

MEMORIAL SERVICES FRIDAY MORNING

PLAN FINAL TRIBUTES TO MISS ALMA HANSON

Memorial services will be held this Friday morning, November 9, at 11 o'clock in Second Congregational Church, Walker and McDowell, for the late Miss Alma C. Hanson, veteran member of LeMoyne's faculty and staff. Miss Hanson, 78, died Saturday afternoon at 1:10 in her campus apartment following a lingering illness.

Dr. Hollis F. Price, president of the college, said no classes will be held Friday after 10:30 a. m.

The body is to be cremated following completion of an autopsy.

Miss Hanson had been ill about one year but was not confined until the middle of last May.

"The deceased had only one known relative, Mrs. Lisa Olson of Baldwin, Long Island, N. Y., a distant cousin by marriage.

Born in Pennsylvania and reared in Sweden, Miss Hanson is probably the last of those stalwart and fearless persons who moved to the South years ago to work as missionaries in the many schools and colleges established by the American Missionary Association.

Her tenure with the AMA began in 1910 when she went to Talladega College in Talladega, Ala., to serve as secretary to the president. In three weeks she had been promoted to bookkeeper and was running the office, and later became assistant to the treasurer.

Miss Hanson came to LeMoyne in 1922 "after some hesitation." From that time until 1962 when she was retired, she served LeMoyne faithfully as its treasurer. During one period when LeMoyne was without a president, she even held the title of acting president.

After her retirement as treasurer, she spent four months in Norway and Sweden and took a bus trip through Europe and Greece. Then she came back to LeMoyne and accepted the position of superintendent of grounds and buildings.

When Bruce Hall, the gymnasium, was erected, Miss Hanson decided that supervising campus building and grounds was too much for her, so she gave up the buildings and gave all her attention to beautifying the campus.

Before making the trip to Talladega College in 1910, Miss Hanson had been working with young people in the Congregational Church in Manchester, Conn., St. Paul Douglas, then executive secretary of the American Missionary Association, called for young people with the "missionary spirit" to go South. Miss Hanson volunteered. Her salary was \$20 a month when she went to work at Talladega.

"After eight years at Talladega, I became a bit cynical," she said. "World War I had changed the world. There was no longer a missionary spirit. People were merely teaching for what they could get out of it."

So, she gave up missionary work and returned to the East. Before going to Talladega, she had finished business college, done some work in business administration.

UNCF Campaign Starts Monday

The annual campaign for the United Negro College Fund gets underway next Monday night, November 12. Official kickoff will be at LeMoyne College. Spearheading the drive this year for the Memphis area is Frank J. Lewis, principal of Grant Elementary School and president of the Memphis chapter of Tennessee State University's Alumni Association.

The goal this year is \$25,000.

At the final organizational meeting last Tuesday night, Mr. Lewis predicted that the goal will be reached if all of the volunteer

workers roll up their sleeves and turn in their best efforts.

"All citizens of Memphis and Shelby County should feel it a privilege to contribute to UNCF which gives financial aid to 32 accredited private colleges and universities," said Mr. Lewis.

Mr. Lewis urged graduates of state as well as private colleges to rally to the cause of UNCF.

Tennessee schools benefiting from the United Negro College Fund are LeMoyne, Lane, Fisk and Knoxville. Philander-Smith in Arkansas and Tougaloo Southern Christian in Mississippi also are UNCF members.

The sum of \$15,000 was raised in the UNCF's Memphis campaign last year under the guidance of A. C. Williams. LeMoyne received more than twice this amount from the national office of United Negro College Fund.

A. Maceo Walker, president of Universal Life Insurance Co. and Tri-State Bank of Memphis, will be the keynote speaker.

During the first meeting last week of the Metro board, Dr. Davis advocated the establishment of a school for superior children to be staffed by superior teachers. Later Dr. Davis stated to this writer that "there is a desperate need for a new finishing school for superior students and such a school should be staffed by superior teachers. Likewise educational opportunities for all children should be improved with special attention given to

Lt. Lee Scores At Yale

Lt. George W. Lee last week won the applause of Yale University after delivering a masterful address on "Secret Deals and Their Influence on Race Relations."

He gave praise to James Meredith saying that "Meredith symbolizes the new thrust of the American Negro for equal opportunities." He said: "Meredith played his pioneer role with outward calm and appeared unmoved by the ceremonies of human judgment."

The Atlanta Life Insurance Company executive, who also lays claim to such titles as politician, author, orator, and fraternal leader, said: "The Negro, in search of a technique for achieving first-class citizenship, turned to the philosophy of Mahandas Gandhi which holds that right is might and in the end right will win.

"With this right is might, non-violence philosophy, the sit-ins and the freedom riders moved forward with the determination to bring direct and powerful pressures to bear upon the government. They were determined that the nation would not be permitted to seek a false social serenity by sacrificing the human rights and needs of millions of citizens.

"They have not gained all they were after, but with the aid of white citizens of goodwill they

Co-ed Implicated By Her Boyfriend

Russell Peterson, Jr., in County Jail since July awaiting trial for forgery, wrote a letter to police officials last week. The letter implicated his girl friend. Now, Miss Florence Marie Johnson of 685 So. Parkway East and a student at Lane College, is awaiting trial, too.

Police arrested Miss Johnson at her home and said she admitted forging 26 checks for almost \$22,100. The officers said the checks were stolen from the Gridiron System, that Miss Johnson forged the name of a Gridiron System employee after the checks were made out to Peterson.

Arresting officers said Peterson endorsed the checks, cashed them at liquor stores on March 2 and then he and Miss Johnson went to Cleveland, Ohio. Peterson was arrested in Cleveland and returned to Memphis.

Miss Johnson was held to the state Friday on 26 counts of forgery. Her bond is \$1,500.

Strikes Ex-Wife: Five Days In Jail

John C. Williams, 43-year-old probation officer for the Juvenile Court, drew a five-day jail sentence last week for contempt of court.

He was charged with striking his ex-wife, Mrs. Moseale Williams, in the face moments after the two left the courtroom of Circuit Judge Friel Hastings.

Mrs. Williams had just been awarded by Judge Hastings. Her husband had contested it.

The divorcee reported the slapping and Judge Hastings handed out the five-day jail term. Williams admitted striking his exwife.

Propose Another Political Group

Coming on the heels of Tuesday's election, which saw most of the old split groups operating as a single unit again, is the persistent rumor that a non-partisan political organization is about to be organized. Such a group, if it should take on shape, would rival two well-organized Democratic organizations and the somewhat silent Republican Lincoln League.

Leadership of this proposed body would come from Republican and Democratic ranks, chiefly from among those who are not closely identified with any political organization but who have become prominent recently more or less as independents.

The leadership would be expected to come from those men who waged an all-out campaign for passage of the consolidation charter. Those favoring such an organization think it "would be good" for Memphis.

The proposal is still in the talking stage and didn't stand a chance of getting off the ground early this week because of Tuesday's election. There had been so much talk for and against the charter that many

Inside Memphis

MEMPHIS NEEDS MORE intercollegiate football games, such as the Fisk-Lane contest Saturday night. These sports attractions bring out the society dolls with their furs and wigs and pretty faces.

THEY MAKE NO BIG effort to get there on time because the game really doesn't matter. And those already in the stadium don't see much of the football game because they are too busy craning their necks and popping their eyes in the direction of the late-arriving glamour gals.

THE YOUNG DOCTOR-TO-BE with his black bag on the sideline attracts more attention than the star halfback who surprised himself and made a touchdown. They even applauded the young medical student when he trotted out on the field and bent over an injured player.

THE PRESIDENT OF THE University was there but they couldn't see him for training their peepers on the University's pretty football queen.

AND THE UNIVERSITY'S business manager was there sizing up the crowd and hoping the game had pulled in \$1,200 worth of people.

ONLY ONE THING WAS wrong. It was cold. Too cold for most of Memphis' society folk. Play the same game on a nice night in September or October and there'll be twice as many furs and pretty faces in the stands.

KNOW YOUR LIBRARY

By MAUDEAN THOMPSON SEWARD

More and more churches today are realizing the importance and value of sacred music. More and more churches are hiring professionally trained musicians on a full-time basis. However, many churches, who realize how important good music is to worship, must still rely on volunteer, or at the best, part-time musicians to direct their musical program.

Where do those people, many of whom had no professional training go to receive help in planning sacred music services? How can they find good music? Where can they go to learn about different types of musical services?

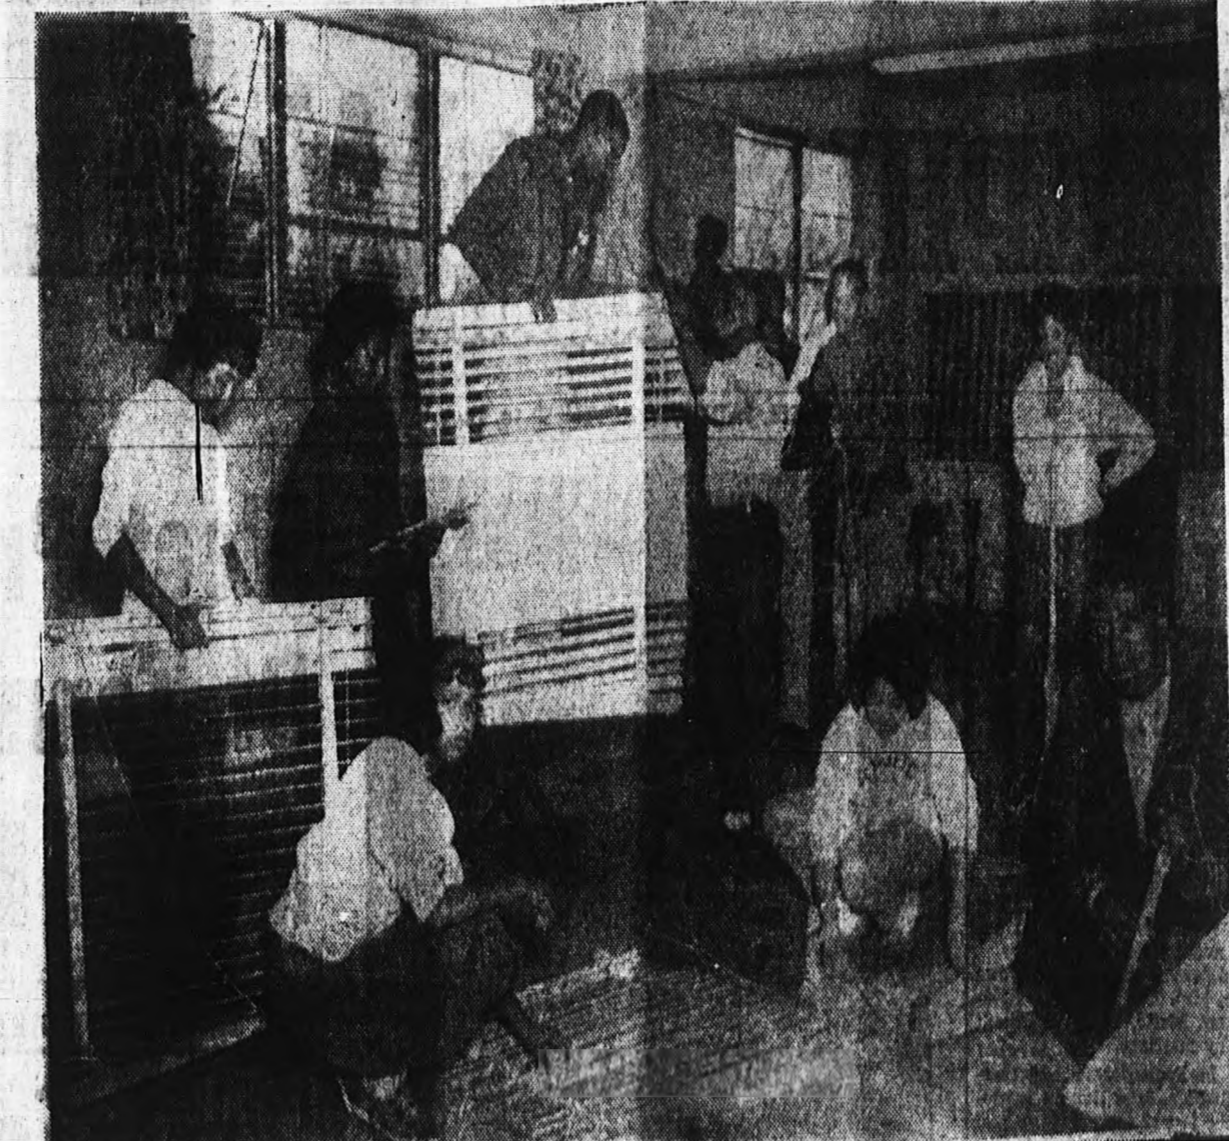

A GUIDEBOOK TO WORSHIP SERVICES OF SACRED MUSIC by Charles Huddleston Reaton, is the answer to your problem. This is one of the most practical, useful, and valuable books yet to appear in the field. Without exception, this book should be in every church library and in the library of anyone connected with church music. Not only will the book be

of invaluable aid to every amateur church musician, but the professional, fulltime church musician will also find the book of immense value.

All types of musical programs are dealt with fully — the Christmas season, including carol services, the festival of nine lessons and carols, Christmas Eve services; hymn festivals; services of anthems and spirituals; cantatas; junior and youth choir festivals; adult choir festivals; oratorios; organ recitals; music in Jewish temples; the Easter season; music for organ and other instruments.

The most impressive thing about this Guidebook is that it deals entirely in the practical matters of sacred music. One will not find a long scholarly treatise, but rather an excellent source to which one can turn for all of the practical matters of planning a service of sacred music.

Please call at your library today for this Guidebook.

The suit, filed by Nelson, Norvell, Wilson & Thomason, charges Brenda was beaten "beyond that degree of disciplinary action" and without "adequate provocation."

The accused teachers are both fourth grade instructors at Carpenter Elementary School, Misses Githra R. Sermons, 1022 N. 7th, Apt. 4, and Frances J. Williamson, 1739 Glenview. The disciplinary action took place several months ago and the two teachers were reported cleared by the Board of Education following an investigation.

Students At Le Moyné Will Observe Education Week

"Education Meets the Challenge of Change" has been selected as the general theme for the 42nd annual American Education Week to be observed on the campus of LeMoyné College, Nov. 11-17, according to Mrs. Hattie Mangum, president of the Rufus J. Hawkins Chapter of the Student-N.E.A.

On Friday, Nov. 16, at 10:30 a. m., a special program will be presented in the lecture hall of Brownlee Hall. At this time there will be a symposium composed of the following persons: E. C. Basic purpose of American Education Week is to make every American aware of the importance of education plays in a democracy, and to help the general public realize that good schools and colleges are, to a very large degree, the responsibility of every citizen.

American Education Week grew out of the revelation, during World War I, that an alarming proportion of the American people were illiterate and physically unfit. The National Education Association and the newly formed American Legion inaugurated AEW as part of their plan for attaining a program of education adequate to American needs for the twentieth century.

At LeMoyné College, the American Education Week observance will be an attempt to stimulate interest among the students, in the teaching profession. Persons chairing the committees for the observance include Miss Carrie Jackson, program; Rev. James L. Netters, publicity; and Mrs. Charles P. Roland, chapter advisor.

FHA MORTGAGE INSURANCE

Many families in the United States seeking good rental or cooperative housing are in an income bracket too high for public housing, but too low to compete successfully in the normal rental or cooperative market.

Many more families in this income bracket will be displaced in the next decade by Urban Renewal and other governmental actions. The administration recognized the needs of these families, and it saw that a means had to be provided for making good rental and cooperative housing available to displaced families and other families of low and moderate income, if government programs were to succeed.

The Housing Act of 1961 contains a provision for FHA insurance of below-market interest rate mortgages to reduce rental and cooperative housing costs where the normal rental does not meet the need.

The program is limited by policy to meet specific needs, and is limited also by the availability of special assistance funds from the Federal National Mortgage Association.

Proposed new construction and existing properties requiring rehabilitation with five or more units may be eligible for mortgage insurance.

Mortgages existing projects not requiring rehabilitation, with five or more units may be refinanced. To be eligible for refinancing, the property must be in a community having a current workable program certification. Additionally, the property must also be located within a designated urban renewal area unless it is presently insured by the FHA under Sections 608, 220, 221 or 608 of the National Housing Act, as amended.

(From fact sheet, FHA mortgage insurance — for rental and cooperative housing for families of low and moderate income.)

Young Mother Finds That Returning To School Isn't A Simple Matter

Dear Mary: I dropped out of school last year because I was going to have a baby. Now my daughter is three months old and I want to return to school. My mother thinks I should get a job to earn money to take care of myself and the baby. How can I make her see my side of this?
ALMA

Dear Alma: Since your mother knows more about the financial status of the family than I do I think you should follow her advice. Get a job, help with expenses at home. You can go to night school until you get your diploma, that is, if you are

serious and really want an education. Work with your mother now — later she may help you.

Dear Mary: What do you think about a boy who makes dates with two girls for the same day. One is an afternoon date and the other is an evening date.
CONCERNED

Dear Concerned: There is nothing to be "concerned" about. The young man is attracted to both girls so is giving both a whirl. Play the game with him and have fun! He's quite normal.

Your Donation Will Help Mallory Knights Spread Xmas Cheer This Year!

Members of Mallory Knights are working over time soliciting contributions that will be turned into Christmas cheer for underprivileged families.

Contributions, including cash donations, toys and clothing, may be sent to Mallory Knights Basket Fund at 519 Vance Avenue. Telephone number is 527-8347.

The Knights will accept new and used clothing and toys and will even arrange to pick up the items.

A family of three, a husband, his wife and his wife's mother, all nursing ailments, have been helped throughout this year by the Mallory Knights. Before the Knights appeared on the scene, the mother was the only member of the family receiving any money and this was \$41.50 a month from the Welfare Department. The Knights stepped in and provided the family with clothing, food and extra money.

The Knights already have been approached by a 7-year-old boy who asked them to tell Santa Claus to bring him shoes and toys for Christmas.

Round 'N Round With Golfing

By PRESTON JONES

Women don't understand that golf is a sports game to them as well as men. To all ladies: You are invited to play golf at any time. There is always someone at the golf course to teach you. Take your husband's bag out some day to one of the courses and learn to play golf. You are welcome!

In the Civitan Open Golf Tournament Friday, Miss Betsy Rawls fired a course record 68 to take a two stroke lead in the first round of the San Antonio Civitan Open Tourney.

Miss Rawls had seven birdies and compiled her 34-34-36 despite three put greens.

Ruth Jensen and Marie Lindstrom had 70s to tie for second. Marilyn Smith and amateur Polly Riley were next with 71s.

At Beaumont, Texas, Nov. 4, steady Dave Ragan of Sun City, Fla., had a closing 2-under 70 to come from 3 strokes back and win the second annual \$30,000 Beaumont Invitational Tournament. His 283 for 72 holes over the 6,656 yard Tyrrell Park Municipal Course was three strokes less than champion Lionel Hebert of Kern City, Calif., the leader, going into the final round. Don Mussogall of Jacksonville, Texas, and Dow Finsterwald of Florida, won a tie for second at 286.

Ragan, winning his second tournament in a seven year pro career, pocketed \$2,800 first money. His other championship was the Eastern Open at Baltimore in 1959.

One More Intervention?

Those who profess shock at the thought of the United States intervening forcefully and openly in Cuba should look back through United States history. We have a record of frequently intervening forcefully in the Latin nations to the South of us, to keep order and to keep "isms" of foreign rule out.

The only force that can continue to keep out foreign "isms" and foreign rule is the military force of the United States. The Kennedy Administration should have had no qualms about military intervention in Cuba in 1961. There should have been none of that weak-kneed nervousness — which wrecked the invasion attempt of April, 1961.

It is true that we have renounced our intention to intervene in the international affairs of countries to the South, but we have never renounced our intention to repulse aggression and protect ourselves and this is what any police action in Cuba would amount to.

Under these circumstances, there should be no nervous perspiration about cleaning up the situation in Cuba. It will be a job today, compared to what it would have been in April, 1961, if proper force had been used, but the task will become more and more difficult the longer we wait.

DeGaulle's Latest

The censure vote which the National Assembly recently cast against President-dictator Charles de Gaulle is only the latest sign that the French strong man is causing growing alarm among the defenders of the French Constitution and of democracy itself.

Winston Churchill has said De Gaulle thought he was a cross between Joan of Arc and Charlemagne. And although he has the backing of the French people, it would seem, De Gaulle is noted as a man of the strongest unchanging will.

In short, he is the dictator type and his leaning in that direction is quite real today. The truth is that France now has more of a dictatorial regime than French liberals care to admit. This is not to say that De Gaulle has not, in his four years, been the best man for France, economically and otherwise.

But, as was the case with Napoleon, whose first years were so beneficial for France, De Gaulle's accomplishments to date do not assure infallibility in the coming years. And the recent law which enables De Gaulle's police to arrest any citizen and hold him fifteen days, with no charge, disturbs thinking Frenchmen.

Person To Person Understanding

The importance of person to person acquaintance between peoples of different nations has been stressed as one of the best guarantees of future peace.

Coming closer home, the importance of "Farm-City Week," which will be observed nationally November 16-22, will help remove lack of understanding of the mutual interests of farm and urban citizens and build respect for the activities and problems of each. The sooner people realize how much they depend upon each other, the sooner problems will be solved.

When the city woman pays five ten or fifteen dollars for some groceries she thinks someone is getting rich. She needs to study what she is getting for her money at the market, the cost of processing, taxes, transportation, selling, etc.

Farm families need to understand the cost of manufacturing, distributing and marketing farm supplies, household equipment, medical care and professional help.

It will pay everyone to join in any activities scheduled in their community for Farm-City Week which ends Thanksgiving Day. It will help all of us to better appreciate the blessings and abundance we provide for each other, by understanding and working together.

Day by day an adequate educational and training facility is bringing home a more understandable relation between urban and rural dwellers. Each is dependent upon the other.

have gotten considerably more than they had before."

"Referring to deals, Mr. Lee said: "Perhaps one of the complicating problems in the South comes from the dishonesty involved in the double standards that prevail generally in the field of Negro and white relations.

"The dishonesty that the white majority has employed in dealing with the Negro has been common knowledge throughout the world. While the nation turned its head, certain leaders of the South got away with it. There is now and has always been through all the tragic years a large number of whites of goodwill who wanted to assert themselves, but they dared not. Only a few here and there had the courage to perceive the truth, to embrace the truth, to execute the truth."

Plan Final Tributes

tion at New York University and accumulated five years of experience in her field.

"I never quite got my college degree," Miss Hanson explained. "I had expected to return to college after my retirement but inflation had cut down my pension."

After leaving Talladega, Miss Hanson went to New York and worked in DuPont's sales corresponding department. It was during the time of war, she said, and jobs were plentiful for competent women because most of the men were in the army.

Miss Hanson had left the AMA, but the AMA had not forgotten her. In 1923, Fred I. Brownie, then executive secretary of the American Missionary Association and a former president of LeMayne, approached Miss Hanson and offered her the position of treasurer of LeMayne, then a high school known as LeMayne Normal Institute.

"After some hesitation, I accepted," she said.

Miss Hanson could well be called LeMayne's historian. She probably knew more about LeMayne than any other person. She saw it grow from a small school yard to a spacious, eye-appealing campus, and she was in on the planning that resulted in LeMayne moving from the high school level to a junior college and then making that giant step to a full-fledged accredited four-year college.

When she was retired as treasurer in 1952, "Miss Hanson had thought of offering her services free to the city as a social worker but decided to remain at the college, when she was asked to stay by President Hollis F. Price."

She was born in Williamsport, Pa. Her father died when she was one, and her mother married again. Her grandparents carried her to Sweden when she was only three. She completed grade school in Sweden. At the age of 13, her grandfather was killed in an accident, and she returned to the United States to live with an aunt in Connecticut.

Spry an daler in her last years, Mrs. Hanson was up and about at early hours supervising the ground crew. She poured tea at faculty meetings and made sure that caps and gowns were ready for baccalaureate and commencement exercises. She attended her share of meetings and was still active in church and civic work.

The name of Miss Alma C. Hanson is firmly established in the minds of LeMayne's graduates and former students.

One of the proudest moments in her colorful life took place in 1957 when she was honored and cited by the AKA sorority for her outstanding contributions to LeMayne and Memphis.

She was recently honored by the League of Women's Voters.

Here we are, your reporters, Thelma Noel and Mattie Shelton, bringing you the latest happenings around Melrose, Friday, October 26. Our principle brought recognition to our honor students. So, hats off to these fine students and keep up the good work.

Of course, everyone knows our "Miss Melrose," Thelma Glass. She is a member of the 12-5 class. Thelma is a fine and popular student around the campus of Melrose. We all hope you will have a happy reign, Thelma.

At the beginning of school our assembly programs were centered around English and literature. Beginning this month our assembly programs will be about social studies. Mr. L. A. Westly is responsible for these fine programs which are given on Mondays, Wednesdays and Fridays. Tuesdays and Thursdays are reserved for television, on which we view interesting, and educational series. To Mr. Westly, "Keep up the good work."

QUESTIONS Sarah Rubins, how do you enjoy holding the position of president in the John Edward's Fan Club?

Barbara Bowdrey, how many more years are you and Thomas Hill going steady?

FADS AND FASHIONS

This year with the girls the sweatshirts have become a fad rather than a fashion. They are seen everyday, some are with hoods and some are not. The fashion seems to be culottes (corduroy and wool), wrap-a-round skirts and variety of sweaters. Some of the girls who are referred to as fashionable are: Erma Alexander, Anna Muldrew, Lydia Campbell, Lorraine Cooper and Haella Todd.

The boys are wearing fine tailored suits and big bulky sweaters. Some of the boys who are in a manner of speaking are always clean are: William Glover, Ernest Harris, Vertice Hill, John Edwards, and Lawrence Kelly.

BOOKER T. WASHINGTON

By GEORGETTE WALKER Nov. 1, 1962, the Coronation Program was held in B. T. W.'s auditorium. There Miss Booker Washington was crowned. Miss Booker Washington is the lovely Miss Robbie Ford. She received many gifts from our various organizations. After the program at 8 o'clock, the ball was held in the gym. The queen and her alternate were introduced by the four kings and Little Willie John. Gold was one of the colors worn by most of the young ladies. Barbara White wore a lovely two-piece gold outfit and was escorted by Robert Davidson (Bert). Farrie Lee, Joel McKnight and Margaret Brinkley wore gold dresses. Some of the latest dance steps were done by the teachers. The twist was done by Mrs. Griffin, Mrs. Galloway, Mr. Alexander and Mrs. Johnson.

JIVE TALK:

Why is it that some of the members of the Deb-Teens are talking about the Barbetts? (Are they jealous, mainly Y. R.) As I was wandering around with both eyes and ears open, to hear and see everything I could at the ball, I saw Barbara White wearing a pretty two-gold outfit and her date was Robert Davidson (Bert). Some of the other young ladies in gold were Farrie Lee, Ann Shulmaker, Margaret Brinkley, Dianne Lynca and Joel McKnight. Cassandra Smith looked good. Two young ladies wearing black were Jewel Fields and Pamalar Jones. As I looked around the front I saw Mr. Galloway, Mrs. Griffin, and Mr. Alexander doing the twist.

Yvonne Payne, why do you dislike Pauline Williams? Is it because she has John Bush? To those unabashed, unhipped, and uncouth Manassas reporters, fire is very damaging so don't play with it. Ronald Ester, why do you have a problem on your hand (Simone McAnulty, Mable Herndon, Barbara White and Melba Watson. Dan Hancock, when are you going to tell Dorothy James about the truth? Kenneth Porter, the word is out that you have been talking to Dorothy Graham. Lovie Barnes, take a hint to Charles Jones, his heart is on Layzee Whitfield. Herman Thomas is trying to be a play boy or form a fan club. Velma Rimmer, is it true John Jordan has put you down? What is this going on between Rosie Young and Vivian Banker?

MY WEEKLY SERMON

By REV. BLAIR T. HUNT, PASTOR, MISSISSIPPI BLVD. CHRISTIAN CHURCH

OVER MY HEAD I SEE TROUBLE IN THE AIR

TEXT: "Refuge failed me — O Lord, I said Thou art my refuge." — Psalm 142:4-5.

Great messages are embodied in the spirituals and jubilee songs of the Negro. In the great spirituals of the Negro and by the Negro are poured forth the expectations of the Negroes. There is a great truth today in the spiritual titled "Over My Head I See Trouble in the Air. There Must Be a God Somewhere." In another, "Ain't No Hiding Place Down Here." May we add another, "Under My Feet There is Trouble on the Land."

Yes, today over our heads there may be brewing a nuclear war with flying missiles capable of turning to ashes the cities of our beloved land, of Russia and Cuba.

Then shall be brought to pass the prophecy of "flying chariots," and the day of which the Apostle Peter spoke, "The Heavens shall pass away with a great noise and the elements shall melt with fervent heat — the earth be burned up." John on the Patmos Island declared that men shall cry as they run to hide in dens and shelters, "Rocks and Mountains Fall on Me."

Yes, over our heads we see trouble in the air but remember there is God everywhere.

On the rich alluvial soil of our dear Southland, under our feet I see trouble on the land. We see

Another Monroe Defendant Is Granted Bail

NEW YORK — The Committee to Aid the Monroe Defendants has secured the release of \$10,000 bail of Jayvan Covington, 19-year-old Negro youth of Monroe, North Carolina, CAMD Secretary. Beta Green, announced today.

Young is a particular target of racists in the area because of his conspicuous role in the efforts to integrate the municipally owned swimming pool and in the anti-segregation picketing initiated by Freedom Riders in Monroe in the summer of 1961.

Following the racial strife on August 27, 1961, when a mob of thousands of white-supremacists, with police encouragement, attacked anti-segregation pickets, Covington was arrested on frame-up charges. The nature of the charges was not even known to the Negro community until the vounster had been held in the Union County jailhouse for 25 days. On March 29, the twentieth day, Covington was shot in the jail by a guard who alleged that he assaulted him and tried to escape.

Dr. Weaver Presses Need For Urban Affairs Dept.

Seeks To Upset Will Giving An Estate To Maid

WASHINGTON — (NNPA) — A pre-trial hearing was scheduled for Monday, Nov. 5, on a petition contesting the will of a white employer who left her entire estate, valued at \$150,000, to her housemaid.

Mrs. Margaret E. Parker, who died last Feb. 7, bequeathed her estate, which included "Pete Dalley's Famous Foggy Bottom Restaurant" to Mrs. Frank A. Crew, 42, her maid for many years.

The District Court petition challenging the validity of the will will be filed in behalf of Mrs. Mary M. Lickner, a cousin of the deceased, who lives in Silver Spring, Md. Mrs. Lickner claims that Mrs. Parker was incompetent to execute the will and was unduly influenced.

RICHMOND, Va. — (NNPA) — "At the present rate of population increase and urban development, the states along the eastern seaboard . . . will constitute one continuous urban complex", Dr. Robert C. Weaver said Nov. 2, in justifying the creation of a Cabinet-level department of urban affairs and housing.

The remark appeared in a speech prepared for delivery before the Virginia Teachers Association at Virginia Union University, but was given for Dr. Weaver by Oliver W. Hill, intergroup relations assistant to the Commissioner of the Federal Housing Administration.

Dr. Weaver said the urban affairs Cabinet post, which failed to win approval in the last session of congress, still is needed to "assure decent housing for families with low and moderate income."

He urged the teachers' organization and other citizen groups to pitch in and help solve the problems facing the urban community, because " . . . in America there are limitations upon what the Government can or even should do."

Quoting the late Dr. Charles S. Johnson, former president of Fisk University, Dr. Weaver said "racial segregation in residential areas provides the basic structure for other forms of institutional segregation."

He called the "tendency to limit the spheres of their interest — one of the blighting characteristics produced by segregation in those segregated."

"You can encourage and guide the inhabitants of your communities, young and old," he told the association, "to focus their attention upon and seek to provide sensible solutions to problems affecting the entire community — not as an interested spectator, but as an actual participant."

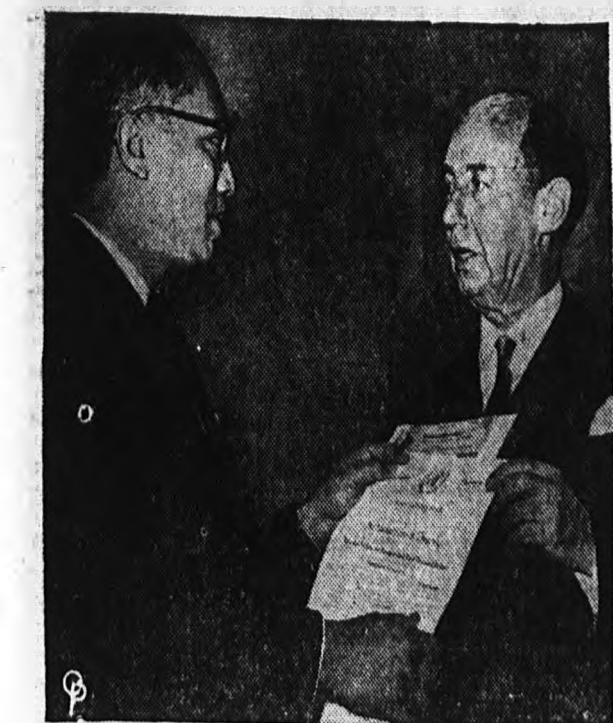

Gregory Aids NAACP Freedom Fund Campaign

NEW YORK — Comedian Dick Gregory has generously lent his talent to this fall's NAACP Freedom Fund campaign at several branches throughout the country. Goal of the campaign is \$350,000.

Mr. Gregory appeared in Cincinnati at the NAACP Freedom Fund dinner on October 28. Dr. John A. Morsell, NAACP assistant to the executive secretary, was the principal speaker at the affair.

On November 4, Mr. Gregory will entertain delegates at the closing session of the Mississippi NAACP State Conference in Jackson, Miss. NAACP Executive Secretary Roy Wilkins will be the principal speaker and will speak on the state's registration and voting program and NAACP plans for education and employment actions.

Freedom Fund affairs in Memphis on November 20 and in Atlanta on November 21 will also be graced by the talented comedian's presence.

FINANCIAL PRESSURE EASES FOR U.N.—Ambassador Adlai E. Stevenson buys for the United States its first emergency U.N. bond from Acting Secretary General U. Thant in New York. The bond cost \$4,103,000 and the purchase eased the financial pressure on the United Nations caused by the costly operations to preserve peace in the Congo and Middle East crises.

Noted Chemist Dr. Julian Hits Misguided Gradualism

CHICAGO — (ANP)— Dr. Percy L. Julian, noted chemist, last week lashed out at "apparently well-meaning people" who believe that the solution of racial problems lies solely in education, and who counsel de-emphasis of law and personal contract, in a speech before more than 500 persons at a Human Relations conference in near-by Highland Park.

Dr. Julian, president of Julian Laboratories in suburban Franklin Park, directed his criticism specifically at those who contend that law cannot solve human ills, saying:

"Learning treatises have begun to be born to show the law cannot solve human ills, that this can be done only through education, as if due process of law are not the soundest way to educate the citizenry."

MUST DISTINGUISH

The conference, he said, must "distinguish between a genuine belief in the educative process, and that type of social inertia and avoidance of social upheaval defined as gradualism." He stated that such an attitude amounts to avoidance of the issue in an effort to spare out nation the unpleasant by saying "this will have to be solved through education."

The chief speaker on the program, Dr. Julian said that the Negro who has presented his solution to the problems of ending segregation should be heard. His answer, he explained, is "We shall do our own education by direct, or non-violent action." Those who refuse to see the Negro youth's viewpoint as important are denying him the privilege of pursuing the "American dream."

MEREDITH CITED

He described as those pursuing this dream in their own way as those who brave violence rather than social change, such as James H. Meredith and students who participate in sit-ins and freedom-ride demonstrations. The chemist said Meredith, whose enrollment at the former all-white University of Mississippi touched off campus riots, is asking for the opportunity to pursue that dream "with dignified elegance."

Too much time already has been wasted Dr. Julian stated. Conditions in a nuclear world demands forthright and immediate action, he added.

Persons attending the conference represented 26 co-sponsoring organizations.

Political Science, Journalism Award Applications Open

WASHINGTON, D. C. — December 1, is the deadline for application for the 1963-64 Congressional Fellowship Program for political scientists, journalists and law school faculty members, according to an announcement by the American Political Science Association.

The fellowships carry a minimum stipend of \$4,500, most of which is tax-exempt, plus traveling expenses. Winners are brought to Washington for a year of full-time work in the offices of members of Congress or on the staffs of Congressional committees.

A nation-wide competition is held to select the winners, who are picked by an advisory committee made up of congressmen, Washington newsmen and political scientists. Preference is given to applicants between 23 and 35 who have had superior academic training and practical experience.

The purpose of the program, sponsored by the Association since 1963 and financed largely by a Ford Foundation grant, is to equip outstanding young political scientists, newsmen and law teachers with a better understanding of the national legislative process.

About 17 Congressional Fellows are selected each year, with the bulk of the awards divided equally between political scientists and journalists. One or two awards are available for law school faculty members each year.

Applications may be obtained by writing to the Association at 1796 Massachusetts Avenue, N. W., Washington 6, D. C.

Dr. Jackson To Report On Vatican

CHICAGO — (ANP) — Dr. J. H. Jackson, president of the National Baptist Convention, U. S. A., Inc., who is the lone Negro American Protestant observer attending the Roman Catholic Church's Second Vatican Council in Rome, will relate his impression of the early weeks of the council at a dinner in his honor at the Sherman Hotel here Friday, Nov. 16.

Dr. Jackson is attending the council at the personal invitation of Pope John XXIII. The pope tendered the invitation during an audience he had with Rev. Jackson last December. Rev. Jackson, at the time was visiting Vatican City while returning from a conference of the World Council of Churches in New Delhi, India.

The dinner for Rev. Jackson is being sponsored by Olivet Baptist church, of which he is pastor, and the Citizens Committee of Chicago.

D. C. Schools Now 82 Percent Negro

WASHINGTON — (NNPA) — A racial breakdown of school enrollment in the District of Columbia, released Friday by School Superintendent Carl F. Hansen, showed colored pupils accounting for 112,395 or 83.4 percent of the total school population of 134,375.

In 1960, the racial composition of Washington was 53.9 percent Negro. Hansen said the figures do not include pupils in private schools and observed that the continuing increase in Negro enrollment is due to residential facing Negroes in housing.

Fired Wife Of Miss. NAACP Head Sues Clarksdale School Board

CLARKSDALE, Miss. — (ANP) — A teacher who is the wife of the state president of the NAACP has filed suit in federal district court against Coahoma School board charging she was not rehired because her civil rights activities.

It was disclosed last week that M. Nellie M. Henry, wife of Aaron Henry, brought the suit in U. S. court against board and Coahoma Supt. Paul M. Hunter.

She had been a teacher in the county 11 years, was teaching at McCord Elementary School last year, but her contract was not renewed.

Mrs. Henry filed suit for a permanent injunction against the board and at the same time filed a motion for preliminary injunction to allow her to resume her teaching job pending the outcome of the case.

The complaint was stated by Attorney R. Jess Brown of Jackson, and NAACP Attorneys Jack Greenberg and Mrs. Constance Baker Motley of New York.

Mrs. Henry also asked an injunction against the enforcement of a state law which requires teachers to file an affidavit listing the organizations to which they belong and/or contribute.

Attorneys asked for a hearing Nov. 12.

Plans To End Bias In Entertainment Field Are Revealed

WASHINGTON, D. C. — (ANP) — With singer-actress Dinah Carol citing instances of discrimination against her on Broadway and on television a congressional hearing presided over by Rep. Adam Clayton Powell, Jr. last week heard testimonies from leading union spokesmen on plans to end bias in the entertainment field.

Miss Carol, co-star of Richard Rogers' "No Strings," told the hearing that in eight years she has had only two Broadway roles. She declared:

"I'm living proof of the horror of discrimination. In eight years I've had just two Broadway plays and two dramatic television shows. Seven and a half years without a Broadway show. I've asked repeatedly why. Surely I'm not so difficult to include. It's enough to drive you up the wall," she stated, explaining her dilemma.

The point was also brought out during the hearing that in the case of musicians themselves oppose integration.

CONGRESS ACCEPTS RISK

Congressional leaders have grudgingly accepted the prospect that full scale military action may be needed to back President Kennedy's move aimed at wiping out the Cuban missile threat to the Western Hemisphere.

Party leaders, without exception, have recognized the risk of nuclear war and they are willing to take it.

INTEGRATION UNWANTED

Aldred J. Manuli, president of Local 802, American Federation of Musicians Union declared that in trying to eliminate its separate Negro locals, the union has found that in 99 per cent of such cases it is the Negroes who do not want to integrate.

Manuli made the comment after Chairman Powell asked union representatives how their organizations proposed to enforce equal-opportunity program procedures, casting offices, sponsors and the unions themselves. They said that plans call for coercion by all legal means and persuasion, as in the case of the musicians' union.

Dwight West, president of the New York Branch, Screen Actors Guild, said his group would blast unfair producers if changes in the Guild's constitutions are adopted in Hollywood on Nov. 12. "No actor in the Guild could work for a man as long as he was listed," West stated.

Witnesses asserted that the most consistent offenders were the so-called television industrial-shows sponsored by the major automobile and utility corporations. Negroes are some of the biggest purchasers of automobiles.

ELEANOR

Love In Action

(Relics of National Poetry Week)
Every act of love is an affirmation
Possessing a real calm voice.
It is a longing, an aspiration,
Love is a choice.

Choice ends in the identification
And surrender to the beloved.
"My will is thine," a glorification
With nothing to place above it.

Do you place a beloved on a "forgotten tower,"
Or, prune it as one does a flower
In protection from yearly wear?
Joy and love are inseparable in time,
But in two directions they go.

Horizontally, it's family ties that bind;
Vertically, our thanks to God we show.
Love is inseparable from sorrow,
Because love is compassed by time.

The strain of trials, bereavements, horror
Is endured through help from the Divine.
All love, before mounting to higher levels,
Must fall as ebbs of the tide.

For in failing to achieve its fondest endeavors,
Love seeks only a place to hide.
Doing the will of God, Our Father
Is the end of love, an oath:
Instead of seeking one another
Lovers seek refuge outside both.

— Miss Luvonia Echison
(Graduate School of Atlanta U.)

Love

Love can be crushed.
I've seen it pale upon a youthful brow.
It can be killed.

I've seen it dead
Upon an old maid's cheek.
Love can be awakened.

I've seen it sparkling
In a maiden's eyes.
It can be nourished.

I've felt it growing
In the heart of me.
(Ariel Williams Holloway, 1955)

J'ai Peur

(The Coward Speaks)
I am afraid to laugh!
For the sorrow follows closely
In the wake of joy.

I am afraid to love
For heartache comes too oft;
When one loves dearly,
I am afraid to live!

For death may take me captive
In the hour when life seems dearest.
Death!
Then what?
I am afraid.

Beating The Gun

By BILL BROWER

CHICAGO (ANI) - Baseball is all wrapped up until next spring. But what a season it was! Boys, sentimentally, we would have loved it if the San Francisco Giants begged the World Series - but who's to beguile Elton Howard, Hester Lopez and Marshall Bridges that flouts share of the loot. Willie Mays, Orlando Cepeda, Jose Pagan, Willie McCovey, Felipe and Matty Alou, Juan Marchal and Carl Boles won't have to go to the postoffice for their cut will be \$8,000 or so per man. The Giants battled the New York Yankees right down to the wire - and only a matter of foot or less saved the naughtily world champions. Howard, Lopez and Bridges will get maybe \$12,000 for their winning shares.

Looking back over the past season, we'll have to write it down as one of the best ever for fan performers. Of course, the man who stimulated the excitement this year was Maury Wills. The slender Los Angeles Dodger shortstop was a sensation to the end. In the deciding playoff game between the Dodgers and the Giants for the National League flag, Maury stole three bases to bring his season total to 104.

He had long since broken Ty Cobb's mark of 96 stolen bases in one season. Maury's speed probably will get him in the neighborhood of \$50,000 next season. Wills is likely to be busy with his teammates, Tommy Davis, and Mays for the NL most valuable player award. You can't pick one without doing injustice to the others. However, there can be but one choice - and we have a hunch it will climax Wills' era of season.

Davis became the first NL player to grab batting and runs batted in honors in the same season for several years. The Dodgers outfielder batted .346 edging Frank Robinson of the Cincinnati Reds by four percentage points. Tommy also drove in 153 runs, high for the majors. Mays was the home run leader in the two big leagues. He collected a pair in the playoff series to run his total to 49, his highest production since 1955 when he walloped 51.

These type of performances demonstrate how the tan player's dominate the game this season. For example, on the all-star team selected by the baseball writers, six tan boys were on the first team. Besides Wills, Robinson, Mays and Davis, Orlando Cepeda, of the Giants, made it at first base, and Earl Batter, sole American League star selected, was the catcher.

Robinson was the lone repeater from last year's star squad. On the second team, incidentally, were Hank Aaron, of the Milwaukee Braves, in the outfield; Pagan, of the Giants, at shortstop, and Bill White, of the St. Louis Cardinals, first base. All are National Leaguers.

For the second season, Robinson captured scoring honors in the NL, and was tops in the majors this year. He had a productive mark of 82. Aaron was second with a 618 percentage, followed by Mays, with 515. All were better than Mickey Mantle's American League best of 465.

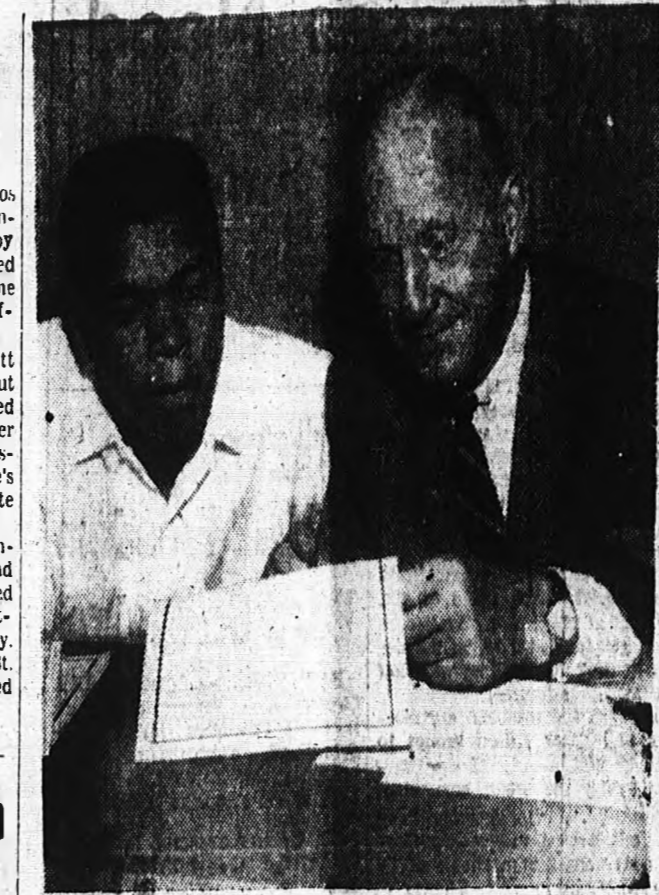

Other top NL sluggers included Davis, 535; Cepeda, 518; Alou, 515; George Altman, of the Chicago Cubs, 506; and Ernie Banks, of the Cubs, 505. Among the AL leaders was Lenny Wagner, Los Angeles, with 488.

Around the NL 300 hitters, besides Davis and Robinson, were White, 324; Aaron, 323; Altman, 318; Alou, 316; Roberto Clement, 312; Cepeda, 306; Mays, 304; and Tony Gonzalez, Philadelphia, and Don Clemons, Pittsburgh, 302.

All 300 hitters included Fred Robinson, of the Chicago White Sox, 312; Chuck Hinton, Washington, 312; and Manny Jimenez, Kansas City, 302. Wagner was among the home run sneezers with 37 and drove the RBI leaders with 167. Floyd Robinson also was a big RBI man with 169.

In pitching performance, Bob Gibson, of the Cardinals, had one of the finest earned run records in the NL. In winning 18 games and losing 13, Bob compiled an ERA mark of 2.15.

Musical for the occasion was furnished by Lou Rika, Capitol recording star, and Wayne Robinson and Hideaway All-Stars.

Southern Jaguar Cats Stun Tenn. State Tigers, 13 To 0

By EARL S. CLANTON, III

NASHVILLE - Kicking specialist, John Clayton, broke through Tennessee State's stubborn defense to lead Southern University Jaguars 13-0 over the Tigers in W. J. Hale Stadium on Nov. 3.

Neither team scored in the first half, and Coach Laurence Simon's Big Blues held Southern to a single first down during the first half. With 2:54 left in the third stanza, Clayton split the uprights from Tennessee's 12 for the game's first tally. Behind the second string Jaguar quarterback, Carroll Holman, Southern drove from their own side to State's 12 stringing five first downs before the drive bogged down.

Opening the final canto, Jaguar Holman engineered another 56 yard drive that was halted on the Big Blue line. Clayton's toe put the Bayou leads in front 6-0 with 12:35 showing on the clock.

Five minutes later Holman fired a 20 yard aerial to halfback Dave Huddleston for the games final TD. Clayton's educated leg added the extra point, giving him seven points for the three booting attempts.

Defensive back Gerald Kimble set the stage for Huddleston's fourth period TD by recovering Tennessee State Fullback Randle's fumble in State's 40. A 15 yard penalty against Tennessee State left the ball on State's 20 from which Holman hit Huddleston on the end zone.

Suffering their sixth season's defeat, Tennessee State looked like she was going places in the opening stanza. . . . Stanley Randle fumbled on the first play from scrimmage and Southern Marlin Tansil recovered on State's five. The Big Blues held, taking over the ball on their own one to march 82 yards in 18 plays behind the running of Randle, Paul McNeal, Frank Wynn and Willie Mitchell only to stall on Southern's

chalking up a 9-0 record with the Pirates and a 3-7 ERA, while his teammate Alvin McReam, with 15 victories and 10 defeats, had a 2.71 ERA.

FAMU Rattlers Bag 18th Straight Beating N. C. A. & T. Aggies 38-6

Tallahassee, Fla.—Florida A. and M. stretched its victory string to 18 straight games by pulverizing undermanned North Carolina A. and T., 38-6, Saturday before a homecoming throng in Bragg Stadium.

The game marked the 17th time the Rattlers and the Aggies have met since A. S. (Jake) Galter and William (Bill) Bell originated the series in the 1919 Orange Blossom Classic.

North Carolina A. & T. won the original encounter 24-14 on two lightning field goals by Bill Buckley, but the Rattlers have since been in the drivers seat with 14 victories, one defeat and three ties.

The Rattlers, voted the nation's No. 1 small college team, sample made it no contest after the first period when the score stood at 8-5. The United Press International pressmen then turned the pitch-soaked contest into a rout by storming through mud and the no-cous Aggie defense to pile up a 30-6 halftime margin.

F. A. & T. Coach Bert Pizzotti, a former University of Illinois football star, the defeat was the second in a row. The Aggies bowed to Morgan State College 21-14, Oct. 27, and thereby surrendered their Cent. Interscholastic Athletic Association leadership.

Alabama A & M Bulldogs Hold Lead In SIAC Football Race

By MARION E. JACKSON

Alabama A & M College maintained its lead in the Southern Interscholastic Athletic Conference with an unblemished 6-0-0 record, although going outside the circuit to win over Philander Smith, 32-6.

The Bulldogs, coached by Lewis M. Crews, stayed ahead of Florida A. & M., 4-2-0, who defeated North Carolina A. & T., 38-6 before a homecoming throng at Tallahassee, Fla.

FAMU Coach A. S. (Jake) Galter in winning over the Tarheel Aggies, posted his third intercollegiate triumph of the season. The Rattlers have won over Lincoln (Mo.) 52-6 and Tennessee State, 20-0 to sweep his campaign against Midwestern Athletic Association stalwarts.

Morehouse Coach Duke Foster, Jr., won his fourth straight game by defeating Knoxville topkick Harold Fletcher, 20-14. The Maroon Tigers trailed until the fourth period then hammered out two quick touchdowns to rain the Bulldogs' homecoming. The defeat was the sixth in a row for the Bulldogs.

Clark College Coach L. S. Epps reeled his Cardinal and Black Panthers for an intercollegiate fray against Savannah State, Nov. 10; Jack McClaren, coach of the Bethune Cookman Wildcats, boosted his record to 4-2-0 for the season by defeating Alphonso Varner's Port Valley State Wildcats, 38-6. Port Valley State is 0-5-0 in SEAC play and has but a 27-0 triumph over Savannah State for the year.

Coach Eugene Stevenson's Fisk

From that point the Big Blues got the better of the statistical battle by a slim margin but could not penetrate Southern's 30 yard stripe for the rest of the game. . . . Hard times Randle shared ground gauging honors with Southern's signal caller. . . . Randle needed two more tries 10, to equal Holman. . . . The Jaguar victory gave them a 4-3 season and three straight wins over Tennessee State. Following a 7-6 squeaker in 1960 and a 7-0 luster in Baton Rouge last year, the 13-0 margin is the largest winning score for the Bayou leads in the current seven-game series. . . . Next week Tennessee State plays her second conference game against Lincoln in Nashville. Summary: Score by quarters Tennessee State 0-0-0-0; Southern University 0-0-3-10.

THINGS RIGHT NOW "Things are quite right now in the gambling conspiracy department," according to executive director Walk Byers of the NCAA. "Maybe it runs in cycles but at any rate it's a war we haven't yet won. . . . The approach of a new basketball season is viewed with high hopes but many fears. . . . Just why basketball is more susceptible to the "fix" by shaving the points or outright dumping is a mystery to some but the NCAA knows from painful experience that it's true. . . . "We're always on the alert in both sports," says Byers. "but it's our feeling that basketball is the more vulnerable." New York Giants Lead NFL Eastern Division Standings

(By United Press International)

The New York Giants moved into first place in the Eastern Division of the National Football League Sunday when they came from behind to beat the St. Louis Cardinals, 31-28, on fullback Alex Webster's shostop catch of a 20-yard touchdown pass from Y. A. Title.

The champion Green Bay Packers, meanwhile, rolled to their eighth straight triumph of an undefeated season by drubbing the Chicago Bears, 38-7. Dallas' offensive-minded Cowboys made it possible for the Giants to take over the Eastern Division lead by truncating the Washington Redskins, 38-10.

The Baltimore Colts sprang the biggest upset of the day when they defeated the San Francisco Forty Niners, 23-3; the Detroit Lions remained in second place in the Western Division by beating the Los Angeles Rams, 12-3; the Pittsburgh Steelers topped the Minnesota Vikings, 39-31, and the Cleveland Browns were held to a 14-14 tie by the Philadelphia Eagles.

Webster's game-winning Giants touchdown came with 3:30 left to play and nullified a superb performance by the Cardinals' passing combination of quarterback Charlie Johnson and Soney Randle. The Cards outplayed the Giants for more than three quarters.

MANASSAS HIGH SCHOOL

And U-GENE
Well, we're back on the scene, you teens and we've brought something with us — the confidential data on the latest in everybody's business. So eliminating the preliminaries, let's begin our survey.

Just between us, Pete Wells and Myrtle Rankins have come to a mutual understanding. Dorothy Jones wants D. H. to know that her feelings for him no longer exist. Her telephone has been disconnected where he is concerned. Shirley Harris is Leo Simmons' admirer. Brenda Rice has let Amelia Gilson rank her hustle with Danny Pete, how about that Mae Bennett? Dorothy Graham still notices Archie Scruggs. Barbara White doesn't have any worries over Ron Ester. Doris Rowe wishes to hang her heart up for Wesley Mitchell. Rick Johnson and Christine Brown are tight. Jewell Berry is on the losing end with Rosie Tabor since Albert Ingram stepped in. Selma Register is cute. Andrew Love and Robert Hunt go with the same girl, Herbert Bobo and Lawrence Hill both have admirers.

This week the beam of our spotlight is a little wider than usual. It encompasses one of the social clubs around the Manassas campus. Although this club is not directly affiliated with the school, all of its members are honorable members of the Manassas High School student body. I am speaking of the well-known Junior club, The Ebonites Social Club.

This group of juniors organized this club last year as sophomores, and since this time, it has advanced quite well, not only as far as popularity is concerned but also where its aims and achievements are concerned. The president of the Ebonites Social Club is a well-respected junior around our campus, Lorenzo Childers. The vice-president is Lemon Coleman the secretary — Carita Harrison, asst. secretary — Melba Watson, treasurer — Marvin Liedsoe, chaplain — Charles Diaz, parliamentarian — Wesley Mitchell, and Sgt. at arms — Joseph Plaza. Our nats are off to this fine organization.

On this the day of homecoming, we would like to express our congratulations to one of the loveliest queens ever to reign as our football queen, Miss Lona Richmond. Well liked around school, Lona, a student in Mrs. Winston's home-room, is supported by two charming alternates, Miss Doris Rowe of 12.5 and Myrtle Rankins of 12.2.

To the team, we congratulate you on the games you have played, we won 3 and lost 3, so this is the win that really counts. We're behind you all the way, win or lose "oops, we said a nasty word" oh well, "Slaughter the Cobras."

ON YOUR P's AND Q's:
Question: Should high school boys and girls go steady?
Charles Thomas: "Yes, because they will be together when they are going on."
Velma Rodgers: "No, I think they should wait until they are out of high school."
Robert Dye: "No comment."
Grace Wilson: "Yes, because if you really find the right person you will want to go steady. If your parents allow it."
Lou Doris Fowler: "It all depends on the person. You know what kind of person you are."
Dwight Benton: "I would say yes and no. Because I think you should have a boyfriend or girlfriend, but not steady. You should be free to be interested in other boys and girls of your age bracket."
Fred Henderson: "No, because I think they should be allowed to meet new people and be active rather than to be confined to one person."
Sherwood Blanchard: "Well it depends on their own capabilities. But really they should not because they want to meet new boys and girls and that is for people thinking about marriage."
Dorothy Hill: "No, she is definitely too young to take one particular fellow seriously. It will only lead to trouble."
Gloria Fenels: "No, I think a girl should not go steady if she is too young and not mature enough to construct herself well. But I would say yes, providing the girl is old enough for it."

Oscar Reed Or Leonard Alexander?
WHEN THEY GET AROUND to selecting the most outstanding performer in the Prep Football League they'll have to give Oscar Reed and Leonard Alexander serious consideration to at least nine youngsters who have been digging their cleats into the turf for the past 60 days.

The honor could very well go to either Oscar Reed of Booker T. Washington or to Leonard Alexander of Father Bertrand, both are smooth, hard-running backs who have made an art out of smashing through cracks in opposing lines.

Albert Buford, senior guard on the Manassas squad, and Lewis Hines, the big tackle out at Father Bertrand, certainly will be considered. The Bertrand lads were more at ease when Hines was in the game, and the Manassas charges knew they had a dependable tackle if they didn't have anything else.

Two ends raling top notice during the season were Theodore Pickett of Hamilton and Henry Petty of winless Melrose. They cannot be passed over lightly when the judges start their search for the top man.

And sure to be considered are three quarterbacks, Howard Finley of Booker T. Washington, Charles Wright of Lester and Walter Winfrey of Douglas, in that order.

Lester's Quarterback Was Douglass' Target
THE DOUGLASS RED DEVILS believed they could check Lester's Lions by tying up the Lions' quarterback, Charles Wright, a real smoothie and a good man in the classrooms, too. They scouted him well and timed him by the clock on his take handoffs. Last week, when the two teams met on the Melrose gridiron, Coach Albert Miller's Douglass Devils lost no time in putting their knowledge of QB Wright to good use. They were on Mr. Wright like white on rice, smothering him on many occasions before he could complete a handoff.

While Douglass was handcuffing Lester, the Lester Lions were turning in a whole of a defensive game too and it looked as though the game would end 0-0. But, in the final period, the Devils' Sidney Brown broke through in the clear and dashed 50 yards before he was stopped on the Lester 10 by Edgar Foster, a Lester guard, in probably the most dramatic tackle of the entire fire season. Douglass finally scored with QB Winfrey pushing over the lone TD and the extra point.

Did Officials Ignore Pleas Of Bertrand Boys?
IT HAS BEEN CHARGED that officials ignored Father Bertrand players when they complained that slugging was taking place in the pile-ups and that they were being called names by several members of the Hamilton Wildcat team. One official is reported to have told a Bertrand boy: "Go ahead and play ball and quit acting like girls." Well, nearly everyone knows how the game ended. It ended in a slugfest with several Hamilton players biting the dust.

HEAD FOOTBALL COACH Eldridge Mitchell was receiving congratulations from fellow coaches for coaching the Melrose team that finished last this year with no victories out of seven league appearances.

FATHER BERTRAND HIGH SCHOOL played the Ironman role last week and whipped Manassas on Wednesday night and over on Saturday afternoon.

BOOKER T. WASHINGTON'S Warriors got the chance to prove they've got the best around attack in the city last week when they went against a desperate Melrose. Bad weather forced the Warriors to stay out of the air.

Africans In U. S. To Sell Pan-African Bank

By ADOLPH J. SLAUGHTER

WASHINGTON — (ANP) — Three African "financial ambassadors" currently touring the U.S. may have hit upon a scheme to unite their continent faster than most pan-African dreams — if they are successful in eventually establishing the African Development Bank.

The trio, part of a nine-nation African promotional team, spent a whirlwind three days in Washington selling their proposal to top American government officials. The proposed bank they came to sell will be similar to the Inter-American Development bank of South America, but "as far as possible Africans should hold equity capital and Africans should head the bank."

The men whose next stop is New York where they will confer with America's leading bank officials are Yawand-Wossen Mangasha, vice governor, State Bank of Ethiopia, leader of the delegation; Romeo Horton, president, Bank of Liberia and acting economic advisor to the Liberian government; and Gian Felix Mathos, director, National Bank of Guinea.

Another three-member team is visiting additional world capitals while three remaining members of the nine-nation group are currently in Geneva, Switzerland working out details of the bank's charter.

The nine countries involved are: Cameroon, Ethiopia, Guinea, Liberia, Mali, Nigeria, Sudan, Tanganyika and Tunisia.

Questioned about the new bank, delegate leader Mangasha said the bank would not duplicate the World Bank, as some of its opponents have charged, but will supplement the World Bank in that most of the funds of the new bank would be used to develop regional projects.

Mengasha said there are 33 African countries that would become members and that the bank's promoter's hoped they would be able to operate by the end of 1963 or the beginning of 1964.

He said the reception they have received from peoples throughout the world has been encouraging.

one endowment that distinguishes man from anything else in all creation. Within the limits God has placed upon his freedom, man can determine his destiny by his choices.

In his best moments man has always distinguished between the good and the bad, between the beautiful and the ugly, between the true and the false. Man is a creature of dignity because he can grow in his appreciation of the good and the beautiful and the true. Since he has been made in the image of God, he can grow in those qualities that belong to God himself.

In the 17th of man's dominion over every living thing that moves upon the earth we are faced with an important question: How does man's special privilege of dominion relate to the sovereignty of God? We must always realize that man's dignity and power do not belong to him by nature, but are a direct gift from God. Thus man is free to exercise his power of dominion only within the framework of the sovereignty of God.

Since we have been made in the image of God, we should never speak disparagingly of any human being, not even ourselves. The Christian gospel speaks of the greatness of man — a greatness not of his own achieving, but a gift of God.

THE SCRIPTURE reminds us that man has sinned and falls short of the glory of God. If man had been true to the high nature with which God endowed him, he would have fulfilled God's purpose in creation. But he turned away from obedience to God to follow his own rebellious impulses. The image of God in him was blurred and broken. The Bible keeps reminding us that we can never be content until we are true to our highest nature — to the great thoughts and lofty impulses given us at the time of creation.

The great theme of the Bible from the beginning to the end is God's loving concern for his people, even though they are sinners, and his persistent effort to bring them back into fellowship with him.

Through our fellowship with God we come into a meaningful relationship with one another. Jesus spoke of two great commandments — love to God and love to man. Jesus told us that the only way to overcome anxiety and conflict in our loyalties is to fill our minds and hearts with the concerns of the kingdom of God. Then all else will take its proper place.

WHY AM I HERE? International Sunday school Lesson for November 11, 1962. MEMORY SELECTION: "What is man that thou art mindful of him, and the son of man that thou dost care for him? Yet thou hast made him little less than God, and dost crown him with glory and honor." (Psalms 8: 4-5).

LESSON TEXT: Genesis 1: 26-31; Psalms 8; Matthew 6: 24-34; Hebrews 2: 6-18.

Today we seek to understand what it means to be made in God's image and to discover the implications of this idea for our relationships with God and with our fellow men.

We need only to look about us to see that man is much concerned about himself. Inner tensions and the uncertainties of our human existence have forced all of us to think about our nature and our

destiny in God's world. Who am I? What am I? Why am I here? Where am I going? These are dominant questions in our thinking today. Our plight reminds us of the mood of insignificance that the psalmist expressed in his question, "What is man that thou art mindful of him . . . ?" (Psalms 8: 4).

The first chapter of Genesis has amazing insights into spiritual truth. One of the greatest verses says, "So God created man in his own image." (1:27.) Hebrew thought centered its attention upon the whole man, including the body. For that reason bodily form probably entered into the thinking of the writer in his reference to the divine image. But the most significant truth in his affirmation has to do with the spiritual powers of man. In his power to reason, to love, to choose, to commune man is set apart from the subhuman world. Yes, the gift of freedom of choice is one of God's great gifts. It is often misused and yet it is the

Window Washer Plunges To Death

CHICAGO — (ANP) — A window washer here last week apparently paid with his life for his crime when he attempted to use the knowledge and tool of his trade in an attempt to burglarize a downtown office building.

He was identified as Robert Turner, 41, who had lived on the city's southside. Police, who found his body with a safety belt attached, on the roof of a garage, said the dead man apparently tried to use the safety belt and a length of rope to lower himself into the office on the side facing the garage. Turner apparently plunged to his death when the rope which was believed to have been attached to a vent on a roof of a 10-story building next door snapped. The end of the rope was frayed. Police theorized that Turner had climbed to the roof of the building opposite the office by a fire escape on the far side and then tried to ease himself into the office. A bag containing a flashlight, screwdriver and pair of pliers was found near Turner's body.

Hampton President To Review Program In Sierra Leone

HAMPTON, Va. — Dr. Jerome H. Holland, president of Hampton Institute, will leave November 6 for Sierra Leone in West Africa to review the results of a rural training program started a year ago by Hampton through funds of the Administration for International Development.

The Hampton-staffed project is known as the Kenema Rural Training Institute, and its basic purpose is to raise living standards in the new country, which celebrated its independence April 27, 1961. Instruction in agriculture, home economics, child care, and elementary academic subjects is provided at the training center.

Robert Rice, former assistant dean of faculty at Hampton Institute is principal at Kenema and Mrs. Rice teaches home economics and child care. Melvin Johnson, Hampton Institute alumnus, teaches agriculture.

"In setting up the program," Dr. Holland said, "we felt that it should be functional in nature and that high priority should be given to the application of educational experiences to community living. Therefore, the curriculum grew out of the identifiable needs of the rural areas, and those receiving instruction are expected to return to their home communities with their knowledge and improved skills."

He cited, as an example of one of the challenges in the program, a preliminary survey that revealed infant mortality in Sierra Leone is 59 percent after six months.

"There is a definite need for continuing work in maternal health hygiene, child care, and nutrition," Dr. Holland continued. "The various foods constituting a balanced diet are available, but there is evidence of malnutrition due to lack of knowledge of diet in the villages."

In a recent U. S. State Department evaluation of the program, the Hampton staff was described as "bubbling with enthusiasm, energy and plans" and receiving full support of the community and government.

The government of Sierra Leone is using the school as a pilot project and hopes to establish similar institutes in all 11 districts.

Chief of the village where the school is located has provided 100 acres of land for school use. The Kenema district government has made available a tractor with trailer, a truck, cement and other building materials.

'Bossa Nova' Moving In As Jazz Craze

WASHINGTON — (UPI) — The Brazilian samba-flavored jazz called "bossa nova" is quickly gaining acceptance as the new craze in this country's world of popular music.

"The arrival of bossa nova—it entered through unmusical Washington—has been heralded by national music and literary periodicals and newspapers."

"Variety," the show business weekly, asked in a rhetorical headline—"Bossa nova 'in' twist out?"

The "Saturday Review," a staid literary magazine with national circulation, said bossa nova is "perhaps the most promising popular music phenomenon of the decade thus far."

"Time" said in its chirping music section that "it is big, and getting bigger."

And "Billboard," the voice of the recording business, also asked in a headline: "Is the bossa nova new twist?"

"The success of bossa nova in the jazz field—which already has spilled over into pop—through the Charlie Byrd-Stan Getz hit 'Jazz Samba' album has started a bossa nova rush," said "Billboard's" Charlie Byrd, widely accepted as one of the top jazz guitarists in the country.

Popular performers such as Dizzy Gillespie, Ella Fitzgerald, George Shearing, Shorty Rogers, Sonny Rollins, El Zentner and Herbie Mann have recorded bossa nova renditions.

Pop vocalists such as Peggy Lee, Vic Damone and Paul Anka also are either recording or featuring bossa nova in albums. Whatever may happen next, like the New York Times said, "bossa nova . . . is spreading through American jazz circles like a prairie fire."

racial justice." Rabbi Tanenbaum, Director of the Interreligious Affairs Department of the American Jewish Committee, said that the Conference will be held in Chicago from January 14-17 at the Edgewater Beach Hotel. Its main objectives are:

- 1 - "To help religious leaders, institutions and lay people of this nation to take a clear and hard look at their responsibilities for advancing the goals of a segregation-less, prejudice-free society;
- 2 - To enable them to resolve together to clean their own houses;
- 3 - "To address a common witness to the conscience of America."

Augusta Student Studying On \$1100 Competitive Award

BERNARD SOUTHWARD

WASHINGTON, D. C. — Bernard Southward of 2033 Joseph St., Augusta, Ga., is one of 38 undergraduate freshmen studying at Howard University this year on \$1100 scholarships.

The scholarship winners may qualify for similar grants throughout their undergraduate years, bringing the total value of each grant to \$4400. Nassau Becomes 1st County In U. S. To Ban Hospital Bias

MINEOLA, L. I., N. Y. — (ANP) — The first bill by a county in the nation banning discrimination by hospitals against physicians affiliated with group insurance plans was unanimously passed by the Nassau County Board of Supervisors following a public hearing here last week.

The bill, which has gained wide support, was introduced by F. Lmer D. Farrington, presiding supervisor of the town of Hempstead. It bans discrimination against physicians affiliated with the Health Insurance Plan of Greater New York. Negro physicians are expected to be the chief beneficiaries of the legislation.

Lift Hotel Race Barriers Against Airmen Sent To Tampa

TAMPA, Fla. — (ANP) — Hotel discrimination policies which affected hundreds of Negro airmen rushed to Tampa during the military buildup for the Cuban crisis have been lifted.

Discriminatory practices at downtown hotels had brought vigorous protests from the Young Adults for Progressive Action and the Tampa NAACP. Their action brought a denial from Col. Barney L. Johnson, commander of the 836th Combat Support Group, that 18 Negro airmen were sent to Negro hotels and whites in their group were sent to downtown hotels.

"They were free to select any hotel or motel of their choice," Col. Johnson said. "FUMING MAD" AIRMEN. However, James A. Hammond of the Young Adults, said that the Negro airmen were "fuming mad"

because of the treatment accorded them when they arrived at the Tampa Terrace and Floridan Hotels in downtown Tampa.

Hammond said the airmen were sent from the downtown hotels to the Pyramid, a Negro hotel four blocks away. Some also "wandered," Hammond added, to the Hotel Afro in West Tampa.

Shortly after the Jim-crow policies were first revealed the hotel association of Tampa called a meeting of an all but about three of the large motels agreed to lift the racial barrier.

When queried about local Negro citizens of the community being able to enter these white hotels Hammond said, "it's quite possible in the near future. The Hillsboro has been taking Negro delegates to conventions and the ball players for over a year. Others will and should follow."

Illinois FEPC Rules Chicago Board Denied Teacher On Race

CHICAGO — (ANP) — In its first public hearings since it was formed nine months ago, the Illinois Fair Employment Practices Commission has found that the Chicago Board of Education discriminated against a Negro teaching applicant by refusing his employment.

At the same time the commission's hearing examiner ruled that the FEPC has no jurisdiction over the school board and other public bodies, and is powerless to take punitive action in the case.

Edgar Bernhard, FEPC examiner, announced his findings last week in the case of Miss Sylvia Taylor, 24, currently counselor at Roosevelt University.

PSYCHOLOGY JOB Last fall, Miss Taylor was refused a job teaching psychology at the Amundsen branch of Chicago

Junior college. Miss Taylor's attorney, Chauncey Eskridge, said he will seek an administrative review of the jurisdiction finding by the FEPC, and take the case to court if the petition is denied.

Hearings were held in June and July. Miss Taylor testified she was denied employment at the Junior college because of her race. Amundsen and Board of Education officials denied the charges.

Charles W. Gray, FEPC chairman said both sides have until Nov. 13, to appeal to the commission for a review. If the review is refused, or if the commission again rules it has no jurisdiction, Miss Taylor has the option of taking the case to court to clarify the question of jurisdiction.

tion. The bill provides for a three-member county hospital board to review cases of alleged discrimination. The review board will have the power to order hospitals to halt discriminatory practices and to bring violators into the State Supreme Court. It was passed over the objection of the Nassau County Medical Society.

Signed by County Executive Eugene I. Nickerson, the bill becomes effective immediately. Board members will be appointed by the County Executive, the Board of Supervisors and the County Board of Health.
