*Discover the Best Major and Career Path for You!*

- Career Assessments
- Major Panels
- Employer Luncheon

**Career Tracks** is a career-planning program designed specifically for first year students. It provides you with the opportunity to learn more about yourself, majors, and careers. Through the above activities, you will become empowered with the necessary knowledge to choose a major and career path that is the best “fit” for you.

A \$30 participation fee is required, which includes assessment results (a \$300 value) and programming costs. For your convenience, the residence halls will open Sunday, January 8th, at 8 a.m.

## **Self-Assessment**

**Career Tracks** includes two tools to help you identify possible careers and majors of interest.

### **Strong Interest Inventory**

This assessment categorizes your interests and matches them to careers and majors.

### **Myers Briggs Type Indicator (MBTI)**

This inventory identifies personality type, which helps in making a satisfying major and career decision.

## **Major and Career Exploration**

Through Career Tracks, students will be able to explore majors by eating lunch with faculty members representing all of the majors at Rhodes. Students will also have the opportunity to learn about careers of interest by attending an Employer Panel Discussion with employers from a variety of career fields.

## **Schedule of Events**
