Dear Friends,

Time flies when you are having fun! We have been having so much fun, none of us noticed twenty-nine seasons passing! It is hard to believe the McCoy Theatre has been operating longer than our students have been on this earth! Yet it is because of the students we have had so much fun; they breathe fresh life into these walls every day. We are blessed, for the McCoy will forever be young and adventurous!

We are a small department but, as Miss Laura says, we do like to ask large questions. Thank you for asking those questions with us. Thank you for being a part of the next generation of artists, scientists, and leaders of the community. Let us send a quiet but very genuine thank you to our guides, mentors, and founding parents, so to speak. Ray Hill started the theatre program in earnest when the college was Southwestern at Memphis, asking very large questions indeed, presenting plays by Beckett, Ionesco, and Albee before they became household names. Betty Ruffin followed, giving an air of elegance to the work. Tony Lee Garner then harnessed all the energy by turning the Zeta house into a producing house, and *voilà*, the McCoy Theatre!

From Sondheim to Shakespeare to Charles Mee, from original works to adaptations, from guest artists to our production of *Nicholas Nickleby*, we have had a blast! There are so many memories, so many faces, so much love it is impossible to list every person who has had an impact on this space. Theatre is a collaborative art, and everyone who has come through our doors has participated in creating magic.

So here's to the past – the past that shaped our present! Here's to the future – a future full of promise and excitement; a future full of challenges and growth; a future offering the next generation a place to discover its voice.
