## Truman To Ask Congress For Tax Increases

WASHINGTON, D. C. — The White House announced Wednesday that President Truman will ask Congress for drastic tax increases and a high official source said the program will call for at least 10 billion dollars a year and probably much more.

The tax increase plan will be presented to the new 82nd Congress, which convenes January 3. A top-ranking official predicted that it will be submitted before January 15.

High taxes will be requested to finance a war crisis budget for the coming 1952 fiscal year of around 75 billion dollars of which about 50 billion dollars will be to build up defenses of the U. S. and allied nations.

The Budget Bureau has not yet completed the budget, but the forecast is that the total will be about one and a half times that for the current 1951 fiscal year. This is expected to be roughly 50 billion.

### Obtains Injunction To Protect Wife's Estate

WASHINGTON, D. C. — (NNPA) — George Henry Murray, local high school teacher and administrator of the estate of his wife, Mrs. Anna C. Murray, has obtained a preliminary injunction to restrain his sister-in-law, Mrs. Murray said, his wife remained in a coma for a period of about 47 days from August 8 to September 24, debts against her estate, he asserted, totaled about \$2,600.

According to Mrs. Gadsden, her sister opened the account in the Equitable December 1, 1925, in Mrs. Murray's name, and transferred it on July 1, 1928 to a joint account with Mrs. Minnie S. Singleton, another sister, who died December 15, 1944. The account, she said, was changed again on January 12, 1945, and put in the names of Mrs. Murray and Mrs. Gadsden. No deposits have been made in it since January 4, 1939.

Judge Alexander Hotzoff in District Court said the claim raised an issue of fact and of law as to the true ownership of the money deposited with the building loan association and that irreparable damage will result if withdrawals are made. Mr. Murray had charge that Mrs. Gadsden was threatened to withdraw the deposits.

The new Commons building was the scene of the LeMoine College annual Christmas party sponsored by the Student Planning Board, the Senior Class and other campus organizations. Gifts were exchanged by the students and faculty alike; while baskets filled with food
