

## LEE, BAREFIELD PIERCE, DUNLAP IN ROYAL COURT

Two Couples Still Remain  
Unannounced

## CARNIVAL APRIL 4TH

Royal Couple To Be Known  
April 3rd

Richard Dunlap and Norma Lee, Dorsey Barefield and Elizabeth Pierce are the third and fourth couples of the annual April Fool Carnival Court. Next week the Sou'wester will announce the remaining attendants to the royal couple, whose announcement will be made on April 3. The following day the king and queen of the Southwestern Carnival Court will be crowned.

Rehearsals for the program on April 4 are still being held nightly in Hardie Auditorium, but the nature of the program will be kept secret until after the coronation ceremony.

Barefield, senior from Chattanooga, Tenn., is vice president of the Student Body, former president of Kappa Sigma, varsity football and basketball player, and is a member of the tennis squad.

Elizabeth Pierce, Memphis senior, is a former president of Chi Omega sorority, winner in last year's popularity contest, and a runner-up in this year's popularity poll.

Richard Dunlap is president of the Pan-hellenic Council, member of the Stylus Club, Omicron Delta Kappa, former president of Alpha Tau Omega, and is Tennessee inter-collegiate singles champion in tennis.

Norma Lee is a member of the Publication Board and of the Honor Council.

## CULTURE TEST HELD IN APRIL

### Fifth Annual Nation-wide Program

Southwestern will participate again this year in the college testing program sponsored by the American Council of Education. English Usage, Literary Acquaintance, and General Culture tests will be given to all Sophomores during the program which will be conducted early in April.

This is the fifth annual nation-wide testing program planned by the American Council on Education. Southwestern has taken part every year. More than 125 colleges and 12,000 students have participated, and Southwestern has always been well above the national average on these tests. Dr. W. R. Atkinson will be in charge again this year.

## CHI OMEGA ELECTS WARDEN PRESIDENT

Nancy Warden was elected president of Chi Omega sorority at a recent meeting of the group. Other officers named were: Ellanor Hooker, vice-president; Virginia Buchman, secretary; Betty Wells, treasurer; Betty Hunt, pledge captain; Harriet Pond, Herald; Rose Lynn Barnard, chapter correspondent.

Josephine Ingram was selected as rush captain. Other officers are: Jane Leavell, personnel chairman; Floy White, chairman of education; Georgiana Awsumb, social service chairman; Ann Maury, vocations chairman.

## TRI DELT ALUMS SPONSOR BRIDGE

Alliance members of the Delta Delta Delta sorority will entertain with a benefit bridge party Saturday afternoon, March 21, at the Colonial Country Club. Arrangements for the party are in charge of Barbara Reis, a former president of the Tri-Delta sorority at the University of Tennessee.

As a feature of entertainment there will be a fashion show in which Ethel Taylor, Mollie McCord, Lucy Jane Connell, Mildred Poindexter, Josephine Kinzy, and Marjorie DeVall will model new spring styles. A number of attendance prizes will be awarded as well as table prizes. Tickets may be secured from Ethel Taylor.

**Report Period**  
Reports for the first period in the second semester will be mailed out on the 24th of March.

## SPRING ALUMNI ISSUE APPEARS

### Dr. Baine Inaugurates New Processes

Featuring a new printing process in the reproduction of class letters and pictures throughout, the third issue of this year's Southwestern Alumni Magazine was received on the campus Tuesday. Dr. Ogden Baine is editor of the magazine.

Through a new process, the letters from the class correspondents were reproduced as they came from the writers. Regular correspondence is carried on by classes from 1882 thru 1935. These letters feature news of class members. Another feature of the magazine is the added space given to student and campus activities and organizations. More student pictures were used.

A special issue of the quarterly magazine will come out at Commencement time. In this issue particular interest will be given the students on the campus. Dr. Baine says that any ideas or contributions by the students toward this issue will be appreciated. He especially desires pictures. He also offers to show the new magazine to any students desiring to see it. However, he does not have any copies available to give out.

In the current issue there are articles on the expansion of the music department, the basketball season which has recently closed, and on the Southwestern Junior Camp. Professor Wenger has contributed an article on Dr. Watson; and a member of the class of '31, Dr. John W. Flowers, member of the department of Electrical Engineering at Columbia University, contributed an article on recent advances in radio communication.

The Southwestern Alumni Magazine is a member of the American Alumni Council, is published four times during the college year, and is concerned wholly with the affairs of the college and its alumni.

## SAE ANNOUNCES INITIATION OF 12

Sigma Alpha Epsilon announced the initiation of twelve men last night. They are:

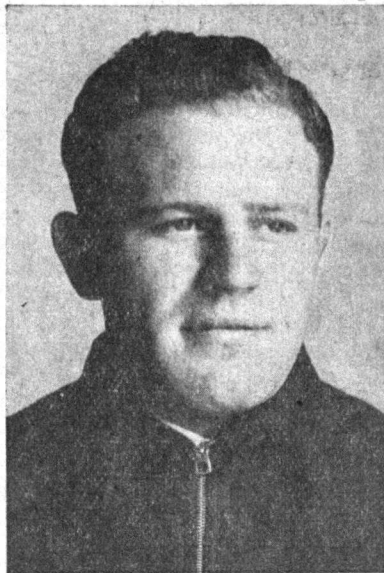

Ward Archer, Frank Campbell, Billy Hasselle, Tom Hooker, Robert Humphrey, Irvin Matthews, Robert Montgomery, Joe Patten, Shepherd Tate, William Tyson, Waddy West, and Tom White.

## "WUN LUNG" DANCE STAGED TONIGHT

A "Wun Lung" dance party will be held tonight at the Colonnade under the direction of Billy Joy.

Featuring the occasion will be the giving of prizes in connection with a Chinese laundry set up at one end of the ballroom. All Southwestern students are invited to attend.

## RESIGNS

John A. Miller, assistant coach here for five years, resigned Tuesday in favor of a business position.

## PRESS GROUP TO OPEN APRIL 24

### Lynx Sponsors 2 Day Press Association

The Mississippi Valley High School Press Association will meet at Southwestern on April 24 and 25. Letters will be sent to the editors of all high school papers in Alabama, Mississippi, Arkansas, and Tennessee, inviting them to be the guests of the college.

There will be competitions to determine the best newspaper in each class, the separate papers, those printed in local newspapers, the weeklies, and monthlies.

Thomas Fuller is chairman of local arrangements.

## REHEARSING APRIL PLAY

### Clear Directs Practice In Secrecy

Rehearsals for the April Fool's Carnival dramatic offering have begun under the direction of Carroll Clear, 1934 Southwestern graduate. The play, whose title and subject are being kept a secret, is one of Clear's typically roof-raising comedies.

Leads are being capably handled by Hi Lumpkin, Ralf Brown, Warren Prewitt, Thayer Houts, and Randall MacInnes, while Norman Shapiro, Doris Bowden, Clough Eaton, Marion Keisker, and Frank Fiedlerling offer capable support. The affair promises to be one of the most entertaining ever presented during the history of the Carnival.

### EPISCOPALS MEET

The general meeting of the four units of the Memphis Episcopal Student Club was postponed until next Tuesday, March 24, on which day it will be held at the Sigma Alpha Epsilon lodge at 7:30 p.m.

## Pre-Depression "Motah" Takes Life From Thoughts Of Its Palmy Past

Twelve-year Old Packard Almost Human To Professor Tuthill  
And Still Makes 75

By JOE P. STUART

Professor Burnett C. Tuthill is proud of his 1924 Packard. Not only because of its ancestry, and it has one, but because of its serviceability.

As the professor of Southwestern's band and choir drove his tan twelve-year-old touring car, he talked freely about how he obtained it and what it had done for him.

Back in 1924 the car belong to Irving Chase, president of the Ingersoll Watch Co. and Chase Brass and Copper Co. in Waterbury, Conn. Five or six years later he gave it to his son-in-law, Charles P. Taft, II, son of ex-president Taft.

He drove it around Cincinnati and up in Canada until last spring when his father in law gave him another

Packard. But a problem arose. How was Mr. I. Chase to get the car from Waterbury to Cincinnati. The professor volunteered his services. He delivered the car to Charles P. II, thru blizzard and rainstorms and Charles P. gave him the old one for a present. The car is now used as a truck by the red and black clad band.

The car is still in remarkable condition. A clock on the dash board still runs and keeps good time. "And it'll still make 75", proudly claims its owner.

It's been on a trip all the way to the National Music Camp in Minnesota where Professor Tuthill teaches music in the summer.

"The car is almost human," the owner says. "It's always hungry and thirsty (for gas, water and oil.)"

### High Speaks

Coach "Chicken" High will speak to the Men's Bible Class Sunday night at 6:30 o'clock in the Calvin Hall social room.

## DELTAS' DANCE SATURDAY NIGHT

### Sorority Party In Lodge Begins At 8:30

Delta Delta Delta will entertain tomorrow night with a dance in the sorority lodge from 8:30 till 12. Music will be furnished by Fay Anderson and Orchestra. Refreshments will be served during intermission.

Block bids have been extended to all the campus fraternities, and all non-fraternity men are cordially invited.

Members and their dates who will attend are:

Ethel Taylor, president, with Fred Dabolt; Adele Bigelow, vice-president, with Joe Hill; Dorothy Jackson, secretary, with MacMath Givens; Kate Guillani, treasurer, with escort; Mollie McCord with Henry Nall; Bernadine Taylor with Val Huber; Doris Bowden with Roland Hazlewood; Cornelia Crinkley with John Farley; Josephine Kinzy with P. S. Weaver; Mary Catherine McGuire with Linden Wright; Lucy Jane Connell with Frank Fiedlerling; Marjorie DeVall with Sam Mays; Mildred Poindexter with Clark McDonald; Dorothy Walker with Hi Lumpkin; Betty Jones with Tommy Fuller; Frances Weaver with Shelton Henderson; Virginia Alexander with Dick Buchanan; Mary McCollum, Julia Black, Helen Acroyd, Charlotte Drake, and Frances Gladney with escorts.

Chaperones invited are: Mr. and Mrs. William Byrd, Mr. and Mrs. Allen Tate, and Dr. and Mrs. John Henry Davis.

Campus representatives and their escorts include: Marjorie Jennings, AOPJ, with Fontaine Johnson; Aubrey Crowe, Zeta Tau Alpha, with escort; Elizabeth Railford, Kappa Delta, with escort; Susie Ellen Knowlton, Chi Omega, with Lauren Watson.

### KELSO RETURNS

After missing several days because of influenza, Professor A. P. Kelso returned Tuesday to continue his classes.

## SEEK EFFICIENT USE OF LIBRARY

### Student Viewpoints Asked By Librarian

Under the direction of Miss Mary Marsh, the Southwestern library is conducting a survey to determine whether the students are getting the most possible good out of the library.

The survey will not be used for any material use but will help the librarian and her assistants find out what can be done to improve the library conditions.

Some of the questions are:

What is the reason for coming to the library? Does the student feel perfectly free to ask the librarian for aid? Did you obtain the material you were seeking? Have you any suggestions for improvement of the service and general conditions of the library?

## YALE WILL DEBATE LYNX TEAM HERE

Yale University will be in Memphis to meet Southwestern in debate on the 30th or 31st of March in Hardie Auditorium, announced Professor Siefkin Wednesday.

Professor Siefkin received a letter from the faculty member in charge of debates at Yale saying that two men from their team would debate Southwestern on the question, "Resolved, That President Roosevelt Should Be Re-elected."

### LIBRARY STUDENT

Miss Dorothy Watson, student at Peabody Library College, has been studying library work in the Southwestern library since last Monday and will remain here until the 27th.

## DR. BAKER NAMED REELFOOT BIOLOGIST

By NORMAN SHAPIRO  
Announcement is made this week of the Tennessee Academy of Science scholarships which are granted for one season to representatives of schools and colleges for research work to be done at Reelfoot Lake Biological Station. The scholarships are of three types:

- (1) those granted to applicants officially nominated by colleges or universities;
- (2) those granted to applicants with research experience and satisfactory credentials;
- (3) those granted to advanced investigators.

Dr. C. L. Baker, who has been named resident biologist and associate director of the station, states that the facilities at the station are exceptionally good for this type of research.

The station was founded in 1931, and was opened for work during July, 1932. It consists of ten acres of land adjacent to Reelfoot Lake belonging to the Tennessee General Assembly. The Biological Sta-

tion is located on the northern side of the lake about twenty miles from Union City. There are five laboratories fully equipped with laboratory furniture, electric current, gas, etc. The station has proved to

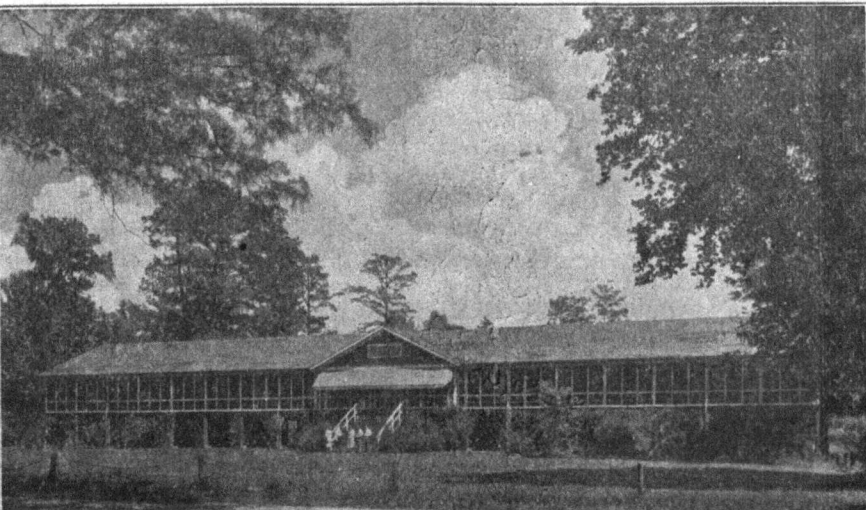

be very popular with both Southern and Northern investigators since its completion. The abundance of migratory birds, game fish, frogs, salamanders, insects and other animals furnish ample materials for

special problems in breeding habits, taxonomy, aquatic nutrition, and parasitology.

Provisions for the publication of manuscripts prepared from the results of the investigations made at the camp have been made with the editor of the *Journal of the Tennessee Academy of Science*.

Dr. Baker, who has received degrees from Emory and from Columbia Universities, has had a great deal of experience in this type of research. For the past several years he has headed expeditions to Florida and the Keys to secure materials for the Southwestern collection of marine fauna and flora. From the last expedition, during the Christmas holidays of 1935, he returned with one of the most complete collections of coral in the Mid-South. The mounting and cataloging of this material is progressing rapidly, and the collection will soon be ready for display.

It is possible that several Southwestern students will visit the station in the late spring for research purposes.

Walnut Log Lodge, owned and operated by the Tennessee Academy of Science, will be the home of all resident biologists for the summer research session beginning in July, announced Dr. Baker.

## LYNX AND OLE MISS CO-HOSTS TO CONVENTION

### Regional NSFA And SCPA To Meet Here

### JOHNSON CHAIRMAN

### Lyle Bates President Of The Convention

The Southern and Southeastern Division of the National Student Federation of America and the Southern Collegiate Press Association will hold their Regional convention in Memphis at the Peabody on April the 16, 17 and 18. Southwestern and the University of Mississippi will be co-hosts.

Curtis Johnson is chairman of all convention arrangements, and Lyle Bates, president of the student body at the University of Mississippi, is president of the convention. He was at Southwestern Wednesday with George Neblett, also of Mississippi, to confer with Johnson on plans for the convention.

Letters are being sent out to the delegates and programs are also being arranged.

Among those who will speak at the convention are: Arthur Morgan, head of the TVA, Professor Pipkin, from L.S.U., and Professor Lang, well-known Professor of Philosophy at the University of Alabama.

The convention will be divided into four divisions for the purpose of organizing discussion groups: There will be the presidents of the men's division, the presidents of the women's division; the editors and business managers of college papers, and the editors and business managers of annuals.

The Hotel Peabody has given a \$12.50 rate, including all meals, for the convention delegates, and a convention ball will be given on Friday evening, April 17. The delegates will also visit the Lynx campus.

## CLUB BACKS SPORTS RALLY

### Pep Club Will Take Four New Members

The Southwestern Pep Club is making an effort to secure the cooperation of the student body with respect to attendance at tomorrow's spring football game and the coming track season.

The Pep Club has been idle since the close of the basketball season, but with the return of athletic activity, it expects to go into action again. The present members of the club are: Clark McDonald, Erskine Falls, Steve Frazier, Norman Shapiro, Sam Hill, Bob Leake, Fred Dickson, Waddy West, Earl Mulherin and George Griesback. Four new members are to be taken into the organization in the near future, as the quota consists of a freshman and sophomore from each fraternity and the non-frat group, and at the present time this quota is not filled.

## PAGE PRESIDENT OF KAPPA ALPHA

Alfred Page was elected president of Kappa Alpha fraternity at a recent meeting of the group. Other officers named were: Tate Dawkins, secretary; Fred Dickson, treasurer. Installation of the new officers was held March 15 at Hotel Peabody.

Five new members were initiated at the same meeting. Those receiving the degrees were: Bob Leake and P. S. Weaver, of Tupelo, Miss., and Foster Henry Walker, of Memphis.

## PLAYERS PLANNING TO PRESENT SHOW

A committee of four, composed of Marian Spencer, Randall MacInnes, Ben Lewis, and Prof. Linton met early in the week to discuss plans for the presentation of another play in the near future. As yet a play has not been definitely selected, but several are being read over by the committee.

THE SOU'WESTER'S POLICY.

This is a student publication—by and for them. It pledges itself—to aid in the building of a Greater Southwestern. In matters concerning the college—to uphold the right and fight the wrong without prejudice. To work in harmony with both students and faculty. To be fair and accurate in the interpretation of news.

Dorm Phones—A Useless Experiment

A noble attempt—but a futile one. Top hats shouldn't be worn to picnics; neither should Southwestern dormitories have telephones.

We make this statement as the result of continued misuse of these conveniences by the thoughtless "inmates" of Calvin, Stewart, and Robb Halls, and firmly believe telephones are far too civilized for the type of student now living in these dormitories.

Curtis Johnson, president of the student body, has been asked to aware himself of the fact that the two phones now in use, or better said, in misuse, are costing the college no less than \$7.50 each a month, not counting extra expenses for repairs.

Student Council, because the telephones are thrown down, kicked about and otherwise abused to such a large extent, we think the expense is a waste of money, and should be discontinued at once.

It is true that a very small number of students will be inconvenienced somewhat by this action, but they will have to be victims of unfortunate circumstances brought about by necessarily living with such thoughtless people.

Coach John Miller—An Asset

The resignation of Coach John Miller, assistant grid mentor, was sad news indeed to all those who came in contact with him or had otherwise made his acquaintance

during the several years he was on the staff.

Miller was a hard worker, a good mixer, and stood for the right ideals. The college will miss his services, and we wish him great success in the business world.

A Step In The Right Direction

Sigma Alpha Epsilon, Kappa Alpha, and Pi Kappa Alpha are to be congratulated on action taken recently within their groups in regard to the maintenance of a creditable individual academic rating of members. The ruling adopted requires a passing mark on 75 per cent of courses taken. The penalty for failing to attain this none-too-high standing is suspension until the student meets the requisite.

Such action is only a first step—a weak and faltering one at that—but it is in the right direction.

Academic requirements are woefully lacking when it comes to active fraternity members. The fact that a freshman has to pass twelve hours of work before he is eligible for initiation is soon forgotten once he becomes the wearer of a frat pin. At no time is he threatened with the loss of affiliation privileges even if he does not pass at least three out of four subjects taken. The question of class room prowess is discarded when the necessary initiation fee is once mailed to national headquarters.

The movement begun recently by ODK and the Sou'wester for higher academic standards in all Greek-letter groups fell short within the sanctities of Kappa Sigma, Alpha Tau Omega, and Sigma Nu fraternities. You fraternal organizations are standing in the way of success of one of the most worthwhile campaigns ever carried on here. You are hindering the advancement of the fraternity system.

Reconsider the question of higher academic standards, you groups who still hold back. Don't permit yourselves to be branded the black sheep of your system.

Lynx Alumni Magazine

The current edition of the Southwestern Alumni Magazine is by far the best of its kind to be put out around here in many years, and the editor, Dr. Ogden Baine, deserves a round of applause.

Departing from the old custom of featuring entirely alumni news, Dr. Baine has included notes on contemporary campus affairs, news of college departmental advancements, and an interesting picture section.

The new printing process adds much to the beauty of the type face and permits the photostatic printing of several interesting communications direct from the letter head.

Congratulations, Dr. Baine, for this excellent piece of work.

Note to you who SAY you do not read Winnie Winchel—No less than twenty-one students, upon count, demanded an explanation of the absence of that worthy writer's weekly scribble. Result: we have Winnie with us again on page 3.

"Bonecrusher" Scott announced the other day that he is a candidate for the title of "the ugliest man" to be named at the annual gridiron banquet in May. The early bird usually gets the title.

Collegiate Gleanings—

A permanent national youth program to replace NYA is provided for in a bill now before Congress.

Amherst students will be allowed unlimited cuts in the future.

ELSEWHERE

By MARION COBB

President Roosevelt is the world's most respected and most misunderstood character, according to the recent Templar poll.

The president received 54 votes on the question about the most respected character. The popularity of English rulers was marked. King Edward VIII and King George earned second and third places respectively. Charles Lindbergh, Will Rogers and Mahatma Gandhi also placed.

—Temple University News.

Owen D. Young voiced what most people are thinking when he scored superheated precampaign radio speeches in an address at Rollins College. Verbal spankings were given to Alfred E. Smith, Herbert Hoover, and Senator Joseph T. Robinson.

A small group of powerful industrial magnates and their verbalizers delight in naming everyone with a half liberal principle as a Communist. Mr. Young is as interested in the preservation of the capitalistic order as they are. But he's also a statesman.

—Temple University News.

Expansion in more ways than one seems to be the policy that the students at Loyola University, New Orleans, have adopted recently. Each month some new and needed organization is formed on the campus to bring more benefits to the members and greater prestige to the university. Loyola is comparatively young as a university, but it has made remarkable strides towards the heights.

Now every class in the university gives one big social function annually. The best of universities have this custom.

The Maroon, Loyola University.

Six Stations on Statewide Hookup

A series of 10 one-hour radio programs depicting scenes and activities of Louisiana State University will be broadcast over a state-wide hookup. The first program will feature a speech by President Smith and a short history of the university.

The programs will be composed of skits, and music will be played by the University orchestra under the direction of Dr. H. W. Stopher, head of the School of Music.

—L. S. U. Reveille.

Shields and emblems of all fraternities and sororities on the campus will be painted in oil on a border around the tops of the walls in the two small dining rooms at the University cafeteria. Approximately 40 emblems will be used, representing both the social and honorary organizations.

—L. S. U. Reveille.

LETTERS TO THE EDITOR

Glancing through the columns of the exchange, the writer has noticed that the majority of other student publications carry a column of letters to the editor.

The Collegian wishes to know the

student opinion. If you have something on your chest that you think the student body at large should know, just write it down and send it to the editor. It will be appreciated.

—Mississippi Collegian.

High School Edition

Following a long established custom, The Kernel dedicates an edition to the high school seniors of the state of Kentucky. Each of them will be presented with a copy gratis.

It is our purpose through the pages of this edition to portray to a limited extent the activities and work of the University, in order that the graduates of secondary schools may realize the opportunities available and consider the furtherance of their education at the University of Kentucky.

—U. of Kentucky "Kernel."

At the beginning of all work there are obstacles to overcome. Lincoln was hampered by poverty; Theodore Roosevelt was hampered by physical weakness; and a new freshman is hampered—by Registration Day.

—Kentucky Kernel.

A lass of twenty-five has been revealed as the moving force behind the sensational discoveries of the Nye munitions committee... Miss Josephine Burns, former instructor in the department of history and political science at Mount Holyoke.

Miss Burns spent an entire year in research for the munitions investigation committee began its work. She worked fifteen hours a day delving into foreign documents, letters, pamphlets, and state papers... and the data she amassed shocked the nation when it was presented by the Nye committee.

It was due mainly to the efforts of Miss Burns that the senate investigation was able to prove that neither President Wilson nor Secretary Lansing was motivated in his investigations by a sincere desire for neutrality.

New Haven, Conn.—The oldest magazine in America, the Yale Literary Magazine, last Saturday (Feb. 22) celebrated the 100th anniversary of its birth.

The guardian of Yale traditions during the century since its founding in 1836, the "Lit" has seen many rival publications on the campus rise to glory and quickly fall into oblivion. During its entire existence, the magazine has not changed its form, except in 1932 when its cover was switched from brown to blue, a change that called forth such a storm of protest that the original color was readopted the following year.

The anniversary issue of the "Lit" contains articles by former editors and contributors who have since become famous, including Sinclair Lewis, Stephen Vincent Benet, Thornton Wilder, Philip Barry and William Lyon Phelps.

FRATERNITY PRESIDENTS UNITE TO MINIMIZE CAMPUS ABUSES

Co-operate For Better Relations Among Organizations And Entire Student Body

The presidents of all fraternities have banded themselves into an informal organization to consider campus abuses and ways of remedying them. Believing fraternity loyalty to be one of the potent factors in a student's life, they felt that the approach through the fraternities would be the most effective means of dealing with these problems.

The purpose of the organization is three-fold: first, to obtain greater cooperation between the fraternities and the college for the realization of the college's ideals; second, to raise the spirit and morale of the school; and third, to further the general welfare of the fraternities.

Two weeks ago the group resolved to encourage scholarship. It recommended that each fraternity adopt a law suspending from active membership any men who failed to pass seventy-five per cent of their scholastic work. So far, SAE, PiKA and KA have passed the suggested legislation.

The fraternity presidents have also paid attention to the running off of the intra-mural sport program, which they point out has been for only the few and laxly superintended. They will endeavor to make it wider in its

Let Us Supply Your Candy Needs With Fresh Shipment of WHITMAN'S EASTER CANDIES A Sub-Post Office Is Available for Your Convenience SOUTHWESTERN PHARMACY Phones 7-2021—7-2022

Potter's Clay—

Editor's Note: This column, submitted by a "free-lancer," does not necessarily comply with the policy of The Sou'wester. You may answer him, however, in "Letters to the Editor."

Well, well, well! The Publications Board will soon have to make appropriation for more display booths to put in the library. The posting of the pictures of this year's Hall of Fame will exhaust all the space provided for these pictures in the Publication Board's initial gift. Presumably the next gallery of the school's elect will be housed directly opposite the present array. Then will arise the student's troubles.

How will a poor, inexperienced student know to which side to turn his head during his gay jaunt down the aisle? To the right? Or the left? Or shall he stop and enviously admire the visages of the great on both sides, thereby disrupting the traffic which occasionally passes that point on the way to the librarian's desk? Naturally one would wish that the student stop and look at all of the pictures, for they were placed there as a record for coming generations of college students to see, admire and appreciate. The developing of a desire for a place on the wall is a logical step in the student's trend of thought. Then what must he do?

He need only master enough student votes to secure the office of President of the Student Body. He can secure the same result by becoming the Editor of The Sou'wester. (This year's editor was, unfortunately for him, only a junior. Next year's editor, if a senior, will not be slighted.) A girl can become the most popular in the student body. (The fair sex was overlooked this year. Next year the women will probably organize a "Recognize-Our-Rights" group to campaign for their just rewards.) Occasionally a worthy student manages to slip in, but usually this is the result of an accident.

Why have a Hall of Fame? To honor student leaders? Omicron Delta Kappa does that. To recognize scholastic or journalistic ability? Alpha Theta Phi and the soon-to-be-formed journalism fraternity do that. To record feminine beauty? The pictures in the Yearbook do that. To reward athletic and histrionic activity? The "S" Club and Tau Kappa Alpha do that. The idea has grown out of the practice of honoring favorite sons by placing their likenesses in conspicuous places. But...

contrast Southwestern's practices with those of other groups which select men to be honored. The men who are placed in the lobby of the Capitol at Washington are not ordinary citizens who have still to make their names known. They are men whose work and reputations have stood the test of years. They are men who have made permanent impressions upon society. Tennessee places the bust

STEWART HALL

Heigh-ho, everybody. Once more we present the Stewart Hall News. Stewart Hall has gone show mad. Vocal and stringed quartets are being formed on every side. Ellis, Burns, Houts, Cy Williams, and Dabbs are rehearsing their lines for the April Fool's Carnival, and MacInnes, as usual, lurks in the background with a music book in one hand and a stack of plays in the other. Stewart is certainly on the upgrade. Next thing our football players will be reciting poetry as they wend their solitary ways in and out of the opposing team. Yeah, that will be the day.

of Andrew Jackson in the gallery. We students place Curtis Johnson's picture in our collection. Which more deserves such an honor? Johnson may yet be as great or greater than Jackson. Here's hoping he will be. But he isn't yet. And until he is of such a stature as will permit comparison of him with other Southwestern men who have faced the world and made good in it, whether he or any other student should be included in a record of such a nature as the Hall of Fame.

The idea of a Southwestern Hall of Fame is sound. It should be retained. But some other basis of selecting the honorees should be found. Southwestern does not lack for well-known representatives in the outside world. Many ministers around the country still feel a tug at the heart when the Alma Mater is played. Three men teaching in the school in which they spent their collegiate years offer a testimonial to the efficacy of the school's instruction. Others who have secured recognition in the business and professional world are proud to say "I attended Southwestern." Why not give these men official school recognition? Why not hang the pictures of men known and remembered by many people rather than by the comparative few who attended college with them? That's the solution, students. The general populace needs to glorify somebody. All right, let it. But let's make sure that the objects of glorification are the ones who rightfully deserve the honors heaped upon them.

Views  
NEW BOOKS  
Reviews

By THOMAS McLEMORE

Probably the most striking of the new books on the library shelves this week is "Halt, Cry the Dead," edited by Frederick A. Barber, a 150 page book chock-full of forceful and convincing arguments against war, in the form of newspaper articles, extracts from books, photographs, and posters. This book inculcates the lesson that no one wins a war, and, instead of leaving a pessimistic viewpoint for the future, it concludes by telling what the individual, the church, and the state can do about it. If every young man of fighting age would read this vivid presentation of the horrors of war, it would do much to eliminate war from our civilization.

Four biographies are comprised in this week's addition of new books to the library. One of these is unusual in being, not the biography of one person, but the biography of a family. "The Du Ponts of Delaware," by John K. Winkler, tells the story of the munitions magnates from their first emigration to the United States after the French Revolution down to the present day. This clan, far more powerful than the Morgans, the Mellons, or the Rockefellers, has stuck together through thick and thin for the more than a hundred years that they have lived in this country, and they have come to exercise a great influence on our national policies; it is for this reason that we should have some information about them, such as is given in this book.

Another biography is a translation of "Erasmus of Rotterdam" by Stefan Zweig. This work emphasizes Erasmus as a man of all Europe and of all time. Erasmus set up an ideal of peace and European unity which is still being sought for; his influence still persists. This book discusses the life and beliefs of Erasmus briefly, but concisely, and makes readers wonder why they have not known more about Erasmus before.

An unusual form of biography is found in "Victoria Regina," by Laurence Housman. This book represents the complete life of Queen Victoria in the form of a play, from the time when she was a princess under the domination of her mother, till the day when she celebrated her Diamond Jubilee, an old-fashioned, conservative queen, in a modern nation. This unique biographical form has certain advantages over the ordinary historical style, and, while this book would probably be a failure if acted out, it undoubtedly gives a clearer and more intimate picture of Victoria than would be otherwise obtainable.

"Apache Agent" is written after the fashion of all Wild West stories; there is shooting, horseback riding, treachery, etc. But the unusual feature of this book is that it is all historically true. It tells of Geronimo, the renegade Apache chief, and John P. Clum, of the United States who captured him almost single-handed. For those who like such stories, this book possesses one advantage over most of its kind, in that it is confined to a true account of Indian affairs in the Southwestern part of the United States in the last quarter of the nineteenth century.

Dr. Esme Wingfield-Stratford, whom many sophomore English students already know as the author of "The History of British Civilization," has recently published "The Harvest of Victory," which has been added to our library this week. This book discusses, in Dr. Wingfield-Stratford's analytical manner, the aftermath of the World War, down to the general strike in England in 1926. It requires study to get the most out of Dr. Wingfield-Stratford's writings, but the result will be worth the effort, for those students who possess the necessary time and interest in the subject of post-war England.

Walter Lippman's "Interpretations" is a collection of his editorials, covering the history of the New Deal and of the Roosevelt administration up to date.

Two books for students of psychology are "Asylum," a story by William Seabrook, who spent seven months locked up in an insane asylum, as a refuge from drink, describing the different inmates he met, and "Ghosts I Have Talked With," by Henry C. McComas, impartially discussing the pseudo-science of spiritualism, and, in the last chapter, arriving at certain conclusions concerning it.

In addition to all the books described above, three works of fiction have been added to the library shelves this week: "The Wooden Pillow," a story of Japan, and particularly of Japanese womanhood; "The House of the Four Winds," by John Buchan; and "Pride of Prejudice," by Helen Jerome, taken from the novel of Jane Austen.

ALL-STAR GIRL  
CAGERS CHOSEN

Claudine Davis Selected As Captain

The sports editor after a conference with Miss Louise Stratman, girls' athletic director, announced the first all-star girl's basketball team.

A second team and three honorable mentions were also picked since there was but little difference between fifteen players with the possible exception of Claudine Davis, who was selected captain. Miss Davis is coach at St. Mary's.

The five forwards mentioned were difficult to place. Miss Devall was shifted to side center because of her ability to get the ball and pass it accurately.

First Team	Pos.	Second Team
A. Bigelow	G.	R. Beasley
M. Spencer	G.	L. Montgomery
C. Davis (C)	F.	B. Cavette
A. Hagler	F.	M. Jennings
M. DeVall	S.C.	V. Denton
J. Tucker	C.	F. White

Honorable mention: E. Taylor, forward; L. Pierce, side center; K. Guiliani, side center.

8 COURTS IN SHAPE  
FOR RACQUETEERS

Of the eight tennis courts on the campus, two have already been put in shape for the approaching tennis season.

NYA workers have been doing the work under the direction of Dr. Rhodes and Mr. Rollow. The six courts will be ready in the near future for the use of the student body. While the two courts now ready may be used, the request has been made that the other six be left alone until they are in good shape.

MARTIN HONORED

Savilla Martin appeared Tuesday wearing the green and white of Pi, national inter-sorority. She is the sixth co-ed brought out this year. She is a senior, a member of the Chi Omega sorority, Chi Delta Phi, and the Southwestern players.

Cecile Luton was brought out last week. She is a freshman and member of AOPi Sorority.

"Ambassador" Returns

"Shellie! Shellie!" The walls of Robb Hall were echoing to the sound of a familiar voice Saturday morning. Shellie failed to answer, but doors started opening and heads popped out as the voice was drowned out in a joyful chorus. Yes, you've guessed it. Our beloved "Fessor" Cooper, Southwestern's ace history prof and ambassador-at-large, had at last returned from a trip through southern Mississippi.

Now, spending his time stretched out in his comfortable overstuffed chair and between puffs on his pipe regaling a circle of devoted admirers with stories, he is resting up for another trip to be taken in the too near future through the eastern part of the state.

Winnie Winchel—

Just like Jack Benny I feel that I should say "Jello, again," after a long week's rest and now I feel all rejuvenated, etc. Hence 'tis with much gusto that I begin this week's narrative with Mrs. Martin's little son, Jerry. He is the latest of our boys to find an object of their affections elsewhere—regardless of po' D. Roberts he went to see a young Miss from Miss. and so he is her'n . . . another K.S. who seems a mite trifling is Mr. Barefield—maybe 'twas becuz Nannice went to Vandy (and maybe not) that he took another to the K.S. shindig—just hope the two ladies won't FITE . . . Ever since Ralf Brown had his face reneved after he met a football shoe with it, he has been bragging about his newly found powers and even told me that he was rushing all the gals now . . . Seems a certain SAE is the main point in an SAE-Chi O "quad-rangle" 'cause when the Boy Scouts entertained he broke a date with one Chi O. to have it with another—the first young lady still undaunted turned her attentions to the second SAE although he is a muchly engaged man right now . . . Another SAE who has had little publicity previously must expect to read about himself now and then because of his rather unkind remarks about not only Winnie but all women in general—maybe when I get as smart as he is my poetry should be perfect—initials? S.M.; Ph.D., M.A.

Charlie Taylor, we know you know him as the current Casanova, goes on and on like a Seth Thomas clock. It seems he got used to handling two when the Boyers were here—he can't get out of the habit, now he's taken on Mary K. McGuire and Josephine Kinsey. We wonder if the hearts of Frank Oliver and "ze Prince" beat any faster because of that Kinsey dame—her resemblance to Braxton is appalling . . . Wonder if Lucy Jane Connell has any real intentions when she walks around the campus with Sara's C. C. . . . Do Macon and Levi fight ever Esquire because the gorgeous gals look like Tiddely, who we still contend is any man's ultra-Nemesis . . . Razz—that natural born woman catcher—sure has Cecil Ward running around in circles. That's all right tho, 'cause Cecil is still on the scene—besides, someone is down in Clarksdale who waits anxiously for the coming week-end, when she will see her Razyzy-Wazyzy. There's still another angle to look at this. Can it all be a game Mills vs. Rasberry because of a certain skating party? Men are like that—They can't stand to see another gain an inch ahead of him.

P. S. If any girl were blessed with eyelashes like Joe Stuart's there wouldn't be any time wasted making her Miss Southwestern, Miss Hall of Fame, and any other title which is the silent envy of a Southwestern co-ed.

Happenings of '35—

Jack Crosby, Jameson Jones, Francis Benton, and Professor Charles Gordon Siefkin, newspaper advocate, were the choices of Omicron Delta Kappa at the tap ceremony conducted in the chapel on Monday morning.

Rebecca Laughlin and Henry Wat-

kins, Charlotte Stange and Donald Johnson are the fourth and fifth couples announced for the April Fool Carnival. The assemblage will be completed next week with the announcement of the King and Queen and their Lord and Lady-in-Waiting.

Some 100 high school delegates will gather at Southwestern next week for the second annual meeting of the

Mississippi Valley High School Press Association. The convention promises to be one of the largest ever assembled at Southwestern.

The Student Council, realizing that the student body is at odds with the present political situation, has given its permission for the formation of an Election Council.

Copyright 1936, The American Tobacco Company

A LIGHT SMOKE  
OF RICH, RIPE-BODIED TOBACCO

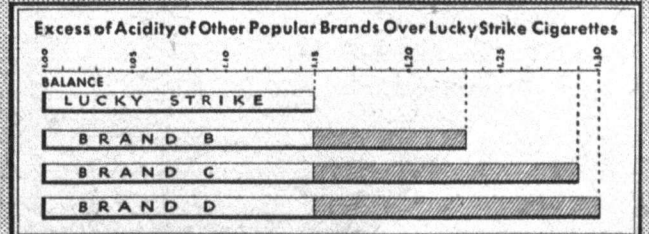

Luckies are less acid. For hundreds of years, tobaccos were selected—and gradations in flavor secured—by the roughest sort of rule of thumb methods. Hence, one of the most important innovations made by the Research Department was provision for chemical analysis of selected tobacco samples before purchase:

the resulting reports offer the professional buyer an accurate guide and reinforce his expert judgment based on the senses of sight, smell, and touch. Thus extreme variations toward acidity or alkalinity are precluded by such selection and subsequent blending.

Luckies—A LIGHT SMOKE—of rich, ripe-bodied tobacco!

Luckies are less acid

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

# MILLER RESIGNS LYNX POSITION AFTER 5 YEARS

### Freshman Football Mentor Enters Business

### CRIMSON TIDE GUARD

### Selected On All-Southern Team

John Miller has resigned his post as freshman football coach at Southwestern. He accepted a position in the sales department of the American Snuff Company.

In his five years' service on the Lynx coaching staff, Miller has ably assisted in building a creditable grid machine. The Miller coached freshmen team of the past season made an excellent showing, and his freshmen basketball squad made an outstanding record in the season just finished.

His collegiate football career at the University of Alabama was climaxed with his selection as All-Southern guard.

It is not likely that any attempt will be made to fill his place before summer.

# FIVE NEW MEN OUT FOR TRACK

### Tri-Angle Mississippi Meet Called Off

Five new men donned white and red track colors this week, and are taking regular cinder path workouts under the direction of Coach Harold High. They are: "Red" Davis, Orley Nettles, and "Fluzzie" Littlefield, weights; "Rusty" Burns, 440; and Porter Chappell, high jump and 440. Two of the five men are upperclassmen, and the others freshmen.

The triangle meet with Mississippi College and Millsaps is definitely off, as Millsaps is not to have a track team this year. Coach High has written to Birmingham-Southern in an effort to arrange a dual meet. The meet with Vanderbilt will not be held.

In time trials of the past two weeks the times of all the men have gradually been improving. Coach High is very enthusiastic over his prospects.

## Sportspotlight

By JOHN P. QUANTHY  
The Sou'wester Sports Editor

The Intramural coats have finally been given out with the usual squawking by some who didn't get one when they thought they should.

Well, we hate to admit it, but in this case some of the squawkers have a right to sound off. In fact, a few caustic criticisms could very well be directed toward the Intramural Board and the Intramural Director.

Up to date only those entered in track have gotten points which count toward getting one of these coats. Each man entered in track meets or cross country runs gets one point for himself, whether he wins any places or not. If he places, he gets those points added to the one he gets for entering. This simply means that a decent trackman, regardless of whether he's worth a plugged nickel at a moochers convention at any of the other sports, will get an Intramural coat.

This is why some who thought they should have the award, didn't get one.

Last year's records are with Beverly Buckingham. We haven't seen them. Coach Miller had only a list of the ranking entrants using this method of ranking.

Now, perhaps it's too late to alter the situation this year, but something should be done about it.

We suggest that each man that starts in any Intramural competition in any capacity what-so-ever be given one point; each substitute should be given, say, a half point. Thus the all-round athlete would have an equal chance.

The Lynx divide tomorrow, and will see action in a regular game. We watched them work out; and the point is that competition will be plenty keen. Both teams have been doing too much braggadocious braying to allow either one to loose gently and gracefully.

We've had Coach High invite us out twice. But we shouldn't need urging to watch this interesting spectacle. However, it does show that the coaches are interested in the student body being interested in its own teams naturally.

Incidentally, we asked Coach High what the sore spot on the team was. Without hesitation, he answered, "The quarterbacking." He seems to think that there is really no crack quarterback on the squad.

To remedy this, there will be an hour "quarterbacking school" every day from now to the end of spring practice.

This will probably help a lot. Still

# Red And Black Will Clash Tomorrow At 3

## DAVIS STARS AS CHIO BEATS AOPI

### Tri Delta Defeats Zetas By Score Of 12-1

A fast Chi Omega basketball team defeated the A. O. Pi sextet 31-14, in an exciting game Tuesday afternoon in the gym.

Claudine Davis starred, scoring 20 of the 31 points. The game was featured by the smooth teamwork of Davis and Cavette. Hagler and Jennings played a good offensive game for A. O. Pi, when they had the ball, but Floy White, playing center for Chi Omega, seldom let the ball go to the A. O. Pi forwards. Hagler and Jennings tied for points for A. O. Pi.

At 4 o'clock, the Tri-Deltas defeated the Zetas 12-1. It was a comparatively slow game, neither team scoring during the first quarter. Kincaid made the only point for the Zetas.

## McDONALD'S TEAM IN SEMI-FINALS

The McDonald Coal and Ice Company team, composed of Mike Pepper, Charlie Diehl, Sidney Strickland, Jimmy Haygood, Murray Raspberry, and Chicken High, is in the semi-finals of the class B section of the tri-state independent basketball tournament. They were seeded No. 1 place, and have won four straight games. George McDonald, former Southwestern athlete, sponsors the team.

We believe that the squad has a pretty good quarterback in Warren Prewitt. Prewitt, you remember, called a bang-up game at Mobile against Spring Hill. "The Battler" has one fault it seems—some fans would list it as an asset: he's "scatter brain." In other words, there's no telling what he'll call nor why.

Not to be eulogizing, but we do want to wish Coach John "Blood" Miller the best of luck in his new work. Coach Miller is the type fellow that the boys did things for because they liked and respected him.

The American Snuff Company just got a good man and a darn swell guy. "S'nuff said."

## Houts And Davis Captains Of Rival Teams

Saturday afternoon's session of spring practice will consist of a regular game between two divisions of the squad at 3 p.m., on Fargason Field. One team will wear red jerseys and will be called the Red team. The other team will be called the Black team. The Reds will be captained by "Toto" Houts, Lynx captain for 1936. The Blacks will be captained by "Red" Davis, outstanding tackle on the squad in 1935.

The game will be attended by Professor Tuthill and the band. The band will be in uniform and will be led by Dorsey Barefield as Drum Major.

Coach Propst stated that the game probably would not be played in full fifteen minute quarters.

The game will be witnessed by a large number of visitors from town and a large delegation of students is expected.

The Red team will consist of: Self and Patterson, centers; Houts, Dabbs, and Garrison, guards; Carden, Bragg, Gardner, and Blackwell, tackles; Chappell, Bergfeld, Burns, Roth, and Pletchnow, ends; Mickells, Littlefield, Winfrey, Smith, Neal, and Ashley, Backs.

The Black team will consist of: Williams, Martin, and Warde, centers; Parker, Morgan, Scott, guards; Davis, Pepper, and Ellis, tackles; Butler, Nettles, Lee, and Grooms, ends; Tapp, Jennings, Prewitt, Morton, McKenzie, Huber, and Childress, backs.

Reds	Pos.	Black
Chappell	L.E.	Nettles
Gardner	L.T.	Davis
Houts	L.G.	Parker
Patterson	C.	Williams
Garrison	R.G.	Morgan
Carden	R.T.	Pepper
Bergfeld	R.E.	Lee
Neal	Q.B.	McKenzie
Nickells	H.B.	Jennings
Smith	H.B.	Morton
Winfrey	F.B.	Tapp

Bill Lee, former all-American tackle at Alabama, who has been aiding Coach Propst in his spare time, will help regularly from now to the end of Spring practice, Coach Propst stated in the interview.

### SAE PLEDGE

Tom Price, of Memphis, who entered Southwestern for second semester, has been pledged by Sigma Alpha Epsilon.

# SWIM CONTEST ON WEDNESDAY

### Quanty Will Direct Meet At "Y" Pool

The Intra-Mural Swimming Meet will be held Wednesday at 8 P.M. The meet will be held according to the Inter-Scholastic High School Swimming Rules, and will probably be held at the "Y."

Each fraternity will be allowed one man in each event, and placing will be scored on the 5-3-1 system.

The winning team will receive twenty-five extra points on the intra-mural scoring. John Quanty will run the meet with the exception of choosing the judges, who will be picked by a committee composed of Jerry Porter, Macon Smith, and Bob Williams.

A small admission charge of approximately ten cents will be charged to defray the expenses of the meet.

- ### Lynx '36 Menu
- Sept. 19—Ark. State at Jonesboro.
  - Sept. 25—Union at Crump Stadium, (night).
  - Oct. 3—Millsaps at Fargason Field.
  - Oct. 10—Vanderbilt at Nashville.
  - Oct. 16—Chattanooga at Chattanooga (night).
  - Oct. 24—Hendrix at Crump Stad.
  - Oct. 31—Howard at Birmingham.
  - Nov. 7—Birmingham-Southern at Crump Stadium.
  - Nov. 14—Loyola at Fargason Field.
  - Nov. 21—Centre at Danville, Ky.

## SEVEN MEN GIVEN INTRAMURAL COATS

Last year's intramural coats were awarded Tuesday to the seven highest ranking intramural athletes. They were: Ed Hutchinson, Ed Atkinson, Eldridge Armstead, Linden Wright, Paul Freeman, Sherman Kelly, and Fred Dixon.
