

## LYNX WILL MEET S. I. A. A. FOE SAT.

### CRAWFORD WILL HEAD KITTENS WICKER TEAMS

Star Player From Last Year Is Elected

### HAVE CLASS TILTS

Various Classes Have Elected Captains

Southwestern co-eds ushered in the basketball season last Monday when more than 30 girls turned out for the initial practice of the season. Coach Louise Stratmann has a nucleus of six letter men from last year around which to build her sextet. Frances Crawford, wicker luminary of last year, has been elected captain for this year and is expected to prove the big gun in the Kitten attack.

Besides Frances, the letter men returning from last year include Jane Barker, Alice Rogers, Lyle Stange, Margaret Ashley and Dorothy Meeker. Judging from the abundance of material which Coach Stratmann has available, these letter men will have a tough fight to keep their positions.

Other candidates for teams are Rachel Baker, Mary Anderson, Lorinne Mitchell, Katherine Reid, Nancy Wellman, Harriet Shepherd, Effie Lee Ingram, Anna Lee Early, Rosa Belle Archer, Blanche Sansing, Frances Grey, Mary Evelyn Wailes, Margaret Harwood, Elizabeth Gale, Anne Shewmaker, Virginia Richmond, Elise McDaniel, Elizabeth Baldwin, Cordelia Jones, Carolyn McKellar, Mary Prestidge, Jane Pinaire, Martha Bancroft, Elizabeth Beasley, Marilese Montedonico and Elise Ellison.

All girls who are interested in playing are asked to report to practices. Practices will be held Mondays, Wednesdays and Fridays from 1:30 to 2:30, and on Wednesdays and Fridays from 5 to 6. The first game will be played Feb. 10, all interclass games being played in the gym on Monday nights at 7:30. Practice sessions will be added as the season progresses. Due to the number of candidates for the team, it is almost impossible to let each one see action in the short time allotted for practice.

The Kittens are not to play any outside schools this year except those that they will meet in the city conference tournament, which will be held at the Fairgrounds some time in March.

This year there will be an interclass tournament instead of the usual inter-sorority tournament. Last year the Chi Omegas captured the cup. The four classes have already begun organizing their teams and have elected captains. Frances Crawford will captain not only the regular Kittens but also the senior girls. Margaret Ashley will guide the destiny of the junior girls, while Jane Barker will pilot the sophomores. The freshettes have elected Elise Ellison captain. The interclass tournament is scheduled for the latter part of February.

### SECOND FORMAL TO BE ON JAN. 29

Nate Evans and his orchestra will play for the second Panhellenic formal on the night of Jan. 29 at the Elks Club from 8 until 12.

There will be four no-breaks, two specials and a Southwestern fraternity lead-out, Edmund McGivaren, president of the Men's Panhellenic Council, has announced. The first no-break will be called at 8:30.

Panhellenic Council members and their dates will receive.

### Kappa Sigs Elect

At their regular weekly meeting last Monday night, the Kappa Sigma fraternity held election of officers for the coming semester. Marion Painter was elected president, and Bill Daniel was elected vice-president. The new officers will be formally installed Monday night.

### "HOLD ON, DR.," SHOUTS BILL

Dr. Hartley Takes Ride On Dizzy Steed

"Well, Dr. Hartley, how did you enjoy the ride?", asked "Big Bill" Walker as the Reverend Dean disembarked from Bill's motorcycle.

"It was great!" quoth the learned pedagogue breathlessly. "But, gee, you sure do go fast!" Walker offered the Dean a ride back to school on his iron horse last Tuesday when he spied him walking along Tut-wiler Avenue, and the popular erudite called his bluff. Students who witnessed the affair claim that the Dean showed Sweet William something about riding the chortling demon, and Bill himself admits that the Dr. was no novice at the art of clinging on.

"He didn't say much, but he sure stayed with me," laughed Walker as he related the story.

Dean Hartley and Dr. Diehl are the only members of the faculty who have been seen on a motorcycle. Dr. Diehl was spied one night riding behind his son, Charlie, an ardent disciple of the motorcycle.

Hats off to the Dean and Doctor!

### FIVE NEW MEN WEARING KEYS

O. D. K. Initiates Its Pledges on Jan. 10

Phi Circle of Omicron Delta Kappa initiated the pledges Friday, Jan. 10, at 5 o'clock. The ceremony took place in the Tower Room of Palmer Hall.

O. D. K. is a national honorary fraternity, taking as its members the outstanding men on the campus in the various colleges where there are chapters. Older men in town who take an interest in the school may also be made members, as may professors.

The following men were initiated and are now wearing keys, the emblem of the organization: Mr. Sam Coston, who was made an honorary member because of his interest in Southwestern; Prof. A. P. Kelso, Frederick Heidelberg, Claude Bowen, Herman Bevis, seniors, and the only junior pledge, Harry Walton.

### Capers Reviews Book

"New Legends," by Hervey Allen, was reported on by Gerald Capers at the meeting of the Stylus Club of Sigma Upsilon in the Bell Room of Hugh M. Neely Hall Thursday evening, Jan. 16. Roger Wright reported on the biography, "Bitter Bierce."

## FLEMING FLIES OWN AIRPLANE

By JIMMY HUGHES

If you happen to hear the familiar drone of an airplane overhead within the next week or so, crane the old neck and you may see J. P. Fleming riding the clouds above his Alma Mater. "Jake" has his own plane, a Waco three-seater, which he purchased a few days after Christmas, and is to begin his solo flying as soon as he has had a few more hours to his credit at the dual controls. He keeps his plane at the Millington field and is taking

pilot after graduation?" was my next query. "Jake" says: "I got my Waco just for pleasure and the kick I get out of flying. I don't intend to be a commercial pilot at present, although I may do so in the future. I'm planning on a trip next summer that will take me through several states, although, as yet, I don't know exactly where I'm going." As soon as he wins his license he plans on flying to Nashville, Knoxville, and ports east.

All we hope is that "Jake" doesn't crash to terra firma some sweet day, but he only laughs that off. "It's fun," he says, so I guess that ends it.

### Students Reminded of Rules On Musical Instruments; No Victrolas

String Instruments, Trumpets, Jew's Harps and Like Must Be Put Away by 7:30, Says Dean

All new students should acquaint themselves with the rules regarding musical instruments in the dormitory, and all old students should reacquaint themselves with the rules, is the announcement coming from Dean R. W. Hartley's office.

The bulletin published below is a copy of the rules agreed upon last year. Students are requested to obey them.

"Students are asked to observe the same rules that were agreed upon last year in regard to music and musical instruments in Robb, Calvin and Stewart Halls.

"1. No victrolas will be allowed in

the dormitories except in the social rooms of each dormitory.

"2. Violins, horns, and other musical instruments may be played in the students' rooms during the afternoon hours only.

"3. No musical instruments of any description, including radios, are to be played either in social rooms or elsewhere in dormitories after 7:30."

### FORMER CO-ED IN MOVIE HERE

Dorothy Jordan Wins Fame in Filmdom

The newest honor bestowed upon a former Southwestern student was learned this week when it became known that the actress playing the part of Bianca in "Doug" and Mary's picture, "The Taming of the Shrew," at the Palace, was none other than Dorothy Hendrick Jordan, a student at Southwestern during its last year in Clarksville and its first year in Memphis. Miss Jordan is a member of Chi Omega sorority and was a sophomore when she left Southwestern to enter the professional dramatic world.

Miss Jordan was interested in dramatics at Southwestern and was a member of the Southwestern Players, then called the Pals. She was a classmate of Miss Erma Reese, now secretary to President Charles E. Diehl. Miss Jordan was on the stage in New York for several years before she went West. She has been in Hollywood a little over a year. She has had several minor parts in pictures, being in the Fox Movietone Follies of 1929. However, she has been selected by Ramon Navarro to be the leading lady in his next picture, which is now in the making and will be shown in Memphis at an early date.

Franklyn Kelly, a student here last year, who has been in Hollywood for the last six months, holding a position in the camera department of Paramount studios, will return this week. He said while he was visiting here during the holidays that he had met Miss Jordan, and that she had been lovely to him.

### Press Club Meets

Ridley Wills, columnist for the Evening Appeal, spoke to members of the Press Club at its meeting Wednesday night in the Bell Room of Hugh M. Neely Hall.

### HARD DEBATES ON LOCAL CARD

Three Held Here; Five To Be on Trip

Preparation for one of the hardest schedules ever faced by a Southwestern debating team has been begun by the Quibblers Forum. Tryouts for the team will be held on Thursday night, Feb. 6.

Debates will be held here at Southwestern with the team of Loyola of Chicago on Feb. 27, Centre College on March 15, and the Chinese Debating Team of Harvard on May 15. Debates to be held away from Memphis will be on March 15 with Centre College; March 18, with Washington University; March 19, at Fulton, Ky., with Westminster; March 20, with Illinois, and March 21 at St. Louis. Dates have not been settled upon yet for debates with Millsaps and Hendrix-Henderson. There are also prospects for debates with the teams of Ole Miss and Union University.

The subject for all debates except that of May 15 with the Chinese debating team will be "Resolved, That the Nations Adopt a Policy of Complete Disarmament Except for Police Purposes." The debate with the Chinese team will be on the subject, "Resolved, That the Chinese Philosophy of Life Is More Conducive to the Welfare of Humanity Than the American."

It is probable that Malcolm Richie will be the only veteran on this year's team, as Fortas and Scott may not be able to put in the time necessary due to other work that they have to do.

In the tryouts on Feb. 6 each candidate is required to submit a brief on each side of the question discussed. These briefs will be judged by a committee composed of William Berson, Gerald Capers and Abe Fortas and will count as 30 per cent.

A speech on either side of the question must also be delivered by the candidates. The speeches will be judged by two members of the faculty and all the club members, the combined vote of the club to equal one vote each of the faculty members.

### Z. T. A. ALUMNAE ENTERTAIN FEB. 8

Alumnae members of Zeta Tau Alpha sorority will give a benefit bridge party for the Southwestern chapter of Zeta Tau Alpha on Feb. 8 at the Nineteenth Century Club. There will be 50 attendance prizes and a prize for every table. Alumnae and Southwestern members of the sorority are now selling tickets for chances on the hope chest, the winners of which will be announced at the party.

### Entertains Society

Alice Rogers entertained members of Chi Delta Phi at the Blue Lantern Tea Room on Wednesday afternoon. The members are beginning a study of Russian literature, and a brief resume of the literature up until the time of Pushkin was given by Elizabeth Williams. Hazel Edmunds read some original poetry modeled after the poetry of Pushkin.

### TEAM TRAVELS TO JACKSON TO COURT BATTLE

Meet Union Bulldogs In First College Tilt

### BOYS LACK HEIGHT

Weakness Lies in Lack Of Experience Also

Undaunted by their defeat last Friday night at the hands of the "Y" Triangles, the Lynx have been preparing strenuously for their game with the Union University Bulldogs Saturday night at Jackson. The Southwesterners put up a scrappy fight against the Triangles, but their inexperience and lack of height proved a serious handicap, which resulted in their losing the game to the more experienced team. This first game of the year brought out the weaknesses of the Lynx to their own advantage. For the past week Coach Webb Burke has been driving the boys hard in preparation for Southwestern's first S. I. A. A. game. Scrimmaging has been the main dish on their practice menu.

Two serious weaknesses in the Lynx squad were brought out by the game last week—lack of a tall, experienced center and the lack of height on the team as a whole. Bob Logan and W. C. Rasberry both have the required length but lack experience. "Snookums" Hightower is an experienced man for that position, but has been unable to come out for the squad on account of conflicting studies. The team as a whole is minus one of the requirements of a championship team, that is, height.

Union is reputed to have the strongest quintet in history and one of the most formidable in the S. I. A. A. league. However, the Lynx expect to overcome this chimera and be one step nearer the coveted championship. They can certainly be counted on to give their best—win or lose.

### H. Kidd Elected Golf President

If plans of the Southwestern Golf Association materialize, the team will play Birmingham Southern, the University of Mississippi, and Sewanee during the coming season. All of these teams have written for games. The Lynx are expected to accept.

At the first meeting of the Association on Monday morning the members elected Harvey Kidd president and W. O. Cromwell secretary-treasurer. Drs. A. P. Kelso, W. O. Swan and P. N. Rhodes were chosen as faculty advisors for the association.

Kidd, Cromwell, Robert Sanders and J. Sloan Williams are the veterans returning from last year's team. Newcomers making a strong bid for the team are George Stanton, Miles Freeman, James Shepard and Jack Watson. These new men have a good chance of making the team, provided they get in some practice between now and the time the season begins. Letters and numerals will be awarded to those making the teams.

### Exam Schedule On Page Three

The exam schedule appears on page three of this issue. All English exams will be held on Saturday, Jan. 25, English 21 exam being held in the morning in Room 101 Science Building. All English 1 exams will be held in the same room at 2 o'clock on the same day.

Hygiene exams for men will be at 12 o'clock Tuesday in 101 Science Building. Hygiene exams for women will be held in the same room at 2 o'clock on Wednesday.

**KATS FUR**

by

**JIM TOM**

THEY CALL HER FLOUR BECAUSE SHE'S BEEN THROUGH THE MILL.

"Use the word 'physician' in a sentence."  
"Well, well—physician my old friend Bill!"

**A TWO-LINE JOKE**

Her line.  
His line.

Colored Evangelist: "Look what the Lord has done for you. Gib Him a tenth."  
Perspiring Member: "Amen. Gib Him more. Gib Him a twentieth."

Doctor: "Did that medicine straighten your husband out all right?"  
Wife: "Yes; we buried him yesterday."

Guide (in Italy): "Here is the Acropolis."  
American tourist: "And where are the Four Horsemen?"

SHE WAS ONLY A SHOEMAKER'S DAUGHTER, BUT SHE WAS GOOD TO THE LAST.

Piano man: "How's business?"  
Scissors grinder: "Fine! I've never seen things so dull."

"Where did you get that eye?"  
"You know that pretty little woman he said was a widow?"  
"Yeah."  
"Well, she isn't."

"GIVE ME A SENTENCE WITH THE WORD 'WELFARE.'"  
"WELFARE CRYING OUT LOUD, LOOK WHO'S HERE!"

One good way to tell whether your carriage is correct is to pause in a revolving door and see where it hits you.

"My grandfather was a successful man. He made his mark."  
"Mine couldn't write either."

Breathes there a man  
With soul so dead  
Who never to himself  
As he stubbed his toe  
Against the bed,  
"?!\*(\*)\$!!|X Xxx?xzZ."

AND NOW THEY CALL HER HEINZ, BECAUSE HER KNOWLEDGE OF KISSING CONSISTS OF SO MANY DIFFERENT VARIETIES.

Albert (twice nicked by the razor)—  
Hey, Jeff, gimme a glass of water.  
Jeff—Whassa matter, hair in your mouth?  
Albert—No, I wanna see if my neck leaks.

A painter in the asylum, would say to everyone that visited him, "Look at my masterpiece."  
The visitor, looking at the perfectly blank canvass, "What is that?"  
"Why that's the Israelites crossing the Red Sea."  
"Where is the Red Sea?"  
"It has divided and rolled back."  
"Where are the Israelites?"  
"Why they've already crossed."  
"Well, where are the Egyptians?"  
"Oh, they'll be here in a minute. that's the kind of picture I like—so simple and unpretentious."

Father: "No, son; bacteria is not an Italian painter. It is the back door to a cafeteria."

Dr. Rhodes (making physics assignment): "Tomorrow we'll start with lightning and go to thunder."  
The Freshmen want to know if the Sophs are the (destinies that shape their ends).

Pat Barrett: "You flunked that course again!"  
Bill Daniel: "What do you think? They gave me the same exam."

"Busy?"  
"No."  
"Well, let's go to class."

Sometimes the only thing a man gets out of college is himself.

From the sideline: "Gee, those Wildcats sure do tackle high."  
Student: "Sure, they are from a co-ed school."

He: "I had a wonderful time at your party last night."  
She: "Why, I had no party last night!"  
He: "That so? Well, believe me, I was at somebody's party."

**GUARD SOUTHWESTERN'S INTERESTS**

Southwestern is represented to her thousands of patrons and friends throughout Memphis and all the southland by newspaper accounts of her activities and the activities of students, which are believed as true. But accounts printed in newspapers, especially the daily press, do not always present the whole truth or even a semblance of truth, because sometimes newspapers seek to give only a sensational report of something, when if the whole truth were known and the proper authorities consulted there would be nothing to report.

Reporters are constantly calling up the office of President Charles E. Diehl, the business office and other members of the administration for news, but they are not given a story as a rule, because the administrative staff knows the tendency of newspapers to exaggeration. Thus when any news report is of any importance concerning Southwestern a full and accurate report is written by the proper authority and given to the newspapers so that there can be no possible excuse for mistakes.

Lately reporters from the downtown papers have been approaching students and asking such queries, "What is the latest form of slang?", "Do girls at Southwestern smoke?", "Do such subjects as companionate marriage, free love, etc., receive any discussion by any particular clubs?" etc. These reporters ply an unsuspecting student with questions, get enough, from remarks made, to make a beautifully scandalous story to the newspaper eye and play it up in big headlines. The result is that Southwestern is infinitely hurt. People reading such accounts decide that if all students at Southwestern have to do is such foolishness they would rather hold on to their check and moral support, instead of supporting the school. Therefore students are asked to be cautious in the way they talk to reporters and send them to authorities who should be consulted. It's all for the good of the school whose interests each student should hold closest to his heart.

It's generally believed, don't you think, that one goes to school for his own personal betterment and improvement? Why go to school if you don't intend to give yourself a boost along the cultural or commercial road?

A college is the ironing out place; it sometimes has the effect of erasing crudities of actions and speech and of thoughts. Wouldn't it be a great world if we all tried to get rid each week or month or even year of some crudity we all have. For instance, what's the use of being always grumpy? One of our profs told his class once that it took many more muscles to frown than to laugh. Take the line of least resistance there.

What's the use of making a constant spectacle of yourself by your constant blabbing and saying nothing. Give other people a chance some time. Some famous English writer once gave the essentials of an ideal gentleman. If we can find it, we're going to pass it on to you; that's what Southwestern wants to make of us all—ladies and gentlemen. Never to contradict, never to speak of something that might be unpleasant to some one else, never to criticize, never to force one's own thoughts, are all characteristics that we should try to acquire sometime. Lay off one thought every week that tends to detract from yourself and add one each week that tends to attract to you, and we'll all soon have an almost perfect composition.

**WHO'S WHO**

**Ruth Harris**

Ruth Harris was born October 14, 1908, at Red Banks, Miss. She is the daughter of Mr. and Mrs. Tracy L. Harris. She attended high school at Red Banks and junior college at Mississippi Synodical College, Holly Springs.

Ruth is a member of Kappa Delta sorority, Chi Delta literary society, and the Y. W. C. A.

**Julia Larkey**

Julia Larkey was born July 31, 1907, at St. Louis, Mo. She is the daughter of Mr. and Mrs. Grant W. Larkey. She graduated from Messick High, Memphis.

Julia is a member of Chi Delta, the Y. W. C. A. and played on the basketball team in '25-'26.

**Effie W. Porter**

Effie Porter was born December 10, 1907, at Grenada, Miss. She is the daughter of Mr. and Mrs. Reese Porter. She attended South Side High, Memphis, and spent two years at West Tennessee Teachers' College.

Effie is a member of Chi Delta, the Y. W. C. A. and the choir.

**Gerald Capers**

Gerald M. Capers, Jr., began his sojourn on the earth at New Orleans, La., May 30, 1909. He is a graduate of Central High, Memphis.

Gerald is president of Alpha Theta Phi, business manager of the Journal, and a member of the Nitist Club, the Debating Club and the Kadis Club. He is taking the honors course.

In '28, Gerald was a member of the baseball squad and the debating team and was captain of the junior football team. Last year he was a member of the track squad and served on the Honor Council. For the last three years he has won first honors and the Greek prize.

**Ellen Goodman**

Ellen Goodman, daughter of Mrs. B. B. Goodman, was born October 7, 1909. She is a graduate of Central High.

Ellen is a member of Alpha Omicron Pi and the Sophoclean Club.

**Gladys Gibson**

Gladys Gibson was born October 24, 1909, at Memphis. She is the daughter of Mr. and Mrs. John Gibson, and a graduate of Central High.

Gladys is a member of Alpha Omicron Pi sorority, the Sophoclean Club, Chi Delta, and the Y. W. C. A.

### Southern Students Will Study Peace At Dallas in March

(Note: Southwestern so far has had no activity concerning organizations relating to world peace. Organizations in universities and colleges all over the country are beginning to realize that education is one of the chief ways in bringing about world peace. The assembly to be held in Dallas is the first organized movement in the South.)

University students in the Southwest interested in foreign affairs and problems of peace will be given an opportunity to give vent to their enthusiasm through the courtesy of the World Fellowship Council of Dallas. March 28-29 has been designated as the time when a model assembly of the League of Nations will be held at Dallas with the students representing various member countries of the League. This will be the first gathering of its kind held anywhere in the South or West.

"Every effort is being put forth by our committee to arrange the whole program in keeping with the actual program of the League of Nations Assembly," said Judge Royall R. Watkins, vice-president of the World Fellowship Council and chairman of the Model Assembly Committee. "Students of the Southwest have had no convention to demand their attention this year. We are going to have one of our own in the midst of us, and hold it in such a way that everyone will vie for participation privileges. Men of national prominence, who are well informed on international affairs, will be included on the program."

Invitations have been sent the presidents of the most prominent universities and colleges in this section of the United States. No little interest is being manifest by officials of the various institutions, as well as students who have already heard of the plans. "We expect to have enough participating institutions to register representatives for the entire fifty-two nations," Judge Watkins stated.

According to the present plans, each institution will select three delegates and as many alternates and interested parties as desired. The three will then be presented to the assembly as the delegates from a member nation of the League of Nations. Delegates will be informed on the problems that are to come before the conference and will enter into the various discussions. The work and accomplishments of the Tenth Assembly of the League at Geneva will furnish the background for the work in general. Actual, rather than hypothetical, problems and cases will be dealt with. All sessions of the Model Assembly will be open to the public.

### Dr. Diehl in Washington

President Chas. E. Diehl is attending the annual meeting of the American Association of Colleges being held this week in Washington, D. C. Dr. Diehl expects to go to New York for a few days before returning.

One good thing about a flivver—it rattles before it strikes.

### Evergreen Hall

The radio in Evergreen lost its voice the other night. The cause might have been the exceedingly damp weather, or then again it just might have been because Elmer Draughon and Jimmie Spencer were dating in that living room.

There were a whole flock of visitors in the dormitory Sunday: Juanita Montroy and Lucille Carr were with Gertrude Mayo; Anne Galbreath visited Lorinne Mitchell, and Frances Jones and Mary Evans Ellis spent the day with Mary Moore and Mary Woosley.

During the week Eleanor Beckam paid a visit to Fay Simpson, and Annie Aiken had lunch with Margaret Smith.

After a coy and lengthy conversation over the telephone with the supposed brother of a friend of hers, Glenda Rice discovered that she was gaily chatting with the cook.

Ruth Harris called out a motor launch and went home through the flood for the week-end. Mary Moore stayed out in town with Martha Bancroft.

Mr. Moore and Mr. Mayo both made visits to their daughters.

We hope that by spring Webb Burke will be walking bravely into one of the upstairs parlors of Evergreen Hall. He is taking it gradually and has actually gotten as far as the first step just inside the door.

Harold High might adopt as his theme song, "I Passed By Your Window." But there is one objection: he never can quite get by a certain window in the east wing of Evergreen.

### Angelo Needs Help

Mrs. W. B. Hogg spoke to the Y. W. C. A. meeting on Monday afternoon in the chapel. The devotional was led by Edna Dickinson. On Wednesday the members of the organization took a large basket of foodstuffs to Angelo and his family, who are in desperate want. Angelo used to work on the campus in various occupations, but recently he has been unable to do anything. Any help to this familiar campus figure will be greatly appreciated by him and his family.

### Two \$100 Awards For Collegians

As in previous years, the Commission on Interracial Cooperation, a Southern organization with headquarters at 409 Palmer Bldg., Atlanta, is offering to students in Southern colleges two cash prizes of \$100 each for the best papers on "Justice in Race Relations." Papers should be between 1500 and 2500 words in length and must be delivered to the Commission or placed in the mails not later than May 1. The Commission has prepared suggestions, reading title lists, and pamphlets which will be helpful to those desiring to submit papers. These will be sent without charge to anyone applying.

More than fifty colleges were represented in this contest in 1928 and many fine papers were submitted. The winners last year were Miss Evelyn Vann, of Sam Houston College, Huntsville, Texas; J. Neal Hughley, of Morehouse College, Atlanta; and Holland King, of Henderson-Brown College, Arkadelphia, Ark.

### CAMPUS NEWS

Several old faces made their appearance on the campus last week-end, chief among them being that of Luther Southworth, former editor of the Sou'wester, who now holds a position on the Nashville Tennessean, who came down to see his Southwestern friends again.

Dick Holliday, a student here in 1927, was also a visitor on the campus last week.

Frank White and James Jackson, both students here last year, were visitors Monday.

### Sororities Install Gas

As a result of the pre-Christmas blizzard, the A. O. Pi's and the Kappa Deltas decided it was time to "turn on the heat."

The Kappa Delta pledges had gas heaters and a gas stove installed in their house during the holidays as a Christmas gift to the chapter.

This year's A. O. Pi pledges and those of last year also placed a gas stove in the kitchen and a gas heater in the living room of the A. O. Pi

### Out Of The Depths

Oh, Lord, if Thou dost love me still,  
And it doth satisfy Thy will,  
Stoop down and lend Thy potent aid  
To help me make a passing grade!  
An earnest Christian I have been  
And shunned all evil forms of sin;  
Each night I kneel me down and pray,  
And walk the straight and narrow way.

At day I practice every rule  
I learned in youth at Sunday school.  
Oh, yes, I am, to speak the truth,  
An upright and a Christian youth,  
So help me, Lord, to pass this junk,  
Or else I'm certain sure to flunk!

—Jimmy Hughes.

### Issue Bids to Six

"Le Cercle Francais" has issued invitations of membership to six students chosen from among those in the advanced French classes who have shown unusual ability in the study of the French language. Each new member was required to read a work of French prose and review it. Those who have been accepted into membership are Marion Painter, Lorinne Mitchell, Thad Hall, Elizabeth Beasley, Lucille Work and Garrett Ratcliff. The next meeting of the club, which is conducted entirely in French, will be on Feb. 7 at the home of Allie Love on North Parkway.

She was only a poor telephone girl, but she kept plugging along.

### Slimy Worms Cause Co-Eds to Wiggle When They Operate

The moon was shining on a silent park, but there was one creature stirring. A tall figure could be seen strolling slowly over the park, suddenly stoop for a few minutes, and then slowly walk away. The representative of the Memphis Police Department, on duty in the park, espied the solitary figure and approached the same. When he reached him, he was kneeling on the grass, digging into the soil with both of his hands. "Have you lost something, young man?" inquired the policeman of Charlie Robertson, biology assistant. "No," Charlie threw back over his shoulder as he hastily walked away. "It seems to me you have lost your senses," muttered the officer as he was left all alone in the park.

However, Charlie really had not lost his senses . . . he was merely searching for worms to supply the enthusiastic class studying biology under Prof. J. B. Lackey. This is the story Prof. Lackey told when he was asked how the worms were obtained for the purpose. The little slimy specimens were received with mingled emotions, varying from delightful anticipation on the part of the eds to hysterical laughter by the co-eds.

## McCabe Teaches Bobcats Rules And New System

### Win First Tilt Against Commerce Team; 17 Candidates

With their new coach on the job, the Bobcats began to show promise this week of becoming a winning aggregation this year. With 17 men out for the team, Coach Willis McCabe has an abundance of material with which to frame his team of 1930.

McCabe has been running the team through a series of scrimmages and signal practices during the last week in order to get a line on his men and to select them for the different positions. The biggest part of the week has been taken up in learning the fundamentals of the game and teaching a new system of playing to the first year men.

The Bobcats made their initial bow to the public Tuesday night, when they defeated the Bank of Commerce team, 49-37, in a practice game. In the game with the Commerce team the team exhibited smooth running for just one week of practice. "Sheriff" Knight showed some rare ability in shooting his crisp shots. All of the men cavorted over the court in fine style and were adept at getting in the open to receive passes.

The line-up of the game included: Centers, Knight and Carson; forwards, Newton, High, Perrett, Scott, Hebert, Drake; guards, Joyner, Levitch, Herrod and Eden. The roster of the Bobcats include some other seasoned performers in Blossom, Brown, Perry, Jones and Woods.

No definite schedule has been definitely worked out, but McCabe is planning a stiff schedule for his charges, including games with high schools and other junior teams of the S. I. A. A.

McCabe is well pleased with the showing of the team in the first week of practice. His biggest job is choosing the best performers from the abundance of material.

## College News Of The World

### ARE CO-EDS SMARTER THAN MEN?

(Indiana Daily Student)

Judging from the scholastic standings published recently an unprejudiced observer easily could say that the intelligence of the co-ed is above that of the man student. Such an opinion would be natural, but the sons of Adam hesitate to hand the intellectual crown to the lovely daughters of Eve without challenging their right to it.

There are several factors to be considered. No one can deny that woman thinks faster than man, but does she think clearer or deeper? We'll be probed if we know. The number of outstanding women in the field of thought appears insignificant in comparison with the number of men. That would seem to prove something, don't you think?

The co-ed seems to take herself more seriously regarding her academic work than do her brothers and she is to be commended for it. Yes, sir. She, however, is more prone to wheedle the professor by sitting on the front row and conspicuously hanging onto his every word. The college man, as a rule, feels himself to be above such methods, and regards them with utter scorn, very often much to the wary professor's relief.

Moreover, there seem to be more distractions for the college man than for the college woman. Subject to many regulations, the co-ed is pretty nearly barred from wasting much time in campus loafing places. She also is not likely to plunge into extra-curricular activities, at least to the extent that the man does. Studying and dating are the chief activities of college for her.

The man cannot feel proud of his lower place in the scholastic rating. But surely the rating does not prove that he is woman's intellectual inferior. The co-ed, perhaps, is a better superficial thinker, but how does she rank in general intelligence? That's what is troubling us this morning.

### AN ECHO FROM THE WEST

(Idaho Argonaut)

Western students find it hard to understand why college professors in some Southern schools should be removed from their positions because they taught what science proves to be true. The recent ejection of a biology professor at Howard University brings up the subject again. Surprise is mingled with wonder at the unfortunate and apparently unjust case of this young man who told a class that

## SEWANEE, LYNX TO MEET AGAIN

### Tigers Play Here Nov. 22; Card Completed

The Purple Tigers of Sewanee will again be visitors to Fargason Field in 1930. After tasting the pangs of defeat this past season, the Sewanee men will be welcome invaders when they tie up with the Lynx Cats of Southwestern on November 22. The people of Memphis and vicinity were somewhat let down when a fighting Lynx team completely outplayed the Tigers and handed them the small end of a 9-0 score.

The booking of Sewanee practically completed the Lynx schedule for 1930. Southwestern's gridders have a tough season before them, including games with Ole Miss, Mississippi A. & M., Howard College, and Millsaps. These attractive morsels should certainly draw capacity crowds at Fargason Field.

### Honor Council Meets

The Honor Council met Wednesday in the Bell Room of Neely Hall to dine and discuss matters of importance to the Student Body. Jeff Davis, president of the Honor Council, presided.

### New Bulletin Out

Friends and patrons of Southwestern received the latest issue of the college bulletin this week. The issue deals with the gift of Mr. J. T. Lupton and the general financial condition of the college.

a whale could not possibly have swallowed Jonah and that it was a physical impossibility for any man to get two of every kind of animal into an ark in which they were preserved during the flood. *What is most astonishing is the report that students got up in class and urged the professor to repent—or something to that effect.* They seemed actually disturbed by the suggestion that he would dare to publicly state his disbelief of the Bible in its literal sense. Religious controversy has no place in a state institution, but a denominational school can, of course, do as it pleases about such matters—at the expense of progress and advancement of education. Common sense seems to be needed where higher education is being attempted.

The Western universities are really more advanced than some of their older counterparts in the "solid South" and East. Religious faith is seldom mentioned in the classroom, but whenever it is the average student approaches the topic with an open mind. If we believe a whale swallowed Jonah we go ahead and believe it. If some instructor tells us it couldn't possibly have happened we don't lose any sleep over it or ask the administration to have him bounced. Perhaps Noah didn't herd a pair of every animal into his ark. If we are afraid to have our beliefs tried into there must be something wrong with them.

The administration of Howard University doesn't seem to realize that this is 1930. Neither can they understand that the Bible will be just as great a book no matter what little scientist or what little historian proves to be wrong about its contents.

We sympathize with the first missionary who goes to Howard and tells the students there isn't any stork or Santa Claus.

### NOT BAFFLED BY BLINDNESS

(Ohio State Lantern)

Lack of sight, the sense which is supposedly indispensable to the journalist, will be relegated to a mere inconvenience in the case of Alton C. Stein, student of journalism at Ohio State University. Stein asks no favors in the matter of special dispensations from the faculty, but with the aid of a hired reader expects to produce efficiently.

As an example of conquering a handicap, Stein's effort is remarkable. He intends to associate himself with the reproduction of Braille system magazines.

### CALIFORNIA LARGEST UNIVERSITY

(Ohio State Lantern)

The University of California is the largest university in the United States, according to the annual report of Dean Raymond Walther, of Swarthmore College, on the registration statistics of the 226 colleges and universities on the approved list of the Association of American Universities.

The University of California, including all of its branches, is listed first in full-time, regular students, with a registration of 17,242, followed by Columbia with 14,952; New York University, 12,419; Illinois, 12,413; Minnesota, 10,657; and Ohio State, 10,557.

## Track Work to Follow Exams; Fixing Track

### Rasberry Plans to Enter Team in Annual S. I. A. A. Track Meet

Coach W. C. Rasberry is planning big things for his track team this year. Spring practice will begin the first week after exams.

Rasberry plans to enter his team in the annual S. I. A. A. track meet and also is planning to meet some of the other outstanding teams in the conference in dual meets.

If the team is successful in the conference meet it will probably be entered in the Georgia Tech relays or the Ohio State relays and seek further honors on the cinder path.

Before the season actually gets under way some improvements are to be made on the track. It will be fixed up with more cinders and clay, as it was very uneven last year. It will be in first class condition for the spring work.

Rasberry will have an abundance of material on hand from which to choose his team. The candidates for the team are Wright, Huffman, Bynum and McMillan in the distance runs; sprints, Hall, Russell and King; hurdles, King and Lilly; vaulting and high jump, Ford; javelin throw, Lloyd; weights, Lilly and Baine.

This marks the beginning of Rasberry's second year as coach of the Southwestern Lynx on the cinder path. He had fair success last year and is expected to again this year.

## INQUISITIVE

The inquiring reporter will ask some students or faculty members each week, picked at random, their opinions on certain subjects.

What do you think of the Southwestern co-eds? Certain representatives of that part of the student body that has to put up with them most, namely, the eds, were asked this question. Here is what they said, at least those who would commit themselves:

Albert Johnson said: "They are all right. Some of 'em." He wasn't over enthusiastic about their good qualities.

Eldridge Lilly wouldn't say a thing except that he was busy. No, he didn't invite me back to tell me his opinion when he wasn't busy.

"Chick" Murphy said: "I'd really hate to tell you. It might embarrass them."

Wandering around, I found Bill Berson getting ready to go tell the Brownsville girl "good-bye." She was leaving for school and he was in no jolly mood. I popped the question. This was his reply: "They are all right. I'm scared to express any opinion. Whatever I say wouldn't please

## ANNUAL GOING ALONG NICELY

### Staff Busy Mounting Class Pictures

First proofs on drawings and the freshman panels for the annual arrived from the engravers this week, George Booth, Lynx editor, has announced.

Sophomore panels have already been sent off and junior and senior panels, together with fraternity, sorority and football pictures, will be mounted and sent the last of this week.

Wednesday and Thursday were devoted to the taking of group pictures. Organizations that have not had group pictures made yet will be snapped today and Saturday.

Work is now rapidly progressing, and the 1930 Lynx is gradually assuming a definite form. Students may expect the annuals on the campus around May 25, Booth says.

### Mr. Hickey Ill

Mr. "Bud" Hickey, friend to all Southwestern students, has been ill for the past few days with neuritis. He is confined in the Methodist Hospital, where he is glad to receive visitors.

### Corner-Warner

Dorothy Lee Corner, former Southwestern student and member of Chi Omega sorority, and Frank Osborn Warner of Memphis were married on the morning of Jan. 15 at St. John's Methodist Church at 9:30 o'clock.

them. I make it a practice never to talk about women."

The Inquisitive Reporter couldn't find anyone overflowing with praise of our fair co-eds, and since Editor White always insists that we leave personal opinion out of our stories I can't put in a good word for them. But next week if any co-ed wishes to express herself about the eds just come to the Publication office with your opinion.

P. S. Marion Painter saw what I was writing and saved our fair co-eds' reputation by saying that all were worthy of praise in some manner or other.

## McGee Is Chosen As Best Orator

Vernon McGee was acclaimed champion orator of Southwestern over five other contestants last Friday night in the contest sponsored by the Women's Christian Temperance Union in Tennessee. He will represent Southwestern Saturday night in the elimination contest of the western division of Tennessee at the Hotel Peabody.

The winner of the western division will win \$25 in cash and the right to represent western Tennessee in the state contest to be held at Nashville. The subject being discussed this year is "Eternal Vigilance Is the Price of Prohibition." The winner of the contest at Nashville gets \$100.

The girl screamed and he had to drive home without any gas.
