## URGE STUDENTS TO HELP DRIVE

### NINE STUDENTS MAKE TRIP FOR STATE PARLEY

Attend Student Volunteer Conclave at McKenzie

### HEAR MISSIONARIES

Foreign Delegates Eat In National Dress

Nine Southwestern students, members of the Student Movement, a chapter of which has been recently organized on the campus here, attended a convention of the Tennessee Student Volunteer Movement held at McKenzie, Tenn., last week.

Those making the trip to the convention which was held for the purpose of discussing "The Living Christ in the World Today" were Robert Pfrangle, leader of the delegation, Tom Jones, Lucien Connell, Henry Watkins, John Chung, Harry Champlin, Mary Carolyn Lee, Virginia Howry and Lillias Christie. The party went by automobiles and were put up in the dormitories of Bethel College at McKenzie.

### HEAR NOTED MEN

A coterie of prominent missionary men addressed the convention and imparted many ideas to the students of the organization who are organized to support foreign mission work. Rev. William Miller, 10 years a missionary to Persia; Rev. C. Darby Fulton, missionary to China; Dr. Guy Sarvis, medical missionary, and John Minter, Traveling Secretary of the Movement, gave inspiring talks.

At a banquet all delegates and foreign students attending Tennessee colleges were introduced. Foreign delegates were from China, Japan, Korea, and Costa Rica. Some of the delegates appeared in native costumes.

At the convention were delegates from the following Tennessee colleges: Vanderbilt, Southwestern, Lambuth, Maryville, Peabody, Cumberland, and Scarritt, and the host college, Bethel College.

### Track Men Get Out Shoes From Closets

With the advent of spring days the track men are sharpening their spikes and making ready for the approaching campaign of collegiate track engagements. Several of the men have been taking regular workouts during the past few weeks.

Most of the men will be out for work, beginning Monday, with the rest of them to report a week from that date.

Captain Tommy King has been taking a few light workouts and will begin the season of intensive training next week. Clark Porteus and Riley McLaughran, both distance men of superior ability, are in good shape already from several weeks of regular work.

Coach Jimmy Haygood will have complete charge of the cinder men this year and he has an abundance of material from which to build a winning team. Several intercollegiate meets will be scheduled later on in the year.

### Visits A. O. Pi

Mrs. Edward Surgeon of Dallas, Texas, the Southern District Superintendent of the A. O. Pi Sorority, was a visitor to the local chapter last week end. She was the honoree at several delightful parties before her departure last Monday.

### GOOD STUDENTS MAY GET HELP

Scientific Scholarships Open For Applicants

Notification of the proposal of several scholarships and fellowships open to college students interested in research work has just been made to Southwestern students. Dr. Lackey has emphasized the importance of these scholarships in particular and also the many scholarships and fellowships of which notices are usually either posted on the bulletin board or made to the particular classes whose students are most in line for them. Southwestern has a committee which takes into account these various offers and recommends students to fill them.

The value of these opportunities might be shown by taking as examples the last offers. There are 24 fellowships and scholarships in scientific research pertaining to the textile industries in the fields of chemistry, physics, biology, and engineering. They are divided, at least those that would interest Southwestern students, into junior fellowships and senior scholarships. For the former a Bachelor's degree is required, and the normal salary is \$1,000. The latter are open to seniors in good standing; the normal pay is \$750. The tuition and laboratory fees are paid by the Foundation. The fellowships are subject to renewal.

Those interested should see Professor Lackey for further information. He has written for application blanks which should be in soon. All applications should be in by March 10.

### Scorchers Burn Up Road In Speed Test

The recently organized Scorchers Club, composed of motorcycle enthusiasts, threatens to make Major Segraves look sick this spring when they wheel out their potent speed buggies for dashes hither and yon in the immediate environs. Every day these demons on wheels can be seen streaking it down the highways and by ways on their trusty iron lunged steeds.

Jimmy Hall, head officer, whose title is Most Exalted Speed Demon, has reached the terrific speed of 94 miles an hour on his orange and cream Harley-Davidson.

Tillie "Touchdown" Thomas is the Grand Mechanic, due to his ability to keep his machine in tip top shape. Radford Roseborough has a peculiarly obstinate machine that balks at the idea of getting a college education. Each day when Rad tries to coax it to go to school it pouts and refuses point blank to go. But when the master returns in the afternoon the machine starts at the first try.

The club is wearing mourning for Henry Rice and Wilber Blackman, who have retired from college.

The motto of the club is, "Excuse our Dust." Flower, the Lily, significant of the coffin.

To become a pledge the rider must eat a sack of unshelled peanuts while riding along at 40 miles per, skid at least 15 feet on wet pavement, and ride up and down a steep incline picked out by the active members of the club.

To become a full member the rider must have a spill while going 40 miles an hour without hurting the machine. Let her buck.

### S. T. A. B. Pledges

S. T. A. B. announces with pleasure the pledging of Olive Black, who is the only blond member of the thirteen S. T. A. B.'s on the campus. The thirteenth member will be announced next week.

### Campus Critics Choose Bing Crosby As Most Popular Crooner of Dulcet Ditty

Morton Downey and Russ Columbo Among Favorites Rudy Vallee Isn't Even Mentioned

"When the blue of night—" is heard so often on this campus because Bing Crosby is the most popular of all the singers who screech over radios and make the audiences like it. Fred Bearden says that he has more art in his singing, as demonstrated by his ability to sing on the off beat. In this respect, he has a close rival in Tom Underwood, as all the latter's chapel neighbors will attest. Grace Braun likes Bing, too, because of that certain thrilling quality in his voice. Pressie Sights and Jack Crosby are also numbered among his followers. Pride in the family name is probably why Jack sticks up for him.

Joe Simpson twirls the dials in search of Morton Downey. He bases his preference on the fact that Mr. Downey does not howl, moan, groan, or otherwise offend the ear. On the other hand, Bob Walker strenuously objects to this, saying that Morton Downey has a woman's voice and he, personally, hates him. Mary Allie Taylor votes for him also, but admits, under pressure, that she is somewhat influenced by the soothing, persuasive voice of his announcer when he says, "Are you listenin'?"

Russ Colombo's songs go straight to the hearts of Nina Stansell, Ned Wright, and Bill Berson, because, according to Ned, he has the richest, deepest, mellowest, best (and all the other superlatives) voice of anyone on the air.

Beverly Buckingham and Katherine Harris choose "Street Singer" as their favorite. Buck explains it by saying that he is the only crooner who doesn't sound as if he were on the verge of passing out, kicking off, or otherwise becoming deceased.

Sivley Moore confessed to being attracted by Alice Joy, a blonde six-footer, and, so he says, very good looking. The Mills Brothers have their following among Messrs. Charlie Crump, Lucius Cook, and Joe Moss.

Some of the freshettes whispered that Prof. Haden singing in chapel affected them as nothing else ever has or will. Spike McNeil is a general favorite. It is rumored that his fan-mail increased last week until he had to hire two new secretaries to handle it.

### Chi Delt Phi Meets Today In Hernando

The Chi Delta Phi group of literary young ladies will meet this afternoon with Mary Powell Abbey at her home in Hernando, Miss.

Alice Rogers, who is chairman of the program committee, has planned a discussion of modern authors. Elizabeth Smith will review Viki Baum's "Grand Hotel." She and Nell Jones will lead a discussion of James Stephens' group of artistic prose sketches entitled "Etched in Moonlight." Some work of Sigrid Undset will be presented by Malline Lyon.

### Pi K. A.'s Observe Frat Founder's Day

The Alumni Founder's Day Banquet of the Pi. K. A. Fraternity was given at the Tennessee Club last Tuesday night at 7:30 o'clock. The fraternity was founded at the University of Virginia in 1868.

Lilies of the Valley were used in the decorations and the colors, garnet and old gold, carried out the decorative scheme.

Mr. Lew Price, president of the alumni, was in charge of arrangements and was assisted by Albert Erskine, president of the active chapter.

### CAMPAIGN FOR FUND WILL GET IN FULL SWING

Executive Committee Asks For Student Aid

NEED \$1,000,000

College Must Get Money Or Close Doors

Emphasizing the fact that Southwestern students must be better acquainted with the financial situation of the college if they are to intelligently help in the forthcoming campaign for funds to keep the school open, the Executive Committee of the citizens of Memphis is urging all possible accurate publicity concerning the financial affairs so that the public will get a clear conception of the needs of Southwestern.

The urgent need for a heavy endowment of approximately \$1,000,000 is easily seen when a student at Southwestern, even after he has paid his entire tuition, costs the college \$250. During the meeting of prominent Memphis citizens Tuesday afternoon at the Peabody at 4:30 it was cited whereas Vanderbilt gets 60% of its income from endowments Southwestern gets only 15% from that source.

The Union & Planters Bank has given the Executive Committee a headquarters in the Banker's Building from which the officers can direct the campaign which must be successful if Southwestern is to remain open the rest of the current semester.

The Executive Committee consists of W. P. Armstrong, E. W. Ford, Helm Bruce, E. J. Meeman, C. N. Burch, W. R. Herstein, J. A. Fowler, Moore Moore, E. B. LeMaster, I. H. Tutwiler, Chas. O. Lee, W. C. Johnson, F. N. Fisher, Dabney H. Crump, W. B. Fowler, R. E. Logsdon, Watkins Overton, E. R. Barrow, C. W. Butler, Thos. W. Vinton, Frank S. Bragg, Chas. E. Diehl, Percy W. Toombs, George Morris and S. W. Farnsworth.

### K. D.'s Give Tea In Honor of Patroness

The active members and the alumnae of the Kappa Delta Sorority will entertain with a tea Saturday from 4 to 6 in the lodge on the campus in honor of their new patroness, Mrs. Frank Sturm.

The house will be attractively decorated in the sorority colors, green and white, with a center piece of white roses on the tea table.

The officers of the Mother's Club have been invited to attend. Mrs. William Flautt will preside over the tea table and Dixie Mae Jennings is in charge of arrangements.

### Tri Delt Girls Cop Basketball Trophy

The Tri Delta sorority, having defeated the Zeta Tau Alphas in a basketball game Tuesday afternoon by the score of 44-6, hold the record of four victories and no defeats in the inter-sorority tournament. By virtue of winning this year's series of basketball games, the Tri Delt will retain the basketball trophy, also won by them last year. Captained by Lyle Stanage, this sorority boasted enough good players for two separate teams, and met stiff competition only once, when the Chi Omega team missed a tie score by three points.

### APRIL JUBILEE HISTORIC FETE

Carnival Swings Into Its Fourth Year

This year's Carnival monarchs, Clough Eaton and Katy Reid, are the fourth pair to be thus honored with the royal power. Billy Hughes and Charlotte Bruce (Frazer) were the first of the dynasty. They were succeeded by Bob Logan and Meredith Davis. Meredith was elected again the next year and shared the throne last year with Harry Walton.

The April Fool's Carnival has been for four years the student body's annual fun festival. The first one was held in 1928. The original idea was that the carnival should come as a climax to a week of festivities in which every student should take part. To assure the participation of everyone there were to be all sorts of contests from debates, competitive one act plays, and sports, to chess and checker games and even yodeling contests if necessary. Dr. Kelso, who was one of the sponsors of the movement, said that its purpose was to provide a sort of miniature Olympic games to help foster school spirit and afford each student an opportunity for some active part in extra-curricular activities. It was to be a source of interest and enthusiasm.

The first celebration carried out this program. It began on Sunday afternoon with an especially impressive vespers service planned by the Y. M. C. A. and Y. W. C. A. cabinets. On Monday afternoon there were tennis matches, and Monday night a one-act play was presented. The play was followed by a debate on an ever debatable subject—Resolved: "That Women Should Stay Out of Politics." The third day of the Fete was marked by the Y. M. C. A. gridiron dinner. There was a baseball game on Wednesday afternoon and that night came the grand finale, the Masquerade.

The last is all that remains of the original plan. The Carnival is now a one-night affair with a "king" and "queen" and all the usual trappings. There are costumes, and sideshows, and stunts. There is merry music, peanuts, popcorn, and pink lemonade. And clowns—"Pee-Wee" Hines and June Davidson were last year's Paglaccios. A tug of war between freshmen and sophomores is a standing feature. Various innovations are to be introduced this year which promise a good time for all.

### Prof. McLean Talks For Sunday Group

Professor McLean will give the talk originally planned for last week when the Southwestern Bible Class meets at 9 o'clock, Sunday, in Room 101, Palmer Hall. Professor McLean was, on account of illness, unfortunately prevented from speaking last Sunday, but will talk on "The Negro Problem" when the class meets again this Sunday. All students are invited.

KAMPUS KRAX

Matheson—Thankful! What have I to be thankful for? I can't pay my bills!

Champlin—Then, man alive, be thankful you are not one of your creditors.

Goldsmith—Say, if your father saved a dollar a week for four weeks what would he have then?

Steifel—A phonograph, a new suit, a refrigerator, and a set of furniture.

"Are you really content to spend your life walking the country begging?" asked the old lady.

"No, lady, I baint," answered the bobo, "many's a time that I wished I had a car."

Mrs. Atkinson—I say, dear, those seeds you've planted are biennials—they don't bloom until next year.

The Prof.—Oh, it's all right. They're last year's seeds.

TRAMP—PLEASE, MISTER, I AIN'T HAD A SQUARE MEAL FOR THREE DAYS.

OLIVER—HERE'S A DIME, GO AND BUY SOME BOUILLON CUBES.

Durham—Could you lend me a dollar for a month, old girl?

Richmond—What the heck does a month-old-girl want with a dollar?

Turner—Wise men hesitate; fools are certain.

Sherman—Are you sure?

Turner—I'm certain.

"Mose, you're the limit," said the boss, "you're always broke. What would you do if you had all the money in the world?"

"Well, suh," replied Mose, studiously, "de fust thing Ah'd do would pay all my debts as fah as it'd go."

"Have you ever been divorced before?" asked the lawyer.

"Say, baby," ejaculated the fair client. "I can't even remember which one of my husbands it was that snored."

"WHY IS IT THAT RED-HEADED WOMEN ALWAYS MARRY MEEK MEN?"

"THEY DON'T. THEY JUST GET THAT WAY."

"We ought to have named that boy 'Flannel'."

"Why should we have named him 'Flannel'?"

"Because he shrinks from washing."

"I always enjoy the rest hour after dinner."

"How come? You don't sleep."

"Naw, but those in the room above do."

IF YOU CAN'T LAUGH AT THE JOKES OF THIS AGE, YOU CAN AT LEAST LAUGH AT THE AGE OF THESE JOKES.

"If a father gave nineteen cents to one son, and six cents to the other, what time would it be?"

"A quarter to two."

Magistrate (to prisoner)—How big was the brick you threw? Was it as big as my head?

Prisoner—Yes, your honor, but not so thick.

Johnny was in the habit of swearing mildly when anything happened that did not please him. One day the minister heard him and he said: "Johnny, don't you know it's wrong to swear? Why, every time I hear you swear, a cold chill runs down my back."

"Gee," said Johnny, "if you'd been at my house the other day when my dad caught his nose in the clothes wringer, you'd have froze to death."

Tom Jones says that he is having an awful time with the cows lately. One of them wants to go to Hollywood—she's in love with Bull Montana.

First Geezer—I say, Pollux, how are you taking your money on the cruise—Travelers' Checks?

Second Geezer—Naw, postage stamps.

Dr. Johnson—What is harmony?

St. Nick—Harmony? Why, a freckled-faced girl in a polkadot dress leading a giraffe is harmony.

CAMPUS FLOWERS

At this time of the year when the results of Mrs. Diehl's work in beautifying the campus can well be seen in the beds of flowers, bulbs, and shrubs, students should especially refrain from tearing down in a short while work that has taken over two years to build up.

It is encouraging to note that every year fewer students pluck the blossoms. Campus opinion is forming against the selfish student who sacrifices the common good for his personal desire.

Give Mrs. Diehl half a chance and she will make the campus even more famous for its beauty.

SUPPORT THE 13 CLUB

After a fall and winter of inactivity as far as attending Saturday night dances where a clean crowd is assured, the students of Southwestern and the better element of the high schools have been given the opportunity of attending a dance every Saturday night at the Hotel DeVoy, due to the recent rejuvenation of the "13 Club," a city wide Panhellenic Council composed of representatives from nearly every prominent fraternity in Memphis.

The re-organization of the 13 Club is the best thing that could have happened to social affairs among the younger people of Memphis. Whereas up till the dance last Saturday at the DeVoy the students were scattered all over town, now they are concentrated at one place, a place that is strongly enough backed by public opinion of the city wide Panhellenic Council to absolutely bar drinking or rowdy behavior.

The "13 Club" is not a profit making organization. The little money that it clears on dances is to be used for the benefit of all the Memphis students and not for just the officers of the club.

Backed by the city wide Panhellenic, the "13 Club" Dance at the DeVoy every Saturday night is a healthy solution to the social problem of what to do on Saturday night.

Noted Doctor Urges Higher Education

Cleveland, O.—(IP)—Education that does not help one find his best talents and develop them is a poor brand of education, according to Dr. A. Caswell Ellis, director of Cleveland College.

"Humanity," he said recently, "is controlled by instinct plus those higher aspirations which make for justice, righteousness, helpfulness, moral living and religion.

"One of the basic objects of early education is to help the child get his lower appetites and passions under control of the will.

"Talents are born in us but they are not ready made. They have to be developed. Education which does not help you find and develop your best talents is not good education.

"Education must help one adjust himself to his environment. Adjusting to the physical environment is relatively simple. Adjusting to the

Claims Depression Benefits the Race

Montreal—(IP)—Economic depressions such as the world is now experiencing are necessary for the progress of civilization, Prof. E. G. Conklin, head of the biology department at Princeton University, said here in a lecture.

"Some of the weaker, according to the law of nature, will naturally die under stress of the times," he declared. "Others will not propagate their kind. The strong and hardy will survive and reproduce, and thus the human race will be strengthened."

Commits Suicide

Fayetteville, Ark.—(IP)—Because his girl friend went home from a party with another man, Roland Benjamin Schaefer, 25, of Milwaukee, instructor in English and German at the University of Arkansas, shot and killed himself here New Year's Eve.

Schaefer had secured his master's human environment presents the hardest problem of education."

SUE TO LOU

Dear Lou:

My life has been so absorbed in going here and there lately, I'll have to write you all about it. Conceited mug, you murmur, but you must admit you ask for and that there's nobody like me for telling all she knows.

The Thirteen Club dance was a huge success. Scores of Southwesterners were there, Kate Cleveland, Peggy Walker, Minnie Lockhart, Mary Abbay, all having a whirl, and numerous gallants in the persons of Bearden, Ross, Womble, Drake et cetera on and on.

Then there's the matter of the Leap Year party. I wouldn't attempt to say who had the biggest rush, but they were all so popular that to take more than three steps with one was to be stuck.

There's nothing like balmy spring air, an open drive way and pretty flowers for reviving campus life that's been hibernating so long.

As ever yours, Sue.

Dr. Lackey—What is a caterpillar? Tate—An upholstered worm.

Eat With "Chicken" High in the LYNX LAIR Economical Convenient Healthful

### Dartmouth Honors Olympic Champion

Hanover, N. H.—(IP)—For the first time in the history of the college Dartmouth students turned out to heap honors on an individual instead of an athletic team. The recipient was Jack Shea, sophomore, who won the 500 and 1,500 meter Olympic speed skating titles at Lake Placid.

Although it was too cold for band members to play, 500 undergraduates braved a stiff winter wind to greet the skater as he arrived in town.

"I'll cherish the memory of this reception," Shea said, "as one of the greatest things that has ever happened to me."

The sophomore champion plans to continue his training in Hanover on Dartmouth's skating pond. He has declined a trip to Norway.

### KNIGHT PICKED FOR ALL-DIXIE

#### Lynx Center Wins Place Among Wicker Stars

Although competing in only one game of the tournament, Zeke "Sheriff" Knight was selected as center on the All-Dixie team by a committee of ten coaches and officials. Knight received six votes for the position.

Foster of Howard was the only unanimous choice of the voting, receiving the vote of the entire committee for the forward post. Davis of Millsaps was chosen as the other forward position. Reno of Mississippi College and Haley of Chattanooga were selected as guards on the mythical five.

Southwestern was defeated in the Dixie tournament in the first round of play by Mississippi College, 33 to 29. The defeat is attributed to the fact that Knight was removed from the game with a few minutes to play, and from that time on the Choctaws began gaining ground and finally won the game.

Chattanooga and Howard played in the final game with Chattanooga nosing out their opponents, 40-39, to be declared the first champions of the Dixie Athletic Conference.

### Volley Ball Teams Start Ball Rolling

Beginning March 16 and extending through March 28, the girls' intramural and inter-sorority volley ball tournaments will take place simultaneously. Miss Louise Strattmann, women's athletic director, announces that those girls wishing to participate in these tournaments must have attended at least four of the nine preliminary practices. Practice will start at four o'clock on March 3 and will continue until March 15.

### I'm The Gink

I'm the critical Gink who rares back and sits in judgment on my fellow students. Regardless of what comes up I have my own private discouraging remark to make. I dote on poisoning the minds of energetic people.

I get in activities for the advertisement they give me but I sure manage to wriggle out of any responsibilities. I'm considered a "big shot" by the guys who don't know me for the lazy loafer I really am.

Daily I sit in the seat of the scornful. I love to mock all idealism. I like to think I'm darned practical. These guys with ideas drive me nuts.

You'll know me for the Gink I am by the scornful, pettily critical remark I drop to you as I chat in oily fashion. Look for me and find—the Gink.

### FOOTBALL BOYS HIT THAT LINE EACH WEEK

#### Put On Regulation Game At Fargason

#### CHOOSE UP SIDES

#### Team Rounds Into Shape For Next Fall

A game between the Reds and Blacks is carded for tomorrow afternoon on Fargason Field. The spring footballers are weekly displaying their wares to the football public who must have their football the year round.

Spring football has progressed by leaps and bounds, and it is no longer a diamond in the rough. The boys are taking the work seriously and well it is that they are. Next week, the basketball men who are also gridiron luminaries, are to take the field and the new addition will no doubt make the daily scrimmages and weekly battles more interesting than ever.

The squad now numbers close to 35 candidates who are daily being put through the paces by Coaches Jimmy Haygood and John Miller. The coaches are well pleased with the way the team is responding to treatment, and it looks like something of real value is being accomplished in the way of next fall's work.

At the present writing it seems that the scramble for varsity positions in the forward wall is going to develop into a real battle. With a goodly number of last year's veterans returning and a host of frosh men coming up, the battle will be nothing short of royal.

A wealth of backfield material is in evidence out at Fargason Field and the Lynx will no doubt have one of their strongest backfields in the college's history next fall. A couple of frosh backs, however, are making things hot for the varsity men of last year and no one is assured of a starting position in either the backfield or line until he proves himself fully capable of deserving it.

### Young Prof. Killed by Great Avalanche

Longmire, Wash.—(IP)—The body of youthful Prof. Richard Pearce, of the University of Washington, who was caught under an avalanche of snow in Ranier National Park, was found by rescue parties which dug into tons of snow left by the avalanche.

Prof. Pearce's skin had become entangled in a small tree as he was running away from the slide. Charles McDonald, a senior at the University of Washington, was also caught in the slide, but struggled free after being knocked down. He rushed on to Paradise Inn to notify park officials while the other of the group of five dug for the professor.

#### Find Instructor

Havre De Grace, Md.—(IP)—Ira Foulton Catlin, student instructor at Johns Hopkins University, 30 years old, was found last week, three weeks after he had disappeared, wandering in the hills about Conowingo Dam, with his feet frozen and his mind apparently a blank.

He told police that he had been sleeping in the woods. He did not remember his name, nor did he know how long he had been in the woods. Edward W. Berry, dean of the College of Arts and Sciences, said the instructor was subject to melancholy spells.

#### Former Southwestern Student At Orpheum

Dorothy Jordan, native of Clarksville, Tenn., and former student of Southwestern, has one of the prominent roles in "The Lost Squadron," attraction beginning Monday for a week's showing at the RKO Orpheum theater.

Miss Jordan is dubbed "The Pest," in this thrilling "inside" story of how aviation thrill movies are made in Hollywood. Richard Dix has the male lead in this intimate story of movie-makers, filming a thrilling air drama in which 50 planes are flown, power-dived and wrecked by the cinema's leading stunt fliers. Others in the cast are Mary Astor, Robert Armstrong, Joel McCrea, Hugh Herbert and Eric von Stroheim, who is cast the thrill crazed movie director.

### St. Francis College Outlaws Athletics

Loretto, Pa.—(IP)—They are going to find out at St. Francis College here if athletics are essential to a college.

Beginning with the college year 1932-33 next September, all intercollegiate athletics will be suspended at St. Francis.

The action was taken by the board of trustees and announced by Father John P. Sullivan, rector of the college.

"The decision," he said, "was reached partly because of economic reasons and due to a desire on the part of St. Francis to experiment on the idea of whether athletics are essential for a large student body."

The athletic staff members have been notified that their services will not be required for one year. This year's baseball schedule will be played out as usual, but the 1932 football schedule has been cancelled.

#### Freezes Brass Horns

Albany, N. Y.—(IP)—Folk who think all winters, not only this one, are milder in these parts, simply have the wrong kind of memories, according to Gustave S. Lindgren of the United States Weather bureau here.

He considers this winter an exception, but he asserts that over a long period records show no climatic change.

"When I went to college," he says, "the daily task of breaking the ice in the water pitcher to wash sent chills down the spine. That was enough to make the weather seem cold the rest of the day. Now we have warmer houses, better clothing and food, and are more athletic and are not so aware of the cold."

#### Pick Student Congress

Development of informal national leaders among the country's youth is the purpose of "The United States Society," just formed. Calvin Coolidge, Elihu Root, Newton D. Baker, Owen D. Young and John Grier Hibbin, president of Princeton University, are heads of the organization, which will pick prominent college students to form a model Congress each year in Washington.

Uncle Sam has proved to be the champion goat of all time.—Senator Howell of Nebraska.

### BLACKS DEFEAT REDS IN GAME

#### Push Over Winning Point In Final Period

The Blacks of the Lynx gridiron warriors showed the Reds how the ancient game was played last Saturday and dealt them out a 7 to 6 defeat. Before quite a large crowd, Red McLarty plunged over for the winning point and thus the story ended.

The Reds were the first to score. They pushed over a score in the third period, when Bill Pickens, after taking a 10 yard pass from Womble, dashed some 50 yards to count.

The Blacks scored in the last period when they got a pass called complete for interference near their goal line. A few plays later they had won the game.

The game went off with remarkable smoothness, considering the fact that it has been some months since the boys engaged in the royal game. The red line, led by Gordon Fox and Fred Bearden, showed quite some prowess. The teams were run by John Miller and he was the man responsible for the game. He promises even a better game next week.

Line-up:  
Blacks (7) Pos. Reds (6)  
Forman L.E. McCormick  
West L.T. Carter  
Haygood L.G. Fox  
Givens C. Lloyd  
L. McCollum R.G. Bearden  
C. McCollum R.T. Crosby  
Wilson R.E. Barnes  
McLarty Q.B. Baker  
McRee L.H. Womble  
Wells R.H. Kelly  
Elder F.B. Pickens

Black scoring: Touchdown, McLarty; point after touchdown, McLarty (buck).

Red scoring: Touchdown, Pickens. Referee, Butch Love; umpire, Billy Ellis; head linesman, Herbert Newton; field judge, Harold High.

Black subs, Durant, Cloar, Kidd, Red subs, Fortenberry, Moore, Edington, Brown.

### Plan Powerful Grid Team for Wisconsin

Madison, Wis.—(IP)—Whatever college educators think about the importance of football, the Wisconsin legislature thinks the University of Wisconsin ought to have the best teams in the country, and has said so with no small voice.

Two reforms have been suggested by the legislature. They are:

1. Employment of the best athletic coaches the university is able to hire.
2. An entirely new athletic council.

Despite the fact that the state assembly adopted a resolution asking the university's board of regents to refuse George Little's resignation as athletic director, the board did accept the resignation along with that of Glenn Thistlewaite, head football coach, and approved the appointment of Irwin Uteritz, former Michigan football star, as director of athletics. Little was offered the position of director of intramural athletics.

"Well, we must give Meeks credit for getting Miriam that engagement ring."

"Oh, no, we needn't, the jeweler's given him credit for that."

### SIG ALPHA MEN TO CONVENTION

Jones, Bunting and Joyner Drive to Jackson

Paul Jones, Dick Bunting, and Ernest Joyner will attend the biennial convention of Province Iota of Sigma Alpha Epsilon at Jackson, Tenn., on Monday and Tuesday, March 7-8. The delegates from the local chapter will leave Memphis Monday morning in company with Gilbert Wilson, Jr., Memphian, who is president of the Province and of the local alumni group. They will return on Wednesday morning, March 9, for the annual Founder's Day banquet to be held at the Memphis Country Club and for initiation, which will be held on the campus Wednesday afternoon. The province is composed of eleven colleges and universities in Kentucky and Tennessee.

### This Is The Life

Dr. William J. O'Shea, superintendent of New York City schools, has issued instructions that teachers are not to give pupils monotonous home work, and to make pupils do monotonous work as a penalty for misbehavior. These practices, he said, lead to disinterest in education on the part of the children.

### Doc Lackey Fills New Role

Dr. James B. Lackey, locally eminent biologist, has added another activity to his list. He is now Chairman of the Southwestern Seniors' Unemployment Relief Agency, having won that title by virtue of his recent effort to classify and place all seniors who are contemplating work in the future.

Questionnaires prying into heredity and environment and previous condition of servitude have been passed out to the bidders for sheepskins.

With the stamp of Southwestern upon one's brow the social worker Lackey maintains that chances for a good job (there are no positions any longer) are materially increased.

### Amherst Has Civil War

Amherst is divided against itself in the new Congress. Both Henry T. Rainey of Illinois, Democratic floor leader, and Bertrand Snell of New York, Republican whip, are graduates of that college. Rainey was graduated in 1883 and Snell in 1894.

### Noted Author Links Genius to Insanity

New York—(IP)—Of all the geniuses of history, few have been mentally healthy, according to W. Lange-Eichbaum, German author, who has written "The Problem of Genius," recently published by Macmillan.

In almost every instance, he says, recognized genius has been coupled with insanity. Asserting that among modern peoples a reverence for genius has often become a substitute for dogmatic religions of the past, the author went on to point out that genius has become a goal toward which every one is supposed to be working.

Yet, he said, genius cannot be considered "the foreshadowing of the higher evolution of our race," but rather as something which may foreshadow "the ultimate extinction of our race."

Among the few geniuses whom he believes to have been mentally healthy, Lange-Eichbaum names Titian, Raphael, Andrea del Sarto, Rubens, Verdi, Durer and Leighton.

"The following," he says, "died of general paralysis of the insane: Beaudelaire, Donizetti, Lenau, Leuthold, Jules Goncourt, Makart, Hugo, Wolff and Lautensack. The following were affected with schizophrenia when they died: Tasso, Newton, Lenz, Holderlin and Panizza.

### MUSIC LOVERS PLAN PROGRAM

Group Will Meet Sunday In Auditorium

Music of the Modern Period will be studied when the Southwestern Music Club has its next meeting, at 3 o'clock, Sunday, in the Hardie Auditorium. As this period is of such wide scope it has been decided to deal with the contemporary composers in a program to be held the first Sunday in April. The program for the coming Sunday is unusually varied; and it also includes the names of several soloists as yet unheard this year. The program follows.

- Gounod: Andante Religioso Prof. E. G. Haden
- Wagner: Mein Holder Abendstern Dr. R. Pond
- Lassen: Crescendo William Bensberg
- Grieg: Erotikon Virginia Richmond
- Volegein Virginia Richmond
- Saint-Saens: Le Cygne Tom Kinzer
- Bohm: Calm as the Night, Robt. L. Sanders
- Tschaikowsky: Andante Cantabile Rodney Baine
- Albeniz:

### Stop Shows Because Little Profit Made

Due to inability to clear an appreciable profit in the running of a series of motion picture shows in the Southwestern auditorium each Saturday night these shows have been discontinued. There will be no show Saturday night.

### Frenchman Surprised

Winter Park, Fla.—(IP)—An agreeable surprise awaited Bernard Tenille of France when he arrived to take up his studies at Rollins College here.

Before leaving home, he was told by his friends that he would need stilts if he ever wanted to dance with an American girl. He thought they would all be so tall he'd have to stand on a chair to—well to say goodnight.

- Tango in D Nell Sanders
- Thru the MacDowell Colony Nell Sanders
- MacDowell: Polonaise Nell Sanders
- Novelette Louis Nicholas
- To a Wild Rose String Quartette
- Alita String Quartette
- Those who compose the latter are Sarah Elizabeth Gemmill, Minnie Byrd Lockhart, Claude Capers, and Rodney Baine, incidentally all freshmen. The accompanist is Louis Nicholas.

# "I'd hate to be called an Outdoor Girl!"

© 1932, LIGGETT & MYERS TOBACCO CO.

THAT usually means a girl's a total loss in a tete-a-tete . . . and takes up 'nature' as a last resort! But I must confess a liking for hills and forest trees . . . and all genuine natural things.

"I like the simple sincerity of Chesterfield's advertising. Have you noticed it? There's no extravagance in the claims. Just everyday facts about the fine tobaccos they select and the painstaking way they develop the flavor and aroma.

"I've never smoked a milder cigarette! And I never tire of the flavor . . . a fine natural tobacco taste. They burn evenly, too. Either they're rolled more carefully... or the paper's better. I feel the greatest confidence in Chesterfields. They satisfy me!"

● Listen in... Hear Chesterfield's Radio Program. Nat Shilkret and his brilliant orchestra. Every night, except Sunday... Columbia Broadcasting System... 10:30 E. S. T. Music that satisfies!

THEY'RE Milder • • THEY'RE Pure • • THEY TASTE BETTER • • They Satisfy
