TWO MORE FACULTY LECTURES GIVEN

Addresses Prove Increasingly Interesting.

The Student Body were very fortunate in hearing two more lectures given by members of the faculty recently.

Dr. R. C. Beale spoke on "The Choice of a Vocation." In part Dr. Beale said: There are many motives by which men choose their vocations. There is the example of the father or the mother, or the preference of the neighborhood. A fellow's associates set example which cause him to choose a certain vocation. Pride, or love or gain, may also influence us. Will many of us be swayed by the last named motive, the way of least resistance? Upon examination it will be seen that these motives have no broad principle underlying them.

Before choosing a vocation we should study the needs of society, study our fitness for the needs, and then train ourselves to meet them. In choosing a vocation think what value you will be to society, rather than what value it will be to you.

Mrs. M. H. Townsend spoke to us on "What Constitutes a Liberal Education," bringing out the point that the great object in going to college is not to learn how to make a living but to learn how to live. A really liberal education liberates power within. It makes you see and feel things in a new light. It gives you a deeper and richer knowledge. A liberal education enables you to see the forces above the material, and to really appreciate beauty. It introduces you to the culture of the past and gives you a new view of the future.

Mrs. Townsend made her lecture very interesting by her sarcastic allusions to Fizz Fountains and the specie of creature that frequent them. While very entertaining this lecture provided food for deeper thought than the average college student gives to the subject.

The lectures are well worth considering by the students, for there are many points that would help us now if we would consider them. The next of the series will be given shortly and will no doubt be enjoyed as much as those we have already heard.

JUPITER PLUVIUS AND WEIGHT OF DOCTORS COMBINE TO OVERTHROW TIGERS

Heavy Field Makes it Impossible to Carry Out Planned Attack—Tigers Win Heart of Fans by Grit and Fight.

The Memphis Doctors gave the Southwestern Tigers a dose of 45-0 on a slippery and gruesome operating table. Rains the night before together with occasional drizzling throughout the game made a very slow field. The muddy field was a great handicap to the Tigers by reason of their comparative weight. Being outweighed thirty pounds to the man the Tigers had to rely upon aerial tactics and end runs. The inability to get traction in the kind of mud "Memphis has" made the end runs of the Tigers somewhat futile. The slow field made it practically impossible to get out for passes but despite this fact the fighting Tigers completed several. The Doctors were out there with all their tools and among their number were quite a few well-known football stars of this section. At fullback, Phil White gave an exhibition of line plunging that was terrific. He is said to have been mentioned for All-American honors. Saunders, a line ripper from Texas A and M., did his duty at half. Ford and Payne, formerly of Tulane added punch to the powerful team of the Doctors. Their squad is greatly strengthened since last season, many of last year's letter men being substitutes.

Southwestern kicked off and

held Doctors for downs. Their punt was fumbled, rolling behind our goal and was recovered by the Doctors for the first touchdown. The ball was brought out and the Doctors failed to advance the ball across the line for the additional point. During the remainder of the quarter, neither side was in danger of being scored upon. The ball was in play on our 40-yard line when the first quarter ended.

The second quarter proved fatal for the scrapping Tigers. Although they fought like madmen and displayed a brand of sportsmanship that won them a place in the hearts of loyal Memphis fans, they could not stand the weight and drive of the plunging Doctors. This quarter resulted in four touchdowns for the Memphis pill slingers. There was very little difference in the speed of either team in the mire of the field.

The third quarter showed a renewed fight in the Tigers and the pompous Doctors got away with a lone touchdown. It was a tedious proposition of holding and punting out. The Tiger line being unable at times to hold the Doctors, caused our punts to go high. The feature of the Tigers' game was the elusive running of Nubbins Cobb who darted in and out among the towering Doctors in

(Continued on page 2.)

SOCIOLOGY PRIZE OFFERED BY CHI OMEGAS

Students in Soc. II and III to Be Contestants, Chi Omegas Excepted.

The girls of the local chapter of the Chi Omega Sorority are to be congratulated on the step taken by them to promote a more active interest in the sociological problems as studied in the University under the headings Sociology II. and Sociology III. Through Dr. Diehl, this chapter has offered a prize of \$10.00 for the best work done by a student in the above classes during this present year, Chi Omega women excepted. With such an incentive one may be certain that quite a bit of interest will be taken in this fascinating subject and the competition will no doubt be keen.

GREAT IMPROVEMENT IN RADIO

Students Hope to Receive News by Wireless—Football Fans Happy.

Probably the most welcome news that can be compressed into this pit of space, in that it affects two species of fans, is given below.

We are glad to announce on good authority that the radio set which has been located in the chemistry laboratory wing of the Castle Building will be greatly enlarged and improved to the extent that news may be received from many of the larger centers of the country. It is hoped that the plant may be able to receive the results of football games and other items of interest and thus put this news before the students several hours earlier than formerly received by the papers. We are indeed grateful to Dr. Scott for his work along this line.

CALL MEETING OF FRAT REPRESENTATIVES

Pan-Hellenic Council to Be Strengthened—Active Cooperation of Every Fraternity Man on Campus Urged.

With a view toward making the Pan-Hellenic Council nearer what it really should be than it has been in the past, the local chapters of Pi Kappa Alpha, Kappa Sigma, Alpha Tau Omega and Sigma Alpha Epsilon fraternities have elected their representatives to this council for this year. It is hoped that with the active cooperation that should be given, this organization may be perfected and established on a sound basis to confront the problems that may arise with the greater growth of the University and its removal to Memphis. While some changes will be made they will doubtless be improvements based on the old Pan-Hellenic Agreement together with a set of by-laws drawn up last year.

The following men have been elected by their respective fraternities to represent them on the council: Mr. Fred Jesty, S. A. E.; Mr. Charles Bruce, K. S.; and Mr. Mark B. Ryan, Pi K. A. The name of the A. T. O. representative could not be learned at the time this issue went to press but will appear in a later issue together with an account of the progress of this organization.

A meeting of these representatives has been called for this week at which time officers will be elected and a tentative policy of the Council decided upon.

FRESHIES ARE BEAU BRUMMELS

Green to Be Worn Extensively on Campus This Fall

Right heartily does the San Herdrin compliment several members of the class of '26 who proved themselves ahead-of-fashion Beau Brummels by their purchase of the verdant green caps, and also does it wish to make a mere suggestion that the rest follow suit bearing in mind the option of a green cap or some other color somewhere else. These caps are on sale at M. L. Cross' and there are enough for all. Green is to be a popular color this winter and, besides it's good for the eyes. Even if the cows do seem to be attracted by you, don't blame it all on the cap.

That lets me out. Isn't that luck for you? You know how I always did

I haven't heard any news over the radio yet but if we don't have a radio also we have

EDITORIAL

Announcement Regarding Glee Club Plans to Be Made Shortly.

The Glee Club, of which Southwestern is quite justly proud, has been hard at work for some little time. It is generally conceded that seeing is enough to make one believe, and now we come forward with the statement that one can hear and believe too, especially in this case. Pursuant to a call for all men, both old and new, to meet so that some idea could be gotten of the number of men interested in this kind of work, several meetings have been held in the last few weeks. Many men who were members last year have returned and will from the nucleus of the Club this year, which will no doubt be enriched by the fine talent displayed by several of the new men. Members of this club, which has been ably assisted by Dr. R. C. Beale, are very enthusiastic over the prospects for a very pleasant year in this field and expect very soon to come out with an announcement concerning their plans for the year.

EXCHANGES

There will probably be a minimum of hostilities between the town and gown factions at the University of Mississippi this year. At a recent election, Mr. R. J. Farley, who is president of the University Student Body, was also elected mayor of the town of Oxford. Mr. Farley won out in the second primary after a spirited campaign.

Syracuse University students have been troubled with baggage going astray. Just another reason to be glad we live in a smaller community.

Northwestern University co-eds have agreed to have no social engagements with university men Mondays, Tuesdays, and Thursdays during the coming year, according to an announcement made by the president of the Women's Self-Government Association at the institution.

"This pledge is taken because we girls believe that too many dates interfere with a college man's athletics and the school will suffer if the athletes do not have the proper time for training," explained the president of the Association.

MORNING WATCHES TO BE REVIVED

Groups for Bible Study and Prayer to Be Organized Soon.

Form of Organization in Vogue Last Year Adopted.

Reviving a form of organization that functioned extremely well last year and was very popular among the boys in the two halls, it is planned to hold morning watches under different leaders in the dormitories again this year.

These morning watches are merely groups of boys, generally six or seven, who meet in one another's rooms about seven o'clock on designated days of the week and there spend a half hour or so in reading the Bible, offering sentence prayers and in brief discussions of matters pertaining to the spiritual welfare of the students. These little gatherings tend to bring the boys closer and the good derived from this form of worship cannot be gotten in the same degree by attendance at church or the Y.

The nucleus of this organization was a single watch composed of about six men last year who, after a short time, decided that the good that they derived from these meetings should be shared by the whole student body. It was with this idea in mind that the original group separated, each man to form another group in which the same idea that was dominant in the original group would be carried out. The success of this was apparent by the interest taken in it by all connected with it and no matter how cold the morning or how sleepy the man a full attendance could be counted on.

Now with a larger number of men to work with and among them so many candidates for the ministry, it is hoped that these meetings will be a greater force in the spiritual life of the students rooming in the halls.

REPORT ON BLUE RIDGE CONFERENCE

Subject of Mohns' Talk Sunday

Plea for More Men from Southwestern This Year Made.

The Y. M. C. A. had a very interesting program Sunday evening, with Mr. Cain reading the Scripture and Mr. Edward A. Mohns as the speaker of the occasion.

It is the custom of Southwestern to send some men to the Blue Ridge Y. M. C. A. Conference every year. Last year, Mr. Mohns was one of these students attending from this college. It was in the form of a report on this trip that Mr. Mohns made his talk.

There were several very helpful lectures given. Dr. Weatherford delivered the opening address. Among the men who addressed the conference at different times were: Mr. Ewing, Dr. Exner, Mr. Rue, The Rev. Tobias, Prof. Fischer, Dr. Wilder. It would be impossible to even touch on all the talks given but we may be sure that they were all full of good ideas and well delivered. All the boys who ever go to the Conference, always speak very highly of their experience. We ought to get more of the boys to represent Southwestern there next Spring. Get ready so that you may be one of these.

A feature of last year's Y. M. C. A. was the observation of the morning watch. One morning each week groups of boys met in certain rooms and held a regular prayer service. We want to start this again this year and want all the boys to join in. We haven't enough real deep religion on the campus. Fellows, we ought to get better crowds out for the Y. Try to get out next Sunday yourself and bring someone with you. *Visit fresh getting work!*
 Both Babe Ruth and Coles Phillips have an eye for curves.

SOCIOLOG. CLUB'S FIRST MEETING ON OCTOBER 13

Students and Faculty Invited

Interesting Topics of the Day to Be Taken Up.

Last year there was organized among the students of the University, a Sociology Club. This club, while under the patronage of Mrs. Townsend of the Sociology Department of the University, is composed almost entirely of students. The purpose of the club is to promote a more intelligent acquaintance with the vital sociological topics of the day among the students at Southwestern. It is open to all who are interested in the topics of today that are pertaining to society in general.

The club will resume work very soon under the leadership of Mr. Chapel T. Fenwick, president, and all students, whether or not enrolled in Sociology classes, and all members of the faculty, are cordially invited to attend the meetings which are held every two weeks.

The first meeting of the year will be held in Dr. Arrowood's room in Steward Hall Friday evening, October 13 at 7:00. The program will consist of a debate, Resolved: That the Daugherty injunction is justified. The affirmative side will be upheld by Miss Mary Culberson and Mr. Albin Crowe while the negative side will be presented by Miss Lillian Wilson and Mr. E. A. Mohns.

This program, as well as those in the future, will be both helpful and interesting and will not take up much of your time. The number of visitors at meetings last year is an evidence of the entertaining quality of these meetings.

JUPITER PLUVIUS AND WEIGHT OF DOCTORS.

(Continued from page 1.)

a most uncanny fashion. Henry intercepted a forward pass and came very near getting away for a touchdown. His broken field running was brilliant and his stiff arm equally effective.

The Tiger line fought the Doctors for every inch they gained and their performance was indeed creditable. At center, Capt. Rogers and Bayne were in their turn mainstays of the best line that ever wore the Cardinal and Black. When one considers the condition of the field and the fact that because of this the plan of attack of the Tigers had to undergo a complete change, the amount of the score is not so large.

While Coach Kenney accompanied the team to Memphis he was not able to be present at the game. Leaving here with a severe cold Coach was forced to go to bed immediately on his arrival at Memphis because of this illness. We are glad to hear that he has not taken the flu and that he is expected to be out to put the team through some hard practice and scrimmages in preparation for their battle with the Ole Miss crew of gridiron rowdies next Saturday at Oxford.

Everybody come out and boost the team.

JOKES

THERE'S A DIFFERENCE

I've a girl that's small of build.
 She wears long skirts all neatly frilled
 Her golden hair is slicked back tight—
 And at dancing she's a fright.
 She likes to sit at home o' nights
 To talk of French, and women's rights!
 She does not sing or smoke or bet
 Or play at bridge or poker . . . yet
 I love this girl of mine so slow;
 She'll make a dandy wife, y'know . . .

WHEN I GRADUATE!

Now Reggie's pet is tall and slender
 And speaks to him in accents tender;
 Her raven hair is bobbed and curly.
 Her teeth 'neath rosy lips, are pearly!
 She wears short skirts and rolls her own,

Thinks naught of touching for a loan!
 She drinks and smokes and bets and dances,
 And vamps the boys with wicked glances.
 She likes to eat and romp and play,
 I'd change for her most any day . . .

WHILE I'M IN COLLEGE!
 —Orange Peel.

PHILOSOPHY OF LIFE

If you love—act like it,
 If you think my form is fair
 And you like my curly hair,
 If my line that's all so wild
 Makes you think I'm Instinct's child,
 If you crave the way I listen,
 Love to watch my blue eyes glisten,
 If you'd set my heart awhirl,
 Remember—I'm a modern girl,
 So if you love me—Act like it!

 November 10—West Tennessee State Normal, in Memphis.
 November 18—Bethel College, Here.
 November 30—Kentucky State Normal, at Bowling Green.

**FRESHMEN SHOW
 VERSATILITY**

**Stunt Morning Instigated by
 Bloodthirsty Sophs—Inno-
 cent Amusement In-
 dulged In.**

The long delayed Stunt morning which had been planned by the Freshman at the suggestion (?) of the San Hedrin, was pulled off Saturday morning just after Chapel exercises and was amusing enough to satiate the blase though bloodthirsty Sophomores. And the irony of the thing was that though the show was put on by the Freshmen, the funds taken up by them went to wire the absentee football team that the Student body was behind them to the last man and confident that they would fight as never before to put the U. T. Doctors back into the hospital from which they hail.

When the call for entertainment went up, the Sophs were most vociferous in their demands for meat, and lots of it. It was even suggested that our fair sisters of the San Hedrin lay hands on the Freshmen. (They were not to be love licks, either.) For once the machinery of this organization failed to work as smoothly as it should with the result that this action was voted down.

The features of the program were the rendering of several little ditties of the Female Quartette of the Class of '26 and Freshman Shinn's ability to "pick cherries." Freshman Dorsey Boulton was called on to sing but the search for music was a frame-up and he was saved by the bell. With such a talented demonstration of their abilities, the Freshmen may well count themselves in demand for that kind of entertainment.

GREEK PLEDGES

Theta Chapter of Pi Kappa Alpha wishes to announce the pledging of two new men, Mr. W. L. Breed, class of '25 and Mr. G. D. Breed, class of '26. Both of these men hail from Gloster, Miss.

Anette is lovely, pleasing, petite,
 Kitty capricious; Dotty delicious;
 But I prefer Mary, daring, discreet.

This was simply killing
GAMES SOUGHT TO TEST METTLE

**Magnificent Mud Battle Fails to Decide Winner of Scrub Honors—
 Felts Team Gained Most on Line Plunges with Walker
 Relying on End Runs for Ground Gains.**

Last Friday afternoon our Scrub football material was divided into two teams. Coach Kenney picked Felts and Walker, quarterbacks, to captain the two teams and set Saturday as the time for the first game between the two contestants. The prize which the two teams were to struggle for so manfully was the right to claim second team honors, for the Coach promised that the winner would be regarded as the second team and the loser as the third team. Now you can't imagine what a scrap that caused without being present to see the battle.

Saturday afternoon Shearer Field was a pond of mud, but a small matter like this could not bother the plans which had been made. After a snappy signal practice the rival teams lined up and the old fight began.

Both sides were confident of a win and each man was determined to fight to the last in order to be on "Coach's second team" instead of the third. All through the first quarter the young warriors fought, first one side with the ball and then the other. Open plays were out of the question though a nice manipulation of a forward pass to J. H. Newton caused many to wonder where he got his training as a juggler. The score at the end of the first quarter stood 0—0.

The second quarter found the two teams still more determined and with more fight than before. Cross, fullback for Felts' team, would tear through the opposing line for gains time and time again but when the ball would get in dangerous territory, Walker's line would hold like a brick wall. Felts' team had a slight edge in

weight and a few steps for that weight to gather momentum always spelled gains. The half ended with the ball on the fifty-yard line—and the score 0—0.

The rest seemed to help both teams, for at the beginning of the third quarter, it looked as if two different teams were playing. The boys at least pulled the mud from their faces between halves. But after a few seconds they all looked alike and even a mother would have had a hard time in recognizing her baby boy. It was during this quarter that the teams seemed to heed the advice of the fans and tried to wallow out of the middle of the gridiron over to one side where grass gave muddy shoes a little more of a chance to hold. Both teams fearful of the taunt "Quitters," fought manfully but with no distinct advantage on either side. The third quarter ended with the score 0—0.

It looked as if Felts' team would win out in the last quarter. On straight line bucks the ball was carried to the twenty-yard line but here Walker's team piled up and held them for downs after a gift of five-yards for offside. After an exchange of punts the ball was again brought to the twenty-yard line by Felts who did some good broken field running in this instance. But here the ball stayed, both teams failing to move it before the quarter ended. The score remains 0—0 and Coach Kenney has no second team, but he has a darn good scrub outfit—an outfit which should make it hot for some of the prep schools in our section. The first chance of seeing the scrubs officially in action will be about the middle of the week when they scrimmage with Clarksville High School.

**TENNIS PROVES POPULAR
 WITH NEW STUDENTS**

Starting out with the best foot forward the Tennis Association in the last two weeks has done much to assist those students not going out for football in getting the recreation and exercise that they need.

With such devotees of the sport as Dr. Pharr and Prof. Cooper starting the rush to the courts, the

other wielders of the racquet have followed eagerly. Over-running the present accommodations, two other courts are to be cleared for use.

Even though the tournament is not until next spring practice makes perfect, and practice with the fair co-eds is as killing two birds with one stone.

**GREAT YEAR FOR
 DRAMATISTS AT
 SOUTHWESTERN**

**The "Pals" Busy with New Plans
 For Year.**

**Many Old Members Back and
 Good Supply of New
 Talent.**

The first meeting of the Pals was called September 28, by the president, Mr. Hollond Felts. A number of the members of last year were present, also many new members, who are very welcome additions to the club. This meeting was just a "get together" meeting and plans were discussed but no business was transacted. Much interest and enthusiasm was manifested by those present.

At another meeting, which was held October 5, a dramatic coach was discussed and it was the unanimous wish of the Club that it ask Mrs. Ralph Kenney to fill this place.

Mrs. Kenney is very skilled and talented in this work and "The Pals" are very glad indeed to have her with them this year and they are looking forward to a successful year under her direction. It will be remembered by many that Mrs. Kenney coached two plays and a minstrel two years ago and won for both herself and the dramatic club much well deserved praise.

At present, it is the intention of the club to give at least two long plays, one of which is to be presented before the Christmas holidays and the other during the second semester. The selection of the plays to be given will be left with Mrs. Kenney.

The enrollment is larger than it ever has been before and it is hoped that some of the new members will show unusual talent and ability so that the scope of the work will be greater than before.

This year's members are: Misses Irene Clardy, Coralie Derr, Elizabeth Ellis, Margaret Fort, Minerva McGraw, Carrie Tyler McDaniel, Louise Orrell, Lillian and Mary Patterson and Messrs. Felts, Boulton, Grisham, Haden, Major, McLean, Moss, Mount, Oliver, O'Neal, Rollow, Rogers, Shelby, Shinn, and Watts.

"You're the *Only* girl," whispered the father of nine boys to his newly-born daughter.

**ALUMNAE GUESTS
OF CHI OMEGAS**

Beautiful Banquet Held at Hotel
Montgomery.

The Kappa Beta Chapter of the Chi Omega Sorority was hostess to a delightful and beautifully planned banquet, Thursday evening at the Montgomery Hotel, given in honor of the Alumnae in Clarksville.

The private dining room of the Hotel has never looked prettier than it did Thursday with its decorations of cardinal and straw, the Sorority colors. The beautifully appointed table had for its centerpiece a crystal bowl containing cardinal and straw rose buds. On the mantel and elsewhere in the room, dahlias and golden glow were used. The room was lighted by candles which with the place cards and other decorations further carried out the color motif. A most exquisitely planned menu was served in four courses.

Miss Margaret Fort acted as toastmistress and in a very clever and witty way gave a toast to the honored guests. Mrs. George Fort made the response. Miss Sara McReynolds gave the fraternity myth in her own charming manner and Miss Dorothy Smith read the Ode to the Pin. Best of all, probably, was the singing of fraternity songs by all, and at the conclusion "Auld Lang Syne."

Covers were laid for Mesdames George Fort, James Barksdale, Bryce Runyon, Robert O'Neal, Howard Savage, Day Williams; Misses Mabel Meacham, Agnes Smith, Margaret Trahern, Mary Frances Pennebaker, Margaret Fort, Frances Settle, Sara McReynolds, Elizabeth Ellis and Dorothy Smith.

Didn't your conscience tell you you were going wrong?
I don't believe everything I hear.

WHAT KIND OF A MAGNATE ARE YOU?

A gentleman in business on Broadway, New York, was greatly annoyed by the tardiness of one of his skilled office staff.
Calling him into the office one morning, he said: "Mr. Brown, I get here at 8:30 every morning and look over my mail; at 9 o'clock I look out of the window and see young Mr. Rockefeller on his way to the office; at 9:30 Mr. Schwab passes; at 10 I see Mr. Vanderbilt going by; at 10:30 Mr. Gould passes on the way to his office; and at 11 you come in. Who the mischief are you?"—Selected.

We go to work early. How about you?
