

Brownsville Tenn. Dec. 6 – 1964

Atty: Willis

State Rep: 588 Vance

Memphis Tennessee

Sir: Mr. Willis after meeting with the Voters Council in Nashville Sat. Dec. 5th. And as I a worker for more rights according to how I am naming a few things I am greatly interested since we have made some progress through the strength of the Ballot: we did extremely well in our County Haywood County and District #9 of which I campaigned.

I wish you if you please inform me as to how we may get some of our group as pole watches in every precent in our County especialy in the 9th Cizal District. (2nd) I would like to see some one on the County Board of Education. (3rd) some one on the Welfair Noard. (4th) some one on the Highway as for Labor on High way patrols.

Now I know we have qualified Negroes in our County that fill any of these positions if only they could get the opportunity. Hoping to hear from you in regards to same.

Respectfully yours

Joe S. Taylor
