Ole Miss Frosh. Eight men were awarded numerals at the end of the season by Coach Rasberry. The following men composed the team and got into action during the season: Long, Royce, Moore, DeLay, T. G. Moore, Dodds, Howell, Gerard, Harris, Shelton and Smith.

## Bobcat Baseball

Freshman baseball was first introduced at Southwestern in the spring of last year, and the team made a very creditable showing. Ole Miss Frosh, representatives of that school that we meet in most every kind of inter-collegiate competition, were encountered by the 1928 Frosh and we lost two games to them by scores of 4-3 in twelve innings and the second, 12-2.

This year it is necessary for the book to go to the printer before actual diamond work has begun, but prospects for a good team are most promising. Coach Wes Adams plans to issue the call for first practice about the middle of March and some twenty-five candidates are expected to appear on the field for work. The varsity team was greatly strengthened this year by the addition of sophomores who made up last year's Bobcat nine.

With Rasberry handling the Freshman basketball team, and Adams the football and baseball, the Freshmen are pretty well represented in all lines of sport at Southwestern.

## Girls' Basketball

For the past four years Southwestern has placed a Girls' Basketball team in action and while it has not been overwhelmingly successful, the Kittens have always made an enviable showing.

They encounter many difficulties and are to be commended for the spirit they have shown. They have no regular place and time to practice and throughout the year must get in practice at irregular intervals.

Five of last year's regulars have returned and with a great many newcomers, the team had a good season. Crawford McGivaren coached the Kittens through the season and Frances Crawford acted as business manager. Margaret Ashley, a guard, was elected Captain for this year. Eleanor Beckham was converted into a forward and the change was most fortunate, for she is an excellent shot. Louise Stratmann, one of the stars of last year's team, was unable to play this season because of outside duties. It is to be hoped that next year the Kittens will have a more satisfactory arrangement as to practice and finances.

#### THE SQUAD

STANAGE, *guard*.

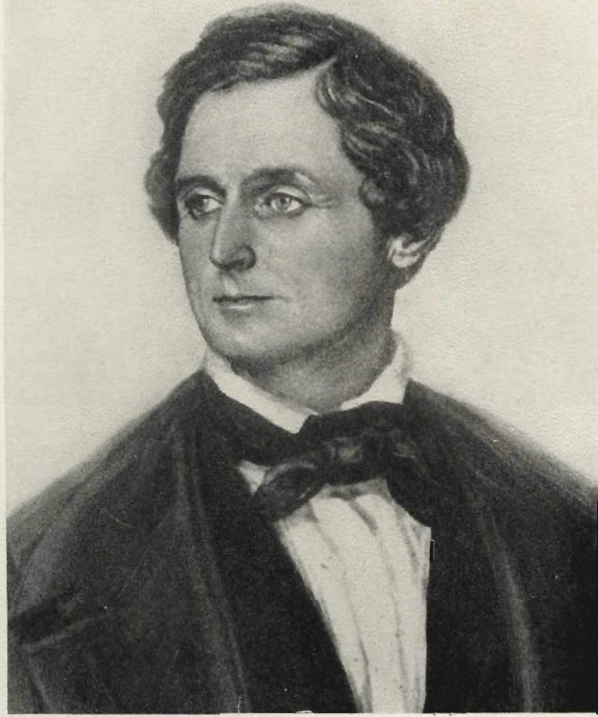

### The Team

As this goes to press the Kittens have played only one game, but have more on their schedule to be played. They tangled with the sextet from Lambuth College on February 15, and were beaten by the score of 53-37. The game was played in the Southwestern gym. The Lambuth cagers got off to a flying start and never relinquished the lead they had acquired in the first few minutes of play. Eleanor Beckham, converted into a forward this year, played a stellar game and rang up a total of 25 points.

### The Lynx

The staff of the Lynx began with the thought of getting a fresh start, and with this idea in mind gave the contracts to firms which heretofore have never handled the Southwestern annual. Palmer Brown, who was appointed business manager last spring, left Southwestern in favor of Washington and Lee, and early in the fall Leroy DuBard and Billy Hughes were appointed joint managers of the book. To them must go the credit for the successful financial handling of the book, a task which in previous years has proven almost impossible.

Paul Caldwell, as Art Editor, not only performed his work with great efficiency, but helped the editor immeasurably by timely suggestions and advice. Catherine Underwood was always ready and eager to help and has been of great aid in the preparation of copy for the class and organization panels. Johnny Hagan turned in his work far ahead of time, and Moore Moore brought in much hard-to-get copy. The various cartoons and drawings contributed by Vern Baumgarten and Lois Johnson were a big help to the Art Editor. The job of compiling all the scandal and jokes that go to make up the Feature Section was handled well by Dick Monk. John Crofton, Joe Barrett, and Don Ramier were a great help in making the 1929 Lynx.

The editor wishes to acknowledge the fine co-operation given by the Benson Printing Company, particularly to Mr. W. A. Benson, without whose valuable suggestions the editor would have been hopelessly lost. The Bluff City Engraving Company and Mr. E. H. Cassaday (the Gray Studio) have been very courteous and helpful in handling the engravings and photographs.

### The Sou'wester

If the Sou'wester staff hasn't been able to express itself during the past year, then do not expect any astounding display of information in this little skit. As we, the buffoons, recapitulate the year's work we are struck with the humor and pathos in the lives of the student body personnel. Sometimes we regret that we have friends on the campus, especially after we have dug up some really spicy copy; but yet we must keep the campus sober, and so it has been the slogan of the staff to print the news and nothing more.

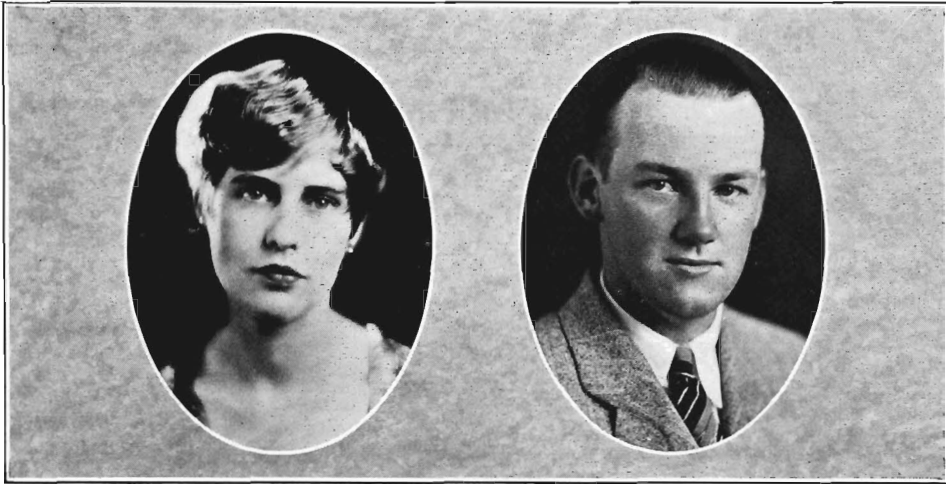

The editor had the hardest task holding himself strictly to facts as this is his fourth year in the editorial chair, and such length in office leaves such an incumbent with too much inside for the public good. But the paper has gone to press unsullied during the thirty-four issues published during the school year. Associated with Editor Southworth were Nate White and Vern Baumgarten, as news and sports writers respectively; and Freshman John Rea, Wilson Foote, Charles Garraway, and Miss Effie Lee Ingram as reporters. Malcolm Perry occupied a newly created office, as his duties were to send write-ups in the Sou'wester about campus students to their home town papers.

Convincing advertisers of the "rare opportunity" open at Southwestern as a market for wares, is no mean job. Pete Melvin was soon aware of this verity. But he tackled the job with fortitude and has seen the Sou'wester weather disturbed financial waters more than once. Associated with him were Schuyler Lowe and Reeves Manker; and it is to them that a large part of the financial success of the paper is due.

It is quite a grind on the staff to issue a paper each week filled with informative, entertaining news. This has been our aim and to this end we have bent our endeavors.

## The Journal

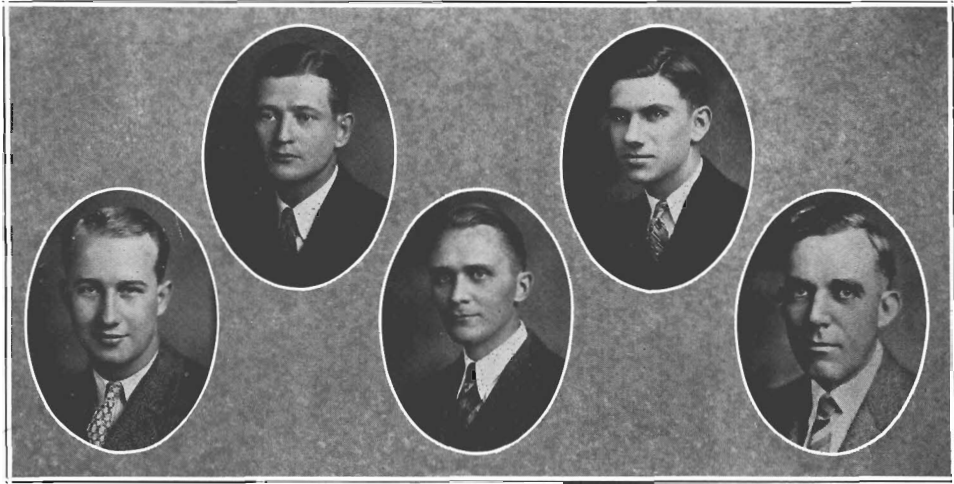

The Journal has had a hard time in being received on the campus with any degree of enthusiasm. In the past it has met with much opposition. It has been all the more difficult to change this attitude due to the fact that the students who have heretofore opposed it have not come out in the open with their reasons for so doing. Last year the effort to establish it on the campus as a regular publication met with very little success as only one issue was published during the entire year.

This year, however, the magazine has been provided for financially, at least, and the staff hopes that the students will adopt a new attitude towards the publication, and accord it the place it really deserves among the various activities on the Southwestern campus.

The Journal is published primarily to give the students an opportunity to express themselves along literary lines. Original contributions from the students and also from the alumni make up its pages and much surprisingly good talent is shown in the various essays, poems, and short stories. The staff is earnest in its efforts to make the Journal attractive and desirable to the students, and to this end they bend unceasing efforts.

Miss Underwood, as editor, deserves a great deal of praise for her work as does each member of her staff who has had an important part in producing the magazine.

### Publications Board

The Publications Board, which is composed of four students, two faculty members, and the Bursar of the College, has control of all publications of the student body. All contracts must be approved and passed by the Board before they are valid, and no organization or individual may publish anything without the approval of the board. The president is elected by the student body as a whole. There is also a representative from each class with the exception of the Freshman class.

**OTHER ACTIVITIES**

## THE STUDEN

Consistent with the idea of student organization, the student body at Southwestern each year names the three officers to represent the entire group. These are a president, a vice-president, and a secretary-treasurer. This year Crawford McGivaren was chosen as the president of the student body and Warner Hall was elected to the honor of vice-president. Catherine Underwood was the choice of the students as the secretary, the highest position a co-ed can attain at Southwestern.

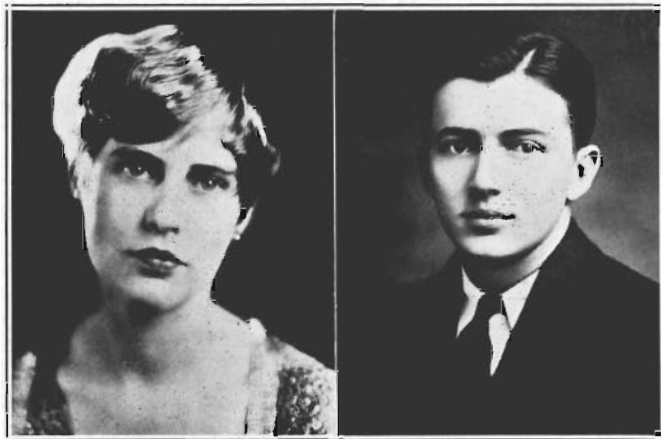

"Big Mac" has made a most capable leader—indeed it would be hard to find anywhere a man better qualified for leadership than McGivaren. He has carried out the duties in a highly commendable

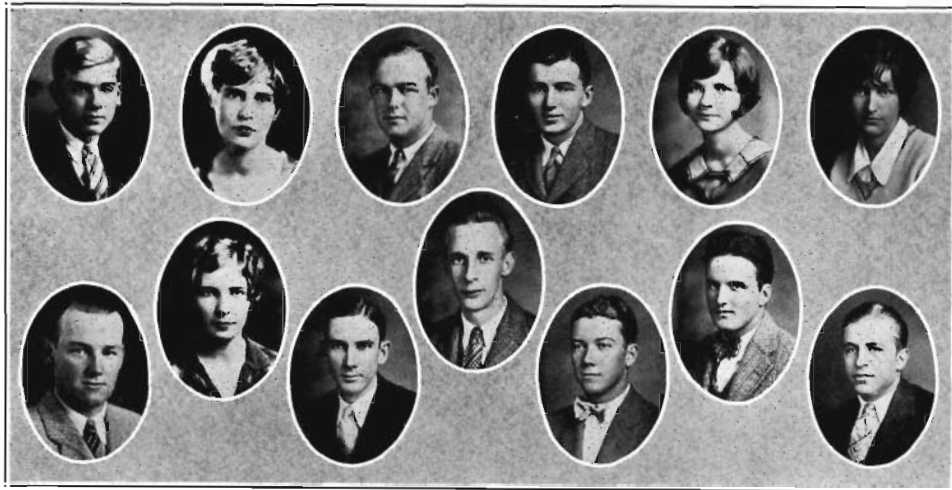

## T B O D Y

way, and he leaves Southwestern with the respect and genuine esteem of the entire student body.

Meetings are held each morning after chapel exercises at which times announcements of various meetings of clubs and organizations are made. Other matters which are of interest to the student body as a whole are brought up and voted upon at these meetings.

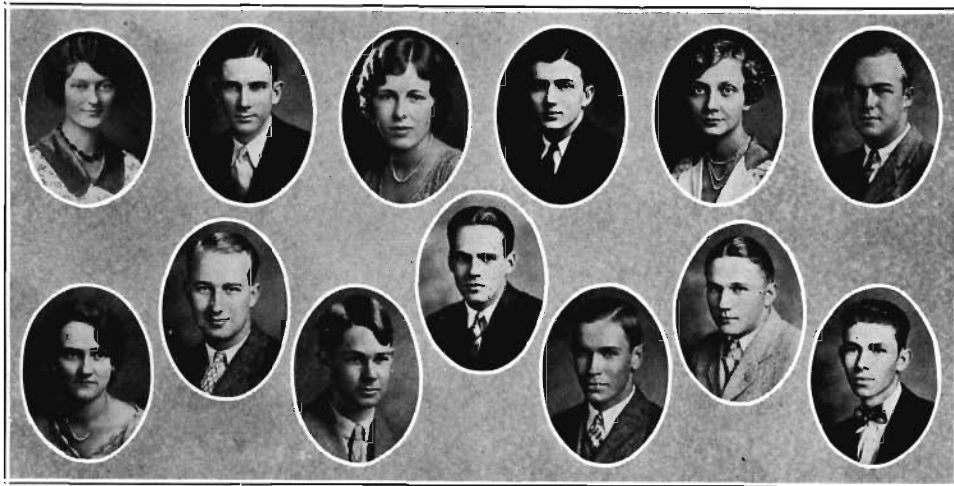

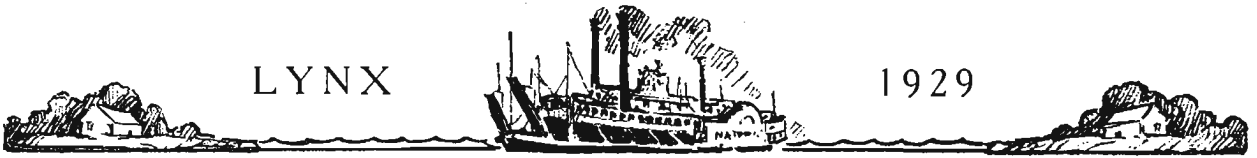

### Student Council

The Student Council, composed of representatives from the various phases of student activity, is the executive board of the student body. It is presided over by the president of the student body and meets at regular intervals to discuss matters which pertain to the students as a whole. The decisions of the group are passed on to the students and are either accepted or rejected by the whole student body. The decisions of the council are usually upheld although they may be voted down if thought unwise.

### Honor Council

The Honor System at Southwestern has been in force more than twenty years and has been uniformly successful in its workings. For the last four years it has dealt only with dishonesty in classroom work and on examinations and tests. When a student enrolls at Southwestern he voluntarily signs the honor pledge, which is, in substance, that he will not be dishonest himself and that he will report all cases of infringement of the honor code to the council. The deliberations of the council are absolutely secret and the student body at large is never informed of any action taken by the Honor Council. The action of the council is final, although the accused may appeal to the faculty, who if they see fit, may suggest a new trial.

### The Y. M. C. A.

The Y. M. C. A. is one of the oldest organizations at Southwestern and throughout the years it has continued as a vital force in the life of the Southwestern student body.

For a number of years the Y. M. C. A. held weekly prayer meetings, but these were discontinued and other types of services were held. On several occasions throughout the year the Y. M. C. A., in conjunction with the Y. W. C. A., sponsors vesper services to which the public, as well as the students, is invited to attend. Immediately after the Christmas holidays the Y. M. C. A. holds a series of special services of an evangelistic nature. This year Dr. Knight of St. Louis was the speaker.

Among the social functions in the charge of the Y. M. C. A. is the reception of new students at the beginning of the college year, and also the banquet which is given some time in April and which is always attended by a large number of students.

### The Y. W. C. A.

The Y. W. C. A. occupies a unique position on the campus since it is an organization of which any and every girl can be a member. The national motto of this group is: "We unite in a desire to enjoy full and creative life through a growing knowledge of God." We determine to have a part in making this life possible for all people. In this task we seek to understand Jesus and follow Him.

The past year the Y. W. C. A., along with the Y. M. C. A., edited the Students' Handbook for Freshmen. Meetings have been held every two weeks with interesting programs presented. The Social Service group took part in both Christmas and Thanksgiving kindness, through the conduction of a rummage sale. The Y. W. C. A. and the Y. M. C. A. presented beautiful vesper services at Thanksgiving, Christmas, and Easter.

### Men's Sanhedrin Council

The Sanhedrin Council is composed of one member from each fraternity and also the Editor of the Sou'wester. This group functions for the most commendable task of showing the Freshmen just exactly how insignificant they are. For every misdemeanor the lowly Freshman is summoned up to the room of the High Council, where means are taken, more or less strenuous, to impress upon him the necessity of meekly obeying the mandates of the Council.

This year the Council was composed of the following members:

DODE FARNSWORTH, *High Priest*

#### ELDERS

WILSON FOOTE	DONALD BODE
EDMUND MCGIVAREN	BOB LOGAN
DICK MONK	LUTHER SOUTHWORTH
CITY THOMASON	DUNCAN MCRANEY

### Girls' Sanhedrin Council

Three years ago, on account of the great increase in the number of co-eds on the campus, it became necessary for the co-ed upper class students to unite to protect themselves from the sly tricks of the freshettes. It has proven increasingly effective and this year reached the full of its usefulness. The poor freshettes were shown no pity at all and the council members spared no pain in making the freshettes walk the straight and narrow path of a lowly freshman. Incidentally, the upperclassmen had many a laugh from the programs given in chapel by the humble, but very talented freshettes.

### Quibblers' Forum Debating Club

This club is composed of those students who are interested in oratory and debate. Under the direction and coaching of their faculty advisor, Professor Kelso, they get invaluable training in public speaking. Meetings are usually held weekly and try-outs are held to select the speakers for the various debates during the year.

## Dramatics at Southwestern

**Q**UOTWESTERN Players this year have kept up their reputation of being one of the liveliest organizations on the campus. At the beginning of the year seventeen new members were added to the roll. Twenty-four tried out and those chosen were adjudged just a little more capable. Most of the new members were taken from the Freshman Class but a few came from old students.

The first play of the year, "A Successful Calamity," was given on the nights of December third, fourth and fifth. This proved a decided success, and while it did not make the Players rich, it proved to the public and to the students, that Southwestern has real talent and deserves better support. Several offers were made the cast to present the play in the surrounding territory, but they were unable to accept.

Included in the cast of "A Successful Calamity" were: Anne Roach, Fritz Heidelberg, Margaret Sweeny, Allen Haden, Robert Sanders, Johnson Garrott, Ward Harris, Edward Dodds, Nell Holloway, Hazel Edmunds, Thomas Drake, and Gerald Seagle.

"Open Collars," a play which has had a remarkable run in the East, has been chosen for the Spring play. As this goes to press the cast has not been chosen, but a very delightful play is assured.

The Players were most fortunate this year in securing the services of Clifford Penland as director. Mr. Penland has had wide experience on the stage, both in acting and directing, and has been untiring in his efforts to place dramatics at Southwestern on a higher plane.

Last year the Players had the distinction of representing Southwestern as one of the nine groups entered in the Cummock Cup One-Act Play tournament at Northwestern University. This year they hope to have that same honor.

## THE SELECTION OF THE BEAUTY QUEENS

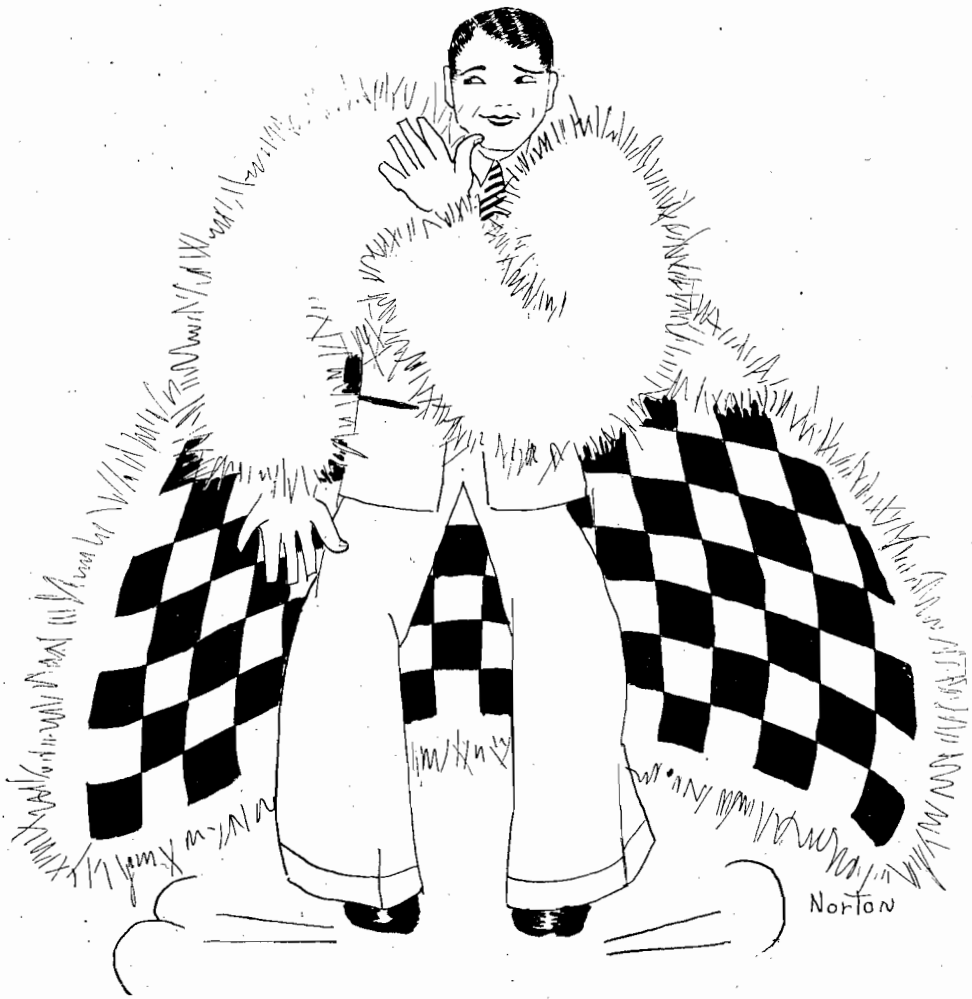

OR THE past several years the various ways of selecting the Beauty Queens at Southwestern have at best proven unsatisfactory. There have always been some students who thought the selections unfair and not representative of the real opinion of the student body as a whole.

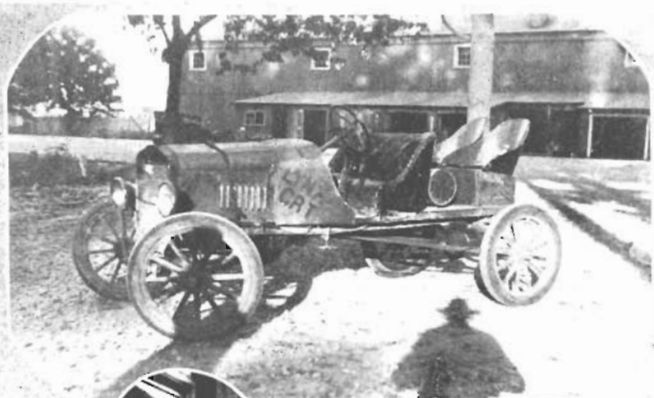

This year the staff wished to do away with all doubts as to the fairness of the election, and to do this we decided the thing to do was to hold the election one morning after Chapel with no previous notice being given. You know the results. The staff sincerely believes that the selection this year has been the fairest ever held. We wrote to several colleges trying to find out just how elections for the Beauty Queens were held. We received some suggestions but in the main the replies we got were in the form of lamentations from other editors who were puzzled over the same problem.

We have been honest and sincere, and absolutely above-board in our election this year and we frankly believe that we have solved the problem of impartially selecting the most popular students for the honor.

LYNX LIFE

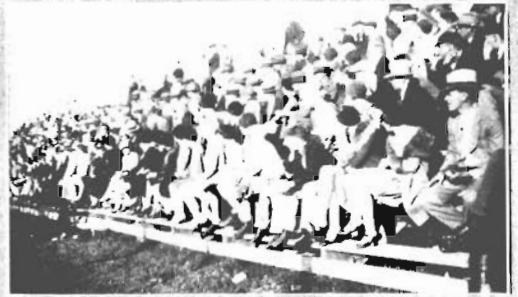

Razz's Ford in its better days: looks like the Glee Club are sounding "Z," or maybe it's "X"; Vern seems to be looking for something, and Ramier is playfully hiding; part of the Lynx Club on duty; when the Juniors and Sophs played there were some goings-on; at the bottom the crowd seems to be more interested in the fight than the game when we walloped the Teachers.

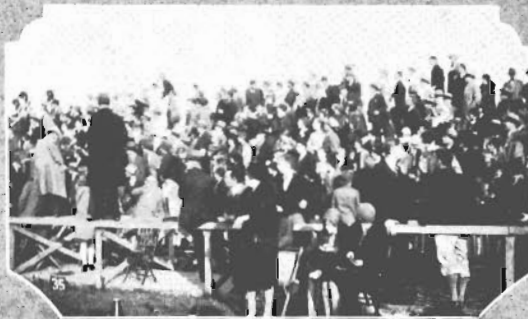

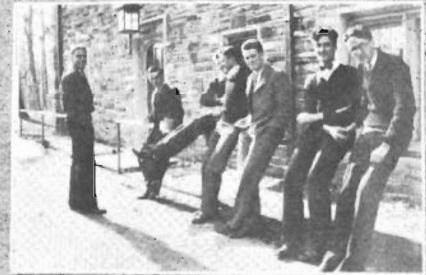

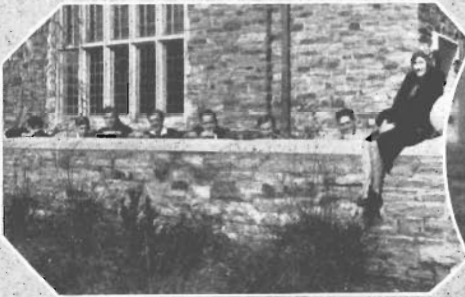

A practical course—Money and Banking—they even enact bank robberies; proof that Eleanor can't keep both feet on the ground at once; the Bobcats are roughing it up a little; make your own comment about the muttler—the staff fired the photographer; Rashberry's charges lined up for the start of the cross-country that yielded a cup; Dode—the staff received a gentle graft for running two snaps of him on one page.

Cheerleader Haden strutting his equipment; Moore and Foote seem to know their business, as both Martha and "F" seem to be mighty interested; Old Lady assumes a most dignified position to tell his Juniors how to apply the old calceimine to the Sophs; Haden and Fritz may be discussing Players business, or maybe it's Nitist Club problems, but probably it's an argument as to just who is the best chess manipulator; Razz gave us this picture and insisted that we run it.

The newest addition to our campus, the track; we don't know what "it" is, but whatever "it" is our friend Bobby has "beaucoup" of it; looks like DuBard is really a bard, but Miss Underwood evidently doesn't appreciate good music; the Freshmen are still looking for their shoes, and below, the crowd is calling for a K.O.; a typical group of railbirds loafing in the most approved Southwestern style; this Sophomore Wright has surely shown the boys how to run fast and far; left bottom, an excellent study in contrast.

We had somewhat of a struggle with Big Mac: the scene of Palmer was snapped from the observation platform of an outgoing tank car; Baby and her friend pause for a snap while leaving Evergreen Hall; Barrett was handled rather roughly when he attempted to photograph some of these snow scenes; we are not sure just who is furnishing the means of locomotion for this sled, but we can vouch for the rider.

Now all together on "The Winter's Song"; if you look very closely you may even see some of the broken window panes; can't say what would have happened if that stump on the campus hadn't offered so many opportunities for snags; Mr. Fuller and a coterie of students in the snow; Liddon and Hagan are in partnership, and the rest of the fellows don't stand a show.

Where are all the angry farmers you told me about?

What angry farmers?

Didn't you tell me to come over and see the cross-country men?

Fresh — My girl has lots of personality —  
 Student — Mine isn't good looking either —

Irish Soph—"You're a Canadian. You were born in Canada."

Freshman—"Wrong. My mother and father were Scotch, so I am Scotch."

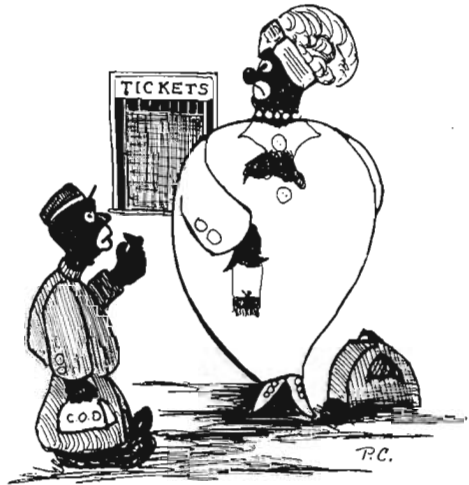

Soph—"You were born in Canada. You are a Canadian even if your parents were Scotch."

Frosh (heatedly)—"Well, if a cat had kittens in an oven would you call them biscuits?"

LAMENT OF A DORMITORY MAN

Last night as I peeped through the keyhole,  
The charms of a co-ed to see;  
She sure wields a wicked hat-pin—  
Oh! Bring back my left eye to me.

Today as I passed by the main hall,  
The wind blew chilly and free;  
A co-ed perched high on the cement—  
O! Bring back my right eye to me.

Now I mourn in total blindness,  
For the ways of the world I can't see.  
Bear me away from the co-eds—  
O! Bring back my eyesight to me.

## *Linked with Progress*

---

The services rendered by these two institutions are closely linked with the growth and progress of the city and community.

Electric light, power and gas serve the convenience and comfort of the citizenry in innumerable ways.

Street railway transportation, the most economical form of convenient travel on city streets, is essential in modern city life.

It is a privilege to render services so vital to the welfare of all the people, and we of these organizations are happy in the thought that we are contributing our quota to the continued progress of the industrial, commercial and social life of the community.

"A BUSINESS THE WORLD SHOULD BE PROUD TO HAVE"

Marshall Field Says:

Stock fire insurance has won its place in the world by that which it has accomplished for the people. A business that takes the small individual sums which no one feels the loss of and combines them into millions of value for the benefit of the unfortunate whom fire touches, be they individuals or cities of individuals, and re-establishes them again in the world, is a business that the world should be proud to have, and this is what insurance does, and no other business on the globe is capable of doing.

CLARENCE SAUNDERS

a public spirited citizen of  
Memphis and a staunch  
supporter of South-  
western.

“Oh Professor  
.. I see you”  
cried Mortimer gleefully

AND well he might. For in the new Command-Aire training ship all barriers are swept aside. The instructor may see the student, or the student may see the instructor. False moves are detected at the outset rather than in belated correction of the ship's performance.

See for yourself how the single set of instruments is visible from either seat. See how the dual control plus the open seating and the ease of communication make it possible for the student to learn to fly from either seat. In the past he has become accustomed to one seat, only to have to learn all over when assigned to solo flights. Thus does the Command-Aire training plane simplify this business of learning to fly. And thus does Command-Aire combine ease of instruction with uncanny stability in the air.

Learn to fly this year. Command-Aire Flying Service, Inc., will qualify you for the different phases of aviation as follows:

#### *The Primary Flying Course*

Includes classroom instruction on Theory of Flight, Navigation, Meteorology, Aerodynamics, and a practical course in primary flying to the point of solo. \$150.00.

#### *The Advanced Flying Course*

Includes Aeroplane and Engine mechanics course, practical instruction in the Command-Aire factory under the supervision of expert factory engineers, practical flying instruction in all forms of aerobatics, cross-country and all-weather flying, forced landings, emergency repairs, and ten hours solo flying, which qualifies the student for Department of Commerce Private Pilot's License. \$250.00.

#### *The Limited Commercial Licensed Course*

Open only to graduates of our advanced flying course. This course will complete total of fifty hours solo flying and a review of all work done in primary and advanced flying courses with extensive cross-country flying and qualifies the student for Department of Commerce Limited Commercial or Industrial Pilot's License, which enables graduates to start earning as aeroplane pilots. \$500.00.

Write for additional information regarding either the Command-Aire Plane or the Command-Aire School. Just address Command-Aire, Inc., Little Rock, Arkansas. See the Command-Aire Representative at Memphis Airport.
