TENNESSEE VOTERS COUNCIL

601 EAST NINTH STREET; CHATTANOOGA, TENNESSEE 37403; Telephone 267-1722

C.B. ROBINSON, President

July 2, 1964

Attorney A. W. Willis, Secretary; Tennessee Voters Council; 588 Vance Avenue; Memphis, Tennessee

Dear Sir:

Since we did not discuss financing our campaign for Ross Bass and since our president is not likely to execute nor implement an endorsement program, we write you for information and direction. We hope that you have taken hold of the reins and with the other two vice presidents will direct and coordinate the program.

During the last campaign there were campaign funds available through your office in which we shared. I hope that the plan and procedure this time is the same, Please inform me what amount we may expect and when.

We have already initiated our program. At present it consist of volunteer workers and free gratis supplies, materials etc. We will expand it as solicitation bares fruit.

May I take this opportunity to commend you for the position which you have taken on Governor Clements failure to endorse the Fair Practice Code and to support his commission. Your forth right statements give faith and hope to many.

Yours for a better Tomorrow, C.B. Robinson
