VOLUME XI

MEMPHIS, TENN., MAY 23, 1930

NUMBER 33

## 53 SENIORS WILL GRADUATE

### Sororities Decide Rushing Rules

#### SEASON BEGINS SEPTEMBER 29; ENFORCE FINE

Rules Practically Same  
As Former

#### SUMMER IS QUIET

Meredith Davis Is New  
President

Rushing rules to govern the Greek letter sororities on the campus for the first semester of next session were agreed upon by the new Woman's Panhellenic Council Monday afternoon in a meeting at the Chi Omega lodge.

The rules will be almost the same as those used last September. There will be no summer rushing. This rule is strictly enforced and forbids a sorority member either to double date with or to invite to any sort of a party during the summer a prospective Southwestern co-ed. It will not be counted as a violation of this rule if the girls are accidentally thrown together at a party.

Closed rushing will last up until noon on the second Monday after the day classes begin, thus making the rush season open noon September 29. Rush hours will be from 2 p. m. until 7 p. m. Quiet hour begins at 7 p. m. on the third day, Wednesday, October 1, and lasts over night. Pledging will take place October 2.

The penalty for violation of any of the rushing rules is that the offending rushee or sorority may not pledge for an entire semester.

Meredith Davis was chosen president of the Council at the meeting. She is a member of Kappa Delta sorority. A member of Alpha Omicron Pi sorority, either Harriet Shepherd or Carolyn McKellar, will be vice-president, and Margaret Williams, Zeta Tau Alpha, is the new secretary and treasurer.

#### Junior Girls To Entertain Seniors

The girls of the junior class, members of the Undergraduate Society, will give a luncheon Saturday, May 31, in the Bell Room of Hugh M. Neely Hall for the senior girls, according to Anne Shewmaker, president of the Society, and who is in charge of all arrangements.

Hazel Edmunds will read a prophecy for the senior girls. Meredith Davis has arranged the program. Farewell speeches will be made by several of the seniors, and one principal speaker will address the gathering.

#### Council Roster Fully Completed

With all of the elections on the campus completed the personnel of the 1930-1931 Student Council can be announced. Harry Walton, by virtue of his office as president of the Student Body, is president of the Council; Roger Wright is vice-president, and Jennie Puryear is secretary. Other members of the Council are Thomas Drake, representing the senior class; Paul Jones, representing the Lynx and the Southwestern Christian Union; John Rea, representing the junior class and the Men's Panhellenic Council; Charles Plummer, representing the sophomore class; Russell Brigance, the Men's Sanhedrin; Meredith Davis, the Girls' Panhellenic Council; Anne Shewmaker, the Girls' Undergraduate Society; Anna Hudson, Girls' Sanhedrin; James Hughes, the Sou'wester and James Hamilton, the Honor Council.

#### FIFTY-FIFTH COMMENCEMENT

SOUTHWESTERN  
The College of the Mississippi Valley

MEMPHIS, 1930

##### SUNDAY, JUNE 1

11:00 A. M.—The Baccalaureate Sermon by President Charles Edward Diehl, of Southwestern.

8:00 P. M.—The Annual Sermon before the Southwestern Christian Union by President Benjamin Rice Lacy, Jr., of Union Theological Seminary, Richmond, Va.

##### MONDAY, JUNE 2

10:00 A. M.—Alumni Registration and Reunion begin.

10:00 A. M.—The Tree Planting Ceremony by the Senior Class.

12:30 P. M.—Alumni Luncheon and Addresses. Robert Emmett Craig, '91, of New Orleans, Louisiana, President of the Alumni Association, presiding. Addresses by Guest of Honor, Dr. Thomas Watt Gregory, '83, of Houston, Texas, and Judge William M. Cox, '80, of Baldwin, Mississippi. Business session and social hour. The Alumni will be the guests of the College.

3:00-5:00 P. M.—Alumnae Association Garden Party in honor of the Women of the Graduating Class and the Parents of the Members of the Class of 1930.

4:30 P. M.—Panhellenic Tea for the Alumni.

6:30 P. M.—Alumni Dinner in Honor of the Class of 1930. Toastmaster, President Marion Edmund Melvin, '98, of Westminster College, Fulton, Missouri. Brief addresses from the representatives of various classes.

8:30-9:30 P. M.—The Faculty Reception to the Graduating Class.

10:00 P. M.—The Senior Class Ceremony.

##### TUESDAY, JUNE 3

10:00 A. M.—The Graduating Exercises. Address by Dr. Henry Upson Sims, of Birmingham, Alabama, President of the American Bar Association.

#### WILL HAVE 'PAN' AT ELKS HOTEL

#### Several Orchestras Are Being Considered

The new Panhellenic Council has definitely set the date of the last dance of the year for the night of June 3. The party will be held at the Elks' Club in order to guarantee a moderate sized crowd.

Several orchestras are being considered but as yet no selection has been made. The council will have the pick of the best music in the city so students may rest assured on that score.

The dance will be for Southwestern students and alumni only. Each fraternity man on the campus will be given two bids, one for himself and his date, and the other to be given away as he desires. However, each fraternity must take care of its alumni out of the extra bids issued its student members. No lists of alumni will be turned in to the council as was the case last time.

Since the school will have formally closed session by the 3rd of June, the party will be from 10 until 2.

#### Blue Ridge Delegates

Margaret Williams and Virginia Richmond will represent the Southwestern group of the Y. W. C. A. at the national convention which will be held at Blue Ridge, North Carolina June 21-27.

#### Father Here

Dr. George Stanley Frazer, father of Stanley Frazer, student, was a guest of President Charles E. Diehl on Monday. Dr. Frazer was on his way to the general assembly in Charlottesville, Va.

#### DAIMWOOD HAS TENNIS CROWN

#### Defeats Dr. Rhodes In Final Net Match

Out of a field of fast racquet wielders Jimmy Daimwood has won his way to the pinnacle of tennis at Southwestern by his recent victory over Dr. P. N. Rhodes for the championship of the school. The student sharpshooter was a little too much for the capable Rhodes who played a bang-up game to win second honors.

Daimwood is little but fast and when he hits the ball it stays hit. He has earned his place on the Southwestern team this year by dint of hard work and has proved a valuable man in all of the contests.

#### A. O. Pi's Plan To Go To Convention

Harriet Shepherd, president of Kappa Omicron Pi, will be the official delegate to the southern district convention of the sorority to be held at Camp Sequoyia, Bristol, Va., June 20-25. Some of the other members of the chapter are planning to drive up and from there will make an eastern motor trip. These are Carolyn McKellar, Elizabeth Williams, Ellen Goodman, Mary Allie Taylor, Dorothy Vanden, and Mrs. M. L. McQueen. Mary Allie Taylor, who is still a pledge, will be initiated at the convention.

#### A. T. O.'S FETE FIRST PREXY

Famous Member of  
Local Chapter

Dr. Thomas Watt Gregory, member of the class of 1883, will be the guest of honor at the alumni luncheon on Monday, June 2. Dr. Gregory was Attorney General of the United States in President Wilson's cabinet. He was also a member of Wilson's Second Industrial Conference. He is a member of the Texas Bar also.

Dr. Gregory was one of the charter members of Tennessee Alpha Tau of Alpha Tau Omega fraternity located at Southwestern, being the first initiate and the first president of the Southwestern chapter. The chapter was established in 1882.

Members of Tennessee Alpha Tau are planning a luncheon in honor of Dr. Gregory.

#### STUDENT BODY HONORS LLOYD

#### Presented Watch For Many Achievements

Bobby Lloyd, president of the Student Body for the past year, was presented a watch Thursday morning by Harry Walton, present president, from the Student Body, in recognition of his service and outstanding achievements.

The watch was a Hamilton, beautiful in design and bearing on the back the seal of Southwestern. On the inner case was engraved, "Presented to Robert N. Lloyd by the Student Body of Southwestern May, 1930." Bobby has been one of Southwestern's outstanding athletes, especially in football. He is a member of Omicron Delta Kappa, and besides being president of the Student Body, he was president of his class in the freshman, sophomore and junior years. He was also president of his fraternity, Sigma Alpha Epsilon, last year.

After graduation Bobby will enter the world of banking.

#### Professors Plan Trips To Europe

Four Southwestern professors will be in Europe this summer, and one will remain for a year. Those professors are Dr. S. H. Monk, Dr. Henry J. Bassett, Prof. W. R. Cooper and Prof. J. H. Davis.

Dr. Monk and Prof. Davis will go to Europe on the same ship, S. S. Melita, which sails from Montreal June 11. On the way to Europe the ship stops at Iceland where beer is plentiful and plenty cold. Of course, Prof. Davis couldn't be interested. When they get to Europe, Davis intends to study at Oxford, while Monk will start work which he intends to take up as a result of the winning of a Research Fellowship. He will be in Europe something over a year.

Prof. Cooper, accompanied by Russell Brigance, will sail from New York June 14 on the S. S. New Amsterdam. They will land at Bologne and will make a pleasure tour of Europe.

Dr. Bassett will sail June 6 and will visit Italy where he intends to collect material for his course in Roman Archaeology to be given as a Latin subject next year. He will visit France, Holland, England and Germany, and plans to attend the Passion Play at Oberammergau.

#### TO FINISH WORK FOR 'DIP' NEXT WEEK IN EXAMS

Receive Sheepskins On  
Tuesday, June 3

#### DR. SIMS SPEAKER

Bar President To  
Receive Degree

With four years of college life behind them, some with more college work ahead of them, and others with hard work, business and marriage ahead of them, 53 seniors, members of the student body of Southwestern, will write their final tests this week determining whether they will receive a sheepskin or not.

The rush of the final graduating exercises will begin Sunday, June 1, when the Baccalaureate sermon will be preached at the Second Presbyterian Church by President Charles E. Diehl. The sermon before the Christian Union will be preached at Idlewild Presbyterian Church by President Benjamin Rice Lacy of Union Theological Seminary the night of June 1.

Reunions, receptions, and ceremonies will be the features of Monday, June 2. The graduating exercises will be held Tuesday morning at 10 o'clock. Dr. Henry Upson Sims, president of the American Bar Association, will deliver the address. Dr. Sims will have the honorary degree of Doctor of Laws conferred on him at that time.

President Diehl with the assistance of Dean R. W. Hartley will confer the degrees on the graduates. President Diehl will also announce the honors and scholarships awarded to students for work done during the year.

The officers of the 1930 graduating class are Morris Ford, president; Frederic Heidelberg, vice-president, and Gladys Gibson, secretary.

The probable graduates are Mary Love Banks, Herman Bevis, Claude Bowen, Gerald Capers, Frances Crawford, Edna Dickinson, Jack DuBose, Morris Ford, Abe Fortas, Everett Lee Gage, Gladys Gibson, Ellen Goodman, Frances Gray, John Hagan, Leslie Harris, Jesse Harris, Ruth Harris, Frederic Heidelberg, Jane Hyde, Irene Hyman, Albert Johnson, Harvey Kidd, Robert Lloyd, Vernon McGee, Edmund McGivaren, Elizabeth McKee, Margaret McKinstry, Louise Mauldin, Duke Moody, Janet Moody, Stanford Parnell, Anita Passmore, Effie Porter, James Randle, William Rasberry, Maclin Riley, Robert Russell, Robert Scott, Fay Simpson, Jeannette Spann, James Spencer, Mary Evelyn Wailes, Olive Walker, Garner Watson, Gertrude Weiss, Elizabeth Williams, Alice Patrick, Percy Brown, Vern Baumgarten, Julia Larkey, Sarah Livermore, Harman Ayres and Granville Farrar, who completed their credits to receive a degree the first semester will also receive degrees. Ellen Goodman is the only candidate for the degree of Bachelor of Sciences in the class.

#### Society Meets

The Women's Graduate Society of Southwestern will have its regular monthly meeting in the Bell Room of Hugh M. Neely Hall Saturday. Minnie Lundy will have charge of the program and decorations. At this meeting election of officers for the coming year will be chosen.

#### Preach Sermon

President Charles E. Diehl will preach the baccalaureate sermon to the graduating class of Tupelo, Miss., high school the night of May 25.

## Seniors Plan Many Things For Summer And Life Business

Acting as camp counselor, traveling, working, teaching, attending convention and going to summer school seem to be the chief plans made by some of the members of the graduating class.

Effie Porter will teach after graduation; for the summer she is planning to travel and participate in sports.

Lem Banks intends to teach when he gets his sheepskin; summer school will keep him busy during June and July, however.

Moody McNair plans to work with a garage in Memphis; for his vocation he has chosen the foreign mission fields in Africa.

Work with the Park Commission will occupy Claude Bowen this summer; he will enter seminary to study for the ministry next fall.

A trip to Europe after a hectic year as president of the Student Body will refresh Bobby Lloyd. When he returns he will hold a position in the trust department of some bank.

Morris Ford is planning to combine the artistic and the manual in his summer work, doing choir work and truck driving. He will enter the ministry after three years of seminary work.

Ruth Harris is undecided as to her summer plans and also her vocation if any.

Gladys Gibson will travel this summer.

Jeannette Spann has chosen the vocation of a laboratory technician. She will represent her chapter at the Zeta Tau Alpha convention this summer.

Anita Passmore may attend summer school, and then enter the teaching profession next fall.

Abe Fortas will climax a summer of hard work by entering the Harvard University law school next fall.

Nell Holloway will also enter the teaching profession next fall.

Teaching and library work will probably occupy Elizabeth McKee's attention for the next year or so at least.

Traveling for the summer, and law or a business career are the plans made by Garner Watson.

Gerald Capers will be a camp director this summer. He is undecided as to the vocation he will enter; it may be teaching.

Edmund McGiveran will rest up at home in Vicksburg this summer, and then start out to be a regular librarian.

Jack DuBose will make up his mind as to his summer's plans and also the vocation he will enter, later. His summer plans include either a trip to eastern United States or to Europe; and he intends to enter the cotton, aviation, insurance or manufacturing business after that.

Everett Gage will enter seminary to study for the ministry next fall. He has not definitely planned his summer work.

Mary Evelyn Wailes will visit beautiful old Virginia this summer, relaxing after a year's work at Southwestern. She plans to be a teacher.

Vernon McGee will study next fall for the ministry. He is undecided about his summer plans.

Frances Crawford plans to hold Somerville down this summer in case any windstorms come along; next fall she will teach.

Ellen Goodman is also planning to be a lab technician after graduation. Travel will occupy her time this summer.

James Randle will do evangelistic and pastoral work this summer; he will enter the ministry of the Methodist Church in home fields.

Johnny Hagan is undecided about his business pursuits and also his summer plans.

### Beta Sigs Dine

Beta Sigma fraternity will have its third annual banquet the night of June 3 in the Italian room of the Hotel Peabody. A large number of alumni are expected to be present. Luther Southworth, alumni member graduating in 1929, has been chosen to be toastmaster. Plans are tentative for a fraternity breakfast, dates being present, after the Panhellenic.

### Elect Officers

At the annual banquet of the Stylus Club of Sigma Upsilon, Thad Hall was elected president for the coming year. He succeeds Abe Fortas, who held this honor during the present year. William Mitchell was elected vice-president and Marion Painter, secretary.

### Places Second

Vernon McGee, senior, placed second in the Tennessee W. C. T. U. oratorical contest held at Nashville last week-end. His subject was "Eternal Vigilance Is the Price of Prohibition." He was awarded a prize for second place.

A subscription to the Sou'wester is \$3 the year in advance.

## DOES JUSTICE SUFFER FOR FOOTBALL?

Judging from the sweaters, letters and numerals being worn around by students on the campus, there is but one sport here and that sport is football.

Now—should all the men that have worked, and worked successfully too, in basketball and track go unrewarded just because the athletic committee or whatever party is responsible has run out of money or else is suffering from a severe case of inertia?

"The men have been awarded the privilege of wearing the letters," says the committee. Yes, but what fond admirer in a player's home town is going to believe that story when he has nothing to show for it? Seeing is believing, goes the old saying.

Speaking specifically now—the freshman football men were given a big banquet and awarded sweaters and numerals, nice ones too. The freshmen basketball men had a strenuous season, playing 19 games with stiff opponents in all, winning 16 of those 19 games played. After the season closed the committee posted a list of 11 men who had the committee's permission to wear a Southwestern emblem, but where are the actual real awards to show? They haven't been produced. It's all very well to recognize football, but it must be remembered there are men in other parts that excel quite as well in their line as do the grid men. Southwestern should recognize all sports with parity.

## NOTICE NUMBER 33

This issue of the Sou'wester is the last one that will be published this school session. There have been 33 papers this year. On looking back, the staff is able to see where great improvements could have been made and where mistakes could have been avoided, but it's all over now so what's the difference? Getting personal, we've tried to give each of you the news as straight and unbiased this year as it was humanly possible, and we've tried to keep the paper interesting without printing a lot of sensational cheapening articles.

The staff was new at the beginning of the year to the job and to the other members of the staff, but we believe that the present group of journalists has co-operated to put out a paper that compares favorably with those from other schools.

Students might think it's an easy job to get out the Sou'wester, but the spotting and digging out of news, then writing it and getting it in form is one that gets to be a grind after a certain period of time, and is no easy job. Any member of the staff will tell you that.

Some proficient writers have developed this year and give fine promise of a greater Sou'wester next year. The work is good work and gives excellent training in newspaper writing. Each student should try to make the staff next fall when competition is held. Besides being an honor it helps in other ways.

The Sou'wester is left in good hands. Jimmy Hughes, editor-in-chief elect, although poetic at times, and always in great danger of spouting forth some new theory or wild west story, will be able to wield the black copy pencil well. Assisting him he will have his twin brother, Johnny, John McFerrin, Martha McFerrin, John Rea, Reeves Manker, Roger Wright, Marion Painter, Elbert Huffman, J. P. Hollifield, Lorinne Mitchell and Ralph Booth, a goodly group of youthful journalists.

And now, before too much has been said and someone says, "how dumb," let us turn over the old typewriter, shears and glue pot to the coming administration. The Sou'wester will see you folks bright and early on the morning of September 13, when it all starts over again.

## Alumni Magazine Is Out Saturday

The Commencement Number of The Southwestern Alumni Magazine, edited by Prof. M. L. MacQueen, will make its appearance Saturday, May 24.

The magazine carries many features and interesting articles. The complete plans for Alumni Day, which is June 2, are announced. The biographies of the men who will receive Honorary Degrees from Southwestern at the Commencement Exercises will be given.

There is a picture of all Southwestern students whose fathers are alumni of the school, together with a list of names of all their relatives who are alumni.

There is an article about the football team of 1908, written by a member of the team. This was the first year the forward pass was used by Southwestern teams. There is another article on the band and orchestra of 1913. Mr. J. O. Shelby, an alumnus, class of 1901, who is a missionary in Mexico, gives an account of many interesting experiences he has witnessed while in Mexico.

A feature of the magazine is a page entitled, "What Southwesterners Are Doing." On this page are pictured alumni, and there is an article about what each is doing. There is a picture of an alumnus who is running for the Governor of Oklahoma. Another alumnus is director of Radio Station WSIX. C. W. Chambers, '97, has worked among the Alabama Indians on their reservation in Texas for a number of years, as a missionary. There is a picture of Dr. S. H. Monk, and an article about his recent award of the Research Fellowship. There is also an article about Earl McGee, '29, who at present is a Rhodes Scholar at Oxford.

## Chi O's Have Tea

Chi Omega sorority entertained with a formal tea on Thursday at the Chi Omega lodge.

## O. K.'s Elect

That great and noble organization of campus celebrities, known as the O. K. social organization, has elected the following officers: Jack Chambliss and Elizabeth Smith, co-presidents; William Wright and William Armstrong, co-secretaries, and Jane Barker, treasurer.

## Evergreen Hall

Mattie Reynolds believes in the old adage about the way to a man's heart which her grandmother taught her. Sunday afternoon during the downpour she enticed two boys over from Stewart Hall by means of a sack of cookies.

Bridge must be an enthralling game! Or maybe it is something else again that brings John Gant over to Evergreen almost every evening.

There was another general exit to Holly Grove this week-end. Gertie and Jimmie took Gertie's car home. Johnnie and Louise with Paul Caldwell went in Johnnie's car.

Several inmates contracted a severe case of rubber-neck Sunday from trying to see the out-of-town men. Robert and "Spec" (last names unknown) of McComb, Miss., came to see Mary Borman and a car full of gentlemen from Paducah, Ky., called for Mary Carpenter.

Margaret Smith, Dorothy Cobb, and Mary Carpenter spent the day with Katherine Bigelow.

It takes more than a storm and a flood or two to stop a Southwestern bunch when they have made up their minds. Mary Moore and George Pauline, Ruth Harris and Larry Gregg, Mary Woosley and Roger Wright rode to Jackson, Tenn., and

spent the evening Sunday. Having heard that Roger used to spend quite a bit of time in that city, we don't blame Mary for accompanying him.

Bill Jones certainly needed either a Murad or an umbrella Monday when Gertie Mayo and Perry Bynum decided to pour a bucket of rainwater from the upstairs balcony and he was down below. Well, there are more ways than one of taking a shower.

May White was called to her home in Canton, Miss., Friday evening by the sudden death of her uncle, Mr. Tom Cook.

These numerous couples who so enjoy "Roamin' in the Gloamin'" should be reminded of another old song which says "Gather Ye Rosebuds While Ye May,"—'cause it wont be very long now.

## A. P. O.'s Elect

A. P. O., exclusive society, elected officers Wednesday morning. Malcolm Richie will be president, Winston Daniel, vice-president, and Meredith Davis, secretary.

## Have Open House

Kappa Beta chapter of Chi Omega will entertain with a final dance on Saturday, May 31, in honor of the seniors in the chapter, Frances Crawford, Frances Gray and Jane Hyde. It will be an open house. Members and their dates will enjoy a buffet supper at the lodge before the dance.

The Sou'wester  
wishes to thank its  
Advertisers  
and all  
Others  
who have co-operated in  
making it a  
Big Success

We believe that educated people should understand these truths.

Public Utilities render services that are essential to modern living standards.

These services directly contribute to the convenience and comfort of people hourly each day. They have raised living standards, brought us up to a new plane of material existence; and are, in fact, the agencies by which modern living standards are maintained.

Without these services, present-day conditions would be turned backward half a century, and we would revert to the days of the tallow candle and the ox-drawn cart.

In addition to their contribution to the convenience and comfort of people, utilities are economic factors of important worth to their communities—stimulating channels of trade and business activities with their large pay-rolls and immense purchases of supplies.

These are facts that educated people should understand.

Memphis Power & Light Co.

# RESUME OF SEASON SHOWS BIG TRACK YEAR FOR LYNX

## Meets with Union and Ole Miss Held on Fargason; Team Entered In Triangle Meet; Also S. I. A. A.

By ELBERT HUFFMAN

Now that the smoke of battle has cleared away we can look over the field and see what the Lynx have done in the way of winning track honors. To begin the season an elimination contest was held in the form of an intra-mural meet to determine the members of the varsity and freshman teams. Theta Nu Epsilon fraternity and the freshman class were the winners.

The following week the team journeyed to Jackson, Tenn., where it engaged in a triangular meet with Union and Mississippi College. The Lynx had a lot of tough luck and did not make such a good showing. Union beat Southwestern for second place in the meet by the small margin of one-third of a point. Sixteen men made the trip, with a majority of them making a point in the meet.

During the next two weeks the team trained hard and reaped sweet revenge on the Union Bulldogs on Fargason field. The total score for the meet was Southwestern 67, Union 63. First place individual honor went to Woods of Union. He placed in five events for a total of 24 points. Morris Ford was second high point man with 17. The Lynx men showed some fine exhibitions of track ability.

The following week the Ole Miss track team appeared on the scene of battle and the Southwesterners charged into them and came within three points of sending them home on the short end of the score. The meet was bitterly contested with one team getting the lead and then the other. The battle was not won until the last race had been run and then the Ole Miss boys had a slight advantage of two points. The team from Mississippi won, score 57-55. Ford was high point man with 18 points. Malcolm McMillan was second with ten markers.

The big campaign of the year was waged May 10 when Coach W. C. Rasberry and five of his stellar track men journeyed over to Clinton, S. C., to enter the S. I. A. A. championship track meet. They fought stubbornly but could not stop the onslaught of Presbyterian College. However, they made a good showing by placing fourth. Eight of the best teams of the Association were entered and fourth place is nothing at which to sneer. Ford was the mainstay of the team, winning first in the pole vault, third in the high jump and the broad jump. Eldridge Lilly and Roger Wright both won a second. McMillan placed fourth in two events.

Our heroes of many battles have put up their track shoes and uniforms until another season rolls around. With an abundance of material coming up from the freshman class the Lynx will be hard to stop in their active track campaign next year. Ford will be lost this year by graduation and he will be sorely missed in the pole vaulting event. Herbert Newton is expected to improve considerably before next year and he will take Ford's place in the broad jump and high jump. The distance men of next year should strike a note of horror in the minds of their opponents. With McMillan, Wright, and McGaughran on the team the Lynx will have some distance men that will compare favorably with any in the conference. Harold High and Newton will take care of the dashes next year, the depart-

ment that the Lynx were especially weak in this year. Baine, Lilly and King are expected to develop into some good weight and hurdle men next year.

The freshmen entered one meet, being beaten by the Messick High School boys. The score was Messick 53, Bobcats 48. Individual honors of the day went to Pounders of Messick. Newton came second. Although the Bobcats had only one meet they trained for the most part of the year offering the varsity men competition, gaining experience for the varsity season next year.

### INQUISITIVE

The inquiring reporter will ask some students or faculty members each week, picked at random, their opinions on certain subjects.

As an anti-climax to all the student elections a number of students were asked what they considered the most important office a student could hold on the Southwestern campus. A large majority of those asked said undoubtedly that the president of the Student Body was the most important officer. Among the ones of this opinion were Thomas Drake, "Mun" McGivaren, Abe Fortas, William Hall, Joe Wells, "Toto" Mosby, Robert

### RECORDS MADE BY LYNX, 1930

New records for every track and field event was set this year for the Southwestern track. Some are especially good; the Pole Vault record of 12 feet 3 inches will stand for a long time. Following is a summary of the track records as compiled by the Sou'wester:

100-Yard Dash	High	Southwestern	10.2 sec.
220-Yard Dash	Woods	Union	23.2 sec.
	Brown	Ole Miss	23.2 sec.
440-Yard Dash	Newton	Southwestern	53.4 sec.
880-Yard Run	McMillan	Southwestern	2 min. 7 sec.
One mile run	McMillan	Southwestern	4 min. 40.4 sec.
Two mile run	McGaughran	Southwestern	10 min. 26 sec.
High jump	Ford	Southwestern	5 ft. 10 in.
Broad jump	Woods	Union	22 ft. 3 in.
Javelin throw	Bynum	Southwestern	154 ft. 5 in.
Shot put	Logan	Union	36 ft. 8 in.
Discus throw	Baxter	Ole Miss	123 ft. 4 in.
Pole Vault	Ford	Southwestern	12 ft. 3 in.
High hurdles	Lilly	Southwestern	16.2 sec.
Low hurdles	Woods	Union	26.7 sec.
Relay		Southwestern	3 min. 39.1 sec.

Russell, Marion Painter, and James Hamilton.

The president of the Honor Council got second highest vote. Albert Johnson, Malcolm Richie, and William Martin agreed on this. Charles Plummer said he didn't know which one of the two was the more important.

Coach Rasberry said that the officers should rank as follows: President of the Honor Council, Cheer Leader, and President of the Student Body. He said that the Cheer Leader was so important because he had so much to do with the spirit of the student body.

The Hughes twins agreed that Angelo, while not a student, had the most important job. They differed, however, as to the reason for thinking so. One said it was because he cleaned up all the dirt and the other because he knew all the dirt.

Joe Mobley said that the Chemistry Lab Assistants had the most important position; he didn't have to check in his lab supplies at the end of the year and got back most of his breakage fee.

Arthur Omberg said he wouldn't

have any of them.

The Publications were not entirely overlooked in the answers. Bill Berson said that the Editor-in-Chief of the Sou'wester was the most important position and Schuyler Lowe said that the Publication Board members had the most important positions. He doesn't want to get fired.

Jack DuBose said that he supposed the President of the Student Body

had the most important position on the campus but that the Ugliest Man would surely run him a close race in importance. Dick Griffing unquestionably gave the honor to the Ugliest Man.

Pat Barrett said the captaincy of the football team was the most important.

Lem Banks said that the honor went to the president of the Senior Class. John Hagan said that if run rightly the president of the Honor Council would be first followed by the president of the Student Body and the president of the Senior Class. Under the existing order the president of the Student Body is the most important officer on the campus, he said.

### Lucille Work Is Chi O. Delegate

Lucille Work will be the official delegate of Kappa Beta Chapter of Chi Omega to the national convention which will be held at Hot Springs, Ark., June 21 to 27.

The outstanding event of the convention will be a trip to Fayetteville, where a memorial Greek amphitheater will be dedicated on the campus of the University of Arkansas, the place of Chi Omega's founding.

Several other members of the Southwestern chapter are planning to drive to Hot Springs for the convention.

THE PLACE TO MEET  
For  
GOOD THINGS TO EAT!

WES GUNTHER'S

### I'm the Gink

I'm the gink that tries to break up every group in conversation I see on the campus. I see two girls talking and know that they are talking stuff that is none of my business, so I go up and say "hello girls, what can I do for you this morning?" It gives me so much fun to break up a confidential conversation. When I see two or more girls sitting in an automobile talking I always walk up and grab a seat beside one of them; then we sit and talk about what I want to talk about. I never realize that I'm not wanted. There are some girls that break into a group that's standing around talking. They usually have some silly idea. You bet I let them know I don't want them to break in on what I am saying. I know that no one pretends to have manners any more. That's why I do like I do. I know that all the girls want me to come up and talk to them anyhow; my conversation is so scintillating, and my looks are so fine. I know all of this is so, because I'm the gink.

## SINGERS HEARD ON WMC SUNDAY

Glee Club Broadcasts On BJR Program

The Southwestern Men's Glee Club broadcast Sunday from the Commercial Appeal's radio station WMC, under the auspices of the Beasley Brothers-Jones-Ragland company which presents a weekly program on Sundays from one-thirty until two o'clock in the afternoon. The occasion for the program was Southwestern Day which had been set in the churches of the states whose synods are interested in the raising of funds to pay off the debt on Southwestern. The hour at which the program was given is used by the B-J-R Co. for commercial advertising and it was through their kindness that the hour was used to the advantage of the promotion of the interests of Southwestern.

The program given was as follows: Hail, Southwestern—B-J-R Orchestra  
Ramble Song  
B-J-R Orchestra and Glee Club  
Sweetheart of Sigma Chi

Solo by Mr. Beasley  
Cheer led by "Pee-Wee" Hines  
The Fraternity man

B-J-R Orchestra  
The Bulldog on the Bank and the Bullfrog in the Pool

Glee Club and Quartette  
Selection by Orchestra

"Alma Mater"

Glee Club with Orchestra  
Over the Top—B-J-R Orchestra

The quartette which sang the sixth number on the program was composed of June Davidson, Marion Painter, Robert Sanders and Morris Ford.

## Bill and Meeks To Tour Europe

Bill Hall and Meeks Hinson are planning to join in the pilgrimage to Europe this summer after the close of school. They are going to work their way over on a cotton boat out of New Orleans to Liverpool, England, Bremen, Germany, and other European ports. The ship on which Hinson and Hall are making the journey leaves the Crescent City in the middle of June.

## SENIORS REVEAL WISDOM IN ANSWERING SOUTHWESTER FEATURE QUESTIONS

Because students should have attained some stability and good sense by the time they have gone through four years of college and are ready to graduate, the Sou'wester prepared a questionnaire and presented it to the members of the senior class last week. The questionnaire carried questions asked for the purpose of determining the way the class stood on certain subjects; it also asked for the names of the most popular, most capable people in the class, and the best athlete and the senior that has done the most for Southwestern.

Woodrow Wilson, with a very few exceptions, was named as the greatest American of all time. Thomas Edison was named the greatest living man of the world today. The Sou'wester asked the seniors to name their choice for the five greatest men of all time. Jesus was chosen first; Napoleon, Socrates, Edison and Shakespeare were the others. Wilson and Caesar ran close to scoring.

With the exception of two members each senior missed his cue in the question, what newspaper do you like best. The Commercial Appeal received all the votes except two. Those two were cast for the Sou'wester. Maybe the paper will live through it.

The Democrats were in the majority in the class, 60 per cent of the members belonging to that party; 28 per cent registered as having no party; 8 per cent as being Republicans and 4 per cent Socialist.

No three people in the class liked the same poet or the same novelist. Robert Browning and Edgar Allan Poe received two votes each for the winning poet. All the others were named but once. Hardy, Scott and Cabell each were named twice as the favorite novelist.

Sixty-eight per cent of the class preferred membership in Alpha Theta Phi, local honorary scholastic society petitioning Phi Beta Kappa, to a letter won in a varsity sport.

Each member of the class considers a college education worth while with the exception of two who considered their investment a bad one.

Some interesting answers were received as to what was Southwestern's greatest need. The majority named money as the outstanding need. Others said, "more democratic spirit, less interest in women, more religion, men and women with a purpose, more loyalty and less indifference, Christianity among members of the student body, student co-operation, more non-fraternity activities, more maturity in students and more activities in which the whole student body can join.

Twenty-five for men and 23 for girls were the most popular ages given in answer to the question, "what do you consider to be the marriage age?"

Five seniors would not advise freshmen to heed senior advice; the other members of the class consider senior advice good.

Seven members of the 1930 graduating class would be willing to marry for money if given the opportunity.

### "GETTING BY" (Ohio State Lantern)

What percentage of students come to college to learn? Although such statistics would be difficult to compile, nevertheless, the average student body of any college contains a large number of those who are just "getting by."

There seems to be a great tendency on the part of most undergraduates to ridicule the student who is in college for the purpose of receiving a thorough education. That such a tendency is prevalent can easily be seen in the classroom, fraternity, sorority, dormitory, or other student group.

The student who really studies is often the object of scorn and disdain. He is pointed out as a goody-good student. In the classroom the best example of student laziness is found. If the professor does not arrive on time there is much uneasiness on the part of many of the students. They can hardly wait until the required time is up so they will not have to attend that particular class.

The student who comes to the University with limited means and a desire to learn often finds he is a "back number." If he does not accept the principle of the student who is just "getting by" he will soon find he is unpopular.

Students who are laughed at now may get the laugh on their classmates later in life. The learning one gets at college is not all taken from textbooks but the habits of application and diligence which he builds up through their use will no doubt be useful to him in his life work.

The student who is "getting by" will find that his bluff will be harder to make in the years following his graduation.

## INK WELLS DO RUSH BUSINESS

Company Says \$1.67 Is Week's Profits

Under such slogans as "Change ink every 500 words," and "Quality plus Quantity," the ink stations in Palmer Hall are doing a rushing business. Believe it or not, last week the Fountain Pen Ink Co., Inc., reported a net profit of \$1.67, not to be sneezed at when we consider it would keep the starving monkeys of Algeria in peanuts for three weeks. Dame Rumor has it that the profits are from blackmail, since the ink well is deep enough to hold all the dirt of the school and can paint anyone black.

The remaining members thought that there should be other qualifications.

The voting done for the students who were considered popular, etc., was widely scattered, and it was hard to find a clear majority in every case, but the results follow:

The seniors most likely to succeed after graduation, Abe Fortas and Louise Mayo.

The senior that has done the most for the school, Albert Johnson, first; Morris Ford and James Spencer, second and third.

Bobby Lloyd was chosen as the best athlete in the class, with Ford and Robert Russell coming second and third.

Abe Fortas was chosen as the most capable member of the class; Gerald Capers was chosen second.

Irene Hyman was chosen the most

popular girl in the class, and Robert Lloyd was chosen as the most popular boy.

Dr. R. P. Strickler, professor of Greek, walked off with honors as the best liked professor. Dr. W. R. Atkinson won second place. Dr. Strickler was also chosen as the professor having the best teaching ability. Dr. C. L. Townsend and Prof. M. L. MacQueen came second and third.

dent Body personally for the hat that you gave me, but, since that is practically impossible, I want to take this means of expressing to you my sincere and deep appreciation for your kindness and thoughtfulness.

I want you all to know that it is always a pleasure to serve you in any way that I can, and I am glad to inconvenience myself if I can be of service at any time.

I wish every Southwestern student the greatest success in life, and especially do I ask God's blessings on each member of the Senior Class.

With genuine gratitude, I am,

Your friend,

Wm. H. Elkins

May 19, 1930

## COMING CLASSES SHOULD PROFIT BY SENIOR ADVICE

### Suggestions Offered as to Corrections and Changes That Should Be Brought About

After four years of college Southwestern seniors, knowing from past experience what needs correction in student organizations, methods and habits, have left a few suggestions for their betterment. The three remaining classes may take them or leave them. The suggestions follow:

"Abolish fraternities and sororities. We realize this is useless advice, but we think that the school is small enough to do without fraternities, thinking that they are the cause of 'dirty politics' and much bitter feeling."

"Keep Southwestern profs out of the papers."

"The Honor Council should be appointed by faculty, not elective. The Sou'wester should be opened to the short work of school writers."

"Seniors should edit Lynx!"

"There should be an open system of politics, having two tickets openly supported by each side. This might eliminate 'dirty politics' to some extent."

"The Honor Council should cover more than cheating. Those who drink and gamble on the campus are more harmful to others than the cheater, and the one doing harm to others should be considered first."

"The fraternity men should realize that their brothers are not always the most capable and should have a little more interest in the affairs of the school. There should be fewer organizations and they should be worth while."

"Do away with all these silly, purely social clubs, for they take up your time when you should want to attend debates, plays, etc. By clubs I do not mean fraternities and sororities which have uses other than social."

"Abolish the student council. Have more originality in the annual; open politics, more mature work. Flunk at least one-half of every freshman class."

"A truer representation in student Council and more power in general; more respect for Honor Council. The Sou'wester would be O. K. if it ran things a bit more spicy. The Lynx isn't out yet. Elections are just like they always have been and always will be."

"It seems to me that when Southwestern is in such financial distress, the only decent thing to do with the contingent fee is to present it to the college as a gift from the students. Benches, gateways, ornamental bulletin boards, steam-heated gyms, umbrellas for bleachers, rocking chairs, etc., for the class rooms can come later."

"Do something to make the students appreciate the plant that Southwestern has."

"I think that the various organizations and the school would be improved if when the 'so-called' leaders are elected to honorary offices they would act conscientiously and not try to put their special friends in control. Such acts cause politics which are natural self-preservation methods, and which cause bad feelings to exist. I think that all elections should be governed by a commission, however; the old ballot box, with the voters having their names checked as they vote, should be revived. This gives the student practice in voting. Politics will not be done away with as long as there are mutual understandings or acts which are questionable. If the 'leaders' set the example in their undertakings and administrations the rest will follow accordingly, and the school will be benefited. I think that in time due credit will be given those who do things which now go unnoticed. For instance, the football heroes are praised, and rightly so, but what about the band members who practice and make sacrifices to play at all the games? How soon are they forgotten? They have no official recognition, and seldom get any notice other than an occasional remark after a game has been won, and appreciations are then expressed by some. There are other people on the campus who are really Southwestern 'boosters' and not 'fault-finders'; if there is a way, and some day there will be, I think that these people will be marked, recognized and appreciated. I do not think that on the whole Southwestern is as bad off as some try to think. There are improvements which can be made, but these will be made as there are leaders in the student body who are capable of causing them to be made. I think it is wise to always be on the look-out for improvements that should be made as that is the only way to progress; however, I do not think that what we have should be neglected for the sake of what we could or should have. The faults of the school should not be stressed, but the favorable facts made known by all."

## HONOR FRAZER WITH POSITION

### Elected Ugliest Man At Gridiron Banquet

At the annual gridiron banquet, held in Neely Hall, Tuesday, May 20, at seven forty-five p. m., Stanley Frazer was elected almost unanimously the ugliest man on the Southwestern campus. Frazer was one of four nominated for the distinction. Others nominated were Sloan Williams, who received ten votes, and John Gant who received only one vote.

The banquet was begun with an invocation by Dr. Diehl after which an excellent meal was served by Mr. Harrison and his able assistants. Music was furnished during the meal by Bill Brinkley and his Royal Collegians who rendered a series of popular dance music in fine style. Cigars and cigarettes were available for those who wished to smoke during the evening.

When the serving of the banquet had been completed Malcolm Richie, who was acting as co-toastmaster with George Whitaker, opened the speech-making with the presentation of a plan of Dr. Shewmaker's for the raising of money for Southwestern. He then introduced George Whitaker who in turn introduced Dr. Diehl.

In a few words Dr. Diehl highly commended the work of the Southwestern Christian Union which sponsored the banquet. Students and faculty members were then called upon to make short speeches. Prof. W. R. Cooper was asked to address the audience on the topic "What is this thing called love." Prof. J. H. Davis promised the students a concert outside his window in lieu of making an

### Come On Time

Let this be a reminder. The opening convocation will be held at 8:30 Saturday morning, next September 13. Classes and cuts will begin Monday, September 15. So long.

Dean R. W. 'Hal' Hartley.

### Given Watch Charms

Members of Quibblers Forum debating society to receive watch charms for work done on debating teams this year are Sylvester Thorne, George Whitaker, and men who have already won medals, having the year 1930 engraved on the back of them, Malcolm Richie, James Randle, Charles Simmons, Abe Fortas, Gerald Capers, Robert Scott.

### Z. T. A.'s Dine

The members of Zeta Tau Alpha sorority celebrated the first anniversary of the founding of their chapter last Saturday with a banquet at the Hotel Peabody. The sorority colors, blue and silver, were used in the table decorations.

### Council Elects

John Rea was elected president of the Men's Panhellenic Council last week. Malcolm Richie was elected vice-president and James Hamilton, secretary-treasurer.

### Seniors Only

After having gone through four years at Southwestern, seniors, it would not be natural for you to lose interest immediately in what is happening on the campus, and it would not be natural for you to do without the Sou'wester each week.

While the subject is fresh on your minds, subscribe now to the paper for next year. Give \$3.00 to Schuyler Lowe or James Hughes, editor-elect, and the Sou'wester will come to your address regularly. The paper will be increased in size by two pages next year, and a store of interesting reading is promised you. If you're not sure of your address at present, don't forget to drop Schuyler a card this summer or early next fall, at 1651 Faxon Avenue, or care of Southwestern.

## Eight Men Will Receive Degrees

Southwestern will confer eight honorary degrees upon people who have distinguished themselves in certain lines of work at the commencement exercises June 3.

Mr. Henry Upson Sims, commencement speaker, and Mr. Charles Newell Burch, Memphian, will receive the degree of Doctor of Laws.

Miss Sue McFall Powers will receive the degree of Doctor of Literature. Those men who will receive the degree of Doctor of Divinity are Rev. U. S. Gordon, Gainesville, Fla.; Rev. Frank E. Simmons, Brooklyn, N. Y.; Rev. Cecil V. Crabb, Clarksdale, Miss.; Rev. P. H. Carmichael, Montevallo, Ala.; and Rev. Robert Lee Campbell, Macon, Miss.

Sidney Hebert, Long Beach, Calif., and Frank Jones, Los Angeles, Calif., both being students the greatest distance from home ground, are planning to return home this summer.

Harry Walton's latest: The teacher was explaining the meaning of the word "collision" to the class and said, "A collision is when two things come together unexpectedly. James, give an example of a collision." James: Twins.

extended speech at the banquet. Paul Jones spoke briefly of the work of the Christian Union and stated that the future of the Union was very promising.

# LYNX GRID STARS MAKE PLANS TO PUT ON WEIGHT

## Majority of Men To Be Camp Directors; Others Have Work To Keep Them In Training

By ELBERT HUFFMAN

Football players and coaches the world over have agreed that one of the best ways for the football players to get in condition for the grid season is to do some hard work during the summer months. Most of the Southwestern players are going to take that advice and work during the three months vacation that starts soon.

Captain Jeff Davis has secured a position as director of a boys' camp at Smoky Mountain National park near Chattanooga, Tenn. Jeff says that he will spend the better part of the summer swimming and sending his pupils through their daily dozen. He will also come in for a part of this conditioning and should be in good shape for next fall.

Alternate Captain Harry Walton says that his job will not be so much physical work, but he intends not to break training too much so that he can start the season off with a bang. He has a job working in the Ameri-

can Steam Laundry at Yazoo City, Miss.

Hiram Gerrard the fast stepping halfback from Marks, Miss., has no special job to keep in training but will do some hard work to get those "sheekles."

Bill Walker, otherwise known as "Iron Jaw," will be a director of a Webb Camp at Walling, Tenn. If he keeps in any kind of good shape he should be hard to hold in that line.

These camp directing jobs must be easy or fascinating or something; here's another: Jimmy Hughes, who makes his home in Memphis, will journey away up north to be counselor of a camp. The camp is in Canada 200 miles north of Toronto. We have our doubts as to whether Jimmy is going to be able to play football at all if he does what a majority of the population does that journeys to Canada.

Well here's repetition: June Davidson will be director of a boys' camp at Jonesboro, Ark. June says that it is a good job and that last summer he gained ten pounds in the course of a summer. That's what he is trying to do—put on weight, so the big old boys next year can't run over him.

Lamar Pittman ought to put on weight but it will not be the kind of weight a football players desires. "Pitt" is going to spend the most of the summer mixing drinks for Dr. McLaren at the Southwestern Pharmacy.

Russell Brigance is planning to spend the summer touring. "Bru" is going to be the "head" man in a touring expedition over Europe. He ought to be in fine physical shape after carrying trunks and baggage around Europe for three months.

James Delay said that he had not secured a job as yet but would probably work on the highway. No pun is intended. He will work as any other honorable citizen would, at a regular salary.

Eldridge Lilly just cannot leave the campus for three months so he is going to work in the Library.

Johnny Hughes is undecided what he will do this summer.

Chauncey Barbour will be a life guard for the summer. At present he has an offer to work at two pools and has not decided which offer he will accept.

Frank "City" Thomason is undecided how he will spend the vacation months. He said that he might work at an ice plant here in the city again this year.

### 'Bru' New Priest Sanhedrin Council

Russell Brigance was elected High Priest of the Men's Sanhedrin Council at a meeting Wednesday morning to serve for the term 1930-1931. His priests are Joe Wells, William Martin, Richie Morgan, "City" Thomason, William Frazier, James Hamilton, Harold Ohlendorf. James Hughes is the Sou'wester representative.

# Net Men Finish Season; Matches Spoiled By Rain

## Matches With Union Called Off Because Of Bad Weather

After Southwestern had splashed its way to 3 straight victories, the meet with Union University last Saturday had to be called on account of rain. The morning matches were played during threatening weather with occasional scurries of mist. After a halt had been called for lunch and playing resumed a light rain was falling continuously, but it soon developed into a veritable downpour. Only two double matches and one single match had been played before the wrath of the heavens descended.

Jones had won one set and the score on the second was 1 all when all activities had to be ceased. Russell and Diehl defeated their opponents in easy style 6-4 and 6-3. There never was a time during the entire match when the Union boys seriously threatened the lead of the Lynx. Daimwood and Jones handled their opponents in a like manner, winning the first two sets to take the match. Diehl played the only single match of the day by sending Shaw down 7-5 and 6-2. After the first set, "Sugar" found himself and easily won the next set to take the match.

The Lynx fared much worse on Friday against Millsaps, losing all six matches. The Majors arrived in town on the short end of the odds, but left with a victory tied to their belts just the same. Jones, Bevis, Diehl and Daimwood all lost their single matches after putting up good fights. In the doubles, Russell and Bevis were paired up together, and Daimwood and Jones were partners. These matches were also dropped to the visitors.

### Sophocleans Meet

"Life Is a Dream," by Calderon, was discussed by members of the Sophoclean Club at its meeting Wednesday night.

### Prof's Announce Vacation Plans

Trips to Europe, summer school, more study, etc., will keep members of the faculty busy this summer. Four members of the faculty will make European tours. They are Prof. W. R. Cooper, Dr. S. H. Monk, Prof. J. H. Davis, and Dr. Henry J. Bassett.

Dr. J. B. Lackey will spend the greater portion of the summer at Woods Hole, Mass., conducting research work at the Marine Biological laboratory. He may do some work in Dyersburg in the summer on malaria also.

Prof. M. L. MacQueen will be at the University of Chicago for twelve weeks doing work on his thesis for his Doctor of Philosophy degree.

Dr. A. T. Johnson will teach English at the summer school of the University of Richmond for the fourth consecutive summer. Dr. and Mrs. Johnson and son, and Dr. Monk will drive through to Richmond in their car. Dr. Monk and Dr. Davis sail from Montreal June 11 on S. S. Melitta. Their ship will stop at Iceland.

Dr. W. O. Shewmaker will teach

at the summer school session of Southwestern.

Dr. R. W. Hartley, after completing six weeks as Director of the Southwestern summer school, will take an automobile trip with his family to Salt Lake City.

Dr. and Mrs. A. P. Kelso will both teach at the six weeks summer school session of Southwestern. After that they will spend the time in auto traveling.

Dr. C. L. Townsend will teach at the Southwestern summer session; after that he has not made further plans.

Mrs. Townsend after completing the six weeks session will probably go to Canada.

Prof. H. B. Davis will attend a convention in Memphis June 30 of the American Federation of Teachers; after that he will spend a month in Minnesota. He will spend the rest of the summer and the following year in New York where he will do

research work for his doctorate; he will also do work for the Federated Press.

Dr. F. C. Huber will take a six-weeks' course at Columbia University. He will spend the rest of his time in New York and Baltimore.

Dr. W. O. Swan will teach chemistry in the Southwestern summer school and then spend the rest of the summer loafing.

Dr. W. R. Atkinson will teach again at West Tennessee State Teachers College.

Dr. M. W. Storn will teach in the Southwestern summer school, and Dr. R. P. Strickler will again teach at Peabody College, Nashville.

Dr. P. N. Rhodes will go to the University of Virginia again to teach.

Prof. R. W. Scott will probably study at Columbia University and Prof. Eric Haden will attend the summer session of the University of Michigan. Dr. E. D. McDougall is uncertain of his summer plans.

We extend our sincere wishes to the students of Southwestern, and hope that they have a pleasant and prosperous summer in all respects—and last but not least—

### ODE TO MY DIPLOMA

Ah, tender little skin I love to touch, Sheepskin I mean, for certain thou art such! I wooed thee four long years in servitude And thou wert coldly far removed and rude, But toiled I all the while in steady pain Intent thee for my bonny bride to gain. And now I have thee! Joy beyond compare! Ethereal bliss and satisfaction rare! Today I hold thee close and grasp thee tight I fear that thou wilt vanish with the night! But no, somehow I know that thou wilt stay With me, dear skin, forever and a day. Ah, all my work for thee has been well spent, To gain thee is the height of pure content. Suppose with time thy beauty doth depart, Dost think that I shall prove thee false, sweetheart? Palmolive, Ivory, or any soap Shall keep thee young beyond thy tenderest hope. I'll wash thee day by day with greatest care In Huggingtons or any perfume rare. Dear skin, fear not for thy complexion's sake No wind or taunting gale thy bower shall shake, But bolted safe within my home thy face Shall be the envy of the sheepskin race. I'll smooth thy wrinkles out with facial cream With care I'll have thee looking like a dream! But soft, the dawn in dressing gown arrayed Pulls up within the eastern sky the shade Of heaven. Dear skin I swear that thou art fairer far To me than yon low-swinging morning star! My bonny bride of purest, chastest white, Skin! Sheepskin! Diploma! Heart's delight! —Jimmy Hughes.
