FORMATION OF NEW ALUMNI ASSOCIATION

Mississippi Alumni Plan Reunion
Here in June

We have a most loyal bunch of Alumni, and that's no vain boast. Anyone who was at Chapel the other morning and heard Dr. Diehl's account of what the men who have gone out from the halls of Southwestern are doing and intend to do for the old school, can tell you that the above statement has foundation.

Dr. Diehl has been traveling down in God's country—Mississippi, Alabama and Louisiana—for the past two or three weeks and, coming back to us, told us of those things that we all know so well, but like to hear again and again. It is, therefore, basing our assertion on the report of our president that we make our statement. When the Synod of Mississippi met a short time ago they formed the Southwestern Alumni Association of Mississippi, the following men being elected officers:

Dr. George D. Booth, of Natchez, Miss., president; Rev. W. H. McIntosh, of Hattiesburg, Miss., vice-president; Rev. W. H. Hill, of Jackson, Miss., secretary and treasurer; Rev. W. S. Gordon, Starkville, Miss., sergeant-at-arms.

The Mississippi Alumni are planning to have a reunion on the Campus at Commencement next spring. They will charter several Pullmans, arrange to sleep in the cars and eat at the Commons, and have a big, jovial, vociferous homecoming. They will be cordially welcomed, and we all hope that their plans will not miscarry.

In Alabama a similar step was taken at the meeting of the Presbytery of that state. The officers elected here were:

Dr. Joseph Duglinson, Selma, Ala., president; Rev. G. H. Marion, Junction, Ala., vice-president; Rev. J. W. Marshall, Mobile, Ala., secretary-treasurer.

With the perfection of such organizations in these two states we feel sure that we can count on the men in these states for everything that a college could count on its alumni for.

STUDENTS SHOULD HEAR DRAMATIC INSTITUTE LECTURES

Great Interest Taken in Dramatic Work—Prizes Offered

The attention of most of the students has no doubt already been attracted by the announcements in the Clarksville paper and by the announcement of Dr. Beale, to the work of the Dramatic Institute which has recently been brought to Clarksville through the efforts of Mr. Hayes, of the community service.

The meetings of the Institute are being held in the parish house of the Episcopal Church, and are being very well attended. Dr. Beale has recommended attend-

SATURDAY'S LECTURE WAS DELIVERED BY COACH KENNEY

Speaks on Why to Go to College

Speaking on "Why Go to College" Coach Kenney gave a lecture which held the good attention of the students in chapel last Saturday. Mr. Kenney gave first the three wishes he gave the high school students last year at commencement. The first of these was that they might be strong men and women with good intellectual equipment. The second was that they have no other inheritance except their natural ability, and third that they get no great abundance of wealth.

College students are taught in college the way to conduct themselves in after life. One should have good intellectual equipment as he is to choose the right things. God has given us natural ability and that is all that we need if we would only use it to good advantage. It is not best for one to have a great abundance of wealth lest we have to pray as the Bible character who asked for neither poverty nor riches lest he get full and forget the Lord or steal to keep from starving.

The vile cannot be touched without contagion so should one keep away from the vile dirty things and think only on the pure and the good and the honest. St. Paul's admonition to think on those things that are pure, that are honest, that are of good report is a warning that should be heeded by every college student. That is the reason we have Bible study in our colleges today—that we may study the lives of righteous men

PAN HELLENIC COUNCIL BEGINS SEASON'S WORK

Fred E. Jesty Elected Chairman
—Meetings Scheduled for
This Week.

Meeting together for a few moments last Tuesday afternoon, the four Pan-Hellenic representatives of the National fraternities on the campus elected a chairman and under his supervision began to lay plans for a reorganization of the Council. Mr. Fred E. Jesty was elected chairman, and immediately announced that he would call a meeting for Friday morning. It was decided to ask Prof. W. R. Cooper to meet with us as a faculty representative and ad-

FRAT "GOATS" PERFORMERS FOR STUNT WEEK

Novelty Antics Arouse Jaded
Appetites of Old Men.

There was a fair in Clarksville last week but the snake charmers, bellweathers and farmers that appeared on the campus were not from the fairgrounds. They were our own dear friends of the campus, though one could hardly recognize them in their new attire. The Kappa Sigma pledges led out for Stunt Week by appearing with trousers turned inside out, alarm clocks and bells around their necks and nice red and green bowties. These goats were put through the horseplay Tuesday night and after getting back to town Wednesday morning they treated the rest of the University to the show mentioned above. In spite of certain stiffness, the pledges had no especial desire to sit down hard and were pretty spry as a rule.

The Pi K. A. pledges made the acquaintance of a few spirits in the Greenwood cemetery and then made the trip back to the campus in almost nothing flat. They had, it seems, a burning desire to sit on something nice and cool and soft. Saturday afternoon these same freshmen turned Dick Whittingtons and demonstrated their ability as salesmen of cats. Finding a station near Dickson Sadler's for their attractive wagon with its howling occupants, including freshmen pipes, the rest of the men sold their load in all too short a time.

That is all except one black imp of satan which seemed to be a Jonah.

This stunt week has been enjoyed by the whole student body, except possibly the performers, but it comes only once and they are very philosophic about it. Soon these goats will make the trip across the burning sands of wild wastes of water or whatever it is and will become full fledged fraternity men with the opportunity of putting their ideas regarding horseplay and stunt week into effect at the next initiation.

THE "EDUCATED MAN"

To be educated in the best sense of the word, says an erudite professor in the University of Chicago, who is right, a man must be able to truthfully answer in the affirmative all these questions:

Has your education made you public-spirited?

Has it made you a brother to the weak?

Have you learned how to make friends and keep them?

Do you know what it is to be a friend yourself?

Can you look an honest man or a pure woman in the eye?

Do you see anything to love in a little child?

Will a lonely dog follow you in the street?

Can you be high-minded and happy in the meanest drudgeries of life?

Do you think washing dishes and hoeing corn just as compatible with high thinking as piano playing and golf?

Are you good for anything yourself?

Can you be happy alone?

Can you look out on the world and see anything except dollars and cents?

Can you look into a mud puddle by the wayside and see a clear sky?

Can you see anything in the puddle but mud?

Can you look into the sky at night and see beyond the stars?

Whoever replies "yes" to every query in the list, without doing violence to his conscience, is really "educated," whether he has seen the inside of a college or not.—*Reveille*.

STRONG ON SYSTEM

At a certain coal mine down in New Mexico the superintendent was greatly annoyed from time to time by employes moving into and out of the company's houses without due notification of their frequent changes of domicile. It became quite impossible to keep the rent accounts straight on the office books, and finally the superintendent, in his exasperation, resolved upon stringent measures. He therefore posted the following notice:

July the 11

Notis to all them employed:

Haney Person or Persons what Moves into A House Without My Consent shall be Put Out Without anney Cemmony.

I Must and Will have some Sistom.

FRESHMEN MEET TO ORGANIZE

Flemister, President, Redhead, Vice-President, Rennie, Secretary-Treasurer.

On Tuesday morning Jack Seavey called a meeting of the Freshman class. The purpose of this meeting was to organize and to elect officers. Much enthusiasm and pep was shown. Everyone was eager to organize and start things going. Every Freshman caught the spirit and thought things over thoroughly before acting. They knew that responsible men must fill the offices, men that would always keep the welfare of the class in view. The following were elected: Bob Flemister, president; Jack Redhead, vice-president; Joe Rennie, secretary-treasurer.

The Class made no mistake in electing these men to lead them. They stand well in the class and in the school. With such a large class, much is expected of the Freshmen. They are sure to "carry on" just as the classes before them. They have already taken an active part in all school activities. With such leaders as they have chosen, we feel sure that S. P. U. can always look to the class of '26 with pride.

The Freshmen are to be congratulated on the step just taken for as yet no other class has met to be organized. Things have been quite busy for the upper classmen, though we expect to publish a list of all the class officers in the next issue of the Sou'wester.

"Why did you name him that?"

"Cause we thought maybe he'd be our las', sah, so we named him after bof uv us. Mah husband's name's Ferdinand an' mine's Eliza, so we jes' naturally called him Ferdilizer."

The co-eds contend that but few who have not played football really understand the sport. They propose to appreciate the finer points of the various plays as well as the success of the winning team.

ance of these lectures to the students of the University as a whole and to those who are members of the Pals, especially, as being both interesting and instructive.

The interest in dramatics, which has become especially noticeable this year, both in the school and in town, will no doubt be increased by this new step.

Dr. Beale also announced that he was offering a prize for work in dramatic composition this year and intended to offer a supplementary course to the regular English course, which will take up work of this nature. Details of this competition will be announced later, according to Dr. Beale.

At the same time Dr. Clyde Pharr, of the Ancient Languages Department, offered a prize of \$10.00 for the best dramatic composition to be worked out as a tragedy, comedy or farce, which has as its theme the story of Pyramus and Thisby.

The Pals have also been quite busy, and will no doubt make an announcement regarding their first appearance in a short time.

visor. Copies of the old Pan-Hellenic agreement were given to each representative to bring before his respective chapter in order that suggested changes might be noted and the Council adjourned until Friday.

Friday morning found the councilmen eager to begin the discussion and with many points to be cleared up and other changes to be made. Prof. Cooper's experience on other Pan-Hellenic councils made his assistance very helpful, and with his aid a definite policy was drawn up, copies being distributed to each representative for presentation and ratification by his chapter.

While the full work of the council has not been accomplished as yet, the necessary steps were taken so that initiation of the present pledges could be done.

The present council has undertaken to enlarge the scope of activity and to reform the present rushing system to a certain extent. Another meeting of the council has been scheduled for this week, after which it may be possible to make public all the work that has been done.

Mercer University, at Macon, Ga., was the scene of a grand spanking party last week. It seems the Sophomore violated the anti-hazing law at the university by beating the new men with straps, sticks and paddles. The University president found them guilty and gave them the alternative of similar treatment or expulsion. The Sophomores decided to take the whipping. The Seniors were provided with the necessary whipping instruments, and the fun began—for the Freshmen and the upperclassmen.

The debate stated by President E. M. Hopkins, of Dartmouth, concerning an aristocracy of brains, still continues and is provoking many to controvert his opinions. President Hopkins would exclude those who are intellectually unfit for college. Dr. Josiah Penniman, acting provost, spoke in behalf of the "open door" policy at the formal opening of the University of Pennsylvania last week. Dr. Penniman vigorously protested against the policy of "shutting the door in the face of the eager, aspiring, earnest youth who has set his heart on coming to college, is of good character, and qualified academically."

OPALS UNLUCKY

Are you afraid to wear opals? The traditionally "unlucky" stones are becoming less popular among American college students, according to a report from Burr, Patterson and Company, manufacturing fraternity jewelers of Detroit, who declare that the demand for them as settings for fraternity badges is steadily decreasing in favor of pearls.

The old superstition that the iridescent jewel was bound to bring dire misfortune to its wearer not born in October has apparently been dissipated but it is interesting to note that its believers had considerable historical grounds for their fears.

For centuries, men have had a peculiar feeling towards the opal—amounting to awe and inspired perhaps, by the strange changes of colors which seemed to go on inside the stone without any apparent reason.

Scientists have since shown, however, that the opal contains a certain amount of water in its composition which is, of course, affected by atmospheric conditions and particularly by the application of heat. When exposed to the latter, for example, the stone will lose its brilliance and degenerate into a mere pebble.

A stone which has seemed to share the mystery attached to the opal is the tourmaline, a transparent composite occurring in shades of both red and green. Undoubtedly one of the many traits of this stone which have tended to cast a glamour about it, is its susceptibility to electrification. The ancients discovered that when heated by the sun or friction, the tourmaline would attract chaff or small bits of paper and this property, together with that of changing color according to the light, they regarded as almost magical. Children at Amsterdam are credited by some with having discovered the electrical qualities of the tourmaline while at play.

In addition to this, it was found that when two slices of tourmaline composition cut parallel were laid one upon the other and viewed in one direction, they were opaque. However, when a double refracting crystal was placed between them, one became transparent and the other remained opaque.

One of the world's greatest deposits of tourmaline was discovered in the State of Maine by two students looking for specimens of minerals. The cave which they accidentally stumbled upon is said to have resembled the mythical cave of Aladdin in its splendor and in spite of the fact that it covered but a few square rods, nearly forty varieties of the stone were found.

Among the throngs of people who were quick to visit the cave were the Russian and Austrian consuls to America, who obtained specimens for the museums of Petrograd and Vienna.

TIGERS DEFEAT OGDEN BY TOUCHDOWN IN LAST QUARTER

Southwestern Team Not up to Standard on Offensive—Absence of Four Regulars Seems to Handicap Team.

Yes, we beat them, but not by the score we should have nor yet by the score that we expected to pile up. With four regulars out of the game the Southwestern offensive lacked the driving, smashing quality that it should have had and while the defense was very good still Ogden managed to gain several first downs. In fact neither team displayed the pep that was shown in the contest on Shearer field a few weeks ago. The game was free from any very spectacular plays though a few forward passes and the broken field running of Cobb and Henry was remarked. Ogden depended mainly on the end runs of Elrod and the line plunges of Cornell and these made several good plays. After letting several good chances to score slip by it was only in the last quarter, after both teams were materially weakened, that Jesty went off right tackle for the only touchdown of the game.

The game in detail:

FIRST QUARTER

Southwestern wins toss and chooses to defend west goal. Ogden made a weak kick-off, Southwestern returning it 6 yards. S. P. U. loses ball on fumble. Ogden fumbles, Jesty recovers for 5 yards, Wilson punts 40 yards. Ball on Ogden's 10-yard line. Ogden punts 20 yards. An S. P. U. pass to Wilson brings 12 yards and then S. P. U. punts over goal line, ball being brought out 20 yards. Ogden punts, Henry returns ball 10 yards. Ball is on Ogden's 40-yard line. S. P. U. punts ball to 20-yard line. Ogden makes first down in next four plays. Fumble recovered by S. P. U. S. P. U. fails to make 2 feet on fourth down. Ball goes to Ogden on 32-yard line. Quarter over. Score 0—0.

SECOND QUARTER

Ogden is held and punts for 10 yards. Caldwell makes some nice line plunges but ball goes to Ogden on 30-yard line. Ogden gains 8 yards around end. Ogden gains first down. Elrod gains through line. Ball on Ogden's 45-yard line. run but is thrown for loss. Ogden punts. Henry downed in tracks. S. P. U. punts. Elrod ties end

run but is thrown for loss. Ogden, time out. Ogden punts, Cobb running ball back 10 yards. Ball on S. P. U. 30-yard line. S. P. U. punts. Ball on Ogden's 20-yard line. Ogden tries end runs. No gain. Ogden tries line buck. No gain. Ogden punts ball to S. P. U. 40-yard line. Thompson misses pass by inches. S. P. U. punts. Davis gets through for a couple of nice tackles. Ogden completes first forward pass for 6 yards. Half ends with ball in middle of field. Score 0—0.

THIRD QUARTER

S. P. U. kicks off. Ball is run back. Ogden fumbles and Flemister recovers. Wilson punts 35 yards. S. P. U. offside, penalized. 5 yards. Ogden fails to gain through line and punts. Wilson downed in tracks. Cobb thrown for loss. S. P. U. punts. Ogden downed in tracks. Ogden tries end runs. Fumbles and S. P. U. recovers. Wilson thrown for 6 yard loss. Wilson fails at drop kick from 35-yard line. Ogden gains 10 yards on end run. S. P. U. line breaks through and downs quarterback in tracks. Ogden fails at forward pass. With fourth down and 12, Ogden punts and Cobb is downed in tracks. Ogden is downed in tracks after Wilson's 40-yard punt. Ogden fails to gain and punts. Henry downed after twisting through for 5 yards. S. P. U. completes pass to Cobb for 12 yards. S. P. U. fourth down and half yard. First down for S. P. U. Cobb around end for 5 yards. Quarter ends. Score 0—0.

FOURTH QUARTER

S. P. U. makes onside kick on Ogden 18-yard line. Time out for Ogden, Elrod injured. Cobb takes ball around end outrunning interference and all Ogden team. Forced out of bounds. Cobb takes another pass for good gain. Ogden, time out. Cobb goes out, Myrick goes in, at end with Jesty shifted to quarter. Henry goes around end for 8 yards. S. P. U. gains through line. First down. Jesty through line for 5 yards. Ogden, time out. Jesty takes ball through for touchdown on play off tackle. The touchdown gain was for 18 yards straight through op-

posing team. Wilson fumbles chance for free kick.

Henry makes spectacular broken field run for 12 yards on Ogden's kick-off. Caldwell takes 15 yard pass. Two other passes attempted and then Caldwell goes through the line for 10 yards. Henry intercepts forward pass and runs 25 yards before being forced out of bounds. Ogden, time out for substitution. Caldwell takes pass for 15 yards being downed in tracks. Wilson tries drop-kick but fails. Time out for S. P. U. Ogden punts, Henry runs back 10 yards. Jesty through for 3 yards. Flemister through for 5 yards. Caldwell through for 6 yards. S. P. U. fails to gain on next plays and punts. Ball on Ogden 40-yard line. Ogden punts. Henry fumbles ball on S. P. U. 35-yard line. Ogden attempts forward pass and gains on technicality. Ogden fumbles but recovers. Two more plays through line fails to gain. Game ends with ball on S. P. U. 30-yard line. Score S. P. U. 6; Ogden 0.

The number of first downs gained by the two teams was (Continued on page 4)

Y. M. C. A.**

The Y. M. C. A. had a very interesting program Sunday. Mr. Wilson read the Scripture lesson from Revelation, the second chapter, and Mr. McInnis spoke on Fidelity.

A man should be faithful in the small things. He that is faithful in that which is least, is faithful also in much; and he that is unjust in the least is unjust in much. If therefore you have not been faithful in the unrighteous mammon who will commit to your trust the true riches.

The man who is faithful is rewarded. A certain man called ten servants and gave each one pound. He returned from his trip and called on the servants for a report. The ones that had been faithful he rewarded, but he punished the unfaithful. Then the man who is faithful prospers. The college boy who is faithful in his work will get along better in life than the boy who "gets by."

God approves of faithfulness. Because of Enoch's faithfulness, God took him. If we are faithful to the duties God has given us we will see our Master face to face and hear Him say, "Well done."

Next Sunday the speaker of the Y. will be from town. There will be special music also. Let's all come out.
