

THE FUTURE FACES OF WAR: POPULATION AND NATIONAL SECURITY

Dr. Jennifer Sciubba

7:00 pm ~ February 21, 2011 ~ Blount Auditorium
Free & open to the Public ~ Reception to follow

Dr. Jennifer Sciubba

*is the Mellon Environmental Fellow in the International Studies Department
and is a former consultant to the Department of Defense.*

In her latest book, Dr. Sciubba illustrates how demographic trends in fertility, mortality, and migration will predict the major players in global conflict in the 21st century.
