SCAC Profile

The Southern collegiate Athletic Conference (SCAC) was formed to provide an association through which the member institutions may encourage organized competition in intercollegiate sports among teams representative of their respective student bodies. Members of the conference share a commitment to priority of the overall quality of academic standards and quality educational experiences.

The conference was founded and began operating on September 1, 1962, as the College Athletic Conference (CAC). Centre College, Southwestern at Memphis (now known as Rhodes College), The University of the South (Sewanee), and Washington and Lee University were the four charter members of the conference. Later in 1962, Washington University of St. Louis became the fifth member and the CAC remained unchanged until 1972.

Following membership changes throughout the 1970s and 1980s, the conference went through restructuring and renaming. With the addition of Millsaps College and Trinity University in 1988 and Hendrix College and Oglethorpe University in 1991, membership reached a then all-time high of eight. In 1991, the conference renamed itself the Southern Collegiate Athletic Conference, its first full-time commissioner Steve Argo was hired, and a conference office was established in Atlanta, Georgia. The SCAC added Southwestern University in 1993 with participation beginning in the 1994-95 academic year. In 1997-98, the SCAC added DePauw University with participation beginning in 1998-99.

Austin College and Colorado College were confirmed as members of the league in 2005 with participation beginning in the 2006-07 academic year. Birmingham-Southern College has been approved as the 12th member of the SCAC with play in 2007-08, though as a provisional member of Division-III, its games will not count toward conference standings.

The conference and its member institutions are committed to maintaining high academic standards. The member institutions are committed to the principle that a quality college athletics program is beneficial to the well-being of an institution in that it benefits the entire campus community as well as the student-athletes.

With nine member institutions maintaining Phi Beta Kappa chapters on their campuses, the SCAC boasts some of the most prestigious colleges and universities in the nation. SCAC schools are consistently ranked among the top 50 colleges and universities in the nation in such respected publications as Barron's, Peterson's, Princeton Review and National Review College Guide.

SCAC member institutions maintain consistent enrollments through very selective admissions standards and continuing quality education.

— *Strangely enough* —

OUR EXPERIENCE TREATING WINGS, PAWS, FLIPPERS AND CLAWS MAKES US BETTER AT HEALING SHOULDERS, ANKLES, KNEES AND ELBOWS.

Why do we play sports?

Why do we exhaust ourselves endlessly chasing one another within fence enclosed grassy meadows or frustrate ourselves by attempting to thwart the laws of physics that dictate an object at rest will remain at rest or punish ourselves with the unnatural pursuit of conquering environments we have no business wading into?

Why? Because it is there. Because the human spirit won't take no for an answer. Because adrenaline is a drug that feeds the soul. And because for those lucky few able to run faster, jump higher, throw farther and dive deeper, glory awaits.

So we play.

But not all of us are built for speed. Fewer still are built to absorb the punishment sports inflict. And

none of us are eternally sixteen years old.

So we get hurt.

But we don't mind. Even the biggest, strongest, and fastest of us get hurt. We accept that as part of sport. What we don't like, what we detest, is not being able to play.

That's where Campbell Clinic comes in.

Our sports medicine staff specializes in getting athletes off the training table and back on the field as quickly as possible. But we're not just experts in sports medicine, we're also the leader in general orthopaedics. So is it any wonder that the most serious of athletes, those from the professional and college ranks, choose Campbell Clinic?

And if people whose careers are dependent upon healthy bodies think we're the best, then odds are we're a pretty good choice for week-end warriors, long-time couch potatoes, or anyone who turns an ankle, wrenches a back or twists a wrist. Because even if you're tough enough to play with pain, there's no reason you should have to.

CAMPBELL CLINIC IS PROUD TO BE THE OFFICIAL SPORTS MEDICINE PROVIDERS FOR THE MEMPHIS GRIZZLIES, THE MEMPHIS REDBIRDS, UNIVERSITY OF MEMPHIS ATHLETICS, RHODES COLLEGE ATHLETICS, CHRISTIAN BROTHERS UNIVERSITY ATHLETICS, THE MEMPHIS RIVER KINGS, REGIONS MORGAN KEEGAN TENNIS CHAMPIONSHIPS, AND BALLET MEMPHIS.
