As this is a studio class you will be expected to attend classes. Class time will be broken up between work time and critiques. Students will be evaluated on the basis of their completed in class projects (50%) Homework (30%) Improvement and/or risk taking (20%)

Course description:

Drawing is a concrete expression of thought. Throughout time, people have used drawing to record, explain, remember, transform, experiment, imagine and invent. In this beginning class, we will focus on drawing as tool to engage and order the picture plane (the two-dimensional area of the page) and to construct convincing illusionistic space.

The goals of this class are to 1. improve mark making abilities. 2. To communicate your thoughts in a direct and effective manner through the materials. 3. To develop a conceptual understanding of artmaking.

REQUIREMENTS TO PASS THIS CLASS:

Studio art classes at Rhodes require a minimum of 138 work hours for three hours of credit. You will fail if you do not have these minimum hours of work. To achieve this you must average 9 hours of work each week. Six hours will be spent in class; however, you must schedule to spend the three additional hours (25 minutes each day) on homework.

Attendance and Class Participation: Class attendance and class participation is mandatory.

- Do not be absent. You will not be able to make up class work.
- Each absence will lower your grade 1/3 of a letter grade
- Punctuality: Please be punctual.

Engagement and completion of all in-class work: (50% of grade)

Completion of Homework (30% of grade)

Fulfilling the above requirements attains a B-C grade. An exceptional student should grow, change and develop in facility and intellectually during the course. Improvement and/ or risk taking will earn an A grade.

- Improvement is defined as **significant and sustained** skill acquisition.

- Risk taking students take their drawings past personal satisfaction to skilled communication. They tend to work larger, with ambitious media and sustain projects for a long period of time. They tend to work in series and make significant changes to their work all through their process.

Extraordinary Improvement and/or risk taking will earn a full 20% (A grade): 9 or more drawings completed and resolved by fulfilling one of the two guidelines: 1) thorough resolution of the picture plane, or 2) a convincing and fluent construction of illusionistic space.

Good Improvement and/or risk taking will earn 10% (B): 8-7 completed and resolved works

No attempt to improve or take risk will earn no additional points (C grade): 6-5 completed and resolved works

Less than 5 completed and resolved works generally means a student has missed more than three classes and/ or has made no attempt to engage or complete the work at hand.
