BEGINNING DRAWING

SUGGESTED READING FOR INTERESTED PARTIES:

Art in America, Flash Art, Art News, Art on Paper, Art Forum, Parkett

COURSE OVERVIEW

This class gives you the opportunity to explore the basic concepts and techniques of drawing as a medium including line, form, gesture, proportion, composition, light, & value. We will explore several drawing media and their associated techniques including graphite, ink & conte'. Here you have the opportunity to consider objects and concepts visually while remaining open to the possibilities for what a drawing can be.

Expect to work in and out of class. Drawing in class is a major emphasis but is not the only effort required of you. Significant drawings and projects will be done outside of class. If this is not what you had in mind you may want to reconsider taking this course.

Scheduled slide lectures and/or material & technique demonstrations will be given in conjunction with assignments. The material covered during lectures & demos is impossible to make up and you are responsible for any information distributed on these days.

The class will be based on the following components:

- 8 completed Assignments
- 8 Group critiques
- Overall Preparation, Participation & Attitude
- Attendance to 3 art events outside of class

Assignments will be graded on the following criteria:

- ✓ Quality of craftsmanship
- ✓ Mastery of material
- ✓ Consistency of commitment

EXHIBITION/ARTIST LECTURE EVENT REPORT:

This semester you will be required to attend three art functions in town or on campus. These will be accounted for in a one page essay that gives a brief description of each event. Include: title, artist/s, materials, location, date etc.. and your impressions of the work. What was the best thing about the event? What was the worst? This assignment (worth 5points) is pass/fail.

ESSENTIAL COURSE OBJECTIVES

- **DEVELOPING CREATIVE CAPACITIES (INVENTING, DESIGNING, PERFORMING IN ART):** by focusing on *flexibility and divergence in thinking, elaboration of thoughts and insights, imagination & expressiveness of individuality.*
- **GAINING A BROADER UNDERSTANDING AND APPRECIATION OF INTELLECTUAL/CULTURAL ACTIVITY:** by *gaining and valuing a "Liberal Education"*

- **LEARNING TO APPLY COURSE MATERIAL (TO IMPROVE THINKING, PROBLEM SOLVING, AND DECISIONS)** : by *applying what you have learned in this class to clarify thinking or problem solving.*

COURSE GOALS

In this class you have the opportunity to:

- Further develop your art vocabulary: understand dialogue and critical response to your own work and that of others, by participating in-group & individual critiques/discussions
- Develop technical competence & mechanical skills through various exercises that highlight materials, perception, skills & content
- Develop and demonstrate a sense of self-motivation, self-discipline, commitment and professionalism: demonstrated through positive work habits, preparation, attendance, attitude and the quality of your work.

CRITIQUES

This is a studio course so examination comes through the process of critiques. Critiques will manifest in multiple forms but will mainly involve the entire class in a discussion about each of your works. Your constructive participation in critiques and discussions is expected and attendance at critiques is mandatory. The objective of critiques is to generate observation and revelation about a drawing and this is best achieved when working as a team. There will be a variety of critical methods used including one-on-one, roundtable discussions, and written responses. If you do not participate in a critique, you will not receive participation points.

STUDIO

Please consider this a co-operative space in which you are all part owner. The building can be accessed 24hours a day and I hope will become one of your most frequented places on campus. Although this is a great studio, it's limited in space. It is very important that you all work to keep the studio clean and clutter free for a safe & comfortable work environment. You are each responsible for cleaning up after yourselves every time you leave the studio. NOTHING will be left out after class or over the weekend, any materials that don't fit in your drawer or storage rack must be taken home so that space is suitable for the next class. **If clean up becomes an issue that must be addressed by me, your points for that particular assignment will be affected. There is a mandatory final studio clean up day at the end of the semester. Anyone who does not participate in final clean up will not receive their final grade. (See class schedule)**

ATTENDANCE POLICY

Attendance and punctuality is an absolute requirement for successful completion of this course. You must be working in the studio during class time. You will be granted three absences. On the occasion of your FOURTH absence, you will be docked 12 points, thus dropping your grade one full letter. An expected A- will become a B-. Every absence after the FOURTH will lower your grade an additional 12 points and thus an additional letter. Six or more absences will result in failure. Three tardies/incomplete class days equal one absence.

Absence from crits will not be tolerated. Critiques can not be made up in the event that you are absent. If you miss a critique it will warrant a non-review of the assignment and you will not receive participation points for the critique.

Most class days we will work-in-class. Please come prepared to work on the assignment at hand, including all supplies, homework and/or research materials. **IF YOU ARE NOT PREPARED TO WORK IN CLASS ON THESE DAYS, YOU WILL BE ASKED TO LEAVE AND IT WILL BE COUNTED AS AN ABSENCE.** Using class time to work on assignments for other courses will not be tolerated. (Should you confront personal problems or illness it is your responsibility to seek me out to discuss the situation before your grade is in crisis.)

ASSESSMENT & GRADING

Point Breakdown:	points possible: 100	received
ELLIPTICAL & CROSS CONTOUR DRAWINGS	5	
Critique 1	3	
MEASURED & ALLIGNED CONTOUR DRAWING	10
