Mr. Wm. M. Farrington,
Memphis, Tenn.

Dear Sir:

In the issue of "The Brenham Banner Press" of Mar. 2, appears a letter from you in regards to reclaiming taxes on cotton raised by planters in Wash. Co. during the years of 1866, 67, 68.

My father, Abner Roberts, and grand mother, Passie Sington owned farmed and raised cotton during those years. Unless you have records of what the planters of Wash. Co. raised I have no idea as to the amount they raised.

There are heirs all around here some of whom I know, Randal's, Smiths, Hendersons, Daileys, Lipscombs, Dallas, Newmans, Chadwicks, Metcalf, Bizzell, Wilkins, Felders, McNeises and many more on

Randle 450 2000 300

Mulkins 1000

Buzzell 37

Motson 100

Felder 150 - 300

Mc Nease 80

your list have relatives either living here or near here.

I know quite a few of them myself. I do not know what information is necessary or what your method is about getting at this matter. I am interested to that extent to want to know what is required of any one who is an heir. I am willing to do what I can to assist myself and all others in getting the just claims.

I am sure you have had a number of letters of inquiry concerning this matter I shall not expect an answer unless you can give me information or I can assist you. An interested inquirer,

(Miss) Passie Roberts,
510. N. Market Street,
Brenham, Texas.
